

Description: The Suitland Workforce Housing - Building K project will be the first of its kind in Suitland, Maryland. In coordination with development plans already in place, the Suitland area is going through major redevelopment and this project is earmarked to providing housing to those members of the community such as teachers, fireman, and policeman.

Justification: Pursuant to the Revenue Authority Act, the Revenue Authority is authorized to issue bonds for purposes of financing or refinancing the "cost" of a "project" (as such terms are defined in the Revenue Authority Act), including financing the costs of acquiring land and other property. In furtherance of such authority, the Revenue Authority expects to issue the bonds for purposes of financing certain costs of the Revenue Authority and/or the Redevelopment Authority.

Highlights: In FY 2023, 'Other' funding is from bond proceeds that will be acquired by the Revenue Authority. A designated development team will manage construction and operation of the project until it reaches stabilization at which point it will be turned back over to the Revenue Authority. This project is currently going through the approval process with the construction to begin 2023.

Description: For the purpose of this project is the acquisition, relocation, demolition and clearance of approximately 33 acres of commercial and residential properties for redevelopment. This project is a component of a broader Suitland revitalization initiative to improve the business climate and residential community in the area adjacent to the Suitland Federal Center.

Justification: Pursuant to the Revenue Authority Act, the Revenue Authority is authorized to issue bonds for purposes of financing or refinancing the "cost" of a "project" (as such terms are defined in the Revenue Authority Act), including financing the costs of acquiring land and other property. In furtherance of such authority, the Revenue Authority expects to issue the bonds for purposes of financing certain costs of the Revenue Authority and/or the Redevelopment Authority.

Highlights: The construction phase continues. In FY 2023, 'Other' funding is from bond proceeds that will be acquired by the Revenue Authority.

Description: The existing parking structure is over 30 years old and has begun to experience deterioration. The deterioration is having a negative impact on garage operations and public safety. After reviewing the physical assessment performed by an outside consultant, the Revenue Authority is proposing a \$6.8 million total garage renovation that will address the structural integrity of the building and public safety concerns.

Justification: The demand for parking at the Hyattsville Justice Center is on average 85% to 95% of total capacity. Extending the life of the structure is necessary for operations and revenue generation. A comprehensive 2014 assessment of the overall site revealed a number of structural and safety issues that would need to be addressed within the next few years.

Highlights: The renovation project will continue. In FY 2023, 'Other' funding is from bond proceeds that will be acquired by the Revenue Authority.

Description: The University of Maryland Capital Region Medical Center Parking Facility will be a 1,100 space garage. The garage will be constructed to support the new hospital and adjacent medical office building. In addition to transforming the health care environment in the County, the Medical Center will play a significant role in the redevelopment of Largo Town Center, one of the first areas designated to be Downtown Prince George's.

Justification: The University of Maryland Capital Region Medical Center will generate an anticipated 3,279 direct construction jobs in the County, which will be created from the \$429.5 million construction budget. Approximately \$634.9 million in economic development activity is expected to be generated, with 4,853 total jobs supported because of project construction. An anticipated \$397 million in economic activity in Prince George's County will be directly generated from the Regional Medical Center, with the support of 2,641 additional workers.

Highlights: In FY 2022, fiscal closeout began. In FY 2023, the University of Maryland Capital Region Medical Center Parking Facility is projected to be completed.
