Council Member Olson, Chair, Transportation, Infrastructure, Energy and

Environment Committee, provided a verbal report of the actions and recommendations of the Committee of the Whole for CB-012-2025.

Prince George's County and other surrounding jurisdictions experienced a snow storm during the week of January 6th, 2025. The first layer of snow was reported to have frozen over due to severe cold weather as a second layer of snow covered the ice. These conditions led to a strenuous and lengthy process of snow removal that hindered travel for many County residence. Members of the Prince George's County Council reported that constituents did not have proper snow treatment completed until a week after the initial snow storm. Further reports indicate that neither the County Council nor PGC311 had the proper operations information to relay to constituents. This bill aims to bridge the communication gap between DPW&T, the County Council, and PGC311 during future snow storms.

This Council Bill was introduced by Council Members Burroughs, Oriadha, Watson, Olson, Hawkins, Ivey and Dernoga.

[CB-041-2025 OOL Comments](#)

Rana Hightower, Director, Planning, Housing, and Economic Development Committee (PHED), provided a overview of the actions and recommendations of the PHED Committee for CB-041-2025.

Prior universal design legislation required the use of specified universal design standards, with the exception of exemptions and waivers granted, to apply to all new single-family attached, single-family detached, two-family, two-over-two's, three-family, and multifamily residential dwelling units constructed in Prince George's County on and after January 1, 2026.

This zoning bill is needed to comport with the legislative requirement under prior universal design legislation that a developer may not be granted more than 50% of waivers from the universal design requirements and sets forth the specific universal design requirements. Table 27-61603(b), which awards points for electively implementing Green Building features, no longer furthers the goals of improving Green features if applicants are given credit for features they are otherwise required to implement under law. This bill removes the Universal Design Green Standard's Table from the Zoning Ordinance.

This Council Bill was introduced by Council Members Ivey, Hawkins, Watson and Fisher.
