

COUNTY COUNCIL OF PRINCE GEORGE'S COUNTY, MARYLAND
SITTING AS THE DISTRICT COUNCIL
2006 Legislative Session

Resolution No. CR-11-2006
Proposed by The Chairman (by request – Planning Board)
Introduced by Council Members Dean, Exum, Harrington and Dernoga
Co-Sponsors _____
Date of Introduction February 7, 2006

RESOLUTION

1 A RESOLUTION concerning

2 The Master Plan and Sectional Map Amendment for Bowie and Vicinity

3 For the purpose of Approving the Master Plan and Sectional Map Amendment for Bowie and
4 Vicinity thereby defining long range land use and development policies, and setting forth and
5 adopting detailed zoning proposals in Planning Areas 71A, 71B, 74A, and 74B, for the area
6 generally bounded by the Patuxent River to the east and northeast; the Beltsville Agricultural
7 Research Center and Patuxent Wildlife Research Center to the northwest; Springfield Road,
8 Hillmeade Road, Enterprise Road, and Watkins Park Drive to the west; and Oak Grove Road,
9 Leeland Road, and District Branch to the south.

10 WHEREAS, the Master Plan and Sectional Map Amendment for Bowie and Vicinity
11 amends the 1991 *Approved Master Plan and Adopted Sectional Map Amendment (SMA) for*
12 *Bowie-Collington-Mitchellville and Vicinity, Planning Areas 71A, 71B, 74A, and 74B*; the 2002
13 *Prince George's County Approved General Plan*; the 2005 *Countywide Green Infrastructure*
14 *Functional Master Plan*; the 1982 *Master Plan of Transportation*; the 1983 *Functional Master*
15 *Plan for Public School Sites*; the 1990 *Public Safety Master Plan*; the 1992 *Prince George's*
16 *County Historic Sites and Districts Plan*; and the 1975 *Countywide Trails Plan with the 1985*
17 *Equestrian Addendum*; and

18 WHEREAS, the master planning area covers the City of Bowie and the surrounding area;
19 and

20 WHEREAS, the purpose of the Master Plan and Sectional Map Amendment for Bowie
21 and Vicinity is to develop visions, goals, policies, strategies, and appropriate zoning to

1 implement a comprehensive policy plan for the Bowie and Vicinity area, in accordance with the
2 goals and policies of the 2002 *Prince George's County Approved General Plan*; and

3 WHEREAS, the Master Plan and Sectional Map Amendment for Bowie and Vicinity
4 contains a zoning proposal known as the sectional map amendment (SMA), intended to
5 implement the land use recommendations of the master plan for the foreseeable future; and

6 WHEREAS, a public forum was held on June 5, 2003, where the public had an
7 opportunity to provide comments on the issues and possible strategies presented in the Public
8 Forum Information Brochure; and

9 WHEREAS, the District Council approved the Goals, Concepts and Guidelines and the
10 Public Participation Program on September 30, 2003; and

11 WHEREAS, as part of the public participation program, focus groups were formed, to
12 examine planning issues for the Developing Tier, the Rural Tier, the Bowie Regional Center
13 identified by the 2002 General Plan, and future mixed-use activity centers including the Old
14 Town Bowie area; and

15 WHEREAS, a charrette process was then determined to be the form of public
16 participation to be used for input in the preparation of the master plan; and

17 WHEREAS, a pre-charrette meeting was held on September 1, 2004, to develop visions
18 for the following seven focus areas: Developing Tier, Rural Tier, Bowie Regional Center, Old
19 Town Bowie, West Bowie Village, Bowie Main Street, and Pointer Ridge; and

20 WHEREAS, a community-wide public charrette was held from September 8 to 13, 2004,
21 to assist in developing land use plan concepts and urban design schemes for the master plan; and

22 WHEREAS, prior to publishing the preliminary plan, the Planning Board of The
23 Maryland-National Capital Park and Planning Commission submitted the plan to the District
24 Council and the County Executive, for review of the sufficiency of planned public facilities; and

25 WHEREAS, the Planning Board of The Maryland-National Capital Park and Planning
26 Commission granted permission to print the preliminary plan and proposed sectional map
27 amendment on March 31, 2005; and

28 WHEREAS, the District Council and the Planning Board of The Maryland-National
29 Capital Park and Planning Commission held a duly advertised joint public hearing on the
30 *Preliminary Master Plan and Proposed Sectional Map Amendment (SMA) for Bowie and*
31 *Vicinity* on May 17, 2005; and

1 WHEREAS, on July 14, 2005, the Planning Board of The Maryland-National Capital
2 Park and Planning Commission held a public worksession to examine the testimony presented at
3 the May 17, 2005 joint public hearing on the *Preliminary Master Plan and Proposed Sectional*
4 *Map Amendment Bowie and Vicinity*; and

5 WHEREAS, on July 28, 2005, the Planning Board of The Maryland-National Capital
6 Park and Planning Commission, in response to the public hearing testimony, adopted the master
7 plan and endorsed the sectional map amendment with revisions, as described in Prince George's
8 County Planning Board Resolution PGCPB No. 05-169, and transmitted the master plan,
9 sectional map amendment, and supporting documents and a comprehensive rezoning proposal
10 (A-9968) to the District Council on September 9, 2005; and

11 WHEREAS, the District Council held a first worksession on September 20, 2005, to
12 consider public hearing testimony, and proposed a number of amendments to the plan and
13 sectional map amendment; and

14 WHEREAS, the District Council held a second worksession on October 18, 2005, to
15 finalize all proposed amendments and to announce a second public hearing on amendments; and

16 WHEREAS, the District Council and the Planning Board of The Maryland-National
17 Capital Park and Planning Commission held a duly advertised second public hearing to allow
18 public comment on proposed amendments described in Council Resolution 77-2005 on
19 November 22, 2005; and

20 WHEREAS, the District Council held a worksession on November 29, 2005, and adopted
21 Council Resolution 90-2005, approving the Master Plan and Sectional Map Amendment for
22 Bowie and Vicinity, with amendments to the Zoning Map, as stated in Council Resolution
23 90-2005; and

24 WHEREAS, at the worksession on November 29, 2005, the District Council determined,
25 after discussion, that questions had been raised about the sufficiency of the notice prior to the
26 hearing on November 22, 2005, and the Council decided, in order to address these and related
27 questions, and to assure citizens and property owners that the master plan and sectional map
28 amendment had been properly adopted and approved, in accordance with all requirements of
29 law, that Council Resolution 90-2005 would be reconsidered and that the Adopted Master Plan
30 and Endorsed Sectional Map Amendment for Bowie and Vicinity would be readvertised, given
31 further public notice, and then reviewed in an additional public hearing; and

1 WHEREAS, the District Council and the Planning Board of The Maryland-National Capital
2 Park and Planning Commission held a third public hearing on January 31, 2006, to allow public
3 comment on the recommended amendments as described in Council Resolution 1-2006.

4 WHEREAS, the District Council held a worksession on February 7, 2006, and adopted
5 Council Resolution 11-2006, approving the Master Plan and Sectional Map Amendment for
6 Bowie and Vicinity, with amendments to the Zoning Map; and

7 WHEREAS, the District Council, having reviewed supporting materials submitted as part
8 of the comprehensive rezoning proposal (A-9968) and examined the testimony presented at the
9 second public hearing, finds that the accumulated record, with County plans and policies,
10 justifies the zoning changes within this SMA.

11 NOW, THEREFORE, BE IT RESOLVED by the County Council of Prince George's
12 County, sitting as the District Council for that part of the Maryland-Washington Regional
13 District in Prince George's County, Maryland, that the Master Plan and Sectional Map
14 Amendment for Bowie and Vicinity, as adopted and endorsed by The Maryland-National Capital
15 Park and Planning Commission on July 28, 2005, is hereby approved, with the amendments
16 stated below; and

17 BE IT FURTHER RESOLVED that upon approval by the District Council, this master plan
18 amends the 2002 *Prince George's County Approved General Plan*; the 1991 *Approved Master*
19 *Plan and Adopted Sectional Map Amendment (SMA) for Bowie-Collington-Mitchellville and*
20 *Vicinity, Planning Areas 71A, 71B, 74A, and 74B*; the 2005 *Countywide Green Infrastructure*
21 *Functional Master Plan*; the 1982 *Master Plan of Transportation*; the 1983 *Functional Master*
22 *Plan for Public School Sites*; the 1990 *Public Safety Master Plan*; the 1992 *Prince George's*
23 *County Historic Sites and Districts Plan*; and the 1975 *Countywide Trails Plan with the 1985*
24 *Equestrian Addendum*, the approved master plan containing revisions, extensions, deletions, and
25 additions presented at the public hearing and in response to the public hearing record; and

26 BE IT FURTHER RESOLVED that the conditions and findings have been attached to a
27 previously approved zoning application which were adopted in the Sectional Map Amendment
28 for Planning Areas 71A, 71B, 74A, and 74B, as described in Council Resolution 22-1991, are
29 considered part of this Sectional Map Amendment where the previous Zoning category has been
30 maintained and noted on the Zoning Map; and
31

1 BE IT FURTHER RESOLVED that the Adopted Master Plan and Sectional Map
2 Amendment is approved with the following amendments:

AMENDMENT 1

Change the zoning of the Autotech property, located on the south side of MD 450, east of Superior Lane.

Location: **Existing Zone: C-S-C Proposed Zone: C-M**

AMENDMENT 19

Retain existing zoning (R-R and R-55 Zones) on residential properties located in the Old Town Bowie Mixed-Use Activity Center (by deleting endorsed SMA change number 10 and portions of SMA change number 9). Revise the land use map to designate these areas for residential, Low-Density land uses. Uphold the Endorsed SMA Zoning Change for commercial properties from the C-S-C (Commercial Shopping Center) Zone to the M-U-I (Mixed-Use Infill) Zone as follows below. A Development District Overlay Zone (DDOZ) is superimposed on the M-U-I zoned properties.

Existing Zone: C-S-C Proposed Zone: M-U-I

BE IT FURTHER RESOLVED that the Basic Plan for A-9968, Willowbrook, is hereby approved, and the subject property is rezoned from the E-I-A Zone to the R-S Zone, with the Basic Plan, and with the following limitations and conditions:

(1) Land use types and quantities:

- Total area: 427 acres
- Land in the 100-year floodplain. 89.7 acres
- Adjusted Gross Area (427 less half the floodplain): 382± acres
- Land devoted to mixed retirement development: 28 acres
- Adjusted Gross Area (382 less 28 acres): 354± acres

Market Rate Development

- 354 acres @ 1.6 to 1.7 du/ac = 566 to 602 dwellings
- Approximately 80 percent single-family detached and 20 percent single family attached units

Mixed Retirement Development

- 28 acres @ 2.2 to 8.0 du/ac = 61 to 224
- Approximately 14 percent single-family detached, 25 percent single family attached, and 61 percent multifamily units

Open Space

- Public Active Open Space: 20± acres
- Private Active Open Space: 10-12± acres
- Passive Open Space: 220± acres

(2) A ten-foot-wide master plan hiker/biker trail shall be located in the Collington Branch Steam Valley, and the six-foot feeder trails shall be located near the development pods.

(3) A buffer area shall be located between Leeland Road and any townhouse or multifamily development, sufficient to fully screen these units from view from the roadway, and to retain the current wooded character of the frontage.

(4) A small activity recreation area shall be centrally located within the proposed development, as shown in the Basic Plan submitted in May 2005.

(5) The amenities proposed for the mixed retirement development shall be listed on the face of the Comprehensive Design Plan.

The following conditions and considerations of approval shall be printed on the face of the Basic Plan.

CONDITIONS:

(1) At the time of the submission of a Comprehensive Design Plan or Preliminary Plan of Subdivision, the applicant shall provide a traffic study that analyzes the following intersections:

- a. US 301/MD 725
- b. US 301/Village Drive
- c. US 301/Leeland Road
- d. US 301/Trade Zone Avenue
- e. Leeland Road/Safeway Access
- f. Oak Grove Road/Church Road
- g. Oak Grove Road/MD 193
- h. MD 202/MD 193

(2) At the time of preliminary plan of subdivision, the applicant shall provide the dedication for one-half of the 100 feet of dedication required to build Leeland Road (MC-600) to its ultimate cross section, per DPWT standards.

(3) At the time of preliminary plan of subdivision, the applicant shall dedicate 100± acres of parkland to M-NCPPC, including the Collington Branch stream valley and 20 acres of developable land for active recreation, as shown on DPR Exhibit 1.

(4) The land to be conveyed to M-NCPPC shall be subject to the conditions of Exhibit B, attached to the June 21, 2005, memorandum from the Parks Department.

1 (5) The applicant shall construct a ten-foot-wide master plan hiker/biker trail in the
2 Collington Branch stream valley, and 6-foot wide feeder trails to the development pods.
3

4 (6) A revised plan showing parkland dedication and master plan train shall be reviewed
5 and approved by the DPR staff.
6

7 (7) The applicant shall provide adequate private recreational facilities to meet the future
8 subdivision requirements for the proposed development. The private recreational facilities shall
9 be constructed in accordance with the standards outlined in the *Parks and Recreation Facilities*
10 *Guidelines*.
11

12 (8) The applicant shall construct recreational facilities typical for a 20-acre community
13 park, such as ball fields, a playground, tennis or basketball courts, shelters, and restroom
14 facilities. The list of recreational facilities shall be determined at the preliminary plan of the
15 subdivision and specific design plan stage. The construction of park facilities shall be eligible
16 for the award of density increments based upon the regulations of the RS Zone.
17

18 (9) The submission package of the comprehensive design plan shall contain a signed
19 natural resources inventory (NRI). The NRI shall be used by the designers to prepare a site
20 layout that minimizes impacts to the regulated areas of the site.
21

22 (10) A geotechnical study that identifies the location and elevation of the Marlboro clay
23 layer throughout the site shall be submitted as part of the CDP application package.
24

25 (11) A protocol for surveying the locations of all rare, threatened, and endangered species
26 within the subject property shall be obtained from the Maryland Department of Natural
27 Resources, prior to acceptance of the CDP and this protocol shall be part of the submittal
28 package. The completed surveys and required reports shall be submitted as part of any
29 application for preliminary plans.
30
31

1 (12) Prior to the signature certification of the preliminary plan of subdivision, a Phase I
2 archeological investigation shall be conducted according to the Maryland Historical Trust
3 (MHT) guidelines, *Standards and Guidelines for Archeological Investigations in Maryland*
4 (Shaffer and Cole 1194); and a report shall be submitted in accordance to the MHT guidelines
5 and the American Antiquity or Society of Historical Archaeology style guide. Archeological
6 excavations shall be spaced along a regular 20-meter or 50-foot grid and excavations should be
7 clearly identified on a map to be submitted as part of the report.
8

9 (13) Public benefit features shown on the Basic Plan, and any future Comprehensive
10 Design Plans, such as a church site, swimming pool, community buildings, recreation facilities,
11 open space, etc. shall either be constructed or provided as described on the plan.
12

13 **COMPREHENSIVE DESIGN PLAN CONSIDERATIONS:**

14 (1) The natural aesthetic qualities of the site should be accentuated by a design that is in
15 part determined by the environmental constraints of the site. Streets should not be uniformly
16 double loaded. Single loaded streets and/or breaks between lots should be strategically placed to
17 provide visual relief and afford views into open space.
18

19 (2) Recreational facilities should be dispersed throughout the subdivision so as to provide
20 nearby recreational facilities for all residents. The type of recreational facilities shall be
21 determined at the time of Comprehensive Design Plan. They should accommodate all age
22 residents and should include such elements as a pool, tot lots, preteen lots, tennis courts and
23 trails, and passive recreational facilities.
24

25 (3) A 200-foot buffer shall be maintained between the residential lots and adjacent land
26 other than parkland that is in the E-I-A Zone. The existing woodland may be augmented by
27 additional plantings so that the project is sufficiently protected from the impacts of the adjacent
28 development.
29
30
31

1 BE IT FURTHER RESOLVED that the staff is authorized to make appropriate text and
 2 map revisions to correct identified errors, reflect updated information, reconcile the
 3 Development District Overlay and land use recommendations with Adopted and Approved
 4 changes, and incorporate the Zoning Map changes reflected in this Resolution; and

5 BE IT FURTHER RESOLVED that this Sectional Map Amendment is an amendment to
 6 the Zoning Ordinance and to the official Zoning Map for the Maryland-Washington Regional
 7 District in Prince George's County. The zoning changes approved by this Resolution shall be
 8 depicted on the official Zoning Maps of the County.

9 BE IT FURTHER RESOLVED that the provisions of this Resolution are severable. If any
 10 provision, sentence, clause, section, zone, zoning map, or part thereof is held illegal, invalid,
 11 unconstitutional, or unenforceable, such illegality, invalidity, unconstitutionality, or
 12 unenforceability shall not affect or impair any of the remaining provisions, sentences, clauses,
 13 sections, zones, zoning maps, or parts hereof or their application to other zones, persons, or
 14 circumstances. It is hereby declared to be the legislative intent that this Resolution would have
 15 been adopted as if such illegal, invalid, unconstitutional, or unenforceable provision, sentence,
 16 clause, section, zone, zoning map, or part had not been included therein.

17 BE IT FURTHER RESOLVED that this Resolution shall take effect on the date of its
 18 adoption.

Adopted this 7th day of February, 2006.

COUNTY COUNCIL OF PRINCE GEORGE'S
 COUNTY, MARYLAND, SITTING AS THE
 DISTRICT COUNCIL FOR THAT PART OF
 THE MARYLAND-WASHINGTON REGIONAL
 DISTRICT IN PRINCE GEORGE'S COUNTY,
 MARYLAND

 Clerk of the Council

TEXT AMENDMENTS - BOWIE AND VICINITY MASTER PLAN

Amendment of 2002 General Plan Tiers and Centers

Page 2

* * *

2. The Rural Tier and Developing Tier boundaries are amended as follows:

* * *

d. Property in the northeast quadrant of US 50 and MD 3 which is located within the 100-year floodplain of the Patuxent River is placed in the Rural Tier to preserve the environmental features of the area while providing a necessary connection to link two separate portions of the Rural Tier to form a contiguous Rural Tier through the Bowie and vicinity planning area.

e. M-NCPPC parkland located in the northwest quadrant of US 50 and MD 3 is placed in the Rural Tier to preserve the historical and environmental significance of the property.

f. Property located west of the Patuxent River, south of US 50, and north of Governor's Bridge Road is placed in the Rural Tier to form a contiguous Rural Tier through the Bowie and Vicinity planning area.

g. The portion of the Corporation of the Roman Catholic Clergymen property (also known as the Jesuit Property), and the Roman Catholic Archdiocese of Washington property south of MD 450 are placed in the Rural Tier to protect historic vistas and environmentally sensitive lands. The historic property of the Sacred Heart Parish should be shielded on all sides with an undisturbed visual and audio setting. Undeveloped properties in this area should be rezoned as needed to protect historic vistas and environmentally sensitive lands, and be placed in the Rural Tier. Those currently developed with commercial uses may continue as nonconforming uses in the Rural Tier.

h. The Rural Tier is extended to include all properties south of US 450, west of MD 3, north of US 50, and east of properties zoned R-55 (One-Family Detached Residential) that are currently classified in the R-O-S (Reserved Open Space), O-S (Open Space), R-A (Residential-Agricultural), R-E (Residential-Estate), R-R (Rural Residential) Zones.

i. The Northpeake properties located east of MD 197, south and west of Race Track Road, and north of the WB&A Trail, as well as several properties in this vicinity south of the WB&A Trail, are placed in the Rural Tier to protect the Horsepen Branch watershed and provide a connection between two separate portions of the Rural Tier in the northern part of the Bowie and vicinity planning area.

Rural Tier

Page 8

Revise Policy 3, "Protect landowners equity in their land," Strategy 2 as follows:

2. Encourage participation in a TDR program, pursuant to County legislation. Consider increasing the TDR Allocation Rate in order to preserve and enhance ecologically fragile and aesthetically valuable environments in the Rural Tier, including certain streams, stream valleys, floodplains, wetlands, groundwater steep slopes, woodlands, scenic vistas and scenic corridors.

Developing Tier

Page 10

Policy 3: Protect, maintain and enhance the unique historical, cultural, and architectural identity, heritage and character of the City of Bowie.

Strategies:

4. Properties located at key intersections within the planning area, such as the intersection of US 301 and MD 197, are recommended for site plan review and approval.

Page 11

Replace the language of Policy 4 on Page 11 (modified as per PGCPB 05-169) with the following:

Policy 4: **Develop high-quality senior citizen housing.**

Strategies:

1. Active senior citizen developments should be provided according to the following design guidelines:

- a. Development should be located [within one half mile of the edge of the Bowie Regional Center or mixed use activity centers to enhance its pedestrian orientation and] to provide easy access to commercial and cultural centers of the Bowie and vicinity planning area.
 - b. Development should include [pedestrian] linkages to shopping and services in the Bowie Regional Center or mixed-use activity centers.
 - c. Development should be of sufficient size to provide amenities, such as indoor parking or garages, gardens, plazas, swimming pools, or common eating areas.
 - d. Development should have direct access to a collector road or greater to allow easy access for emergency medical services.
 - e. Development should be served by public transit or shuttle buses to shopping and services in the Bowie Regional Center or mixed-use activity centers.
 - f. Prior to approval of new development, a market analysis should be conducted that evaluates and satisfactorily demonstrates the need for senior housing within one mile of a proposed site.
 - g. Development should occur at locations in accordance with the guidelines of the Bowie and Vicinity Master Plan and/or at locations deemed appropriate by the District Council.
 - h. Senior housing should be provided in locations proximate to existing residential communities.
 - i. All such senior adult residential development shall be subject to a Detailed Site Plan review.
 - j. All such active senior adult developments may be included in mixed-use and multifamily zones.
2. Additional active senior citizen development should be provided according to the following design guidelines:
- a. Development should be of sufficient size to provide amenities, such as indoor parking or garages, gardens, plazas, swimming pools, or common eating areas.
 - b. Development should have direct access to a collector road or greater to allow easy access for emergency medical services.
 - c. Development should occur at locations in accordance with the guidelines of the Bowie and Vicinity Master Plan and/or at locations deemed appropriate by the District Council.
 - d. Senior housing should be provided in locations proximate to existing residential communities.
 - e. All such senior adult residential development shall be subject to a Detailed Site Plan review.
 - f. All such active senior adult developments may be included in mixed-use and multifamily zones.

Page 11

Policy 5: Reduce traffic congestion, improve ingress/egress, and safety along corridors throughout the planning area., and] Facilitate future highway improvements on US301/MD3 while allowing limited, low traffic-generating development along this corridor.

Strategy:

2. Beall Crossing Subdivision: This property consists of ten undeveloped recorded lots and a dedicated public street which would require an additional curb cut on Race Track Road near its intersection with MD 450. A new preliminary plan of subdivision and record plat should be approved. The new layout should eliminate the curb cut onto Race Track Road and reorient the dedicated public street for the subdivision to either of the existing curb cuts at Evans Funeral Home or at the northern property line of the subdivision directly across from the rear (northernmost) entrance to the Hilltop Plaza Shopping Center.

Page 12

Policy 6: Improve site design to maximize the preservation of environmentally sensitive areas, encourage a diversity of housing types, provide a mix of land uses in appropriate locations, and reduce the cost of providing new roads and other public facilities.

Strategies:

1. Recommend and support future rezoning to a suitable mixed-use zone at the time of development and / or redevelopment in conformance with the stated land use concept and development guidelines at the following locations.
 - a. Property in the northeast quadrant of US 50 and MD 3 (known as the Melford Property): This area should be developed with a moderate-to-high density mixture of office, employment, retail, hotel, residential and parkland/open space uses. Figure 1 is an illustrative concept for the planned community at the subject location. This will offer a mix of employment and residential uses that can create a place of activity and interaction for those who live, work, or visit in the area. The residential component should develop in such a way that the residential buildings and settings complement Melford, a National Register Historic Site.

Development on this site shall conform to the following standards and guidelines:

(1) The mixed use community shall include the following uses:

- Corporate office
- **Condominium/Professional office**
 - Research and Development
 - Hotel
- Single-family detached residential (executive housing)
- Single-family attached residential (6 to 11 dwellings per acre); a minimum of 20% being senior housing units and a maximum of 25% being senior housing units, although the District Council may vary such percentages when approving a Concept Plan.
- Multifamily residential (at up to 30 dwellings per acre); a minimum of 20% being senior housing units and a maximum of 25% being senior housing units, although the District Council may vary such percentages when approving a Concept Plan.
- Live/work units (e.g., office over retail; residential over retail; residential over office)

Other uses may include:

- Flex space and warehouse as an interim use (See #8)
 - Professional training facilities

(2) The M-X-T (Mixed Use – Transportation Oriented) Conceptual Site Plan shall show all existing development and approved development under the E-I-A (Employment and Institutional Area) zone “as approved”. The mixed-use ratio for the design plans shall be the following, based on the total gross floor area for residential and Employment/Office/Retail/Hotel combined:

	Minimum	Maximum
Residential	20%	30%
Office/Employment/Retail/Hotel	70%	80%

The residential component shall be no greater than 866 dwelling units.

(3) The Conceptual Site Plan shall have an integrated network of streets, sidewalks (on all streets), and open space, public or private, and shall give priority to public space and appropriate placement of uses.

- (4) The community shall be focused upon an open space network consisting of the Melford house and its historic vista, and other public spaces, which are surrounded by a combination of commercial, civic, cultural or recreational facilities. This network shall be designed with adequate amenities to function as a fully shared space for the entire community.
- (5) The community shall contain additional linked open space in the form of squares, greens, parks, and trails that are accessible, safe and comfortable. The open space should provide a variety of visual and physical experiences. Some of these open spaces should be bordered by buildings and be visible from streets and buildings.
- (6) Retail uses shall be designed to:
 - Create a sense of place by, among other techniques, creating a design focused upon a village or main street theme; providing amenities such as plazas, parks, recreational opportunities, entertainment and cultural activities, public services and dining; and providing attractive gateways/entries and public spaces.
 - Create outdoor amenities, such as brick pavers, tree grates, decorative lighting, signs, banners high quality street furniture and extensive landscaping, including mature trees.
 - Create attractive architecture by using high-quality building materials such as stone, brick or split-face block, and providing architectural elements such as façade articulation, dormer windows, canopies, arcades, varied roofscapes and customized shopfronts to create a street-like rhythm.
 - Provide attractive, quality facades on all commercial buildings visible from public spaces and streets; and completely screen loading, service, trash, HVAC and other unsightly functions.
 - Create a retail area where pedestrians may travel with ease, with attractive walkways and continuous street front experiences to maximize the quality of the pedestrian environment[; a]. All uses are connected by sidewalks; crosswalks run through and across the parking lots and drive aisles to connect all buildings and uses; sidewalks

are wide, appealing, shaded and configured for safe and comfortable travel; pedestrian walkways are separated from vehicular circulation by planting beds, raised planters, seating walls, on-street parallel parking and/or structures; walking distances through parking lots are minimized and located to form logical and safe pedestrian crossings, and walkways are made more pedestrian-friendly through the use of arcades, canopies, street trees, benches, and tables and chairs.

- Screen parking from the streets and ensure that attractive buildings and signage are visible from the streets.
- Minimize the expanse of parking lots through the use of shared parking, structured parking or decks, and/or landscape islands.
- Provide a hierarchy of pedestrian-scaled, direct and indirect, high quality, energy efficient lighting that illuminates walkways, ensures safety, highlights buildings and landmark elements, and provides sight lines to other retail uses.
- Create a signage package for high-quality signs and sign standards and requirements for all retail and office tenants and owners, which shall address size, location, square footage, materials, logos, colors, and lighting. Any revision to the existing approved signage plans shall incorporate the previously approved designs.
- Temporary signage on the site or attached to the exterior facades of a building shall not be permitted.
- Design retail pad sites to be compatible with the main retail/office/hotel component. If the retail pad sites are located along the street, parking shall be located to the rear of the pad sites.
- Green areas or public plazas should be provided between pad sites.
- Restaurants should have attractive outdoor seating areas with views of the public spaces/lakes or other natural features.

(7) Residential uses shall meet the following design standards:

- Single-family detached:
 - There shall be a range of lot sizes, with a minimum square footage on any lot of three thousand (3,000) square feet of finished living space.
 - At least twenty percent (20%) of the houses shall be a minimum of four thousand (4,000) square feet of finished living space.
 - Garages should not dominate the streetscape, and all garages should either be detached, or located in the rear (accessible by alleys or driveways), attached and set back a minimum of eight (8) feet from the façade, or attached and oriented for side entry access.
- Multifamily and single-family attached:
 - Building design and materials shall be high quality, enduring and distinctive.
 - Use of siding should be limited.
 - A significant number of amenities, such as are typically provided for luxury projects shall be provided.

(8) Any additional research and development type “flex space” and/or warehouses shall be limited to not more than ten percent (10%) of total non-residential space. Generally this flex space is intended as an “interim use” which shall be redeveloped predominantly with office use, as market conditions permit. When an area is initially developed as research/development, flex space and/or warehouses, that area should be the first considered for redevelopment when market conditions permit new office development. The long-term goal is that all of the non-residential uses would be office with retail (including a “main street”) and hotel.

(9) All stream channels on the site should be depicted on all plans in their entirety, with the regulated stream buffer shown as required.

(10) All residential development proposals shall demonstrate that interior noise levels will conform to State of Maryland (COMAR) noise regulations.

* * *

- [(11) The stormwater management concept plans, shall incorporate bioretention and other low impact development techniques throughout the site.]
- (12) The proposed lighting system shall include the use of full cut-off lighting systems with limited light spill over. The lighting plan and design drawings shall be included with each Detailed Site Plan approved in the future.
- (13) Development plans shall show the minimization of impervious surfaces through various phases of the project. Early phases of the project may use surface parking and later phases of development will seek to reclaim the surface parking by the use of structured parking to the maximum extent possible.
- (14) 50% of parking for multifamily uses shall be structured parking.
- (15) The design of the stormwater management ponds shall show them as amenities with gentle natural slopes and extensive native planting.
- (16) Streams shall have a 100-foot natural buffer and a 150 foot-wide building and parking setback. There shall be a 150-foot buffer on the 100-year floodplain. If a utility must be extended into any buffer, than an equal area of natural buffer alternative shall be retained on the community property.
- (17) The following facilities shall be evaluated for transportation adequacy in all subsequent traffic analyses for the subject property:
- MD 450/MD 3 intersection
 - US 301/Harbour Way-Governors Bridge Road
 - Belair Drive/northbound On-Off ramp to MD 3
 - Belair Drive/southbound On-Off ramp to MD 3
- * * *
- (18) At the time of submission of the Detailed Site Plan application, the owner shall present a plan and timetable for the protection, stabilization, restoration, and planned adaptive use of the buildings and gardens of the Melford Historic Site for approval by the Historic Preservation Commission and the Planning Board.
- (19) Prior to the acceptance of building permits in the area in the immediate vicinity of Melford House labeled as POD 1, the owner shall begin the restoration of the Melford House and outbuildings.

The restoration of Melford and outbuildings shall be completed prior to the release of any use and occupancy permit for POD 1.

- (20) Prior to submitting a Conceptual Site Plan, the applicant shall determine the extent of the land that should be the subject of a Phase I archeological investigation. The applicant's findings shall be submitted to the historic preservation staff of M-NCPPC for review and approval. Upon approval of this determination, plans may be approved and permits may be issued for any portion of the subject property excluded from the scope of the Phase I investigation. No plans may be approved and no permits shall be issued for the area subject to the Phase I investigation before satisfactory completion of the Phase I investigation, or if required Phase II and/or III.
- (21) Prior to the issuance of any building permits, a written agreement/MOU with the Historic Preservation (HPC) that defines/outlines responsibilities and timing for the maintenance/stabilization of all historic buildings within the Environmental Setting, to be followed by quarterly reports submitted by the property owner and/or developer, so that the

HPC and staff may monitor the condition of the Melford House, grounds and cemetery.
- (22) Any Detailed Site Plan shall demonstrate that proposed buildings do not obstruct the historic vista of the Melford House.
- (23) Prior to acceptance of any Detailed Site Plan, the applicant shall demonstrate that plans for new construction within the Impact Review Area follow the guidelines on page 91 for the CDP 8601 document for the former Maryland Science and Technology Center.
- (24) 288+/- acres of the property are either already developed pursuant to a specific design plan (SDP) approved in the E-I-A Zone or a specific design plan has been approved. The Zoning Ordinance at Sections 27-282 and 27-527 describe a detailed site plan and a specific design plan. The property owner may submit a Conceptual Site Plan in the M-X-T Zone pursuant to Section 27-546 essentially showing the same development and plans "as in" the M-X-T Zone. If the entire property is placed in the M-X-T Zone, all existing development and/or approved specific design plans shall be shown "as approved" on the Conceptual Site Plan submitted in the M-X-T Zone. Use and occupancy permits have been issued for the following uses for

structures existing on the property or to be constructed:

Office/Medical Practitioner Office; Office;
Office/Manufacturing; Contractor Office; Office/Industrial
Laboratory; Office/Real Estate Subdivision Sales;
Institutional/Educational/Church; Educational Institute;
School/Studio for Artistic Instruction

All of these uses are also permitted in the M-X-T Zone, so no non-conforming uses are being created. The SDPs are as follows: SDP-0103; SDP-0301; SDP-0203/01; SDP-0104; SDP-0204 (sign); and SDP-0201 (building4-E, F, G). These existing SDPs shall still regulate development of the properties.

- (25) The 12.75-acre impact review area approved for the Melford Historic Site by the Historic Preservation Commission and the Planning Board (PGCPB No. 99-28A) should be integrated into a design plan that establishes viewsheds from the Melford Historic Site to the Patuxent River. Open space should be provided adjacent to the historic site that will allow it to be seen from greater distances within the Melford property. A dedicated pedestrian link between the Melford Historic Site and the cemetery should be created. Trails should be provided that connect it to the regional trail system.
- (26) Development abutting the Melford Historic Site, outbuildings, and cemetery should be compatible in scale, design, and character with the existing historical architectural character. Sensitive and innovative site design techniques, such as careful siting, variation in orientation, roof shape, building materials, screening, landscaping, berming and open space, should be incorporated into the proposal to minimize any adverse impacts to the historic site.
- (27) Appropriate signage should be placed near the historic site illustrating the history of the area.
- (28) Clearing for utility installation shall be minimized, especially in environmentally sensitive areas, and clearing for utilities in those areas shall be coordinated, to minimize ground or buffer disturbance. Woodland disturbed for that purpose shall be reforested in cooperation with the appropriate utility.
- (29) Community recreational facilities shall take full advantage of environmental features on and adjacent to the property, and shall include extensive trail and boardwalk systems. These

recreational facilities may also include educational features for the general public and public schools, such as kiosks along the trails, boardwalks at observation points, and education stations, with curriculum available to schools for use in specific locations.

- (30) The open space system, including but not limited to environmentally sensitive areas, shall extend through the site and link the uses. Portions of the open space system shall be visible to and accessible from public streets.

Delete the “trumpet Interchange” from the plan map.

- b. Property located at the northeast quadrant of the US 301/Mill Branch Road intersection: This property, given its proximity to the Bowie Regional Center, should be developed with high-quality commercial retail uses, including a hotel. Future development should promote the optimum use of the transportation system and public infrastructure, preserve environmentally sensitive areas, and provide for the needs of the workers and residents in the area.

The property should be rezoned to a suitable zone, such as the C-S-C (Commercial Shopping Center) Zone, to permit development of elements, such as an upscale hotel, etc. The development should incorporate the following design guidelines:

- (1) The development should include quality department stores but should not include discount or “big-box” commercial activities. No individual retail use, other than food or beverage stores (grocery store) shall exceed 125,000 square feet in size. Retail sales of alcoholic beverages in a food or beverage store are limited to 5,000 square feet or less.
- (2) A twenty-two (22) foot easement exists from the property located at the northeast quadrant of the US 301/Mill Branch Road intersection (the proposed development known as Mill Branch Crossing) to the Green Branch Regional Park. This existing easement should be vacated and replaced by a new temporary easement, fifty (50) feet in width located on the Mill Branch Crossing property at its eastern-most property line on Mill Branch Road. The new temporary easement should be vacated when it is replaced by permanent access via a right-of-way to be constructed at the time the Mill Branch property is developed. The new temporary easement on the eastern-most property line can form the boundary between the Developing Tier and the Rural Tier.

Page 13

Add text as follows to Policy 6, Strategy 3:

* * *

3. Recommend and support future rezoning to residential Comprehensive Design Zones at selected locations.

- a. Property located on the north and south sides of MD 450 extending from Race Track Road to MD 3 owned by the Corporation of the Roman Catholic Clergymen:

* * *

4. The property should be developed in one or more Comprehensive Design Zones or mixed-use zones. Residential uses that may include diverse housing types and/or a mixed or planned retirement community are encouraged and densities may be shifted to the property located north of MD 450 west of the public works access road.

5. Development in the Rural Tier, including the restoration and redevelopment of the existing commercial or other uses in the southwest quadrant of the MD 450/MD 3 intersection, should occur in an innovative and environmentally sensitive manner. The existing commercial uses may continue as nonconforming uses.

Bowie Main Street

Page 22

* * *

Background: The Bowie Main Street mixed-use activity center is located along MD 450 between Race Track Road on the east and Bowie High School on the west. The area includes approximately 682,000 square feet of retail space concentrated primarily in three commercial centers: Free State Mall, Marketplace, and Hilltop Plaza. Bowie Main Street also includes several civic and open space amenities in the form of an M-NCPPC park and a community center, two City of Bowie parks, the Bowie library, Bowie Center for the Performing Arts, and the Bowie High School.

* * *

Goals:

- Provide a diverse and balanced mix of land uses at a pedestrian-friendly scale to revitalize the area.

* * *

Policy 1: Encourage pedestrian-oriented, mixed-use development to foster the creation of a true “main street” environment.

Strategies:

1. Recommend and support future rezoning to an L-A-C (Local Activity Center) or Village Comprehensive Design zone or a suitable mixed-use zone at the time of development and/or redevelopment to allow for an appropriate mix of uses and intensities to achieve the desired character for Bowie Main Street. (See Map 6, Bowie Main Street – Existing and Proposed Zoning.)
2. Evaluate the need for a future sector plan for the Bowie Main Street mixed-use activity center as development pressure intensifies and/or opportunities emerge. This sector plan should:
 - a) Further refine the desired character and boundaries of the area,
 - b) Reevaluate the policies of this plan, and
 - c) Implement a Development District Overlay Zone with appropriate design standards, if necessary.

* * *

Policy 2:

Policy 3: Ensure that design proposals are high quality and conform to form-based design guidelines to create a sense of place and a unique character for Bowie Main Street.

Strategies:

1. Encourage the highest quality of urban design through the application of design recommendations that:

* * *

b. Provide streetscape amenities such as street trees, wide sidewalks accented with special paving materials, landscape buffer/planting strips between streets and sidewalks, pedestrian-scaled lighting fixtures, and street furnishings such as benches, trash receptacles, and bike racks. Use mature vegetation and trees as buffers to boost the appearance of the area.

* * *

c. Use high-quality, durable and attractive materials with appropriate pedestrian-scaled architectural detailing in the design of all buildings.

* * *

f. **Capitalize on every opportunity to provide a mix of uses (residential, retail, civic, and office) within existing retail centers.**

* * *

h. Use the Bowie Center for the Performing Arts/Bowie High School complex to underline the unique character of the Bowie Main Street.

* * *

Policy 4: Ensure that development in Bowie Main Street does not adversely impact the character of existing residential neighborhoods.

Strategies:

1. Use existing parkland adjacent to Bowie Main Street to buffer existing residential areas from new development.

* * *

West Bowie Village

Page 28

Goals:

* * *

- Provide new single-family, compatible multi-family, and live/work units [to] that help support neighborhood businesses.

* * *

Policy 2: Create a safe, attractive, and vital village center

Strategies:

* * *

c. Use [Utilize] high-quality, durable and attractive materials and appropriate pedestrian-scaled architectural detailing in the design of all buildings.

d. Ensure buildings are appropriately sized for the site, conform to the proposed land use density, and are compatible with adjacent land uses and development.

* * *

Delete existing “f” and replace with the following:

- f. Protect the quality of life in the Westview Forest residential neighborhood by limiting commercial development in that portion of West Bowie Village located in the southwestern quadrant of old MD 450 and the Pope's Creek railroad tracks.

* * *

Policy 3: Revitalize and strengthen existing businesses.

Strategies:

* * *

* * *

1. Enhance access to existing businesses by highlighting entries, providing signature signage, and using a consistent wayfinding system. Coordinate with the State of Maryland to provide special features such as unique and attractive entry signage at the intersection of Grenville Lane and MD 450.

* * *

REVISE Maps 7 (West Bowie Village – Proposed Land Use) and 23 (Bowie and Vicinity – Proposed Land Use) to reclassify the land use recommendation for the Woodcliff Road property (Santos property) from mixed-use land uses to Residential, Low-Density land use. Revise the SMA to retain this property in its current zoning of R-R (Rural Residential).

Pointer Ridge Mixed-Use Activity Center

Page 33

Vision: The Pointer Ridge Mixed-Use Activity Center is a community-scale [commercial and employment] area that supports the adjacent suburban residential neighborhoods by providing locally-serving retail, office, and public uses closely integrated with residential development.

Background: The Pointer Ridge Mixed-Use Activity Center consists of commercially zoned property located near the intersection of Pointer Ridge Drive and US 301, including Pointer Ridge Plaza, the Mitchellville Post Office, an existing office/condominium complex, [and] the 19-acre Amber Ridge site and identified R-R zoned properties up to the intersection of Mitchellville Road and US 301. The South Bowie Community Center is also part of the Pointer Ridge Mixed-Use Activity Center, providing a strong amenity to serve the needs of the community.

The mixed-use activity center currently serves a large portion of the South Bowie area. Pointer Ridge Plaza is an older commercial center currently scheduled for renovation.

Development in proximity to the Pointer Ridge Mixed-Use Activity Center, such as the approved retail component of the Karington mixed-use development and the proposed commercial development of the Amber Ridge site, would provide increased market competition. Whereas a detached concentration of specialized retail and office uses on the Amber Ridge site could potentially serve a large market area, Pointer Ridge Plaza may not be able to retain or expand upon its current market share within the region. The Pointer Ridge mixed-use activity center addresses Pointer Ridge Plaza, Amber Ridge, and surrounding sites as a cohesive whole, providing an opportunity to serve the retail, employment, residential, and civic needs of the community. The privately owned R-R zoned portion of the Pointer Ridge Mixed-Use Activity Center on the corner of Mitchellville Road and US 301 should serve to enhance the entire mixed-use activity center. Appropriate future rezoning and use of that property should be accomplished for that purpose. Traffic (particularly in regard to potential conflicts at Pointer Ridge Place and along Pointer Ridge Drive due to potential development of the Amber Ridge site), accessibility, pedestrian safety, and an appropriate mix of uses are key concerns and must be addressed in order to ensure the success of Pointer Ridge Mixed-Use Activity Center. (see Map 10, Pointer Ridge-Proposed Land Use.)

Goals:

* * *

- Give top priority to traffic concerns and conflicts when determining how to provide adequate vehicular access to development sites.
- Preserve and enhance the suburban residential character of the Pointer Ridge and Ridgeview Estates neighborhoods.

* * *

Policy 1: Encourage low- to moderate-density, pedestrian-oriented mixed-use development.

Strategies:

||

* * *

1. Plan successful development and/or redevelopment of the Pointer Ridge Mixed-Use Activity Center in light of a possible L-A-C mixed-use development at Hall Road/Central Avenue and the proposed Karington development in the southwest quadrant of Central Avenue and U.S. 301.
 2. Encourage public agencies to locate public facilities to help create a civic core and provide a focal point for the Pointer Ridge Mixed-Use Activity Center.
- * * *
3. Encourage the provision of public and private open space, parkland, and plazas to complement the community-oriented nature of the Pointer Ridge Mixed-Use Activity Center.

4. Explore the provision of quality senior housing within the Pointer Ridge Mixed-Use Activity Center. This senior housing should be attractive to current and future residents of nearby neighborhoods and accessible to these neighborhoods and Pointer Ridge mixed-use activity center services via pedestrian-friendly facilities. To accomplish this strategy, such senior housing is encouraged on the undeveloped Amber Ridge site.

Policy 2: Reduce traffic conflicts, provide multimodal options, and ensure that the traffic pattern of new development does not overwhelm the capacity of local streets.

Strategies:

1. Emphasize right-turn only ingress and egress to the Amber Ridge site along Pointer Ridge Place from Pointer Ridge Drive to help alleviate congestion at the existing traffic signal at the intersection of Pointer Ridge Drive and U.S. 301.
2. Consider access to the Amber Ridge site through a portion of the South Bowie community Center property from Pittsfield Lane. Work with the Department of Parks and Recreation and the City of Bowie to improve vehicular and pedestrian safety and access within the Pointer Ridge Mixed-Use Activity Center.
3. Development on the Amber Ridge C-S-C property should not include discount or “big-box” commercial activities. No individual retail use, other than food or beverage stores (grocery store) shall exceed 75,000 square feet in size. Retail sales of alcoholic beverages in a food or beverage store are limited to 5,000 square feet or less.

Policy 3: Ensure that design is high quality and conforms to form-based design recommendations to create a sense of place and a pedestrian-oriented environment.

Strategies:

1. Encourage the highest quality of urban design through the application of design recommendations that:
 - a. Create a consistent build-to line along all streets (other than US 301) to frame the streets and provide a pedestrian-friendly environment. Ensure that pedestrians are sufficiently buffered from US 301 and other streets by providing a landscaped strip with street trees between each street and sidewalk.
 - b. Provide quality visual and audio screening between existing residential neighborhoods and all commercial developments.

* * *

- c. Use high-quality paving materials and continue sidewalk materials across crosswalks to signify their presence and importance.
- d. Provide buildings that are appropriately sized for the Pointer Ridge Mixed-Use Activity Center, conform to the proposed land use density, and recognize adjacent land uses and development.

* * *

Economic Development

Page 70

Vision:

* * *

Background:

* * *

Goals:

* * *

Policy 1: Maintain and enhance the mixed-use areas of Bowie and vicinity.

Strategies: In the Bowie Regional Center, local mixed-use activity centers, and at other appropriate mixed-use areas, acknowledge development opportunities and constraints and reflect these realities in the land use concept for each area.

Move the plan text on Melford (Maryland Science and Technology Center)" from between "Bowie Regional Center" and "Old Town Bowie" on page 71 (as modified by PGCPB 05-169) to before "Bowie Regional Center" on page 70:

Bowie Regional Center

The plan envisions Bowie Regional Center as a major regionally marketed mixed-use employment area and destination that provides an integrated mix of opportunities to live, work, shop, and play. A substantial amount of commercial and residential development has already taken place. The strong retail market that has been established has helped the center achieve a regional identity.

The Center is envisioned as evolving into a major multimodal transportation hub provided there is coordinated and careful planning of needed multimodal cross-county transportation improvements that will accommodate the development and redevelopment opportunities that this center offers. The center has the potential to provide opportunities for transit-oriented and transit-adjacent development and redevelopment that should be designed and oriented to encourage and maximize transit use and facilitate economic development.

The Regional Center is located between three major transportation facilities – two freeways (US 50 and US 301) and a major arterial, MD 197 – that provide excellent access to and visibility for the center. The existing major road network also serves as a useful base for an expanded future transit network that will provide multimodal travel options to and within the center. The plan recognizes that complete redevelopment of the entire center, and development of the transit service network needed to support it, could take up to ten years. Sufficient parking for additional development, particularly during this interim period will pose a planning and implementation challenge that will require innovative solutions. Additional mixes of transit-oriented retail, office, residential, and hotel uses are envisioned as the market changes or responds to the implementation of the vision for the center. However, careful planning will be needed to ensure both compatibility with the surrounding neighborhoods, and multimodal connectivity between development and the transportation improvements, other services and amenities. Further, implementation of the transportation improvements needed to accommodate and attract the desired development in the regional center will need to be closely coordinated with implementation of both the Countywide Master Plan of Transportation and each succeeding Transit Service and Operations Plan.

The boundaries established for the Bowie Regional Center in this plan are focused on three areas; one of these areas will become the future [transit] transportation hub of the planning area. This plan recommends a new sector plan when the location of this [transit] transportation hub can be determined. The sector plan should consider limiting the size of the Bowie Regional Center based on five- and ten-minute walking distances from this future [transit] transportation hub. At that time, the sector plan should recommend the appropriate zoning to achieve a major mixed-use activity center, as well as a [transit] transportation-accessible destination providing diverse and spatially integrated opportunities to live, work, shop, and play.

Bowie Main Street

* * *

Since Bowie Main Street cannot compete directly with Bowie Town Center on the regional level, it must establish its own identity or market niche. Revitalized grocery stores and the introduction of additional civic uses (e.g., governmental, recreation) would help achieve this objective by providing new activity generators. Given the nature of the existing built environment, a mix of uses could enhance future development. Grocery-anchored properties continue to make up the majority of U.S. retail space. They are considered the least economically sensitive retail format and hold up extremely well during economic downturns. Any long-term revitalization of this area must provide a plan that will allow for the phasing of redevelopment and intensification.

Old Town Bowie

The character and charm of Old Town Bowie is its small scale and atypical entrepreneurial orientation. Its market niche assets include its pedestrian scale, historic character and location, uniqueness, and its existing antiques and collectible shops. Constraining development in Old Town Bowie are current low retail sales and capture rates, low weekday activity, limited visibility, access issues, and small parcel sizes.

* * *

West Bowie Village

The realignment of MD 450 away from West Bowie Village is expected to have a significant impact upon vehicular traffic, visibility, retail sales, and, ultimately, business retention. Successful economic revitalization of West Bowie Village will require enhanced connectivity to reduce the isolation of the mixed-use activity center. Residential and mixed-use development in the area presents an opportunity for the automobile-oriented village to re-create itself as a more neighborhood-oriented retail and professional services center. An enhanced pedestrian and bike path network, providing access to Bowie Main Street and adjacent residential neighborhoods, will help reduce the isolation of West Bowie Village and promote reinvigoration of the area.

* * *

Pointer Ridge

The economic development potential of the existing commercial center is regionally constrained by the concentration of retail activity to the north on US 301, the high-speed nature of through traffic, and a limited primary residential market in part a result of the low-density Rural Tier development to the east. Opportunities include frontage along US 301, high traffic counts, visibility, the residential attractiveness of the rural setting to the east, and possible mixed-use and senior/age-restricted residential development.

Given the large format retail offerings to the north, the Pointer Ridge Mixed-Use Activity Center should diversify its uses by adding at-place employment and senior housing. The commercial center has redevelopment potential to expand employment by adding office space. Modest office development of two to three stories could be congruent with the scale of the area while adding to the daytime population and shortening commute times for residents and employees. Senior and age-restricted housing could expand the residential market and allow long term residents to age in place. Additional retail integrated with this residential development could eventually be introduced on the larger Amber Ridge site as part of a pedestrian-friendly environment.

Policy 2: Attract new employment opportunities to the planning area to improve the balance of jobs to housing, enhance the tax base, reduce vehicle miles traveled to jobs, provide at-place employment, and support public investment in transit.

- 1: Compatible commercial development, employment uses and mixed-use development, including live-work dwelling units, should be promoted in the Bowie Regional Center, all mixed-use activity centers, and other appropriate areas. Staff still recommends the original language. The Bowie Regional Center is a defined Center per the general plan, and is therefore more important than the four mixed-use activity centers from a policy perspective.

* * *

Historic Preservation

Page 74

Replace Strategy 1 of Policy 2 with the following text:

1. Update the *Historic Sites and Districts Plan* to incorporate the following changes:

a. Designate the following properties as Historic Sites:

- (1) 71B-002-23 (Knights of St. John Hall)
- (2) 74B-006 (Carroll Chapel and Cemetery)
- (3) 74B-012 (Queen Anne Bridge)

b. List the following property as an Historic Resource:

- (1) 71A-022-4 (Noble Strother House)

c. Delete the following properties from the Inventory of Historic Resources because they no longer exist:

- (1) 71A-011 (Site of Bowie Cemetery)
- (2) 71A-014 (Bowie-Arnold House)
- (3) 74A-013 (Site of Hill Tenant House)

d. List the following properties as "Documented Properties Not Included in the Inventory of Historic Resources" in Appendix L of the *Historic Sites and Districts Plan*:

- (1) 71A-006 (Concrete Railroad Bridge)
- (2) 71A-016 (Collington Rosenwald School)
- (3) 71A-043 (Eugene Roberts House)
- (4) 71B-002-02 (Frank B. Luers House)
- (5) 71B-002-04 (Joffe Store)
- (6) 71B-002-14 (William Luers House)
- (7) 71B-011 (Jacob Seitz House)
- (8) 74B-029 (Mills Property)
- (9) 71B-12 (Bernard Luers House)

Delete Strategies 2 and 3 of Policy 2 on pages 74-75 of the preliminary master plan.
Renumber Strategy 4 (to Strategy 2).

Sectional Map Amendment

Page 83

Change Numbers 1A, 1B, 1C, 1D

Use and Location: The historic Sacred Heart Church, located on the south side of MD 450 (1A), a triangular-shaped parcel currently zoned R-R, located on the east side of the Bowie City Public Works access road (1B), and a triangular property (p/o Parcel 1) located on the west side of the Bowie City Public Works access road (1C), property located north of MD 450, west of Public Works Road (1D). (Tax Map 38, Grids D3, E2, p/o Parcel 55 and p/o Parcel 1). These properties, located on both sides of MD 450, are largely undeveloped, and include a church and a sand and gravel processing site.

Discussion: The rezoning of the subject properties from the R-R (Rural-Residential) and O-S Zones to the R-E (Rural-Estate), R-A (Rural-Agricultural), and O-S (Open-Space) Zones are in accordance with the recommendations of the master plan. The rezoning of these properties is intended to protect the historic church, environmentally sensitive areas, and the Rural Tier.

Old Town Bowie DDOZ

Applicability and Administration

Page 102:

1. Legally existing development. Until a site plan is submitted, all buildings, structures, and uses which were lawful or could be certified as a legal nonconforming use on the date of SMA approval are exempt from the Development District Standards and from site plan review and are not nonconforming. However, if a permit application is submitted for a nonresidential use and it is determined that a legal use has been discontinued for more than 180 days in accordance with Section 27-241©, the uses and structures on the lot shall comply with all applicable Development District Standards and with the requirement for site plan review. Notwithstanding this provision, building permit(s) and U&O permit(s) may be issued for any existing building under 2,000 square feet if the building permit application is filed by April 1, 2006.

* * *

<p>Table 6 Standards Thresholds and Applicability</p>					
	Process¹	Building Envelope	Streetscape	Architecture and Landscape	Parking²
Threshold		Applicable Design Standards			
* * *					
4. Additions to an existing nonresidential building(s) when more than 15 percent or 750 square feet of existing or proposed GFA (which ever is less) is proposed. <u>Notwithstanding this provision, building permit(s) and U&O permit(s) may be issued for any existing building under 2,000 square feet if the building permit application is filed by April 1, 2006.</u>	DSP	✓	✓	✓	✓
