Staff gave an overview of the legislation and informed the committee of referral comments that were received. CR-15-2018 amends WSSC's CIP for Fiscal Years 2018-2023 to fund the completion of the Marlboro Meadows Community Systems. WSSC proposed to amend the CIP Fiscal Year 2018 budget to include \$2,533,000 which covers the final costs for completion of the Marlboro Meadow Community System Project.

WSSC staff indicated that the project has been completed and this action is simply a housekeeping effort to reconcile the debt.

The County Executive representative indicated support of the legislation.

Office of Law reviewed CB-15-2018 and determined that the legislation is in proper legislative form with no legal impediments to its adoption.

The Office of Audits and Investigations indicates that adoption of CR-15-2018 should not have an adverse impact on the County. Adoption of CR-15-2018 and the completion of the Marlboro Meadows Community System may promote growth and economic development with the County which may thereby have a positive fiscal impact upon sources of County revenue.
