PROJECT DESCRIPTION:

The New Carrollton – Affordable - Phase 3 - 9% project (the "Project") is a proposed fifty (50) unit transit-oriented family affordable housing development to be located within the confines of Pennsy Drive, Route 50, and Corporate Drive, New Carrollton, Prince George's County. The target population will be families that qualify at less than fifty percent (50%) of the Area Median Income (AMI). Of the fifty (50) units, three (3) units will be set aside for residents with mobility impairments and one (1) unit set aside for a resident with sensory impairments.

The Project will consist of twenty (20) one (1) bedroom units, fifteen (15) two (2) bedroom units and fifteen (15) three (3) bedroom units within one (1) elevator building of five (5) or more stories. The Project will offer a lounge, computer lab, and dog park with access to additional amenities within the neighboring buildings. Amenities include a fitness room, community room, outdoor lounge area, and swimming pool. The Community spaces will be furnished to facilitate community programs and activities.

The Project is located in an Opportunity Zone, Qualified Census Tract, and Transit Oriented Development Zone. Additionally, it sits within 0.5 mile of the New Carrollton Metro station, which is the terminus of the Orange Line, the future Purple Line, home to an AMTRAK and MARC station, as well as having a bus station serving multiple Metro bus lines and Greyhound. The property is closely surrounded by wooded areas and some commercial office buildings.

The proposed development is part of a forty (40) Acre Joint Development Agreement between Urban Atlantic Development LLC and Washington Metro Transit Authority (WMATA). To date, the Project has seen more than three hundred fifty million dollars (\$350,000,000) in new construction development.

Historically, affordable housing has been an afterthought in metropolitan, transit-oriented developments. However, by including high-quality affordable housing early in the master

development of New Carrollton Metro Center, this project guarantees housing reserved at fifty percent (50%) of AMI to be included in the center of a much larger development. Without this project, residents at this proposed income level will be priced out of this area, as land value and market rate rent prices are expected to increase with additional new construction development in the coming years.

Urban Atlantic Development LLC., the applicant/owner of the proposed New Carrollton – Affordable – Phase 3 – 9% project, is an experienced developer that has raised and deployed over one billion, three hundred million dollars (\$1,300,000,000) in debt and equity to develop over five hundred thirty (530) acres of land development and infrastructure, while creating over eight thousand, eight hundred (8,800) residential units and four hundred thousand (400,000) square feet of commercial space. Whiting Turner Contracting Company will provide General Contracting services and Washington DC based BKV Group DC, PPLC will serve as architect.
