SUBJECT: **CB-62-2024**

Attached to this letter are three maps created by the Planning Department following the recent PHED session on October 3, 2024. These maps provide visual representations of stand-alone convenience stores, convenience stores associated with gas stations, and convenience stores as part of mixed-use projects. Additionally, the maps include data analysis broken down by Councilmanic Districts.

Additional comments to the bill were previously submitted on June 24, 2024. The submission included a technical staff report and a transmittal letter from the Planning Board.

As always, the Planning Department is happy to assist with any questions or revisions the Committee may wish to discuss.
