Ms. Brown,

We are officially withdrawing **CR-095-2022 HITF – Addison Park Resolution and CR-096-2022 – PILOT – Addison Park**. We recently learned from MD CDA that the project did not secure the State funding needed and hence we will pull back the Resolutions for now and until the development team is able to secure all appropriate public and private funding. We anticipating re-submitting this legislation in the future to support this effort.

Please let me know if you have any questions.

Thank you,

Terry L. Bell, Esq.
