PRINCE GEORGE'S COUNTY GOVERNMENT

OFFICE OF THE COUNTY EXECUTIVE

June 19, 2020

The Honorable Todd M. Turner
Chair
Prince George's County Council
County Administration Building
14741 Governor Oden Bowie Drive
Upper Marlboro, Maryland 20772

Dear Chair Turner:

Enclosed for County Council's approval is an amendment to the previously submitted bond-enabling bill for County Buildings. This amendment seeks to add enabling authority for a new project, Clinical Health Facility. This is the project we discussed in regard to providing a greater focus on mental health and other health related services for our citizens and residents. Once adopted by the County Council, this bill in addition to the others previous submitted, excluding school facilities, will be placed on the November 3, 2020 ballot for consideration by the voters. Section 323 of the County Charter states that school construction bonds are excluded from approval of the voters.

Each of these bills lists the individual capital projects along with the aggregate amount of borrowing authority being requested. These five bills are for Public Works and Transportation Facilities - \$178,150,000; Library Facilities - \$28,829,000; Public Safety Facilities - \$44,477,000; County Buildings - \$133,000,000; and Community College Facilities - \$121,714,000.

The County Council's favorable consideration of this legislation is greatly appreciated. If you have any questions, please contact my office or Stanley Earley, Director, Office of Management and Budget, at (301) 952-3300.

Sincerely,

Angela D. Alsobrooks
County Executive
