

The Honorable Serena Mcllwain  
Secretary of the Environment  
Maryland Department of the Environment  
1800 Washington Boulevard  
Baltimore, Maryland 21230

Dear Secretary Mcllwain:

Prince George's County is pleased to submit its Financial Assurance Plan (FAP) covering fiscal years FY 2023 and 2024 as required by Senate Bill 863 (2015).

The County continues to implement its FAP to meet its impervious surface restoration requirements using two programs: 1). The Clean Water Partnership with Corvias Solutions, Inc.; and 2). Prince George's County's Department of the Environment Capital Improvement Program.

Senate Bill 863 required the County to demonstrate that it has the funds to meet 100% of the projected costs of impervious surface restoration for the next two fiscal years (fiscal years 2023 and 2024). Over the next two years, the County estimates that it will treat 1,538 impervious acres at a total implementation cost of around \$79 million a number that is based on preliminary design and engineering estimates. The County's Financial Assurance Plan meets the State's requirements.

If you have any questions or concerns, please contact Mr. Floyd Holt, Deputy Chief Administrative Officer of Government Infrastructure, Technology and Environmental Services, at (301) 952-4227.

Sincerely,

Thomas E. Dernoga, Chairman  
Prince George's County Council

Angela D. Alsobrooks  
Prince George's County Executive
