Draft 1

A RESOLUTION CONCERNING ZONING ORDINANCE - USE REGULATIONS - PRESERVING ACCESS TO OPIOID TREATMENT SERVICES for the purpose of approving, with the force and effect of law, a new principal use type - opioid treatment centers; setting conditions for approving development applications for opioid treatment centers; identifying the zones in which such centers are permitted by right; setting forth off-street parking requirements for such treatment centers.

Attachment(s): [R2025043](#)
[CR-043-2025 Summary](#)

This resolution amends Subtitle 27 of the Prince George's County Code on an emergency basis by adding a new principal use type - Opioid Treatment Center. This resolution seeks to address an urgent need for access to opioid treatment services in Prince George's County.

The County continues to face the effects of a nationwide opioid crisis, which has been determined to be a public health emergency by the federal Department of Health & Human Services. Prince George's County recently ranked third among counties in Maryland for fatal opioid overdoses, and a statewide assessment of treatment programs found that programs available in the County meet only a fraction of the need. The County has only one licensed and certified opioid treatment facility (per the Maryland Department of Health) and the County Health Department announced it will no longer provide Medication Assisted Treatment Services after March 2025.

To address the urgent need for treatment service capacity in the County, this emergency resolution approves a new use type on a temporary basis and permits this new use type by right in certain nonresidential zones. Development applications for this new use type must demonstrate that certain conditions have been met, but unlike the existing "Methadone Treatment Centers" use type, these development applications will not be subject to special exception review. A companion bill will be introduced to permanently codify these changes.

This Resolution was introduced by Council Members Dernoga, Watson, and Hawkins and referred to the Planning, Housing and Economic Development Committee.

This legislation provides for a certain severance pay benefit for eligible exempt service and at-will employees. If an exempt service and at-will employee is involuntarily separated from employment with no cause provided by the appointing authority or by a mandatory resignation associated with the change of executive or legislative administration, they may be eligible for a severance pay benefit. The rate of severance will be based on the length of service with the County, with a maximum severance of twelve weeks allowed. Elected officials would not be eligible for severance pay.

This Resolution was introduced by Council Members Hawkins and Watson and referred to the Committee of the Whole.

Council Member Watson, Chair, Government Operations and Fiscal Policy Committee (GOFP), provided a verbal report of the actions and recommendations of the GOFP Committee for CB-018-2025.

This legislation will repeal the existing 9% sales tax on telecommunications in the County and replace it with a \$3.50 per line, per month excise tax on telecommunications. Imposition of at least a 5% sales tax was enacted by Chapter 289 of the Acts of Maryland of 2002 on telecommunications service that originates and terminates in the County. CB-37-2002 enacted an 8% local tax effective August 1, 2002. After raising as much as \$50.1 million in FY 2007, revenue attainment began eroding as changes in technology occurred as well as changes in how residents communicate. The rate was increased to 9% in CB-37-2015, but despite the higher rate revenue continued to decline to the level of \$13.5 million in FY 2024. Montgomery County and Baltimore City also levy an excise tax on telecommunications, which provides greater stability in revenue as it is based on each line similar to the 9-1-1 surcharge. Based on FY 2024 actual 9-1-1 revenue collections, the Office of Management and Budget determined that the \$1.40 per month rate equated to 1.2 million lines. Multiplying this number of lines times \$3.50 per month yields \$42.0 million. Subtracting the current projected \$14.0 million from the existing sales tax on telecommunications that is being repealed would yield a net increase to the County of \$28.0 million annually. All revenue is dedicated to the County share of k-12

education expenses.

This Council Bill was introduced by Council Members Harrison and Hawkins.

SECOND READING OF BILLS – (INTRODUCTION) (Continued)

[CB-022-2025](#)

Draft 1

AN ACT CONCERNING SUPPLEMENTARY APPROPRIATIONS for the purpose of declaring additional revenue and appropriating to the General Fund, Internal Service Fund, Special Revenue Fund and Enterprise Fund to provide for costs that were not anticipated and included in the Approved Fiscal Year 2025 Budget.

Sponsor(s): Watson

[CB-022-2025 Report](#)
[CB-022-2025 Transmittal](#)

Council Member Watson, Chair, Government Operations and Fiscal Policy Committee (GFP), provided a verbal report of the actions and recommendations of the GFP Committee for CB-022-2025.

General Fund Revenue Changes:

This legislation provides additional appropriation authority totaling \$10,785,900 in the General Fund. The additional resources will increase the Fiscal Year 2025 General Fund Budget from \$4,588,593,200 as expressed in CB-45-2024 to \$4,599,379,100. The legislation appropriates additional use of unassigned fund balance (increase of \$10.8 million) as the revenue source.

American Rescue Plan Act (ARPA) State and Local Fiscal Recovery Fund (SLFRF) Agency Reallocations in the General Fund and Internal Service Fund:

Under the SLFRF grant program, the County was required to obligate 100% of the ARPA funds by December 31, 2024, and expend 100% of the funds by December 31, 2026. To meet the obligation deadline, the County moved \$44.8 million in Police Department sworn salary expenditures from the General Fund to the ARPA grant. Based on this action, this legislation reallocates approximately \$44.8 million in appropriation from the Police Department to various agency operating budget appropriations to allow the agencies to spend their remaining SLFRF projects within the General Fund.

Other General Fund Adjustments:

This legislation increases the expenditure appropriation by (1) \$6,814,000 to support additional funding needs for the FY 2025 snow and ice control season as administered by the Department of Public Works and Transportation; (2) \$3.0 million for a PAYGO (“pay-as-you-go”) transfer to the Strategic IT Initiatives capital project (#8.23.0002) under Non-Departmental that did not occur as budgeted in FY 2024; (3) \$400,000 transfer to the Fair Election Special Revenue Fund that did not occur in FY 2024 as budgeted; and (4) \$571,900 to address projected overages in the Department of the Environment due to additional overtime costs in the Animal Services Division, large employee leave payouts and lower-than-anticipated staff attrition.

Internal Service Fund Adjustments:

This legislation also includes a transfer of \$737,800 from the General Fund to the Information Technology Internal Service Fund to reflect the transfer in of remaining former SLFRF project funds for the Office of Information Technology to support IT digitization and cybersecurity projects. Overall, the Fiscal Year 2025 Internal Service Fund Budget (Information Technology and Fleet Management) as expressed by CB-45-2024 increases from \$76,573,200 to \$77,311,000.

Special Revenue Fund Adjustments:

This legislation also includes a net adjustment of \$5,048,900 to Special Revenue Fund reflect changes to the (1) Drug Enforcement and Education Special Revenue Fund to primarily reallocate resources to the proper expense character (net increase of \$15,200); (2) Fair Election Special Revenue Fund to reflect a transfer of \$400,000 from the General Fund that did not occur in FY 2024 (the \$400,000 transfer-in is 100% offset by removal of the appropriated fund balance revenue allocation); (3) Housing Investment Trust Fund to reflect a transfer in of \$4.1 million from the remaining former SLFRF project funds primarily support the Affordable Housing - Right of First Refusal and Housing Rehab Assistance programs; and (4) Transportation Services Improvement Special Revenue Fund to reflect the PAYGO transfer of \$900,000 to the Bus Mass Transit/Metro Access 2 (#4.66.0006) capital project (this capital project currently has spending appropriation in the current year but the \$900,000 in special revenue funding was not transferred to the project in FY 2024). Overall, the Fiscal Year 2025 Special Revenue Fund Budget as expressed by CB-45-2024 increases from \$293,539,100 to \$298,588,000.

Enterprise Fund Adjustments:

Finally, this legislation also includes a transfer of \$1,486,200 from the General Fund to the Stormwater Management Enterprise Fund to reflect the transfer in of remaining former SLFRF project funds for the Department of the Environment to support a flood study. Overall, the Fiscal Year 2025 Enterprise Fund Budget (Solid Waste, Stormwater Management and Local Water Quality) as expressed by CB-45-2024 increases from \$262,062,700 to \$263,548,900.

This Council Bill was introduced by Council Member Watson.
