RE: Proposed Correspondence to Maryland Department
of Planning Concerning Priority Funding Area
Designation Amendments for Parkland and Rock Creek

Dear County Executive Braveboy:

On May 7, 2026, the Prince George's County Planning Board voted unanimously to request that the County Council Chair and County Executive transmit the proposed correspondence to the Maryland Department of Planning to amend the county's designated Priority Funding Area (PFA) boundaries. This amendment is proposed to support Prince George's County's housing and development goals as proposed in *Plan Prince George's 2035* and the *2007 Approved Westphalia Sector Plan and Sectional Map Amendment*.

By including Parkland and Rock Creek into the PFA, it will provide access to state funding opportunities for the proposed future housing development. Specifically, a residential development is proposed for Parkland and Rock Creek within Councilmanic District 6 of Prince George's County at 2505 Ritchie Marlboro Rd, Upper Marlboro, MD 20774 (Tax Account 1756428) and 10706 Westphalia Rd, Upper Marlboro, MD 20774 (1711696). This site is not currently within the PFA. To provide funding for the design, construction, and ongoing maintenance of this new residential development, as well as any future state growth-related infrastructure projects, the state requires the properties to be within a PFA. The site meets all requirements for PFA designation, including the minimum density threshold of 3.5 dwellings per acre, planned for water and sewer services, and located within a locally designated growth area. Additionally, the property is within the Legacy Comprehensive Design Zone and has approved entitlements in the prior zoning ordinance. The attached staff report contains additional details regarding this request.

Thank you for your consideration of this request. Please contact me or Acting Planning Director, James R. Hunt, MPS if you would like a briefing on the proposed correspondence.

Sincerely,

Darryl Barnes
Chairman
