Participating retirees, defined as any employee who has retired or will retire on or before December 31, 2017, shall have their contribution rate capped at twenty-seven percent (27%). For employees who retired on or after January 1, 2018, the County shall contribute seventy percent (70%) to the cost of the County's preferred provider option health insurance plan for any retiree who elects to participate in the program. Participating retirees shall contribute the remaining thirty percent (30%).
- E. For participating retirees who retired on or before December 31, 2017, the County shall contribute seventy-eight percent (78%) to the cost of a prepaid group health plan or Health Maintenance Organization (HMO) for any retiree who elects to participate in the program. Participating retirees, defined as any employee who has retired or will retire on or before December 31, 2017, shall have their contribution rate capped at twenty-two percent (22%). Two dental plans are available to employees and retirees, the cost of which is paid by the employee or retiree if the employee or retiree elects to enroll in either of the plans.

Section 9.4 Long Term Disability Insurance

Employees may choose to enroll in a Long-Term Disability Program offering fifty percent (50%) or sixty percent (60%) of annual salary up to normal social security retirement age. Employees will pay the full cost of whichever option is chosen.

Section 9.5 Flexible Spending Accounts

Employees may contribute up to the maximum allowable amount, as defined by the Internal Revenue Service, in a dependent flexible spending account and a medical flexible spending account.

Section 9.6 Life Insurance under the Beneflex Program

A. The County will provide employees covered by this Agreement with the County basic group term life insurance policy with a benefit of two (2) times the employee's annual salary (rounded to the nearest one thousand dollars (\$1,000.00)). Employees may choose to increase their life insurance from one (1) to four (4) times their annual salary up to a total of one million dollars (\$1,000,000), including the base amount provided by the County. Employees will pay for the increased coverage at rates based on their age and amount of coverage. Employees may choose to reduce their life insurance to one (1) times their annual salary and receive a credit.

B. The County will provide a supplemental life insurance benefit to an employee covered by this Agreement who retires until age sixty (60) in an amount equal to the difference between the face value of their County basic term life insurance at the date of retirement and the decreased insured value of their County basic term life insurance after date of retirement. When the retiree attains age sixty (60), the retiree's total life insurance benefit shall be reduced by fifteen percent (15%) of the original face value per year, to a residual of twenty-five percent (25%) by reducing the supplemental life insurance benefit by twenty percent (20%) on the first (1st) day of the calendar month coinciding with or next following the date of their attainment of age sixty (60). On each of the next four (4) anniversaries the supplemental life insurance benefit will be reduced by the same dollar amount. The total combined life insurance benefit which the County will provide pursuant to the foregoing under the County's basic term life insurance policy and the supplemental life insurance policy will equal two (2) times the employee's annual salary (rounded to the nearest one thousand dollars (\$1,000.00)) but not to exceed two hundred thousand dollars (\$200,000.00).

C. The fifty thousand dollars (\$50,000.00) accidental death insurance policy the County maintains for employees covered by this Agreement shall be payable in the amount of fifty thousand dollars (\$50,000.00) to an employee's designated beneficiary should the employee be

killed in the line of duty.

Section 9.7 Joint Health Care Committee

A Joint Health Care Committee will be created. The Union President or their designee shall be a member of this Committee. The Chief Labor Negotiator or their designee and the President of the Union or their designee will each select no more than three (3) employees who shall participate. The purpose of this Committee shall be to explore and develop means to continue to contain health care costs while maintaining or improving quality of delivery. The Committee shall also explore the feasibility of providing employee health care through a custom designed, self-insured managed care system. The County shall provide the Union, through the Joint Committee on Health Care; with complete information on health care plan design, administration and costs.

The County agrees to meet and consult with the Union no later than 60 days prior to implementing changes in health benefits (including medical, prescription drug, dental, and vision care programs) provided to employees covered by this Agreement. As a required part of these meetings and consultations, the County agrees to invite representatives of the Union to meet with the health care consultants and contractors used by the County in selecting and contracting for these benefits. The County further agrees to respond as promptly as practicable to reasonable requests for relevant information that may be requested by the Union.

ARTICLE 10 – PENSION BENEFITS

Section 10.1 Prince George's County Fire Service Pension Plan

The County agrees to maintain the Pension Plan for Fire Fighters, Paramedics and Firefighter/Medics. The County further agrees that any ancillary benefits not specifically changed in the process of negotiations between the County and the Union will remain intact and be included in the writing of the new pension document.

Section 10.2 Normal Retirement

A. For employees hired before July 1, 2013, normal retirement is to be based on twenty (20) years actual service as defined in the Pension Plan with the County, or attainment of age fifty-five (55), at a retirement rate of three percent (3%) per year of the "Average Annual Compensation" of the employee as defined in the Pension Plan. For employees hired on or after July 1, 2013, normal retirement is to be based on twenty (20) years actual service as defined in the Pension Plan with the County, or attainment of age fifty-five (55), at a retirement rate of two and one half percent (2.5%) per year of the "Average Annual Compensation" of the employee as defined in the Pension Plan.

B. Employees may continue to accrue an additional two and one half percent (2½ %) per year benefit accrual for every year after normal retirement for a maximum of ten (10) years.

C. Military buy-back time will be counted for purposes of benefit accrual.

D. The computation of a retiree's benefit shall be based on the employee's high twenty-four

(24) month average pay.

E. There shall be no reduction in pension benefits to a retiree by virtue of becoming eligible for full social security benefits or attaining age sixty-five (65).

Section 10.3 Contribution to Retirement Trust Fund

A. Effective January 1, 2019, employees hired prior to July 1, 2008 shall contribute seven percent (7%) of base payroll to the retirement trust fund.

B. Effective July 1, 2013, employees hired after July 1, 2008 shall contribute ten percent (10%) of base payroll to the retirement trust fund.

Section 10.4 Non-Service Connected Disability Retirement

For non-service connected disability occurring before normal retirement, the lifetime benefit will be fifty percent (50%) of the employee's average annual compensation as that term is defined in the Pension Plan. This amount will be increased by an additional two percent (2%) per year benefit accrual for every year over twenty (20) up to the maximum non-service disability pension provided by the Pension Plan. This provision does not affect the amount of accredited service up to a total of thirty (30) years said employee may accrue for normal retirement under Section 10.2 B.

Section 10.5 Service Connected Disability Retirement

For service-connected disability occurring before normal retirement, the lifetime benefit will be fifty-five percent (55%) of the employee's average annual compensation as that term is defined in the Pension Plan. An employee, who is permanently and totally disabled in the line of duty, such that they are unable to perform the duties of any occupation, will receive a ninety percent (90%) disability benefit regardless of years of service. The loss of both hands, or both arms, or both feet, or both legs, or both eyes, or any two thereof, in the line of duty creates a rebuttal presumption that the employee is totally and permanently disabled within the meaning of this provision.

Section 10.6 Disability Review Board Hearings

If a timely request for a hearing is filed following the Disability Review Board's (DRB) preliminary determination, such hearing shall be held as provided in the Fire Service Pension Plan, but in no event later than one year after the initial request for a hearing is filed.

Section 10.7 Representation on the Pension Plan Board of Trustees, Medical Advisory Board, and Disability Review Board

A. The Union shall nominate three (3) representatives to the Board of Trustees of the Fire Service Pension Plan to the County Executive.

B. The President of the Union, or their designated permanent alternate, will serve as a nonvoting member of the Medical Advisory Board in cases involving employees covered by this

Agreement. The Union representative will act in the same role as the representative of the Fire Department who appears before the Medical Advisory Board.

C. The President of the Union, or their designated permanent alternate, shall serve as a voting member of the Disability Review Board.

Section 10.8 Death of Eligible Participant

If an employee dies after eligibility for normal retirement while still an active employee, their spouse shall receive a pension equal to one hundred percent (100%) of the actuarially reduced pension the member would have received had they retired the day before their death and elected a joint survivor annuity.

Section 10.9 Plan Administration

A. The Retirement Administrator shall make available a copy of the current Pension Plan and accompanying Executive Orders to the Union. Thereafter at a mutually convenient time the Retirement Administrator agrees to meet with a designated Union representative to review said Plan or any facet of the Plan.

B. Within ninety (90) days following the date of legislative enactment of this Agreement, the Pension Plan document will be updated to include any negotiated changes in the Pension Plan. The Plan document will then be printed in booklet form, and copies of the booklet will be made available to Plan participants through the Union.

C. One hundred (100) copies of the Pension Plan shall be delivered to the Union for distribution to bargaining unit members at no cost to the Union or to the unit members. New participants will be issued a copy of the Pension Plan by the Union.

D. The Administrative Review Board will hold regular quarterly meetings, and the Retirement Administrator shall report quarterly all significant actions and decisions described in Section 8.2 of the Fire Pension Plan to the Administrative Review Board for its review.

Section 10.10 Cost of Living Increases for Retirees

A. In January of each year, two-thirds (2/3) of the total investment returns (on a market value basis including realized and unrealized capital gains and losses, as well as interest and dividends in excess of the interest assumption for the previous plan year) will be transferred to a post-retirement increase fund.

B. On January 31 of each year, every retiree will receive a permanent increase in their retirement benefit as calculated in paragraph C.

C. The permanent increase will be determined by actuarially calculating the lifetime benefit that can be provided each eligible retiree from the post-retirement increase fund, determined pursuant to paragraph A, provided:

1. Each eligible retiree will receive the same dollar amount.

2. The maximum increase provided shall not exceed one hundred fifty dollars (\$150.00) per month.

3. No increase shall be provided if the amount in the post-retirement increase fund is not sufficient to provide at least a ten-dollar (\$10.00) benefit increase.

D. Any amount in the "post-retirement increase fund" described in paragraph A. in excess of the amount necessary to fund the maximum permanent retirement increase described in paragraph C.2 or less than an amount necessary to provide the minimum benefit described in paragraph C.3 will be transferred (returned) to the general pension fund assets.

E. Effective with the calculation done in January, 1990, the phrase "actuarially calculating the lifetime benefit" in subparagraph C. above, means that the Plan's actuary will use the same procedures utilized in 1988 for calculating the COL benefit but will also include an assumption that the pool of assets that has been determined to be available for COL purposes, if any, will earn interest at the same rate of return that is assumed for the Pension Fund itself. Also effective with the calculation done in January 1990, any negative performance of the Pension Fund (the percentage by which actual returns fall short of the interest assumption) will be carried forward to successive calculations under this procedure until totally absorbed by future positive earnings.

F. The County has agreed to extend this provision regarding cost of living increases to retirees to both current and future retirees with the express understanding and agreement of the parties that the County has not waived any rights it has with regard to whether matters affecting current retirees constitute mandatory subjects of bargaining.

G. Notwithstanding the provisions described in Paragraphs A through E above, effective beginning with the cost of living increase payable on January 31, 2008, the permanent annual retiree increase for each retiree, contingent annuitant and alternate payee (who is specifically granted such benefit by a Domestic Relations Order) shall be equal to the lesser of (a) or (b), where (a) is four and nine-tenths percent (4 9/10%) of the retiree's, contingent annuitant's or eligible alternate payee's then current pension benefit and (b) is the greater of (i) thirty five dollars (\$35)/month or (ii) the increase determined by the formula described in Paragraphs A through E above. The parties agree that this Section 10.10.G. is subject to approval by the IRS, and that the Fire Service Pension Plan will apply for such approval to the IRS.

H. The parties agree that if the IRS has not ruled on, or fails to approve, the submission described in Section 10.10.G above by January 31, 2008, the County will amend the Pension Plan to provide a permanent thirty-five dollars (\$35)/month increase for each retiree, contingent annuitant and alternate payee (who is specifically granted such benefit by a Domestic Relations Order) on said date. The parties further agree that if the IRS, after considering the submission of the above language in Section 10.10.G above, or any agreed upon modification thereto, does not approve such language, then the parties agree that the following provision shall be inserted in its place, effective January 31, 2009.

I. Effective beginning with the cost of living increase payable on January 31, 2009, the County agrees that in any year in which the cost of living formula described in Paragraphs A through E above does not yield at least a thirty-five dollars (\$35)/month increase for each retiree,

contingent annuitant, and alternate payee (who is specifically granted such benefit by a Domestic Relations Order), the County will give good faith consideration to amending the Plan to providing such increase for that year. Approval of such an amendment shall not be unreasonably withheld.

Section 10.11 Joint and Survivor Pension Benefits

A. Effective July 1, 1989, where the designated beneficiary of a retiree who has elected a reduced joint and survivor pension benefit predeceases the retiree, or the designated beneficiary has, as of the date of acceptance by the Plan, been granted a valid and final decree of divorce from the retiree, the retiree's monthly benefit shall be increased ("pop back") upon request to the level it would have been had the reduced joint and survivor option never been chosen. The increase shall be effective for the month following the designated beneficiary's date of death or date of the Plan's acceptance of a valid and final decree of divorce, but shall not affect previously paid benefits.

B. Effective July 1, 1994, the time of retirement, plan participants will continue to elect whether to receive a joint and survivor pension benefit. Notwithstanding the retirement benefit actually elected by a retiree, effective July 1, 1994, if the retiree dies within one year after his/her retirement date, his/her spouse shall receive a pension equal to one hundred percent (100%) of the actuarially reduced pension the retiree would have received had the retiree elected a joint and one hundred percent (100%) survivor annuity. In the event a retiree elects to receive an actuarially reduced pension by selecting a joint and survivor annuity, the retiree will receive an unreduced pension during the year following his/her retirement date. After that year, they will begin to receive the reduced pension benefit selected.

C. Effective July 1, 2001, an employee with fifteen (15) or more years of service, but less than twenty (20) years of service, dies while still an active employee, his/her spouse shall receive a survivor annuity benefit. The participant's spouse shall receive a pension equal to fifty percent (50%) of the pension the participant would have received had the participant deferred retirement until his/her normal retirement date and elected a joint and survivor annuity.

D. Effective July 1, 2001, an employee who retires on a disability may elect to choose a joint and survivor annuity benefit.

E. Effective July 1, 2008, where a court orders a survivor benefit for the Participant's first spouse, the Participant may still select a survivor benefit for a second spouse with regard to the Participant's remaining benefit. Further, in the event of a pop back of benefit, the Participant may select a survivor benefit for a second spouse with regard to the Participant's benefit.

Section 10.12 Hold Harmless Benefit Calculation

For any employee covered by this Agreement who retires during the period from July 1, 2024 through June 30, 2026, "Average Annual Compensation," as that term is defined in the Pension Plan, will be calculated as if the employee had received all merit steps in Fiscal Years 2010 through 2026 on their anniversary date for the applicable merit increase that the employee otherwise would have been eligible to receive.

Section 10.13 Purchase of Pension Credit with Annual Leave and Sick Leave

All participants will be permitted to purchase additional pension credit after twenty (20) years of service with annual and sick leave at "non-window" (40 annual/80 sick) rates as set forth in Section 4.1.(A)(b)(ii) of the Pension Plan.

For participants hired on or after June 1, 2016, they will be permitted to purchase additional pension credit after twenty 20 years of service with annual and sick leave rates set as 80 annual/80 sick per month of service. The Pension Plan shall be amended to reflect this change.

Section 10.14 IRS Pickup Plan

A. The County shall pick up, within the meaning of Section 414(h)(2) of the Internal Revenue Code, the employee contributions required by Section 10.3 (Contribution to Retirement Trust Fund) hereof. Such amounts:

1. Are designated as employee contributions to be picked up by the County within the meaning of Section 414(h)(2) of the Internal Revenue Code and shall be treated as employer contributions in determining the tax treatment of such amounts under that section;
2. Shall reduce the taxable compensation of the employee in an amount that equals the employee contributions picked up by the County;
3. Shall be paid by the County from the same source of funds that is used to pay compensation to the employee;
4. Shall, for all other purposes, be treated in the same manner and to the same extent as employee contributions made before establishment of the pickup plan.

B. Employees shall not be entitled to receive such amounts directly in lieu of having such amounts picked up by the County.

Section 10.15 Pension Plan Modifications Effective September 1, 2005

A. The following modification to Section 4.3 of the Fire Service Pension Plan are effective September 1, 2005:

Section 4.3(e) shall be modified by removing the language from Section 4.3(e)(i) "the Participant is not providing any compensated services of any kind to the Fire Department of Prince George's County; and" as well as removing the language from the second paragraph, at its first three sentences, "If the Participant is performing compensated services to the Fire Department of Prince George's County, benefits paid under this Plan shall permanently cease during such period of employment. Benefits shall commence again only if such employment ceases, and the Participant provides the certification described in the immediately preceding paragraph. Benefits that do commence again shall not be adjusted for benefits suspended, but shall be in the same amount as before the suspension.

Section 10.16 Pension Plan Modification Effective July 1, 2013

Vested benefit, as that term is utilized and described in the Pension Plan, will increase to ten (10) or more years of Credited Service for employees hired on or after July 1, 2013.

Section 10.17 Cost Neutral Deferred Retirement Optional Program (DROP) Study

The County and Local 1619, IAFF agree to form a joint committee to review the feasibility of implementing a cost neutral DROP program for bargaining unit members. Each side will select three members to participate in the DROP study. Each side may utilize outside experts and consultants at their own expense or may agree to jointly utilize the same outside experts/consultants. The joint study committee will issue a recommendation by June 30, 2016.

Section 10.18 Deferred Retirement Option Program (DROP)

This variable interest rate will be adjusted quarterly to match the published 10-Year United States Treasury Note rate for the last business day of each quarter and will remain in effect for the subsequent quarter.
- E. Wage Increases During DROP Period - During the DROP period, an employee shall be eligible to receive all wage increases, including but not limited to merit increases, COLA's, and promotions. However, the parties acknowledge that any such raises will not affect the employees Average Annual Compensation, as defined by the Fire Service Pension Plan.
- F. Leave Earned During DROP Period - During the DROP period, an employee shall be eligible to receive all leave earnings, including but not limited to Annual Leave, Sick Leave, Compensatory Leave, and Personal Leave. The employee shall also be entitled to distribution of their DROP account, as provided for in Paragraph (I), including any interest accrued under Paragraph (D) and allowances accrued under Paragraph (G).

K. Beneficiary - An employee who elects to participate in DROP shall designate a beneficiary. The beneficiary designation shall apply to all distributions pursuant to the DROP. L. Leave Disposition upon DROP Entry - An employee who elects to participate in DROP shall be eligible to apply annual and sick leave to purchase pension credit available when the employee enters into the DROP. This provision shall be applied in accordance with the Collective Bargaining Agreement provisions that govern leave disposition upon separation.

Notwithstanding the provisions of Article 11, Section 11.2 A of this Agreement, a maximum of 440 hours of accumulated annual leave may be carried over from leave year 2021 into leave year 2022, however, the annual leave payout amount is not being increased. Unless amended by future legislation, the maximum amount of annual leave that may be carried over from leave year 2022 into leave year 2023 shall revert back to 360 hours. This modified benefit shall sunset automatically upon its implementation.

B. An employee shall be allowed to carry over annual leave earned as of the last full pay period in leave year 1996 (i.e., old annual leave) even if such accumulated amount is in excess of the maximum allowed in Subsection A., above or in excess of the one hundred thirty (130) days maximum formerly allowed in Section 11.2.A.

C. Effective beginning with the 1997 leave year, new annual leave in excess of the three hundred sixty (360) hours limit at the end of a leave year will automatically convert to new sick leave. D. An employee covered by this Agreement who terminates employment shall receive a lump sum cash payment for the annual leave balance credit accumulated through the last full pay period immediately prior to the employee's separation. Employees who qualify may elect to purchase additional service credit as provided in Section 10.14 of this Agreement.

Section 11.3 Leave of Absence

A. Leave without pay may be granted for up to one (1) year when just cause for such leave is shown by the employee. Such leave shall be requested in writing and shall be subject to approval by the County Fire Chief or their designee and such approval shall not be unreasonably withheld. B. The parties will use the existing Labor-Management Committee to discuss and attempt to resolve in good faith issues surrounding each bargaining unit member's record of leaves taken, including annual, sick, personal, compensatory, FLSA compensatory, and converted annual leave balances.

Section 11.4 Scheduled Leave

A. For the purposes of this Section, scheduled leave is defined as Annual Leave, Personal Leave, or Compensatory Leave that is approved in accordance with the Department Vacation Bid Leave or Day-to-Day Leave process.

D. When the minimum scheduled leave allocation for a particular shift is not achieved, employees may request Day to Day Leave. Day-to-Day Leave requests may be submitted beginning thirty (30) calendar days and no later than ninety-six (96) hours from the beginning of the requested shift. Leave described in this paragraph shall be awarded on a first-come, first-served basis.

E. At a minimum, twelve percent (12%) of the employees within the Emergency Services Command shall be offered scheduled leave each shift. However, when total Annual Leave, Disability Leave, Personal Leave, and Sick Leave for a particular shift exceeds twenty-five percent (25%), no additional leave will be approved until such time that total leave described in this paragraph falls below the twenty-five percent (25%) threshold. Previously approved leave, Bereavement Leave, Sick Leave, and Union Leave shall not be subject to cancellation or denial as a result of this Section.

F. Any request for changes to the staffing roster made no later than the end of the shift preceding the leave date are considered unscheduled and subject to additional management review.

Employees shall be entitled to use accumulated sick leave for the purpose of bereavement when a death occurs in an employee's family. A maximum amount of sick leave used shall not normally exceed twenty-four (24) hours. The term "family" shall mean and include the employee's spouse, child, sister, brother, parent, grandparent, mother and father in-law, and aunt or uncle. Leave needed beyond twenty-four (24) hours because of travel distance, religious requirements or other extenuating circumstances may be extended on a case-by-case basis, but in no instance shall such bereavement leave be approved beyond forty-eight (48) hours. The first twenty-four

(24) hours of bereavement leave taken upon the death of a parent, spouse or child will be administrative leave rather than sick leave.

3. The employee is released by the Medical Advisory Board for prescribed duties;
4. The employee is assigned to other duties in the Department within the capacity of the employee to perform, as determined by the Medical Advisory Board. The unwillingness of the employee to accept such an assignment shall make the employee ineligible for Disability Leave during the period that the MAB determines that the employee is capable of working a light duty assignment;
5. The Disability Leave period expires as provided in Section 11.7(D) below; or
6. The employee is retired if the disabling injury or illness cannot be corrected.

B. An employee who is ordered to light-duty as a result of a work-related illness or injury will be limited to four (4) hours of disability leave for related medical appointments or physical therapy while the employee is on light-duty

C. An employee shall not be charged with using their own accrued leave as a result of a work-related injury or illness except in those cases where the illness or injury is proven to be non-service connected. Only prospectively from the date that the injury or illness is proven to be non-service connected and the employee is notified of the findings in writing shall an employee be required to utilize their own accrued leave.

Such percentage should be obtained from the promotional PID(s) by subtracting the hourly rate before promotion from the hourly rate immediately after promotion and

Employees who receive this adjustment will not receive the eighteen (18) year adjustment referred to in subparagraph 8.a. above.

c. Effective July 1, 2008, any employee subject to subparagraph 8.b. above, who prior to July 1, 2008 did not receive a full seven percent (7%) increase at the time he/she completed eighteen (18) years of service, shall receive the difference between the eighteen (18) year increase originally received and the seven percent (7%). Such increase shall be effective July 1, 2008 and shall not place the employee above the July 1, 2008 maximum salary for his/her grade, except as otherwise noted for special duty pay(s) as in number 10 above, and in no case be more than ten percent (10%) above the maximum.

d. Beginning in Fiscal Year 2000, any employee, who completes his/her fifth (5th) year of service as an employee covered by this Agreement and is otherwise eligible to receive a merit increase, will receive a merit increase of four and one-half percent (4 1/2%) rather than three and one-half percent (3 1/2%) during that fiscal year.

c. Effective the first full pay period beginning on or after July 1, 2006, M and S Scale employees who were cross-trained and received a five percent (5%) “in- grade” increase as a result, will be entitled to that additional five percent (5%) even if it puts them above maximum for their grade. ATTACHMENT G – RANDOM DRUG AND ALCOHOL TESTING PROVISION

PURPOSE

The Fire/Emergency Medical Services Department (Department) recognizes that illegal drug use and/or legal substance misuse may not only negatively affect the person involved but jeopardize departmental operations and public safety. The Department is also concerned with the overall health, as well as the physical and emotional well-being of all its employees/members.

It is the goal of this provision to eliminate the unauthorized use of drugs and/or alcohol and to prevent the adverse impact such use has upon job performance, productivity, safety, and work environment.

Before being held accountable for this provision, all employees will be provided their own copy of this provision and trained regarding its requirements. All employees will be required to read and sign a notification form.

All employees/members will be subject to random, for cause, and other appropriate testing during all hours when they are on duty.

DEFINITIONS

Random Testing - Drug and alcohol tests performed on employees/members while on duty and without advanced warning. Employees/members shall be selected randomly by a scientifically valid method that conforms to Department of Transportation Best Practices for DOT Random Drug and Alcohol Testing. The use of a computer-generated list of random employee/member names shall be used to determine whether the employee/member has used alcohol, controlled substance(s), or drugs in a manner that violates this policy.

POLICY

I. Prohibited Conduct

- A. Illegal substance use by an employee/member, whether on or off duty, is prohibited and may result in disciplinary action up to and including dismissal from employment/membership.
- B. Prescribed or over-the-counter drug usage that may result in an employee/member's on-duty impairment is prohibited and may result in disciplinary action up to and including dismissal from employment/membership. It is employee/member's responsibility to consult with their health care provider concerning the possibility of on-duty impairment and report any possible impairment to their supervisor prior to commencing work, functions, and/or services.

Illegal alcohol use by an employee/member is prohibited. In addition, the use of alcohol which leads to on-duty impairment and/or blood alcohol levels elevated beyond acceptable legal federal standards is also prohibited. Alcohol screening will be in accordance with the Department of Transportation Regulations, 49 CFR Part 40. Illegal alcohol usage and/or

on-duty impairment from alcohol may result in disciplinary action up to and including dismissal from employment/membership.

II. Random Testing

- A. All employee/members in safety sensitive positions are subject to random drug and alcohol testing.
- B. At unspecified times, a list of employee/member names required to undergo random testing will be generated by a computer and will be provided to the Department's Health and Wellness Office (HWO) by a third-party vendor contracted by OMS that is beyond the control of the Department.
 - 1. Each employee/member of the population subject to testing has an equal chance to be selected for testing on each occasion random testing is conducted. The selection process will not be affected by or related to any pre-employment testing, testing based on reasonable suspicion, or disciplinary action.
 - 2. Selection of employee/members subject to random testing will be conducted at the rate of 25% of the total number of eligible staff, career personnel, and volunteer members respectively, per fiscal year.
 - 3. Selected employee/members must sign a consent form at the test facility prior to the random drug/alcohol screening and shall disclose usage of any prescribed or over-the-counter medications for non-negative test validation purposes.
 - 4. A selected employee/member's refusal to fully participate in and comply with a random drug and alcohol test without a compelling reason as determined by the HWO will be considered an admission of illegal substance use and is grounds for dismissal from employment/membership.
- C. HWO will immediately contact the affected Duty Chief so that proper notice to the selected employee/member is effectuated and staffing relief for the selected employee/member is initiated. Random drug testing will not negatively impact minimum staffing levels described in the parties' Collective Bargaining Agreement. If staffing coverage for the selected employee/member is not possible, the entire company/station must be taken out of service until the selected employee/member completes the random test process and returns to the company/station. The selected employee/member will have two (2) hours to report to the test facility for random testing upon relief and/or company/station closing.
- D. If the employee/member is on duty but is not in his/her/their assigned workplace, the Staffing Office will use the on-duty roster and/or the assistance of the affected Duty Chief to locate and give notice to the selected employee/member. In this case, the supervisor must ensure the selected employee/member completes the random testing process. Under no circumstances may the supervisor disclose to any other person that the employee/member has been ordered to report for random testing before the Duty Chief notifies the selected employee/member.

- E. An employee/member selected for testing who is on duty or an employee/member in an administrative leave status pending disciplinary action, will not be excused from testing, allowed to reschedule testing, and/or allowed to take sick or any other leave after being notified of testing, except in extremely unusual circumstances that must be approved by the Fire Chief/designee. Extended time to report to the test facility may be authorized by the Duty Chief if the employee/member resides outside of the Metropolitan area. Such circumstances must be documented by the HWO.
- F. If an employee/member is not scheduled to work, or if an employee/member is on previously approved administrative, annual, compensatory, personal, or sick leave, when selected for random testing, they will not be required to test that day. The selected employee/member will be notified and must be tested on their next scheduled workday that the test site is open. Under no circumstances should anyone other than HWO and the affected Duty Chief, including selected employee/member, be informed that employee/member was selected for random testing prior to selected employee/member's return to work/service. The selected employee/member that was previously not scheduled to work is not authorized to resume duties/service until a random test sample is provided.
- G. An employee/member on military leave, approved disability, family medical or sick leave for their own condition, or leave without pay for more than 30 calendar days, shall not be subjected to random testing.

III. Testing Procedures and Reporting Results

- A. Any individual attempting to circumvent the screening process via deception or fraud will be subject to disciplinary action up to and including dismissal.
- B. All sample collections and testing will be conducted in accordance with Department of Transportation Regulations, 49 CFR Part 40.
- C. Drug Tests:
 - 1. Employees/members unable to provide an adequate urine sample will be deemed to have refused to submit unless they provide medical documentation of their inability to submit and further agrees to submit to an alternate test.
 - 2. All departmental employees/members will be advised in writing of their right to obtain an independent testing of their previously collected split sample.
 - a. This independent testing will be conducted at the full expense of the requesting employee/member.
 - b. Written requests for split sample testing must be received by the HWO no later than seven (7) calendar days from employee's/member's notification from the HWO of their positive test result.
 - c. The County's designated MRO will facilitate all requests for independent testing of the split sample, which will be conducted by a federally certified Substance Abuse

Mental Health Services Administration (SAMHSA) laboratory.

D. Alcohol Tests:

All alcohol tests will be conducted in accordance with the Department of Transportation Regulations, 49 CFR Part 40.
