There may be some negative fiscal impact on the County as a result of adopting CB-94 related to the frequency of the Commission meetings and required public hearings on service needs and delivery issues.

**BACKGROUND INFORMATION/FISCAL IMPACT**

**(Includes reason for proposal, as well as any unique statutory requirements)**

This bill will create a Commission for Children, Youth, and Families, which will replace the Local Governing Board for the Commission for Families and will incorporate functions of the former Commission for Children and Youth. This legislation defines governance functions in a broader way to allow for policy formulation and oversight of systems reform for children and family services. Also, the legislation proposes greater citizen representation and adds government membership from the Department of Family Services and Housing and Community Development.
