

COVID-19 UPDATE: DOCTORS COMMUNITY HOSPITAL

BY THE NUMBERS

All facts and figures current through April 13, 2020

- › 63 existing beds available
- › 33 total ICU patients
- › 373 beds that will be added in anticipation of surge
- › 638 tests have been administered at Doctors Community Hospital location

COMMUNITY

- › Averaging upwards of 300 calls a day for telemedicine visits
- › Collaborating with Department of Health & Office of Emergency Management
- › Receiving donations of meals, personal protective equipment, homemade masks by members and companies in our community
- › Here to answer questions, please email me at pgrenaldo@dchweb.org

PLANNING

- We have prepared to accommodate for the nuanced supply needs, medication needs, and staffing needs during COVID-19 through 3 measures: Safety, Workforce, and Planning.
- › Applied for Emergency Certificate of Need for an additional 373 anticipated beds (surge)
 - › Plans underway to add three tents for additional sites of care
 - › CareConnect Now allows for staff's health management for COVID-19

Anne Arundel Medical Center & Doctors Community Hospital are now part of Luminis Health. Learn more about how we're working together to stop the spread of COVID-19 at LuminisHealth.org/coronavirus.
