**PUBLIC SAFETY & FISCAL MANAGEMENT COMMITTEE REPORT**      Date: 4/16/96

Committee Vote: Favorable, 5-0, (In favor: Council Members Esteppe, Bailey, Del Giudice, Maloney and Scott).

This bill will move the Voice Communication (telephone and radio) function from the Office of Central Services to the Information Technology division in the Office of Management and Budget.

The budgetary implications of this consolidation were approved by the Council in the FY96 budget.

In the age of advancing technologies, this merger will help the County stay abreast of the changing nature of the telecommunications industry and strengthen its operation base.

See Attachment A for an analysis of the number of employees being transferred and the amount.

There may be future savings, such as combined use of data transmission lines, to the County as a result of the enactment of CB-18-1996.

Received by the County Council on March 29, 1996 -- Final action required by May 28, 1996.

**BACKGROUND INFORMATION/FISCAL IMPACT**

**(Includes reason for proposal, as well as any unique statutory requirements)**
