RE: Board of Education FY 2025 Financial Review and Transfer Request #2

The Board of Education (BOE) requests authority to transfer appropriated funds between major expenditure categories to maintain a balanced budget and ensure fiscal stability through the end of the fiscal year. Total revenue and expenditures remain at \$2,903,629,469.

The Financial Review, undertaken by Prince George's County Public Schools (PGCPS), would repurpose **\$59,359,036**, primarily from savings of salaries and benefits that go unspent throughout the year due to turnover (\$45,359,036), a reduction of funds set aside for administrative building acquisition (\$12,000,000), and savings in fuel due to lower than projected fuel costs (\$2,000,000). These savings would go toward:

- **\$44,359,036:** Supporting the early pay-off of the 2025 lease purchase agreements. These lease agreements originally supported the purchases of Buses, Textbooks, and Technology. The early pay-off of these agreements reduces the liability in the FY 2026 through FY 2030 Operating Budget.
- **\$15,000,000:** Provide early payment of the FY 2026 portion of the annual contribution toward Other Post-Employment Benefits (OPEB). With this early payment, the intent is not to make any additional contributions to OPEB in FY 2026.

The remainder of the transferred funds are for Program Realignments, which are changes needed between functional categories based on programmatic needs and priorities. These realignment increases and decreases are balanced, as shown in Exhibit B, resulting in a net zero increase in funding.

Unrestricted increases of \$43,573,535 in Mid-Level Administration, Instructional Salaries, Other Instructional Costs, Student Health Services, Student Transportation Services, Community Services, and Special Education are balanced by decreases in Administration, Student Personnel Services, Fixed Charges, Operation of Plant, Maintenance of Plant, Food Services, Capital Outlay, and Textbooks & Instructional Materials.

Questions for Committee Consideration:

1. What is the early lease payment in “Other Instructional Costs” going toward?
2. What is the early lease payment in “Student Transportation Services” going toward?
3. What are the fiscal benefits of pre-paying the OPEB liability?
4. Discuss the Program Realignment, \$132,985 decrease in “Remaining New Schools.”
5. Discuss the Program Realignment, \$1,880,000 increase in “Jones, Lange, Lasalle-Admin Bldg. Invoice.”
