(g) Minimum Wage Index

(1) Subject to subsections (h) and (i) of this section and except as provided in paragraph (3) of this subsection, for the 6-month period beginning January 1, 2026, and each subsequent 12-month period beginning July 1, 2026, the minimum wage rate is the minimum wage rate in effect for the immediately preceding 12-month period and the lesser of:

(A) The average percentage growth in the Consumer Price Index for the immediately preceding 12-month period, as determined by the Director of Finance under paragraph (2); or

(B) five percent (5%).

(2) Beginning March 1, 2025, and each March 1 thereafter, the Director of Finance shall determine and announce the average percentage growth, if any, in the Consumer Price Index based on the immediately preceding 12-month Period for which data is available on March 1. The Director of Finance shall utilize the Consumer Price Index for All Urban Consumers (CPI-U) for the Washington-Arlington-Alexandria area published by the Federal Bureau of Labor Statistics.

(3) If the Director of Finance determines that there is a decline or no growth in the Consumer Price Index, the minimum wage rate shall remain the same as the rate that was in effect for the immediately preceding 12-month period.

(h) Temporary Suspension of Minimum Wage Indexing Due to Negative Employment Growth.

(1) Subject to paragraph (4) of this subsection, on or before March 1, 2025, and March 1 each year thereafter, the Director of Finance shall determine whether the seasonally adjusted total employment from the Current Employment Statistics series as reported by the U.S. Bureau of Labor Statistics for the most recent 6-month period is negative as compared with the immediately preceding 6-month period and shall inform the County Council.

(2) Subject to paragraph (4) of this subsection, the County Council may temporarily suspend an increase to the minimum wage rate specified under subsection (g) of this section if the County Council determines under paragraph (1) of this subsection that the seasonally adjusted total employment is negative.

(3) If the seasonally adjusted total employment is negative, the County Council may consider the performance of County revenues in the previous 6 months, as reported by the Director of Finance, in determining whether to temporarily suspend an increase to the minimum wage rate specified under subsection (g) of this section.

(4) If the County Council temporarily suspends an increase to the minimum wage rate specified under subsection (g) of this section:

(A) the minimum wage rate in effect for the period beginning the following July

1 shall remain the same as the rate that was in effect for the immediately preceding 12-month period;

(B) the remaining minimum wage rates specified in subsection (g) of this section shall take effect 1 year later than the date specified; and

(C) the County Council shall notify the Director of Finance that the minimum wage rate increase for the period beginning the following July 1 is suspended for 1 year.

[(i) To ensure that the wages for Direct Support Professionals (DSP) are commensurate with the professional positions that they occupy, any minimum wage increases that result in the average DSP wage falling twenty percent (20%) below the minimum wage be carefully considered.]

(i) Direct Support Professionals. In order to ensure that the wages for Direct Support Professionals are commensurate with the professional positions that they occupy, and to ensure that the County is financially capable of funding the Direct Support Professionals Wage Supplement, except as provided in paragraph (2), the County shall include in the annual operating budget an amount determined as follows:

(1) For every percentage increase in the minimum wage rate determined under subsection (g), reduced by the amount of the percentage increase in the State Direct Support Professionals reimbursement rate for the fiscal year, the County will increase the total Direct Support Professionals Wage Supplement by such percentage multiplied by the prior calendar year's total wages and employee related expenses for County Direct Support Professionals reported to the State.

(2) Notwithstanding paragraph (1), if the County General fund revenues for the fiscal year are projected to increase less than the Consumer Price Index, then the County Council may reduce the increase in the minimum wage rate determined under subsection (g) by up to two percent (2%).

SECTION 2. BE IT FURTHER ENACTED that the provisions of this Act are hereby declared to be severable; and, in the event that any section, subsection, paragraph, subparagraph, sentence, clause, phrase, or word of this Act is declared invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality shall not affect the remaining words, phrases, clauses, sentences, subparagraphs, paragraphs, subsections, or sections of this Act, since the same would have been enacted without the incorporation in this Act of any such
