FROM: Maurene Epps McNeil
Chief Zoning Hearing Examiner

DATE: October 6, 2022

RE: CB-105-2022

Thank you for the opportunity to review the above referenced bill. I believe the legislative history should include the genesis for the bill, and the purpose clause should also be revised to briefly explain the basis for the bill. Both changes would provide the rational basis for the legislation and help avoid possible challenges to its enactment.
