Robert S. McCord, Esquire,  
Secretary Maryland Department of  
Planning 301 W. Preston Street,  
Suite 1101  
Baltimore, MD 21201-2305

Dear Secretary McCord:

Prince George's County transmitted its certification of Priority Funding Areas (PFA) to the Maryland Office of Planning in September 1998. We would now like to make an amendment to the county's designated PFA. This amendment is proposed to reflect the county's current growth policies and is consistent with the State's Smart Growth program.

The amendment adds property to the county's PFA. Attachment 1 is a graphic of the property and the PFA boundaries. Therefore, Prince George's County is making the following amendment:

Amendment 1: Add the 36.8 acres at 15701 SW Robert Crain Highway and Parcels 30 and 84 depicted on Tax Map 154 in Brandywine to the Prince George's County's PFA as depicted on the attached exhibit.

We understand that this amendment will be filed by the Maryland Department of Planning, that the Department may include comments as part of the files, and that the Department will coordinate with state funding agencies to inform them about this amendment to Prince George's County's PFA designated boundaries.

If you have any questions about this certification, please contact Derick Berlage (301-952-4711) at The Maryland-National Capital Park and Planning Commission, Prince George's County Planning Department.

Sincerely,

---
