Subject: Question regarding abandoned boat

Hello Dir. Shaifer,

There is a boat that has sat on the shoulder on Princess Garden Parkway for almost a year. Do you have a recommendation on how we go about getting it removed?

Kindest Regards,

Subject: RE: Question regarding abandoned boat

Hello Ms. Brooks,

If the boat is on a trailer, the following steps apply: the Abandoned Vehicle Unit will investigate if there are no tags present or if they are not valid. They will remove the trailer and have the boat disposed of by DPW&T.

If the boat is without a trailer, it would be deemed trash and debris on the roadway and require immediate removal by DPW&T.

Please advise if I need to reach out to the Abandoned Vehicle Unit.

Hi Wanda,

I just drove it and there's a boat and some trucks parked out there on the side of the road. I assume the same ones?

Thanks,
Eric

Hello Ms. Shaifer,

Council Member Olson drove down Princess Garden Parkway last night and noticed several commercial trucks parked along the shoulder. He mentioned the boat that residents say has been parked there for a year. Can you have an officer address the commercial vehicles and have abandoned vehicles address the boat.

Secondly, 9315 and 9327 4th St. the owners of these properties have wrecked, and inoperable cars parked on the street. Can you have an office address these properties?

Kindest Regards,

Wanda Brooks, Constituent Service Director

Good Evening, Ms. Brooks.

Your request for enforcement along Princess Garden Parkway has been forwarded to the department's Quality Assurance Officer. They will be addressing the matter before the end of the weekend.

In addition, a service request has been submitted to 311 to investigate the abandoned boat and trailer at the initial time of our enforcement efforts. As the request is still marked as "open" in the queue, it has been escalated to the department manager for immediate resolution.

Rest assured; I will keep you updated on the progress of the investigation and the appropriate course of action taken by the AVU department.

Subject: RE: Areas of concern

Good Morning Council Member Olson and Ms. Brooks,

Please take note of the following update:

The Quality Assurance Officer of the enforcement department investigated Princess Garden Parkway and the 9300 block of 4th Street in Lanham, Maryland. The officer only found six immediate violations that required citation issuance during the patrol. Moreover, the officer observed no wrecked or dismantled vehicles at the addresses mentioned in the initial email. You can find the attached photo evidence for your reference.

Additionally, an officer from the Abandoned Vehicle Unit addressed the service request for investigation of the boat/trailer on Princess Garden Parkway. The vehicle was tagged as inoperable and will be scheduled for removal if the owner fails to comply within a specific timeframe.

I understand the boat is causing an inconvenience and is unsightly on the roadway. I appreciate your patience while I worked directly with another department manager to resolve this issue promptly.

We will continue to monitor and cite any violations accordingly. However, if any immediate concerns require my direct attention, please do not hesitate to bring them to my attention.

Hello Rodney,

There is a boat on the shoulder of the 6500 block of Princess Garden Parkway that has been parked on the shoulder for over a year. I had a conversation with Ms. Shaifer at the Revenue Authority today and she informed me that DPW&T can remove the boat. It is dry rot and may fall apart. Can you forward this request to the appropriate staff for follow-up?
