ATTACHMENT A**ORDER OF APPROVAL WITH CONDITIONS DSP-13014****PROCEDURAL HISTORY, FINDINGS, CONCLUSIONS, AND CONDITIONS****Procedural History**

This case involves a detailed site plan for a rezoning of the subject property located at the northeastern quadrant of the intersection of Forestville Road and Old Marlboro Pike (MD 725), with addresses of 7702-7794 Forestville Road in District Heights, in Planning Area 75A and Council District 6, from the Light Industrial/Development District Overlay Zone (I-1/D-D-O) to the Commercial Shopping Center/Development District Overlay Zone (C-S-C/D-D-O).

On July 25, 2013, Planning Board considered evidence presented at a public hearing and subsequently adopted a resolution, PGCPB No. 13-79.

On August 23, 2013, Benjamin J. Woolery, Esquire, on behalf of Forest Square Center, L.C., appealed the Planning Board's decision in PGCPB No. 13-79, pursuant to §27-290 of the Zoning Ordinance,¹ to the District Council.

On September 30, 2013, the District Council held oral argument pursuant to §§ 27-132, 27-548.26, 27-290, and the District Council Rules of Procedure. At the conclusion of oral arguments, the District Council, pursuant to §27-132, referred this item to staff to prepare an order of approval with conditions.

¹ See Prince George's County Code, Subtitle 27, Zoning Ordinance, (2008-09 ed., as amended) (hereinafter "§ 27- __").

Appeal Issue

Forest Square Center, L.C., states that there was not sufficient basis in the record to approve the requested rezoning of the property because the applicant had not demonstrated that there had been a substantial change in the character of the neighborhood or that there was a mistake in the adoption of the current zoning of the property by the Marlboro Pike Sector Plan. *See* (7/25/13 Tr.)

The requirement to find either change or mistake prior to approving a rezoning of property is found in §27-157(a) of the Zoning Ordinance, which applies to zoning map amendment applications for conventional zones filed pursuant to §27-143. The property which is the subject of this application is the subject of a Development District Overlay Zone, which is not a conventional zone. A change in the underlying zoning category in a Development District Overlay Zone is regulated by §27-548.26(b). In PGCPB No. 13-79, Planning Board found that §27-548.26(b) allows a property owner to request that the District Council change the underlying zone of a property, or the list of allowed uses, as modified by the Development District Standards. The applicant has requested both a change in the underlying zone and the list of allowed uses.

§27-548.26(b)(5) requires the District Council to find that “the proposed development conforms with the purposes and recommendations for the Development District, as stated in the Master Plan, Master Plan Amendment, or Sector Plan, and meets applicable site plan requirements.” A finding that a change in the character of the neighborhood, or a mistake in the adoption of the current zoning is not required. The District Council finds, as did the Planning Board, that the proposed rezoning is in conformance with the proposed development and the purposes and recommendations for the Development District, as stated in the Marlboro Pike

Sector Plan, and meets applicable site plan requirements. *See* (7/25/13 Tr.), PGCPB No. 13-79, at 3-4.

We find that the Planning Board committed no factual or legal error in its recommendation, embodied in PGCPB No. 13-79, to approve with conditions DSP-1304 for a rezoning of the subject property located at the northeastern quadrant of the intersection of Forestville Road and Old Marlboro Pike (MD 725), with addresses of 7702-7794 Forestville Road in District Heights, in Planning Area 75A and Council District 6, from the Light Industrial/Development District Overlay Zone (I-1/D-D-O) to the Commercial Shopping Center/Development District Overlay Zone (C-S-C/D-D-O).
