BACKGROUND INFORMATION/FISCAL IMPACT:

This bill seeks to address the oversaturation of drive-through fast food establishments in Prince George's County by changing the zones in which future restaurants may be placed. This legislation would prohibit fast-food drive-throughs in the remaining residential base zones in which they are now permitted by right (RMF-20, RMF-28) as well as the IE and TAC-Edge zones. Fast-food drive-throughs would continue to be permitted in CS and CGO zones, but such uses will be allowed only by special exception rather than by right. As a result, this legislation sets forth special exception standards which will be applied to all newly proposed fast-food drive-through developments and strikes the requirement to comply with drive-through service accessory use standards.
