The Adequate Public Facility (APF) police response test has been a longstanding element of Prince George's County's development review process. Under current regulations, police response times must meet a maximum of 25 minutes for non-emergency calls and 10 minutes for emergency calls to be deemed adequate.

There are concerns regarding the accuracy and consistency of the data used to measure compliance, particularly with the January 2025 report submitted by the Chief of Police. Additionally, advancements in dispatch technology and changes in community policing models suggest a need to revisit the existing framework.

This Resolution was introduced by Council Members Blegay, Dernoga, Fisher, Oriadha, Burroughs, Olson, Watson, Ivey, Hawkins, Adams-Stafford and Harrison and referred to the Planning, Housing and Economic Development Committee.

Rana Hightower, Director, Planning, Housing and Economic Development Committee, provided a verbal report of the actions and recommendations of the Committee of the Whole for CB-092-2025.

This bill amends the Subdivision Regulations to streamline development in the newly established Flagship Project Overlay (FPO) Zone. Under the changes proposed in this bill, applications for preliminary plan of subdivision in the FPO Zone will be review in accordance with procedures specific to the FPO Zone and may be approved prior to certain environmental reviews. Additionally, applicants seeking subdivision approval must submit a Flagship Project Mitigation Agreement which describes the public facilities that will serve the proposed development, whether constructed or funded by the applicant or provided in partnership with public agencies.
