PRINCE GEORGE'S COUNTY GOVERNMENT

OFFICE OF THE COUNTY EXECUTIVE

May 13, 2022

The Honorable Calvin S. Hawkins, II
Chair
Wayne K. Curry Administration Building
1301 McCormick Drive
Largo, Maryland 20774

Dear Chair Hawkins:

Enclosed for County Council's approval are five bond-enabling bills that will form the basis of future County bond sales for capital projects programmed in the FY 2023-2028 Capital Improvement Program. Each bill is limited to projects by generic class as specified in the County Charter. Once adopted by the County Council, these bills, excluding school facilities, will be placed on the November 8, 2022 ballot for consideration by the voters. Section 323 of the County Charter states that school construction bonds are excluded from approval of the voters.

Each of these bills lists the individual capital projects along with the aggregate amount of borrowing authority being requested. These five bills are for Public Works and Transportation Facilities - \$208,686,000; Library Facilities - \$9,258,000; Public Safety Facilities - \$45,925,000; County Buildings - \$51,939,000; and Community College Facilities - \$64,611,000.

The County Council's favorable consideration of this legislation is greatly appreciated. If you have any questions, please contact my office or Stanley A. Earley, Director, Office of Management and Budget at (301) 952-3300.

Sincerely,

Angela D. Alsobrooks
County Executive
