Executive Summary

ES-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

Introduction

On March 2016, the Prince George's County Council adopted a Resolution, CR-13-2016, to establish a Comprehensive Housing Strategy (CHS) Ad Hoc Subcommittee to develop a Comprehensive Housing Strategy (CHS) for the County, *Housing Opportunity for All*. Decent housing, suitable living and economic opportunities, plays a pivotal role in the County's future and *Housing Opportunity for All* provides a roadmap to addressing a variety of Countywide and neighborhood-specific housing conditions, with communities of choice and opportunity as drivers of the County's strategic direction.

Prince George's County's Consolidated Plan for FY 2021 – 2025 builds on the analysis presented in *Housing Opportunity for All*, the County's first 10-year CHS, and directly supports implementation of more than 17 actions from the CHS. The FY 2021 Annual Action Plan supports Prince George's County's implementation of the FY 2021-2025 Consolidated Plan by leveraging the annual allocations of Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), HOME Investment Partnerships Program (HOME), and Housing Opportunities for Persons with AIDS (HOPWA) entitlement fund resources to develop viable communities of choice. To ensure long-term sustainable investment, the County has established a strategic approach that supports implementation of *Housing Opportunity for All*, with intersections for broader community development goals.

The federal government requires that entitlement communities use a standardized framework to develop their Consolidated Plans with each of the following components:

1. Process / Citizen Participation Plan
2. Housing Needs Assessment
3. Housing Market Analysis
4. Strategic Plan

Prince George's County FY 2021 Annual Action Plan details the use of over \$36 million in federal entitlement funds and financing to address six priority needs:

1. Connections between residents and business to services
2. Accessible homes and facilities
3. Diverse, affordable rental and homeownership opportunities,
4. Quality/condition of housing
5. Housing instability among residents experiencing a housing crisis
6. Loss of existing affordable housing opportunities

The County is leveraging two additional tools to supported related goals and strategies:

- The Section 108 Loan Guarantee Program (Section 108) provides CDBG recipients with the ability to leverage their annual grant allocation to access low-cost, flexible financing for catalytic housing and/or economic development projects. Through this financing mechanism, Prince George's County can access up to \$25 million in fixed-rate, long-term financing to support acquisition, rehabilitation for mixed-use and mixed-income housing, and catalytic economic development projects.
- Neighborhood Revitalization Strategy Area (NRSA) is a designation under the CDBG program that encourages a coordinated approach to revitalizing a targeted neighborhood through

comprehensive place-based efforts, leveraging additional flexibilities under the CDBG program. This targeted approach supports public services, economic development and housing rehabilitation activities. Potential target areas may include the Purple Line and Blue Line Corridors.

Annual Action Plan

For each year of the Five-year Consolidated Plan, an Annual Action Plan is developed to summarize the specific federal and non-federal resources that will address the priority needs and goals in the Consolidated Plan.

The 2021 Annual Action Plan includes the following federal entitlement funds that will be available¹:

1. Community Development Block Grant: \$5,506,072
 - a. Affordable Housing: \$2,363,435
 - b. Planning and Administration: \$1,029,589
 - c. Public Facilities/Infrastructure: \$1,098,443
 - d. Economic Development: \$162,800
 - e. Public Services: \$768,413
 - f. Program Income: \$83,392
2. HOME Investment Partnership Program (HOME): \$2,855,282
 - a. Program Income Activities: \$1,245,478
 - b. Multifamily Rental Housing Construction and Rehabilitation program: \$1,126,863
 - c. CHDO Set-Aside: \$241,471
 - d. CHDO Operating Assistance: \$80,490
 - e. HOME Administration: \$160,980
3. Emergency Solutions Grant (ESG): \$883,864
 - a. Emergency Shelter: \$189,522
 - b. Essential Services: \$52,214
 - c. HMIS: \$32,550
 - d. Rapid Re-Housing: \$73,099
 - e. Homelessness Prevention: \$73,099
 - f. HESG Administration: \$21,448
 - g. HESG Matching Funds: \$441,932
4. Housing Opportunities for Persons with AIDS (HOPWA): \$2,001,848
5. Section 108 Loan Guarantee Funds (Section 108): \$25,117,740²

Response to Covid-19 Pandemic

As part of the County's response to the Covid-19 pandemic, the County will leverage CARES ACT, Covid Relief funding and program income to support broader emergency rental assistance activities and provide funding for non-profit service providers to expand foreclosure counseling, housing counseling, eviction prevention, food pantry, as well as other activities. Priority activities may include:

- Emergency Rental Assistance;
- Mortgage Assistance/Foreclosure Prevention Counseling;

¹ Funding amounts include program income, matching funds + 2020 allocation, as applicable

² The county has five years to expend its Section 108 authorization; figure represents maximum amount

- Supportive Services for Seniors; Food Pantry and Service Delivery to Seniors (countywide); and
- Emergency Assistance for Families

Summary of the objectives and outcomes identified in the needs assessment

Housing affordability is a major challenge in the County. Tens of thousands of owner and renter households, especially those with lower incomes, experience housing cost burden. A household is considered “housing cost burdened” if they spend 30% or more of their gross monthly income on housing costs. Outlined in Table 7, there are 46,043 households in Prince George’s County with incomes at 100% or lower than AMI that experience housing cost burden and none of the other housing problems. Out of this, 25,326 are renter households and 20,717 are owner households.

Sixty-one percent of households in the County with incomes at 0% - 80% AMI is cost burdened. As many as 22,543 (89%) renter households and 13,784 (67%) owner households within that income range spend 30% or greater of their household income on housing. Even more critical, the data shows that 22,359 (nearly 100%) of renters and 18,766 (94%) of owners experience severe cost burden, spending 50% or more of their income to pay for housing.

There are 123,718 households with more than one or more vulnerable persons such as elderly people and children. Of this, 57,151 (46%) are below 80% the housing area median family income (HAMFI). 80,310 households include at least one-person age 62-74 years. Of which, 40% are below 80% HAMFI. 43,417 households in the County include one or more children 6 years old or younger. Of which, 57% are below 80% HAMFI.

The 2011-2015 CHAS data shows that 29,004 (96%) of renter households and 19,915 (92%) of owner households with incomes at 80% or less than AMI have one or more severe housing problems, such as, lack of kitchen or complete plumbing, severe overcrowding and severe cost burden. The existence of severe housing problems for so many households implies that it is critical to provide affordable and quality housing for households below 80% of AMI.

A “disproportionately” greater need occurs if a racial or ethnic group within a given income level experiences housing problems at a rate that is 10 percentage points or more than the rate for that income level overall. Examining severe housing problems by income in Prince George’s County, very low, low and moderate-income Black or African American households (30-50% AMI; 50-80% AMI and 80-100% AMI) and moderate-income Hispanic households (80-100% AMI) reported severe housing problems disproportionately than other racial or ethnic groups.

The 2011-2015 CHAS data (Table 11) shows single-family household experience overcrowding the most. Eighty-seven percent of renter households (4,948) earning below 80% AMI experience crowding, while 75% of owners in the same income category also experience crowding.

Sixty percent of housing units in the County were built before 1980, suggesting significant need for maintenance. Further, 43 percent of households live in inadequate housing, defined by one or more housing unit problems. These problems can include overcrowding, incomplete kitchen facilities, incomplete plumbing facilities, or cost-burden. Renters, large families, seniors, and low-income households experience housing problems at much higher rates than other groups in the County.

Examining cost-burdens in Prince George’s County, a large share of cost-burdened households are households of color: Black or African Americans represent 71% of all cost-burdened households, followed by Hispanic households at 13%. In comparison, White households make up 10% of all cost-burdened households.

Both Black or African American and Hispanic households are slightly over-represented among cost-burdened households relative to the share of these racial and ethnic groups in the County overall. Black and African American households make up 71% of all cost-burdened households compared to 69% of all households in the County. Hispanic households make up about 11% of all households in the County but 13% of all cost-burdened households.

The FY 2021-2025 Strategic Plan describes Prince George’s County priorities and proposed actions over the next five years. Since its last Consolidated Plan, the County completed *Housing Opportunity for All*, a comprehensive, 10-year strategy to guide housing investments in Prince George’s County. Actions in *Housing Opportunity for All* are designed to serve the needs of all current and future County residents and use housing investments to expand access to opportunity.

Prince George’s County’s FY2021-2025 Strategic Plan aims to build on the accomplishments of its previous five-year Strategic Plan and the strategic direction outlined in *Housing Opportunity for All*: to increase local capacity and tailor implementation to the unique needs of people and places in the County. This Strategic Plan outlines new approaches to address needs that have grown in importance over the last five years, including some identified during the development and early implementation of *Housing Opportunity for All*, and affirms continuing other long-standing approaches.

Housing Opportunity for All provides a detailed assessment of existing and future housing conditions in Prince George’s County. It incorporated extensive community input, which was collected through community meetings, focus groups and interviews, and a communitywide telephone survey, among other activities. The FY 2021-2025 Consolidated Plan assesses housing needs and market conditions in the County and complements the analysis completed for *Housing Opportunity for All*. Quantitative and qualitative data collected and analyzed for the FY 2021-2025 Consolidated Plan and *Housing Opportunity for All* serves as the basis for allocating and leveraging federal entitlement funds (CDBG, HOME, ESG and HOPWA).

Prince George’s County federal entitlement programs provide critical funding to support housing and community development activities to benefit low-to-moderate income households. Alignment between the actions in *Housing Opportunity for All* and geographic priorities and priority needs in the County’s FY 2021-2025 Strategic Plan will help Prince George’s County accomplish its ambitious goal of being a community of choice in the Washington, DC region.

In developing its FY 2021-2025 Strategic Plan, Prince George’s County focused on how to use its federal entitlement funds to achieve outcomes articulated in *Housing Opportunity for All*, among other local and regional planning efforts. In SP-25, the Plan outlines four (4) outcomes that will be achieved by addressing the six (6) priority needs discussed in more detail in SP-25 Priority Needs.

Evaluation of past performance

The Consolidated Plan for FY 2016 - 2020 provided rationale on how it would use over \$38 million of federal entitlement funds, including: Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), Emergency Solutions Grants (ESG) and Housing Opportunities for Persons with AIDS (HOPWA) Programs, to employ strategies for building and preserving affordable housing, creating economic development opportunities and to improve the quality of life for low-to moderate income (LMI) persons and communities.

During the FY 2016 – 2020 Consolidated Plan, the following goals defined the County’s priorities:

- Improving housing opportunities by creating and preserving affordable, accessible rental and homeowner housing near transit, employment and public services;
- Enhancing the County’s economic stability and prosperity by increasing opportunities for job readiness and investing in economic development programs including non-profit organization’s capacity building;
- Strengthening neighborhoods by investing in the County’s public facilities and infrastructure;
- Assisting individuals and families to stabilize in permanent housing after experiencing a housing crisis or homelessness by providing transitional/supportive housing and wrap around social services;
- Investing in public services with maximum impact by providing new and/or increased access to programs that serve LMI families and special needs populations (i.e. elderly, veterans and disabled persons); and
- Meeting the needs of persons with special needs (i.e. HIV/AIDS and their families) through the provision of housing, health and support services.

The Prince George’s County Consolidated Annual Performance and Evaluation Report (CAPER) is the vehicle used to highlight the County’s achievements in providing decent housing, suitable living environments, and expanding economic opportunities specifically targeting low-to-moderate income persons and includes measures taken during the year to implement the County’s 2016-2020 Consolidated Plan. The following is a summary of the accomplishments that also includes a comparison of the expected number to actual outcomes. The CAPER can be reviewed on DHCD’s website at: <https://www.princegeorgescountymd.gov/1039/Plans-Reports>

Affordable Housing

During FY 2016 – 2020 Consolidated Plan, the County used its federal, state, local, and private funds for activities (e.g., direct financial assistance to homebuyers, new construction of rental units, housing rehabilitation, etc.) that addressed the “unmet needs” of households that were identified as high priority in the Plan.

- The County’s 5-year goal was to assist 2,080 households.
- To date, 932 households have been served.

Non-Housing Community Development

The County's goal was to leverage CDBG funds to improve and/or maintain access to public facilities and infrastructure, public services and expand economic opportunities for low-to-moderate income individuals and businesses. The County's annual goal was to serve 53,967 low-to-moderate individuals for a total of 269,835 for five years. To date, the County improved and/or maintained public access for 122,453 low-to-moderate income individuals, which is 45% of its 5-year goal.

- From FY 2016 – 2019, the County assisted 89,135 low-to-moderate income persons by improving and maintaining public facilities and infrastructure.
- The County created and/or retained 881 jobs and assisted 155 businesses for low-to-moderate income individuals.
- 32,282 low-to-moderate income persons were provided new and/or improved public services.

Summary of citizen participation process and consultation process

HUD requires entitlement jurisdictions to provide for citizen participation in developing the Consolidated Plan. The County's citizen participation process plan is largely centered on community forums, public hearings, and public comment periods.

In addition to the citizen participation process below, this Consolidated Plan benefitted from the community engagement efforts that helped develop the County's recently completed comprehensive housing strategy, *Housing Opportunity for All*. Through that process, the County gathered feedback from residents about what housing needs and solutions mattered most to them. *Housing Opportunity for All* engagement efforts included a County-wide telephone survey that was completed by nearly 1,000 County residents, 8 focus groups with groups experiencing different housing needs, four public meetings across the County that reached over 200 residents, and 10 meetings with a stakeholder advisory group that represented leaders in government, business, the faith-based community, and the non-profit sector.

DHCD conducted three Needs Assessment Focus Groups to obtain input from residents, non-profit organizations, municipalities, and County government agencies on the Five-Year Consolidated Plan. Special invitations were sent based upon the type of service provided in the areas of: Affordable Housing (with approximately 35 stakeholders attending), Economic Development (with approximately 32 stakeholders attending) and Quality of Life (with approximately 23 stakeholders attending). The focus groups were held at 1400 McCormick Drive, Largo, MD, on the following days:

- Economic Development – January 27, 2020 from 2:00 pm to 4:00 pm
- Quality of Life– January 29, 2020 from 2:00 pm to 4:00 pm
- Affordable Housing – January 31, 2020 from 2:00 pm to 4:00 pm

To encourage citizen participation in the consolidated planning process, the County holds at least two public hearings (informal and formal) each year. The public hearings provide an opportunity for all Prince George's County residents, non-profit organizations, and other community stakeholders to communicate their views and needs to the County.

The first public hearing was held on December 5, 2019 at the Prince George's County Sports and Learning Complex located at 8001 Sheriff Road, Landover, MD 20785 from 6:00 pm to 8:30 pm to solicit public comments on the FY 2021 – 2025 Consolidated Plan process. A second public hearing was scheduled for April 14, 2020 at the County Administration Building located at 14741 Governor Oden Bowie Drive, Upper Marlboro, MD however due to the Covid-19 pandemic and related closures this public hearing was postponed indefinitely. The County administered a 30-day comment period from March 19, 2020 through April 17, 2020. All comments and feedback received is summarized in the Appendix.

Summary of public comments

As required by HUD, DHCD employed a participatory process in the development of this Consolidated Plan. Public and private sector stakeholders provided significant input, corroborating data analysis, resulting in the identification of priority needs for the utilization of HUD entitlement and County funding. All public comments received during the development of the Consolidated Plan are summarized in the Appendix.

Summary of comments or views not accepted and the reasons for not accepting them

All comments received to date have been accepted and considered in the development of the FY 2021 Annual Action Plan. Final summary comments are included in the Appendix.

The Process

PR-05 Lead & Responsible Agencies 24 CFR 91.200(b)

The following are the agencies/entities responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

As stated, the Department of Housing and Community Development (DHCD) is the lead agency responsible for the administration of federal entitlement programs on behalf of the United States Department of Housing and Urban Development (HUD) – including the Community Development Block Grant Program (CDBG), and the HOME Investment Partnerships Program (HOME). The Emergency Solutions Grant Program (ESG) is the only program not administered by DHCD; it is administered by the Department of Social Services. Housing Opportunities for Persons with AIDS (HOPWA) funds are administered by the Washington, D.C Department of Health. In addition to administering the programs, DHCD is responsible for the preparation of the Consolidated Plan, Annual Action Plans, and Consolidated Annual Performance and Evaluation Reports (CAPER).

The following are the agencies/entities responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Consolidated Plan Public Contact Information

The CDBG Program is one of the longest-running programs of the U.S. Department of Housing and Urban Development, used to fund local community development activities, notably affordable housing, economic development, infrastructure, and public service. HOME is the largest program to state and local governments designed to create affordable housing for low-income households, expand the capacity of non-profit housing providers, strengthen the ability of state and local governments to provide housing, and leverage private sector participation in housing projects. ESG supports outreach to and shelters for homeless individuals and families as well as provide supportive programs that prevent homelessness.

PR-10 Consultation - 91.100, 91.200(b), 91.215(l)

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

Overview

The DHCD launched a comprehensive and collaborative effort to consult with County departments, community stakeholders, and beneficiaries of entitlement programs to inform and develop the priorities and strategies contained within this FY 2021 – 2025 Consolidated Plan. The County utilized its Citizen Participation Plan to facilitate outreach to public and assisted housing providers, private and governmental health, mental health and service agencies, and stakeholders that utilize funding for eligible activities, projects and programs.

As required, a Public Hearing will be held prior to approval of the Consolidated Plan. Last, to examine the needs of the homeless and at-risk populations, the DHCD coordinated with Department of Social Services to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

- **Focus Groups**

As required by HUD and supplementing the Housing Opportunity For All Work Group deliberations, DHCD conducted three Needs Assessment Focus Groups to obtain input from non-profit organizations and local government agencies.

- **Community Forums/Public Hearings**

Three Consolidated Plan Community Forums and one public hearing were conducted to introduce the County's Five-Year Consolidated Plan and federal programs, the County's demographic profile, and to solicit input from residents, workers, and stakeholders.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness

Prince George's County's Continuum of Care (CoC) has more than 100 partners comprised of public, private, non-profit, faith and citizen representatives. Its services are provided through a combination of street outreach, prevention, diversion, rapid re-housing, hypothermia and emergency shelter, transitional housing, permanent supportive housing and permanent housing interventions. All CoC services are coordinated through a central intake system (the "Homeless Hotline") which is accessible 24 hours, 7 days a week, and 365 days a year.

In 1994, the Homeless Advisory Board was renamed the Homeless Services Partnership (HSP) and became the official advisory body to the County Executive. HSP's primary purpose is to identify gaps in homeless services, establish funding priorities, and pursue an overall systematic approach to address homelessness. HSP is responsible for implementing the County's Ten-Year Plan to Prevent and End Homelessness (2012 – 2021), which began in Prince George's County's Fiscal Year 2013.

The County's Ten-Year Plan to Prevent and End Homelessness is based upon six core strategies:

1. Coordinated entry;
2. Prevention assistance;
3. Shelter diversion;
4. Rapid re-housing;
5. Permanent supportive housing; and
6. Improved data and outcome measures.

The Plan also addresses housing for the County's special needs populations including the chronically homeless, unaccompanied homeless youth, veterans, and domestic violence survivors, as well as incorporating the 2009 federal legislation in the Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act.

Describe consultation with the Continuum of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards and evaluate outcomes, and develop funding, policies and procedures for the administration of HMIS

Through the Consolidated Plan process, the Prince George's County Department of Social Services was instrumental in collecting necessary data and in working with the CoCs.

The Prince George's County Continuum of Care (CoC) for homeless persons is coordinated through the County's Homeless Services Partnership (HSP); a coalition of more than 100 organizations inclusive of representation from the Department of Housing and Community Development (DHCD) and the Housing Authority of Prince George's County (HAPGC) that meets monthly and works collaboratively to establish strategic priorities, assess progress, and oversee full implementation of the County's Plan to prevent and end homelessness. The HSP serves as the County Executive's advisory board on homelessness and is responsible for needs assessments, gaps analysis, service coordination, resource development, policies and procedures for access, data collection (HMIS) and system performance evaluation of all homeless services.

DHCD frequently presents at HSP meetings and solicits feedback and guidance from its membership regarding County housing priorities, including but not limited to: the development and implementation of the 5 year Consolidated Plan, annual ESG allocations, home ownership and other housing grant opportunities, Family Unification Program (FUP) and other subsidized voucher policies, and predatory lending practices. In addition, as a member of the HSP, DHCD actively participated in development of the County's 10-year Plan to Prevent and End Homelessness and is currently involved in its last year of implementation. The strategies are carefully designed to achieve purposeful and intentional reduction in the incidents of homelessness and collectively they form a plan that aligns County efforts with federal goals, shifts system focus from "shelter" to "housing", prioritizes programming for special populations, enhances system accountability, builds on current success, and provides new flexibility and opportunity. Funding priorities for on-going services are determined using several factors: (1) Priority areas identified in the County's Ten Year Plan, (2) Alignment with the Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) and ESG regulations, (3) Level of need documented in HMIS (annual CAPER report), and (4) Funds currently available for similarly situated activities.

Policies, procedures, and performance measurements used by the County in the administration of ESG and other housing program activities impacting the effort to prevent, and end homelessness have been

developed by DHCD in partnership with the HSP and the local Department of Social Services (PGCDSS.) PGCDSS serves as the Lead Administering Agency for the CoC to ensure alignment with the County's 10-Year Plan and Section 427 of the McKinney-Vento Act as amended by the HEARTH Act. Performance measures are universal across all members of the Continuum of Care, thereby ensuring that all members are working toward the same goals. Different program types (i.e. ES, TH, RRH, and Outreach) have different performance benchmarks but the goals for all programs are the same and are informed by HUD identified system performance measures. All efforts are routinely coordinated and reviewed to ensure:

1. Consistent evaluation of individual and family eligibility for assistance in accordance with the definitions of homeless and at risk of homelessness (24 C.F.R. § 576.2) as well as with recordkeeping requirements;
2. Coordinated and integrated service delivery among all impacted providers;
3. Clear and distinct eligibility requirements in place for homelessness prevention versus rapid re-housing assistance;
4. Single mechanism for prioritizing applicants who are eligible for assistance;
5. Matrix that identifies what percentage and / or amount (or range thereof) each participant must pay, if any, while receiving assistance, how long a single participant may receive assistance (including maximum number of months or times a participant may receive assistance), and adjustments in percentage and / or amount (or range thereof) the participant must pay (including the maximum amount of assistance a participant may receive), if any; and
6. Compliance with all rules and regulations.

Finally, PGCDSS serves as the County's HMIS Lead Agency and is responsible for hosting and maintaining all HMIS data, ensuring data quality, reporting, training, technical user support, custom report design, and other HMIS data activities. The HMIS Policy and Procedures Manual cover general operational protocols and privacy, security and data quality; and policies are updated annually by the HMIS lead. Significant changes are discussed with the CoC membership during regular plenary sessions and implemented uniformly system wide.

PR-15 Citizen Participation

Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal setting

HUD requires entitlement jurisdictions to provide for citizen participation in developing the Consolidated Plan. The County's citizen participation process plan is largely centered on community forums, public hearings, and public comment periods.

In addition to the citizen participation process below, this Consolidated Plan benefitted from the community engagement efforts that helped develop the County's recently completed comprehensive housing strategy, *Housing Opportunity for All*. Through that process, the County gathered feedback from residents about what housing needs and solutions mattered most to them. *Housing Opportunity for All* engagement efforts included a County-wide telephone survey that was completed by nearly 1,000 County residents, 8 focus groups with groups experiencing different housing needs, four public meetings across the County that reached over 200 residents, and 10 meetings with a stakeholder advisory group that represented leaders in government, business, the faith-based community, and the non-profit sector.

Focus Group Sessions

DHCD conducted three Needs Assessment Focus Groups to obtain input from non-profit organizations, municipalities, and County government agencies on the Five-Year Consolidated Plan. Special invitations were sent based upon the type of service provided in the areas of: Affordable Housing (with approximately 35 stakeholders attending), Economic Development (with approximately 32 stakeholders attending) and Quality of Life (with approximately 21 stakeholders attending). The focus groups were held at 1400 McCormick Drive, Largo, MD, on the following days:

- Economic Development – January 27, 2020 from 2:00 pm to 4:00 pm
- Quality of Life– January 29, 2020 from 2:00 pm to 4:00 pm
- Affordable Housing – January 31, 2020 from 2:00 pm to 4:00 pm

The focus groups engaged the stakeholders through an introductory presentation on the Consolidated Plan, how it functions, and its impact on the County. In addition, an overview of the County's demographic profile of housing and workforce trends, economic development, and community development needs collected by the County's Work Group partners was presented.

The presentation was followed by a series of facilitated breakout groups where participants discussed community needs and participated in an open-ended dialogue.

The focus groups concluded that there is a strong need for the following, but not limited to: accessible housing for disabled, rehabilitation assistance for homeowners, housing counseling, wrap around/support services, set aside funds for LMI housing, job training, capacity building for non-profits, senior services, more investment in schools' infrastructure, staff and programs, access to quality and healthy food options, safe cost effective and accessible transportation, healthcare for low income individuals, health services for veterans, and youth services. A complete summary will be provided in the appendix of the final Consolidated Plan. The interactive format of the focus group solicited strong participation. Each focus group session concluded with the announcement of upcoming Consolidated

Plan meetings and next steps as opportunities to hear about the results and to further participate in the process.

Public Hearing/Community Forums

To encourage citizen participation in the consolidated planning process, the County holds at least two public hearings (informal and formal) each year. The public hearings provide an opportunity for all Prince George's County residents, non-profit organizations, and other community stakeholders to communicate their views and needs to the County.

The first public hearing was held on December 5, 2019 at the Prince George's County Sports and Learning Complex located at 8001 Sheriff Road, Landover, MD 20785 from 6:00 pm to 8:30 pm to solicit public comments on the FY 2021 – 2025 Consolidated Plan process. As noted above, a second public hearing was scheduled for April 14, 2020 at the County Administration Building located at 14741 Governor Oden Bowie Drive, Upper Marlboro, MD but was postponed indefinitely due to the Covid-19 pandemic and related closures. Opportunity for public comments was offered from March 19, 2020 through April 17, 2020. A summary of all public comments is included in the final Consolidated Plan, along with the County's response to the comments, if any.

Public notices were published at least 14 days prior to the public hearings in three local newspapers, Enquirer Gazette, Prince George's Post, and The Sentinel³. A Spanish version of the public notice was also posted on the Prince George's County Department of Housing and Community Development's website.

In addition to the public notices published in three local newspapers, over 500 email notifications were sent to the County's network of service delivery providers inviting them to attend. Those included network providers that provide services to LMI persons, minorities, non-English speaking persons and persons with disabilities.

The proposed FY 2021 - 2025 Consolidated Plan and 2021 Annual Action Plan was posted on the County's website, distributed to organizations that provide services to LMI persons and areas, provided upon request. A second public hearing was scheduled for April 14, 2020 at the County Administration Building located at 14741 Governor Oden Bowie Drive, Upper Marlboro, MD however, this hearing was postponed indefinitely due to the Covid-19 pandemic and related closures. A comment period of no less than 30-days will be provided for citizens and other interested parties to solicit comments on the proposed Consolidated and Annual Action Plans. The 30- day comment period will begin March 19, 2020 and end April 17, 2020. Prior to submitting the final Consolidated and Annual Action Plans to HUD, the County will give consideration, incorporate necessary changes and, if appropriate, provide responses to the comments received during the public comment period.

During the Community Forums it was expressed that there is a need for the following: affordable housing for persons experiencing homelessness, specifically single mothers with children; affordable childcare; jobs; financial assistance for elderly and disabled residents to maintain ownership of their homes; quality housing stock for LMI persons; reexamination of process for selecting developers; de-

concentration of the poor within certain areas; foreclosure prevention; and services and affordable housing for the re-entry population.

Technical Assistance

Prince George's County makes technical assistance available to participating municipalities, nonprofit organizations, community groups, special interest groups and citizens developing proposals for Community Development Block Grant funding. DHCD's Community Planning and Development Division (CPD) can assist with needs identification, proposal concept development, budget development, underwriting and feedback, and general project and financial management. Technical assistance can be arranged by contacting CPD at (301) 883-5540.

FY 2021 – 2025 Citizen Participation Plan

The Prince George's County's "Citizen Participation Plan" is a mechanism for managing the development of the County's Consolidated Plan, Annual Action Plan and the Consolidated Annual Performance and Evaluation Report (CAPER). Residents, nonprofit organizations, municipalities, and County agencies express their concerns, seek additional County resources and provide suggestions or solutions to address housing and community development needs.

The primary goals for the citizen participation process are:

- To solicit viewpoints and concerns affected by the Consolidated Plan, Annual Action Plan or Consolidated Annual Performance and Evaluation Report;
- To invite participation by persons interested in helping identify needs and develop applicable strategies;
- To collect data that accurately describes and quantifies housing and community development needs and to suggest workable solutions;
- To obtain comments on proposals for allocating resources; and
- To ensure citizens have an opportunity to participate throughout the planning process.

Public Notice and Availability

Prince George's County publishes in one or more newspapers a summary of the proposed Consolidated Plan, Annual Action Plan, and Consolidated Annual Performance and Evaluation Report for public comment. The summary describes the context and purpose of these documents, and sites the locations where copies of the entire document may be examined. Copies are available at government offices, libraries, on the County's website, and by mail upon request.

A reasonable number of free copies of the proposed Consolidated Plan and Annual Action Plan and the draft of the CAPER are made available for citizens and groups of interest upon request. When proposed versions of the Consolidated Plan are released for comment, they are made available for comment for not less than 30 days. The draft CAPER is available for not less than 15 days before submission to the U.S. Department of Housing and Urban Development (HUD).

The final or amended Consolidated Plan, Annual Action Plan, and Consolidated Annual Performance and Evaluation Report is distributed upon request and to those actively involved in developing these documents. Copies are provided to the local libraries and posted on the County's website.

Access to Records

A list of all projects using CDBG, HOME, ESG, and HOPWA funds is made available upon request. This list includes the sub-recipient's name, allocation amount, a brief description of the activity, and the fiscal year in which the funds were distributed. DHCD maintains records and reports on all activities financed, and upon request, makes these materials available to the public.

Technical Assistance

Prince George's County makes technical assistance available to participating municipalities, non-profits, community groups, special interest groups and to citizens developing proposals for CDBG funding. The Community Planning Development Division and the Housing Development Division can assist with needs identification, proposal concept development, budget development and general program questions by contacting the DHCD at (301) 883-5540.

Public Hearing

Prince George's County holds at least two public hearings on the Consolidated Plan and the Annual Action Plan. DHCD sponsors an informal public hearing, the Housing and Community Development Needs Community Forum, at the beginning of the Consolidated Plan and Annual Action Plan development process. The Forum gives citizens an opportunity to identify and describe needs for consideration, and to provide the scope, urgency and financing requirements for proposals to address those needs. The County Council schedules the second, formal public hearing at the time a proposed Plan is transmitted from the County Executive to them for consideration and adoption.

The time, date, location and subject of the hearings are announced in newspapers of general circulation within the County, notifying the public with adequate advanced notice, typically no less than fourteen (14) days before the hearing. Hearings are held at handicap-accessible sites, convenient to potential and actual beneficiaries. The advertisements include TTY phone numbers so hearing-impaired people can arrange for interpreters at the hearing. Those who need sign language interpretation are requested to contact the Community Planning and Development Division and the Housing Development Division at the phone number in the notice. Non- English speakers can also plan for language translation provided courtesy of a CDBG- supported, nonprofit organization. Interpreted comments are incorporated within the Consolidated Plan and Annual Action Plan as appropriate.

The public notices include instructions on how to receive a free copy of the proposed, final, or amended Consolidated Plan and Annual Action Plan. A minimum of 30 days is provided for comments on each Plan before submission to HUD.

Comments and Complaints

Comments and complaints regarding the Consolidated Plan, Annual Action Plan, or Consolidated Annual Performance and Evaluation Report are accepted through all stages of document preparation until the closing of the formal comment period. Written complaints and comments are referred to the Department of Housing and Community Development (DHCD). DHCD responds to written complaints within 30 days.

Criteria for Amendments to a Plan

Prince George's County revises and submits to HUD, amendments to the final Consolidated Plan or Annual Action Plan whenever a "substantial change" is planned or actual activities require such an amendment. Revised or amended plans are made available for public comment and the same public notice and 30-day public comment period observed as required under this Citizen Participation Plan. The County Council shall hold a public hearing for public input on any substantial revision or amendment to the Plans and approve the amendment by resolution pursuant to Section 15A-106 of the County Code.

Any substantial amendment to the Consolidated Plan or Annual Action plan requires a 30-day public comment period. The County defines a substantial amendment to the Consolidated Plan or Annual Action Plan as any changes in the use of CDBG funds from one eligible activity to another. Reallocating funds amongst identified activities will not constitute a substantial amendment.

The Prince George's County Consolidated Plan or Annual Action Plan is only amended for a "substantial change" whenever it makes the following decisions:

- A change in the allocation priorities or a change in the method of distribution of funds;
- The addition of an eligible activity not originally funded or described in the Annual Action Plan;
- A change in the location, description, regulatory reference, national objective citation, and status of an activity originally described in the Annual Action Plan;
- A change in the use of CDBG, HOME, Program Income, or ESG funds, exceeding at least \$250,000 from one existing activity to another existing eligible activity in any category within the applicable Program. All activities must have been in an approved Annual Action Plan. The CDBG categories include Affordable Housing, Economic Development, Public Facilities and Infrastructure Improvements, Public Services and Planning and Administration. The ESG categories include Emergency Shelter, Street Outreach, HMIS, Rapid-Rehousing, Homeless Prevention and Administration;
- Designations for Neighborhood Revitalization Strategy Areas (NRSAs); and
- A change in the proposed uses of HUD 108 Loan Guarantee and Section 108 Program Income

Emergency Amendments

In the event of a pandemic, natural disaster, catastrophic occurrence, or the County's receipt of disaster recovery funding, Prince George's County establishes expedited procedures when drafting, proposing, or amending its Consolidated plans and Annual Action Plans. Where the County needs to make a new Plan submission and/or Substantial Amendment to the Consolidated Plan and its most recent Annual Action Plan to address the unforeseen needs of the community, the County will determine the necessary changes, prepare the proposed amendment and provide citizens with reasonable notice of and an opportunity to comment on the proposed amendment.

Pursuant to any published waivers, or upon request by the County to HUD for a waiver of the required 30 days public comment, the County will proceed with an expedited process for giving the public reasonable notice and opportunity to comment. In such emergency situations as described above, the County will provide a timeframe of no less than 5 days for public comments on a new Plan submission and/or substantial amendment and dictate lesser or no public hearings. The County may choose to suspend the need for in-person public hearings and otherwise meet the public hearing requirements with use of a virtual public hearing if the following conditions are met:

- National/local health authorities recommend social distancing and limiting public gatherings for public health reasons; and
- Virtual hearings provide reasonable notification and access for citizens in accordance with the grantee’s certifications, timely responses from local officials to all citizen questions and issues, and public access to all questions and responses.

The time, date, location and subject of the public hearings will be announced in newspapers of general circulation within the County, notifying the public with reasonable advanced notice, as permitted, but no less than 5 days.

However, if HUD dictates a shorter comment period and/or fast turnaround times and lesser (or no) hearings, the County will comply with federal requirements.

Non-Substantial Amendments for CDBG, HOME, Program Income and ESG Reprogramming Authorized

The County authorizes a “non-substantial amendment” process for CDBG, HOME, Program Income and ESG through the County Department of Housing and Community Development (DHCD) subject to the process, below, when there is a change in the use of CDBG, HOME, Program Income and ESG entitlement funds less than a total of \$250,000 in the County’s fiscal year [July 1 – June 30], from one existing activity to another existing eligible activity in any category within the applicable program.

Process to Identify Community Development Block Grant (CDBG) Funds for Reprogramming

The CDBG categories eligible to reprogram funds include Affordable Housing, Economic Development, Public Facilities and Infrastructure Improvements, Public Services, and Planning and Administration. The identification of funds for the purpose of reprogramming includes the following:

- **Voluntary Reprogrammed Funds:** Voluntary reprogramming represents those CDBG funds acquired when the sub-recipient has completed the originally funded activity and the DHCD staff has closed the activity in the HUD Integrated Disbursement and Information System (IDIS). DHCD will take actions pertaining to voluntary reprogramming subject to a sub-recipient’s request and/or recommendation. However, when the eligible activity is completed and closed with a remaining balance, this represents funds available for another approved eligible activity. A sub-recipient is not permitted to maintain any portion or a remaining balance for a completed and closed activity.
- **Under the voluntary reprogramming, the sub-recipient provides written notification to DHCD stating:** 1) the project is complete and provides closeout documentation, as required; 2) the remaining balance dollar amount; and 3) a recommendation to reprogram the remaining balance into the CDBG Program to another eligible activity.
- **Involuntary Reprogrammed Funds:** Involuntary reprogramming represents when a CDBG activity is generally flagged as “At Risk”, under the HUD IDIS system, when the activity has required no draw down of funds for a year or more. DHCD will take actions pertaining to involuntary reprogramming subject to the specific circumstances that are consistent with HUD’s IDIS system, which is used to provide administrative oversight of each entitlement jurisdiction.

- **In the case of involuntary reprogramming**, the DHCD will issue a written letter specifying a sixty (60) calendar day intensive technical assistance period to the sub-recipient with a copy to the Prince George's County Council. If the intense technical assistance period does not address the deficiency, DHCD will issue a written letter to the sub-recipient stating that funds will be reprogrammed, thirty (30) calendar days from the date of the letter based on the aforementioned "At Risk" condition subject to approval of the County Executive and Prince George's County Council.
- **Program Income:** Program Income (PI) is defined as the gross income received by the grantee and its sub-recipient directly generated from the use of CDBG funds pursuant to 24 C.F.R. § 570.504. As required, the DHCD's Annual Action Plan lists anticipated CDBG program income each year. As program income is received, it is applied to an eligible and funded sub-recipient activity, resulting in "available" entitlement funds. The application of program income does not affect a sub-recipient's original allocation award.

Process to Identify HOME Investment Partnerships (HOME) Funds for Reprogramming

The HOME categories eligible to reprogram funds include Homebuyer Activities, Multi-Family Rental Housing Construction and Rehabilitation Program, CHDO Set-Aside Activities, CHDO Operating Assistance, and HOME Administration. The identification of funds for the purpose of reprogramming includes the following:

- **Voluntary Reprogrammed Funds:** Voluntary reprogramming represents those HOME funds acquired when the sub-recipient has completed the originally funded activity and the DHCD staff has closed the activity in the HUD Integrated Disbursement and Information System (IDIS). DHCD will take actions pertaining to voluntary reprogramming subject to a sub-recipient's request and/or recommendation. However, when the eligible activity is completed and closed with a remaining balance, this represents funds available for another approved eligible activity. A sub-recipient is not permitted to maintain any portion or a remaining balance for a completed and closed activity.

Under the voluntary reprogramming, the sub-recipient provides written notification to DHCD stating: 1) the project is complete and provides closeout documentation, as required; 2) the remaining balance dollar amount; and 3) a recommendation to reprogram the remaining balance into the HOME Program to another eligible activity.

- **Involuntary Reprogrammed Funds:** Involuntary reprogramming represents when a HOME activity is generally flagged as "At Risk", under the HUD IDIS system, when the activity has required no draw down of funds for a year or more. The DHCD will take actions pertaining to involuntary reprogramming subject to the specific circumstances that are consistent with HUD's IDIS system, which is used to provide administrative oversight of each entitlement jurisdiction.

In the case of involuntary reprogramming, the DHCD will issue a written letter specifying a sixty (60) calendar day intensive technical assistance period to the sub-

recipient with a copy to the Prince George's County Council. If the intense technical assistance period does not address the deficiency, DHCD will issue a written letter to the sub-recipient stating that funds will be reprogrammed, thirty (30) calendar days from the date of the letter based on the aforementioned "At Risk" condition subject to approval of the County Executive and Prince George's County Council.

- **Program Income:** Program Income (PI) is defined as the gross income received by the grantee and its sub-recipient directly generated from the use of CDBG funds pursuant to 24 C.F.R. § 92.503. As required, the Annual Action Plan lists anticipated HOME program income each year. As program income is received, it is applied to an eligible and funded sub-recipient activity, resulting in "available" entitlement funds. The application of program income does not affect a sub-recipient's original allocation award.

Criteria for Eligible CDBG Activities to Receive Reprogramming Funds

County approved CDBG activities in prior program years that are eligible to receive reprogrammed funds include Affordable Housing, Economic Development, and Public Facilities and Infrastructure Improvements.

These activities must meet one or more of the following conditions:

1. Must have applied and received an approved funding allocation in a previously approved Annual Action Plan;
2. Demonstrates evidence of a need for additional CDBG funding;
3. Have a HUD approved environmental review on file;
4. Show evidence of being ready to proceed in a timely manner;
5. DHCD agrees that the activity meets a priority in the approved 2021 – 2025 Consolidated Plan; or
6. DHCD had determined that the recommended activity and sub-recipient demonstrates the ability to expend funds in a timely manner.

Criteria for Eligible HOME Activities to Receive Reprogramming Funds

County approved HOME activities in prior program years that are eligible to receive reprogrammed funds include Homebuyer Activities, and Multi-Family Rental Housing Construction and Rehabilitation Program. These activities must meet one or more of the following conditions:

1. Must have applied and received an approved funding allocation in a previously approved Annual Action Plan;
2. Demonstrates evidence of a need for additional CDBG funding;
3. Have a HUD approved environmental review on file;
4. Show evidence of being ready to proceed in a timely manner;
5. DHCD agrees that the activity meets a priority in the approved 2021 – 2025 Consolidated Plan; or
6. DHCD had determined that the recommended activity and sub-recipient demonstrates the ability to expend funds in a timely manner.

Timeframe for Reprogramming

The County may exercise its right to reprogram CDBG, ESG and Program Income funds during the County fiscal year (July 1 – June 30). These reprogrammed funds will be reported by DHCD in the annual CAPER submitted to HUD.

Reprogramming Notification and Approval Process (Voluntary/Involuntary)

DHCD shall place a notice pertaining to the proposed allocations of reprogrammed funds on the DHCD/County's website at least thirty (30) calendar days prior to the proposed actions to be executed by the Director pertaining to reprogrammed funds. The notice shall contain information regarding the proposed reprogramming, including total amount, opportunity to comment and subject to approval by the County Executive and County Council.

DHCD shall provide written notification thirty (30) calendar days prior to the proposed actions to be executed by the Director pertaining to reprogrammed funds to the Prince George's County Council, except when the County Council is in recess in August and December, including:

- Identification of where reprogramming funds are transferred from, specifically the program year, sub-recipient's name, project title, remaining balance amount, and the summation of facts pertaining to the DHCD action (i.e. voluntary or involuntary reprogrammed funds or program income).
- Identification of where reprogrammed funds will be transferred to, specifically, the program year, the sub-recipient's name, project title, scope, location, budget, term of performance and amount of reprogrammed funds.

DHCD shall provide timely responses to any public comments or referrals received in response to the proposed reprogramming to the County Council prior to the expiration of the thirty (30) day review period. The County Council shall provide written notification to DHCD prior to the expiration of the thirty (30) calendar days whether the Council approves, disapproves or amends the reprogrammed funds. Failure by the County Council to provide the written notification within the thirty (30) calendar daytime period shall be deemed an approval of the proposed reprogramming.

DHCD shall provide written notification of all final actions executed by the Director pertaining to reprogrammed funds to the Prince George's County Council and HUD. In all cases, DHCD shall place a notice pertaining to the final allocations of reprogrammed funds in one or more local newspapers and update the DHCD/County's website.

Adoption of the Citizen Participation Plan

Prince George's County makes the Citizen Participation Plan available for public comment for 30 days in conjunction with publishing of the draft Consolidated Plan. The Citizen Participation Plan is adopted along with the Consolidated Plan of which it is a part.

Countywide Public Meetings

The County will hold two public meetings, one to obtain comments on the data within the document and general feedback on County needs and the second to obtain feedback to the draft prior to the adoption of the Plan. Summaries of comments received during the development and completion of the Consolidated Plan or Annual Action Plan will be attached.

Public Notices

Flyer and meeting invitations are sent to participants for focus group meetings. Flyers, email announcements, and advertisements in local newspapers are used to advertise the community-wide meetings. Also, DHCD advertises the Consolidated Plan activities on its website, cable television and through radio interview. Notices are posted in all County libraries and community centers.

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

Prince George’s County, MD is submitting this FY 2021 Annual Action Plan as the first annual action plan under the new FY 2021-2025 Consolidated Plan period in accordance with Consolidated Plan regulations found at §92.220. An annual Action Plan is required by the U.S. Department of Housing and Urban Development (HUD) from all jurisdictions receiving annual entitlements of formula grants. This summary provides an overview of the goals and objectives during the FY 2021-2025 Action Plan year, including available and potential resources, funding priorities and projects, and various HUD-funded program information. The County anticipates receiving the following HUD entitlement grants during the FY 2021-2022 program year:

- Community Development Block Grant (CDBG);
- HOME Investment Partnerships Program (HOME);
- Emergency Solutions Grant (ESG); and
- Housing Opportunity for Persons with AIDS (HOPWA)

The Annual Action Plan for FY 2021 details the County’s strategy to use over \$36 million of federal entitlement funds to address the six priority needs and four outcomes. In addition to federal entitlement funds, the County is applying for Section 108 Loan Guarantee Funds to establish a loan pool and will leverage our locally funded Housing Investment Trust Funded (HITF) to support development efforts throughout the County. The District of Columbia, Department of Health, HIV/AIDS Administration, Hepatitis, STD and TB Administration (HAHSTA) is the Regional Grantee on behalf of the Washington, D.C. Eligible Metropolitan Area (EMA) and submits an Annual Action Plan to HUD each year to receive HOPWA funds for Prince George’s County.

In developing its FY 2021 Annual Action Plan, Prince George’s County focused on how to use its federal entitlement funds to achieve outcomes articulated in *Housing Opportunity for All*, among other local and regional planning efforts. The table below shows the four (4) outcomes that will be achieved by addressing the six (6) priority needs discussed in more detail in SP-25 Priority Needs. The activities and programs funded detailed in this first annual action plan are designed to address these needs and achieve these outcomes, and to implement the actions detailed in *Housing Opportunity for All*.

This Annual Action Plan outlines activities that will be undertaken during the program year beginning July 1, 2020 and ending June 30, 2021. By addressing these priorities, the County strives to meet local objectives identified in the 2021-2025 Consolidated Plan. All proposed activities and projects are intended to principally benefit citizens of Prince George's County who have extremely low-, low-, and moderate-incomes and populations that have special needs, such as the homeless, elderly, disabled persons, and other special needs populations.

Anticipated Resources

This FY 2021 Annual Action Plan aligns federal resources and leverages additional local and private financing and capacity to implement actions recommended in *Housing Opportunity for All* and priorities discussed in the 2021-2025 Consolidated Plan. The following resources are anticipated for FY 2021:

Prince George's County will use approximately \$12 to \$14 Million of the requested amount, initially.

**HOPWA funds are based on the expected amount HAHSTA anticipates receiving for Prince George's County residents. Prince George's County's HOPWA Program is administered through DC Department of Health; however, funds support County residents.*

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

- HOME Investment Partnerships Program (25% Match Requirement) - The County uses multi-family bond proceeds, State funds, and waivers of state and local taxes, charges or fees, as contributions to housing total development costs pursuant to matching requirements.
- Emergency Solutions Grant Program (100% Match Requirement) - The ESG program requires the County to provide a match of not less than 100% of the ESG funds. Other funds include Local (General Funds), State (Emergency & Transitional Housing Services), Department of Family Services Special Funds, and private funds.

Non entitlement resources include:

- Low-Income Housing Tax Credits (LIHTC): The federal Low-Income Housing Tax Credit Program (LIHTC) is the principal funding source for the construction and rehabilitation of affordable rental homes. The County currently projects a total of 62 units will be built utilizing this federal source in 2022, totaling approximately \$20,000,000; and 311 units in 2023 totaling approximately \$90,000,000. Based on the average of these two years, the County projects an additional 373 units utilizing approximately \$110,000,000 in LIHTC funding over the three - year span of 2021 - 2023.
- Housing Investment Trust Fund (HITF): Local funds through the Housing Investment Trust Fund (HITF) will provide gap financing loans of up to \$3 million for the new construction of rehabilitation of projects of scale. The County currently anticipates a total of 220 workforce units in 2022 that will be reserved for residents with household incomes between forty percent (40%) and eighty percent (80%) of AMI.
- Housing Choice Voucher Program (HCV) The Housing Authority of Prince George's County administers the Housing Choice Voucher Program for the County which provides rent subsidies to 5,517 low income households. The County anticipates allocating \$81,041,634 in FY 2021 and \$324,166,536 for the remainder of the Consolidated Plan period.
- Public Housing: The U.S. Department of Housing and Urban Development provides funding to support management of the County's public housing sites: Owens Road (123 units); Marlborough Towne (63 units); Kimberly Gardens (50 units); Rollingcrest Villages (40 units); and Cottage City (100 units). Based on the Capital Fund Program (CFP) averaging over the last three years, the Housing Authority anticipates approximately \$512,268 through HUD's CFP allocations on an annual basis throughout the remainder of the Consolidated Plan period.

Other CDBG Resources:

Section 108

The County is applying to HUD to establish a \$25 million Section 108 Loan Guarantee Pool to support housing rehabilitation, economic development, and mixed-use and mixed-income housing development. Section 108 provides communities with a source of financing for economic development, housing rehabilitation, public facilities, and large-scale physical development projects. Local governments may borrow funds, guaranteed by HUD, through the Section 108 program and must pledge current and future CDBG allocations as security for the loan. The County anticipates drawing \$12 to \$14 million from this authority, initially.

Neighborhood Stabilization Program (NSP)

Upon approval from the U.S. Department of Housing and Urban Development (HUD), DHCD may convert any program income received from the NSP1 program to Community Development Block Grant (CDBG) program income.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The County may consider using publicly owned land or property located within its jurisdiction to address the needs identified in the Annual Action Plan for FY 2021.

Annual Goals and Objectives

AP-20 Annual Goals and Objectives

Goals Summary Information

Consistent with the Consolidated Plan, through its 2021 Annual Action Plan activities Prince George's County aims to accomplish the following goals:

1. Increase supply of affordable rental homes
2. Stabilize and improve rental properties
3. Increase homeownership opportunities
4. Increase supply of accessible and affordable homes
5. Prevent displacement of long-time residents
6. Support independent living for seniors and persons living with disabilities
7. Prevent homelessness
8. Increase access to job training and economic development assistance
9. Improve quality of life/livability
10. Support high-quality public infrastructure improvements
11. Improve communications and information-sharing

Having more affordable and accessible rental and homeownership opportunities; stabilizing existing residents and properties; and improving quality of life and critical connections to services will help achieve the overarching goals of *Housing Opportunity for All*: 1) support existing residents; 2) attract new residents; and 3) build on strategic investments. AP-38 Project Summary

Project Summary Information

Below is a detailed description of each project or activity planned for FY 2021, including funding, national objective and output targets.

1	Project Name	DHCD - Housing Rehabilitation Assistance Program
	Target Area	County-Wide
	Goals Supported	Increase Supply of Accessible and Affordable Homes
	Needs Addressed	Diverse, Affordable rental and Homeownership Opportunities
	Funding	\$240,071.00
	Description	The Department of Housing and Community Development will use CDBG Program Income to provide approximately four (4) income-qualified households with an affordable rehabilitation loan for the purpose of upgrading the quality of deteriorated dwellings to contemporary minimum property standards, including the elimination of all housing code violations. Most of the applicants are households with special needs (seniors, disabled, etc.), on a fixed income, who cannot afford the upkeep of their property. The rehabilitation entails in most cases, roofing, plumbing, electrical, carpentry, window replacements, interior and exterior painting, doors, etc.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed.

Geographic Area

Prince George's County will consider the following two factors when prioritizing its federal investments for FY 2021: 1) areas with concentrations of at least 51 percent low-or-moderate-income persons; and 2) target areas from *Housing Opportunity for All*.

Alignment with target areas in *Housing Opportunity for All* will result in an explicit emphasis on building access to opportunity through the County's use of federal funds and assist with broader local and regional goals to increase affordability near high-frequency transit.

The following factors will be considered when prioritizing investments geographically over the next five years:

- ***Access to jobs, goods, and services*** – Index score that measures walkability, transit access, and commute times by car and transit
- ***Social capital*** – Index score that measures overall economic indicators, such as household income, poverty status, educational attainment, and labor market engagement
- ***Community institutions*** – Index score that measures educational indicators related to performance on standardized tests and poverty status of students
- ***Proximity to Metrorail stop*** – ½-mile radius around Metrorail stops that have been prioritized by the County for transit-oriented development
- ***Proximity to Purple Line light rail stop*** – ½-mile radius around Purple Line light rail stops
- ***Opportunity Zones*** – Census Tracts eligible for the Opportunity Zones Program
- ***Neighborhood Revitalization Strategy Areas (NRSAs)*** – targeted areas for comprehensive revitalization.

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Figures SP-1–SP-5 in the Strategic Plan show the location of these areas in Prince George’s County. It should be noted that the emphasis on access to opportunity does not mean that Prince George’s County will only make investments in areas with lower access to opportunity (those areas with scores below the regional score) or higher access to opportunity (those areas with scores above the regional score).

Instead, these geographic priorities will inform the level and type of investment needed to improve opportunities in areas where existing access is not as strong relative to the rest of the Washington, D.C. region and expand housing opportunities in areas where access to opportunity is stronger relative to the region as a whole.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

According to Title II of the Cranston - Gonzalez National Affordable Housing Act, as amended, Prince George’s County must describe the projected number of households that meet the Section 215 Qualifications as Affordable Housing requirements with federally-funded programs (CDBG, HOME, ESG, and HOPWA). The accepted definition of affordability for a household is generally described as spending no more than 30 percent of annual income on housing (including rental and owner housing).

In FY 2021, the annual goal is to assist 206 LMI individuals/families (homeless, non-homeless, and with special needs) in the production of new units, rehabilitation of existing units, homebuyer assistance, and/or rental assistance.

The following tables provide the projected number of households the County expects to serve with the use of CDBG, HOME, and ESG funds.

One Year Goals for the Number of Households to be Supported	
Homeless	40
Non-Homeless	285
Special-Needs	0
Total	325

Total	325

Table 10 - One Year Goals for Affordable Housing by Support Type

The County plans to use CDBG, HOME, and ESG funds in FY 2021 to provide affordable housing options to LMI households utilizing the following strategies:

- Rental Assistance – The County anticipates ESG funds will assist in providing rental assistance benefiting approximately 40 LMI families. Additionally, the County will provide emergency rental assistance using CDBG funds to support approximately 150 households experiencing a housing crisis as a result of the Covid-19 pandemic. (This amount includes funding for Fiscal Year 2020 and 2021 totaling approximately \$4 - \$5 million from all source from federal entitlement and CARES Act Relief Funds.)
- Production of New Units – The County does not anticipate any HOME projects will be completed during FY 2021 to assist persons with special needs (i.e., seniors).
- Rehab of Existing Units – The County anticipates CDBG funds will assist in the rehabilitation of existing single-family homes and rental units, benefiting approximately 170 LMI families.

- Acquisition of Existing Units – The County anticipates CDBG funds will be used to acquire and/or rehabilitate homes to preserve affordable housing for approximately 10 LMI families. All 10 units are for non-homeless individuals/families.

AP-60 Public Housing – 91.220(h)

Introduction

Actions planned during the next year to address the needs to public housing

Specify the activities that the jurisdiction plans to undertake during the next year to address the housing and supportive services needs identified in accordance with 24 C.F.R. §91.215(e) with respect to persons who are not homeless but have other special needs. Link to one-year goals. 24 C.F.R. §91.315(e)

Activities that will be undertaken by the jurisdiction to address the housing and supportive services needs identified in accordance with 24 C.F.R. §91.215 (e) are as follows:

- Provide housing for 185 persons with HIV/AIDS;
- Provide HIV/AIDS operational services for 185 persons;
- Provide TBRA/Rapid Re-housing assistance for 61 homeless persons;
- Provide homeless prevention services to 230 persons;
- Provide financial assistance to 94 homebuyers; and
- Provide various public services to support seniors, persons with disabilities (mental, physical, and developmental), persons with alcohol or other drug addictions and public housing residents.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

Need to Increase the Number of Accessible Units (if Required by Section 504 of the Rehabilitation Act Voluntary Compliance Agreement)

The Housing Authority of Prince George's County (HAPGC) recently addressed all compliance findings, as identified by HUD, however, the need to increase the number of accessible units was not required. To satisfy Section 504 Program requirements under the Ripley vs. HPAGC Settlement Agreement, the HAPGC executed the following actions in 2019:

- Installed fire doors;
- Maintained ramps for accessibility and performed routine inspections;
- Performed a self-evaluation of current policies and practices, and executed corrective steps to remedy any discrimination, as appropriate;
- Subject to approval of its Reasonable Accommodation Policy, posted a copy of the policy and provided notice to tenants;
- Provided a copy of complaint and grievance procedures to tenants, subject to approval;
- Provided training to all employees with direct contact with tenants, including maintenance staff, regarding the federal Fair Housing Act, Section 504 of the Rehabilitation Act, and the Americans with Disabilities Act; and
- Displayed fair housing posters in all locations where business is conducted.

Activities to Increase Resident Involvement

The HAPGC executes the following actions to increase resident involvement:

Resident Boards & Councils

- Board meetings are periodically held at public housing properties as a mechanism for increasing resident involvement.
- Monthly Resident Advisory Board and Resident Council meetings are held by the residents.

Resident Services

- Resident Services staff team members work to provide a comprehensive network of supportive services through collaboration with County agencies and community-based organizations. Services are targeted for at-risk seniors and individuals with disabilities at four (4) public housing properties.
- Operating as Family Resource Academies, the HAPGC has converted community spaces into effective enrichment activities, primarily geared to school-age children. Major projects include: computer classes with trained certified instructors, youth councils, and structured leisure and recreational activities.

Is the public housing agency designated as troubled, under 24 C.F.R. part 902?

The HAPGC is designated as a standard performer.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Prince George's County's Ten Year Plan to Prevent and End Homelessness is designed to:

- Prevent homelessness whenever possible and when it is not possible, to ensure that episodes are brief and one time only;
- Ensure easy access to communitywide, culturally competent, safe and effective housing and homeless services;
- Ensure people exit homelessness as quickly as possible;
- Connect people to communities and the resources needed to thrive; and
- Build and sustain the political will and community support needed to permanently end homelessness.

As part of the County's Strategic Plan, the CoC is focusing on six (6) key strategies that have proven to be effective in reducing homelessness: 1. coordinated entry, 2. prevention assistance, 3. shelter diversion, 4. rapid re-housing, 5. permanent housing, and 6. improved data collection and performance measures. These strategies are carefully designed to achieve purposeful and intentional reduction in the incidents of homelessness and collectively they form a plan that aligns County efforts with federal goals, shifts system focus from "shelter" to "housing", prioritizes programming for special populations, enhances system accountability, builds on success, and provides flexibility and opportunity.

Meeting people where they are—geographically, philosophically, and emotionally—is the first step in actively engaging people experiencing homelessness and creating the relationships needed to allow them to trust, understand and accept help. To streamline that connection, the County has two primary methods of outreach – an in-person system of street outreach and a centralized homeless hotline which operates 24/7/365.

Street Outreach: Outreach workers are often the first and only point of contact for people who might otherwise be disconnected and there are several ways in which the County currently engages its homeless - the annual Point in Time (PIT) Count, the Veterans Stand Down and Homeless Resource Day (VSDHRD), the SOAR team, Crisis response teams, faith ministries, Warm Nights (the County's hypothermic church based shelter), Soup kitchens and other individual outreach to known encampments. Unfortunately, while these efforts have helped homeless service providers to begin developing trust among many of the CoC's unsheltered, the CoC currently lacks the funding necessary without reducing other services to support a permanent and highly trained street outreach team and ensure the type of engagement that has proven so successful in other parts of the County. Expansion of this team is a CoC priority.

Centralized intake and assessment / Homeless Hotline: The County's Homeless Hotline provides additional opportunities for identification of those who are homeless or at imminent risk of becoming homeless. This process, available 24/7/365, has standardized the intake and assessment process for accessing homeless assistance and housing services, creates a faster match between a household's needs and the program that fits those needs best, and moves households quickly from a state of housing crisis to permanent housing whenever possible. The hotline is staffed by trained workers capable of conducting an initial intake, connecting callers (clients and providers), and entering initial data into HMIS. Staff are trained on a regular basis to ensure they are aware of all the resources available for callers' needs and can act quickly to resolve crisis situations (e.g., for households fleeing domestic violence). The hotline also provides 2-1-1 diversion and prevention services.

Once a person has entered the homeless system, shelter personnel are responsible to develop rapid exit strategies designed to move individuals and families into stable housing as quickly and efficiently as possible. In the event these efforts are unsuccessful, the CoC then relies on its Coordinated Entry system to engage in a higher level of acuity testing and prioritization to ensure that those with the highest intervention needs are served first when more permanent system resources become available. The CoC's Coordinated Entry Team provides an in-depth and individualized analysis of each homeless household and establish a uniform way for the CoC to evaluate them based on actual level of need, with referrals and admissions to more intensive services and programs being reserved for those who present with the highest mortality risk and/or greatest barriers to permanent housing. The process also helps evaluate the system's ability to serve consumers properly by tracking where households were sent and whether the selected intervention was successful. This data is vital to the CoC's ability to identify and address potential system gaps in services and programming and to find the fastest path out of homelessness with the lowest level intervention possible for each and every person.

Finally, the CoC is working on a plan to open one or more drop in centers that will provide one-stop access to resources for individuals and families experiencing homelessness with the aim of quickly ending their homelessness. This provides a critical physical location for providing 1-on-1 assessments that will enhance the "warm hand-off and referral" process. The primary purpose of this effort will be triage and facilitate the quickest route to permanency for all consumers. It is important to note that the County currently has very limited prevention and diversion resources as well as a severe lack of funding for Rapid Re-housing efforts where the subsidy lasts for more than one month; both of which are widely recognized as the most cost-effective solution to homelessness for most individuals. This is a challenge that will need to be addressed in order to fully reap the benefits of a coordinated entry and assessment system and ensure these particular goals in the County's 10-year plan are reached.

Addressing the emergency and transitional housing needs of homeless persons

The County currently operates 266 regular emergency shelter beds (142 for families, 54 for individuals, 20 for unaccompanied youth, 15 for veterans and 35 overflow for individuals and families during the hypothermic season), 53 domestic violence survivor emergency shelter beds (all for families), 153 transitional shelter beds (85 for families, 12 for individuals, and 56 for unaccompanied youth), and 190 rapid re-housing beds (150 for families, 31 for singles and 9 for veterans). Unfortunately, while this network is strong, it is insufficient to meet the daily demands of persons in crisis; sheltering less than 40% in any given year, and while there is clearly a place within the Continuum of Care for emergency and transitional sheltering, they are not universally necessary in everyone's journey from homelessness to permanent housing. Rather they are seen as one of many possible system responses to homelessness and deployment is entirely dependent on individual circumstances. It is hoped that as additional alternative housing responses are implemented, some shelter savings will occur which can be reallocated to service gaps that remain in the system.

There are several efforts underway to reframe this segment of the County's response system to add bed space and more effectively meet the changing dynamics of the County's current homeless population. These efforts include, but are not limited to: 1. Funding in the County's capital improvement budget for replacement and redesign of two older emergency facilities as well as a new building for homeless youth which provides the CoC with a unique opportunity to design emergency shelters that are highly flexible, aligned with the 10-Year Plan, and eliminate design barriers currently inhibiting certain services and/or population mixes inherent in the older facilities; 2. A strategic focus on lower cost and often more effective alternatives to traditional shelter including prevention, diversion, rapid re-housing and housing

first strategies as well as housing solutions targeted to special populations presenting unique challenges to the Continuum; 3. Increase in deeply affordable permanent housing opportunities, particularly for the CoC priority sub-populations; and 4. Increased access to housing vouchers to support CoC move on strategies from its' PSH programs.

Under the current CoC system, the shelter pathway is no longer linear. The household is now at the center of the response system and the initial intervention identified is intended to be their last whenever possible. The CoC uses a combination of tools including the locally developed Housing Prioritization Tool and the Vi-SPDAT as a part of the assessment process for anyone requesting housing assistance in the County. These tools help the CoC identify which intervention(s) are most likely to produce results in the least amount of time for the least amount of money. For those that score into a permanent supportive housing response, an additional vulnerability index will be calculated that prioritize that subset by level of risk and likelihood of imminent mortality.

The CoC relies on three strategic priorities to ensure long term success: 1. Centralized triage to facilitate timely assessment and placement in the quickest route to permanency ; 2. Significantly increased funding for prevention and rapid re-housing that provide decreasing subsidies on a medium to long term basis (up to 24 months) and creation of strong trusting relationships with landlords willing to provide second chance leases that are so vital to households whose debt history is either non-existent or severely compromised; and 3. Expansion of permanent housing options for persons with significant challenges to long term stability.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.

Shelters of any kind are never a replacement for a home and homelessness is not limited to a unique place or class of people. It is an outward symptom of a wide array of socio-economic, episodic factors that result in people facing the loss of shelter. Since “one size does not fit all”, the County’s plan contains a range of options that are needed – some of which are in place and others which are targeted for development – to reduce the amount of time a household remains homeless, expedite their transition to permanent housing and independence, and prevent recidivism.

Using best practices learned from communities nationwide, this part of the County’s plan focuses on three key strategies; diversion/prevention, rapid re-housing (RRH) and permanent housing (PH). In addition, accommodations are made for six subpopulations that are identified by the CoC as presenting unique challenges under these three strategies: Unaccompanied youth; Veterans; Chronically homeless and persons with severe somatic and behavioral health challenges; Survivors of Domestic violence, human trafficking and sexual assault; Vulnerable elderly and disabled; and Returning residents. To that end, the CoC has created subcommittees for each of these populations and each subcommittee is charged with designing and implementing additional sustainable strategies that address the unique barriers to permanent housing for their particular sub-population. Finally, the County has a small housing retention initiative (2Resident Advocates) that follow up with households for up to 18 months after a diversion or prevention intervention has been used to help ensure newly stabilized households

remain housed and expansion of this team has been targeted as essential to the continued reduction in recidivism.

Rapid Re-Housing: Recognizing that RRH is a national best practice with a high level of success at a lower cost than traditional shelter-based interventions and bolstered by experience gained during the CoC's implementation of a stimulus funded RRH program (963 households were diverted at an average per household cost of \$2,580 with a recidivism of less than 1%), the County's plan contains strategies for significant expansion of funding for its current RRH response including:

- Identification of new or expansion of existing funding opportunities including but not limited to the Emergency Solutions Grant (ESG), Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), Housing Trust Fund (HTF) and Housing Opportunities for Persons with AIDS (HOPWA) funding;
- Evaluation of current sheltering funds for potential re-allocation;
- Improved utilization of the County's Community Benefits Agreement (CBA) legislation;
- Targeted landlord outreach and partnerships, including a damage mitigation fund; and
- Reunification when possible (in certain cases, the best PH solution may be reunification with a family member, friend, or other person; especially in the case of an unaccompanied youth);

Keys to the success of this approach include, but are not limited to: a well-developed housing barrier assessment process, good relationships with landlords, the presence of staff skilled in negotiation, housing location, and case management, and the availability of funds for short-to-medium rental and utility subsidies, landlord mitigation, and other costs associated with moving to – and sustaining – stable housing.

Permanent Housing: The longer a household remains in a state of homelessness, the less likely they are to prevent the cycle from re-occurring and the greater their risk for recidivism so timely and appropriate intervention is critical. While all housing solutions are important, the County's plan focuses on two priority areas of permanent housing - subsidized housing and permanent supportive housing (PSH) - both of which are designed to address the complex needs of those identified as least likely to be successful without a long-term sustainable housing solution and for whom multiple RRH interventions have failed. These solutions are yet one more way to "open the back door" of the homeless assistance system and have proven very successful in providing a permanent solution to homelessness for chronically homeless households and other households with very high barriers. By pairing a housing subsidy with wraparound services as long as it's necessary for the household, these solutions provide a supportive setting for these households while significantly reducing the costs to other systems (i.e.; jails and emergency rooms). To ensure these housing solutions are targeted appropriately and are as effective as possible, the County's plan includes:

- Administration of a vulnerability test and case review by a centralized multi-disciplinary team that targets deeply, ensuring higher-barrier and chronically homeless households are prioritized for vacant units and the highest risk is served first;
- Creation of new units including: Expansion of voucher set asides and/or priorities, property owner tax credits and landlord incentives, and application for new vouchers including mainstream, 811 and other federal opportunities; and
- Utilization of Medicaid reimbursable activities to fund PSH activities and expand units.

Special Populations: Permanent Housing for these populations presents a unique set of barriers that further complicate services to persons who are homeless and require additional strategies that are customized to remove these challenges and facilitate transition to permanency.

- *Unaccompanied youth and young adults:* The County has identified unaccompanied young people ages 13-24 as deserving of separate attention and development of a single integrated system of care that is based upon meeting their immediate needs, connecting them with appropriate support systems, and supporting their personal development along their transition to adulthood is essential to reducing the numbers of youth and young adults experiencing homeless. The County began development of this system in FY 2012 and since that time, has conducted 6 annual housing instability counts, created 24 beds of emergency shelter and 56 beds of transitional housing, participated on a statewide task force to study housing and supportive services for unaccompanied homeless youth and make recommendations for action by the Maryland General Assembly and State executive agencies⁴, helped pass legislation that resulted in Youth REACH MD - a statewide enumerative effort to count this sub-population - as well as adding homeless youth to the list of those eligible for tuition waivers and Maryland's Ending Youth Homelessness Act of 2018. Additional strategic targets include closing gaps in housing for youth who identify as Lesbian, Gay, Bi-sexual, Transgender and Questioning (LGBTQ), are attending college and need more than 2 years of housing assistance to achieve independence, and / or cannot live independently without long-term housing subsidies and wrap around supportive services. The County was selected in Round 3 as a federal Youth Homeless Demonstration Program site and is currently working on the Coordinated Community Plan, the goals, programs and strategies which are incorporated here by reference as County recognized priorities in the 2020-2025 consolidated plan.
- *Chronically homeless and persons with severe somatic and behavioral health challenges:* Studies show that although chronically homeless people represent a small share of the overall homeless population, their effect on the homeless system and the community is considerable. Emergency shelters are not designed to address the extensive needs of people with serious mental illness or other disabilities and they tend to be difficult to place in permanent housing without supportive services. The result is they stay homeless in shelters for long periods of time and use a disproportionate amount of shelter resources. Further, many individuals in these subpopulations do not access emergency shelter because they are not willing or cannot comply with the shelter regulations. Strategic efforts to provide permanent housing for this subpopulation include: Development of a registry of all homeless individuals who are chronic and/or experiencing a behavioral health crisis that prevents them to maintaining housing stability without intense intervention and support; County-wide implementation of the vulnerability index and multidisciplinary review panel to determine placement prioritization; Creation of crisis beds (medical and psychiatric); and Development of high acuity housing options for high system utilizers (i.e.; Pay for Success).
- *Veterans:* Prince George's County has the largest number of veterans in the State and yet few access the homeless services system. Out of nearly 70,000 veterans living in the County only 28 were identified as homeless during the FY 2019 Point in Time count. There is a national

⁴ Report of the SB764/HB823 Task Force to Study Housing and Supportive Services for Unaccompanied Homeless Youth, Governor's Office for Children, November 1, 2013.

commitment to end homelessness among veterans and the County's plan includes strategies designed to help achieve this goal, including: Collaborative relationships with the VA, community colleges, workforce organizations, housing developers and service providers which put the County in position to take advantage of upcoming funding opportunities; A single point of access to veteran service providers - including Supportive Services for Veteran Families (SSVF), Homeless Veterans' Reintegration program (HVRP) and Grants Per Diem (GPD) grantees - that enable veterans to easily access supportive and housing support services and link simultaneously to multiple service organizations; Application for new Veterans Affairs Supportive Housing Program (VASH) vouchers and other housing subsidies; landlord approved leasing discounts for veterans; and expansion of private donations supporting rapid re-housing assistance specifically for veterans.

- *Re-Entry*: Approximately 4,000 inmates are released from the Department of Corrections each year and when this occurs without a structured reentry plan, they place additional stress on communities and service systems that are ill-equipped and/or lack funding to support them. Many do not go back to family or friends, resulting in homelessness and/or an increased risk for returning to a life of crime. The County's plan calls for a collaboration of criminal justice agencies, community organizations and service providers to promote successful re-integration of returning citizens facing homelessness and includes strategies that include: A structured and coordinated re-entry process that prioritizes planning for returning citizens whose were identified as homeless at the time of arrest and who are likely to remain in a County facility (many of those who are incarcerated will be sentenced to a facility outside of the County); Establishment of a County discharge plan that ensures returning citizens are not discharged into homelessness; Applications for new funding opportunities focused on this sub-population; and Development of relationships with an increased number of landlords willing to offer second chance housing to residents with a criminal history typically precluded from traditional housing resources.
- *Survivors of domestic violence, human trafficking and sexual assault*: There is a significant lack of emergency shelter beds for domestic violence survivors in general and a complete lack of specialized shelter for survivors who meet the following criteria: human trafficking, sexual assault, undocumented immigrant populations, domestic violence by a non-partner and LGBTQ domestic violence survivors. In fact, in 2018-2019 the specialized shelter was only able to serve 65 survivors while the regular shelter system served an additional 214 survivors in the same reporting period demonstrating the significant need for additional resources for these residents. The County's plan includes strategies designed to address those challenges and ensure every person trying to flee domestic violence has a safe, secure place to stay regardless of their family configuration, and include: Simplified access to services and housing; Re-design of existing shelter facilities to include un-served populations; Trauma-informed training for housing providers to create competency within the regular homeless system to address the unique needs of survivors; Application for new CoC funding and/or other housing subsidies for survivors; and a collaboration with the National Alliance for Safe Housing to develop a Countywide strategic plan for a comprehensive survivor response system, the goals, programs and strategies which are incorporated here by reference as County recognized priorities in the 2020-2025 consolidated plan.
- *Vulnerable Elderly and Aging*: Elderly and aging accounts for the largest subpopulation growth in the County's homeless population (a 72% increase in 2019 alone which is significantly above

the national average of 30%) and the oldest unsheltered person identified by the street outreach team last year was 83 years old. Elderly persons experiencing homelessness face unique vulnerabilities due to health or mobility limitations. They may also have more significant health concerns not typically seen in homeless services systems, such as Alzheimer's disease or cancer causing significant system challenges related to supporting aging in place within a traditional homeless shelter setting and leading to a significant surge in cost increases associated with health care and housing needs (estimated at more than 5 billion dollars a year). It's important to note that older adults experiencing homelessness already have medical ages that exceed their biological ages. Multiple studies have demonstrated that older adults experiencing homelessness have age-related medical conditions, such as decreased mobility and cognitive decline, on par with housed counterparts who are 20 years older. The average life expectancy of a person experiencing homelessness is estimated between 42 and 52 years, compared to 78 years in the general U.S. population. While relatively new, this local trend is not unique to Prince George's. National demographic trends suggest that there will be a dramatic increase in the number of people age 65 or older as the Baby Boomer generation reaches retirement age and the National Alliance to End Homelessness projects that homelessness among the elderly may "more than double between 2010 and 2050, when over 95,000 elderly persons are projected to be homeless." To combat this, the CoC is pursuing a number of housing interventions—including home modification funding, permanent supportive housing and rapid re-housing—which could offset issues of homelessness, declining health statuses, and excessive health care spending.

Help low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families who are likely to become homeless after being discharged from a publicly funded institution or system of care, or who are receiving assistance from public and private agencies that address housing, health, social services, employment, education or youth needs

The first defense against homelessness is prevention and/or diversion both of which are highlighted as priorities in the County's strategic plan. It is much more cost effective for many households to keep them housed rather than take them into the homeless emergency system and then re-house them. The County has a very strong system of prevention and intervention but unfortunately does not have the funding necessary to fully realize its potential in the fight to end homelessness. Currently, individuals and families at risk of becoming homeless can request help and receive support 24/7/365 through the County's 211 hotline. Trained counselors work with individuals and families to mediate family and/or landlord disputes, link to them to mainstream resources, and solve short-term challenges that can eliminate the emergency. In the event diversion is not possible, direct case management and financial assistance can often be provided (rental arrears and utility assistance) to resolve the crisis and prevent homelessness from occurring.

Shelter diversion: The goal of this strategy is to help at-risk households seeking shelter to identify alternative housing options (avoiding entry into a shelter) and to offer support and services that will help them stabilize until a permanent housing opportunity becomes available. Shelter diversion is handled through the coordinated intake process and is used in cases where it is a safe and practical alternative to shelter. Intake workers identify all possibilities that might exist to help prevent unnecessary shelter entry, including staying with friends, relatives, or coworkers and where possible and practical, to permanently re-house the household into a more affordable or appropriate unit. Households needing funds or services to make an alternate housing solution work are provided with financial assistance (when available), case management, mediation, and other services as needed.

Prevention: Prevention assistance, usually in the form of immediate and short-term rental and/or utility assistance, provides a means of preserving permanent housing situations and saving households from having to enter the homeless assistance system. Prevention and diversion programs are of critical importance to keeping people from ever becoming homeless in the face of a personal crisis and the County's plan includes creation of a publicly and privately funded and coordinated intervention system focused on preventing homelessness in a way that maximizes the effectiveness of this limited pool of resources. Strategies to support this include an intentional focus on performance measurement, careful targeting of resources to the households most at risk of homelessness, and coordination with mainstream agencies that may be able to provide financial support to homeless households.

Prince George's County envisions a comprehensive housing crisis response system through which homelessness can be prevented, and when this is impossible, episodes of homelessness can be quickly ended. The plan is designed to identify and align homeless support systems to meet the distinct needs of people at risk of, or experiencing homelessness, make additional affordable housing resources available either through development and/or subsidy programs, realign existing resources with prevention and rapid re-housing initiatives, and target permanent supportive housing for those deemed most vulnerable.

AP-70 HOPWA Goals - 91.220 (I)(3)

Based on data from the Maryland Department of Health and Mental Hygiene, there were 311 persons diagnosed with HIV in Prince George's County in 2018. Of the 311 HIV diagnoses in 2018, 34.7% were among adults ages 20-29 years old, 25.7% were among those ages 30-39, and 15.1% were among those ages 40-49 years old.

The supply of affordable rental units is very limited. Declines in vacancy rates and increases in average rents create an affordability barrier for residents. Individuals who do not receive rent subsidy have difficulty finding appropriate places to live. Apartments are generally too expensive for many low-income residents. Renters in this region often incur housing cost burdens.

It is projected that the need for services will continue to increase as the life span of persons living with HIV/AIDS continues to improve. Every effort must be made to stabilize adequate living conditions to prevent homelessness and premature placement of dependent children into foster care. Through the HOPWA Program, tenant-based rental assistance and housing related short-term assistance are offered to individuals and families living in shelters or who are in imminent danger of becoming homeless. HOPWA provides ongoing housing assistance to households with family members affected by the virus. It also provides emergency assistance on a case-by-case basis for HIV/AIDS-affected households.

As stated, the HAHSTA is the administrative agent for Suburban Maryland. This region includes Prince George's County, Calvert County, and Charles County. Suburban Maryland jurisdictions operate HOPWA programs in collaboration with nonprofit organizations that help clients meet their daily needs for housing, mental health, substance abuse treatment, and other supportive services. Each HOPWA agency assists participants toward self-sufficiency by providing referrals to job training and rehabilitation programs. All HOPWA agencies in Suburban Maryland participate in their respective County's Continuum of Care (CoC) Plan. The priorities and allocations of the Suburban Maryland region correlate with those of the Washington, D.C. Eligible Metropolitan Statistical Area.

All rental units in Suburban Maryland are available to individuals with HIV/AIDS as long as the rents are reasonable as defined by the HUD Fair Market Rents (FMRs) and as required by federal HOPWA regulations. The most common type of housing units available for rent in Suburban Maryland are in apartment buildings, single-family homes, and townhomes.

It is anticipated that each fiscal year with the use of available HOPWA funds, 153 individuals and families will receive housing assistance. Approximately 103 individuals and families will receive tenant-based rental assistance and 50 individuals and families will receive housing related short-term assistance (short-term rent, mortgage, and utility assistance). Currently, Suburban Maryland does not use HOPWA funds for supportive services due to funding availability. However, Suburban Maryland provides a link to supportive services.

Currently, there are over 200 clients on the waiting list for housing. The housing gaps are emergency housing, transitional housing, long-term housing facilities, and supportive services. The County considers this need a "high priority". Therefore, the five-year goal is to provide housing opportunities for 212 additional persons with HIV/AIDS and their families and to provide supportive services for existing and new clients.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Introduction:

Prince George’s County is currently conducting an Analysis of Impediments to Fair Housing Choice (AI) in preparation for the County and the City of Bowie’s Consolidated Plan 2021-2025. The AI requires that the County consider how funds by the U.S. Department of Housing and Urban Development will “affirmatively further fair housing” as required under the Fair Housing Act of 1968 and the Housing and Community Development Act of 1974, as amended.

The AI analyzes the disparities in access to housing as well as policies, practices, and procedures that limit housing choice to protected classes. The Fair Housing Act ensures that no person will be denied the sale or rental of housing because of their race, color, religion, sex, familial status, and persons with disabilities (protected classes). The County also includes protection for: age, occupation, political opinion, personal appearance, and most recently, source of income. Prior to adoption by the County Council, the AI includes a market analysis, and a review of policies, practices, and procedures that impede or limit housing choice. Some examples of topics that are barriers to housing and impede housing choice include:

- Racial and ethnic segregation especially concentrated areas of poverty;
- Gentrification and displacement of residents from their communities;
- Access to communities with high quality schools, good jobs, and public transportation;
- Access barriers for people with disabilities;
- Zoning regulations that limit housing types;
- Fair housing rights and enforcement; and
- Seniors, families with children, Housing Choice Voucher holders, and persons with disabilities face unique housing challenges.

In preparation for the 2020 Analysis of Impediments currently underway, the County has identified the following preliminary barriers to fair housing choice:

Public Sector

- The majority of fair housing complaints filed through HUD in Prince George’s County involve race and disability as the bases for discrimination
- Although progress has been made in inspecting public housing stock for Section 504 requirements, more work needs to be done. Though units have not been added to the inventory since, the County should update its section 504 Needs Assessment to ensure that its inventory meets current standards of accessibility and that the needs determined in the 1993 assessment have been met.
- Continued comments on the lack of opportunity by members of protected classes on program offerings by Department of Housing and Community Development and Housing Authority.
- Black and Hispanic households have greater difficulty becoming homeowners because of lower incomes, limited credit, and access to good-paying jobs. Homeownership programs are

oversubscribed.

- The County's rental supply of decent, affordable housing remains inadequate at all levels and price points particularly those with lower incomes
- Inadequate supply of affordable housing that is accessible to persons with disabilities
- Difficulty accessing DHCD and other programs due to language access. Clients are unable to access program guidelines or receive outreach materials in Spanish or other languages nor communicate with DHCD staff.
- Smaller non-profit organizations that serve Latinos, senior, and disabled have difficulty accessing HUD funding.
- Limited fair housing education, training, or investigative activities by existing housing organization
- The County's Human Relations Commission (HRC) does not have enforcement authority with regards to fair housing complaints
- The County's General Plan is not currently a mechanism to affirmatively further fair housing and expand the supply of affordable housing. Given substantial updates to the Zoning Code and Zoning Map, a change in the County's general plan may follow before the next required update providing an opportunity to improve housing opportunities
- Housing choice is limited to those with higher incomes due to higher rents in neighborhoods with better schools. Schools inside the Beltway are by and large lower rated and have higher capital improvement needs
- County's transportation system has a low level of service and doesn't meet the needs of the County's protected classes with complaints of long-wait times, limited service, and limited availability on the weekends. Families and individuals are seeking lower rents in more isolated parts of the County increasing commute times and limiting access to jobs and services.

Private Sector

- Rapidly rising rents among all groups causing renters to seek housing options outside the County
- Lack of knowledge of tenants, landlord, agencies, and partners on fair housing laws, fair housing rights, and potential disparate impact claims
- Seemingly affordable housing units have substandard housing conditions including overcrowding as families double-up to afford rent payments. Currently, the County is limited in the number of housing units it is able to inspect every year leaving hundreds of units uninspected per year. Undocumented individuals and families are substantially more likely to live in substandard housing conditions due to limited options based on price and availability. These families and individuals are not eligible for many HUD funded programs.
- Limited housing types especially for seniors who wish to downsize, large and multi-generational families, and the disabled.
- Mortgage loan denials and high-cost lending disproportionately affect minority applicants in the County
- Limited access to job training and access to high-paying jobs creating a mismatch between jobs and housing. Evidence shows residents moving to Baltimore, Hagerstown, and Charles County and other surrounding counties to find affordable homes for purchase.
- Environmental justice advocates are concerned about the siting of up to five fossil-fueled power plants in the lower income communities of Brandywine of Prince George's County. The County is already classified by the Environmental Protection Agency as a non-attainment area for

ground-level ozone pollution.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The public policies of Prince George's County that affect the incentives to develop, maintain, or improve affordable housing are as follows:

- Limited housing typologies and price points restrict affordable and workforce housing throughout the County.
- Underdevelopment of Affordable Housing Near Public Transit. Proposed changes to the Zoning Code and Zoning Map currently under consideration by the County Council should provide more opportunity for mixed-use development near transit.
- Within the private sector, mortgage loan denials and high-cost lending continue to disproportionately affect minority applicants in Prince George's County.
- In 2012, Prince George's County Council approved CB-21-2012, amended through County Bill CB-57-2017, which established a Housing Investment Trust Fund (Fund), specifying the purposes and use of the Fund. The Fund was capitalized in FY 2018 with approximately \$5.1 million dollars with an additional \$2.5 million allocated in FY 2019. The Housing Opportunities for All Commission is considering options on a dedicated source of funding for the Trust Fund and is weighing options on targeting housing for certain groups especially low-income families, seniors, and persons with disabilities.
- Community opposition and additional development barriers in some communities known as NIMBY (Not in My Backyard) deter development by increasing permit processing and development costs. Additional legal fees and time increase development costs of affordable and work force housing.
- The Prince George's County Human Relations Commission (HRC) is the County's civil rights education and enforcement agency. The thirteen-member commission does not have the authority to investigate and adjudicate complaints of discrimination in housing.
- The County's new Source of Income discrimination law passed in October 2019 has the potential to provide additional protection to renters seeking housing especially those with HUD Housing Choice Vouchers

Preliminary Recommendations

- Support the Human Relations Commission's plan to seek approval by the County Council to revise its discrimination enforcement provisions (Division 12) to enable the Commission to investigate and adjudicate housing discrimination complaints as well as become certified by HUD under its Fair Housing Assistance Program (FHAP) to investigate complaints on behalf of the agency. The HRC should focus its early efforts on investigating complaints from the disabled community and those with language access complaints.
- Provide additional funds to existing HUD certified counseling agency or seed a new organization to provide fair housing training and education through multi-lingual campaigns throughout the County as well as assist individuals with housing complaints and disparate impact claims to the

HRC, the state, or HUD.

- Increase County funding to add bilingual inspectors for multi-family units who are also trained in working with Spanish speaking clients who may have lack trust or fear government officials.
- Increase funding for educations for tenants on their rights regarding housing conditions
- Increase efforts to implement a Limited English Proficiency plan that includes bilingual staff, marketing materials and collateral, website, application materials, and outreach plan through trusted Latino-serving organizations.
- Increase funding for housing counseling as well as for the County's Pathways to Purchase homeownership program improving outreach to protected classes on program requirements and applications deadlines.
- Balance funding of redevelopment and revitalization activities with investments in areas of higher opportunity with better schools and access to jobs
- Continue funding senior housing projects particularly in locations with access to transportation, retail, and services. Consider new housing typologies that reflect the changing needs of a larger active senior population and greater housing choice providing opportunities for multi-generational living.
- Support housing preservation efforts and new affordable housing development along the Purple Line and other transit corridors as described in the Purple Line Corridor Coalition Housing Action Plan and the Comprehensive Housing Strategy.
- Consider environmental justice concerns in the siting and location when placing affordable housing developments as well as opportunities for the relocation of affected lower-income residents particularly elderly and children with health concerns.

AP-85 Other Actions – 91.220(k)

Actions planned to address obstacles to meeting underserved needs

Households with extremely low-income (0-30 percent of their median family income) and who spend more than half of their income on housing, are considered under-served and have the “worst-case needs.” Most of these households are renters. Funding remains the largest obstacle to meeting these under-served needs. To address this issue, the Housing Authority leverages limited resources by encouraging and forming partnerships with many nonprofit and for-profit organizations, applying to HUD for grants, and by accessing the State of Maryland funding sources for economic development projects, homeownership, housing rehabilitation, public services and homeless services. Additionally, the County is exploring increases to its HITF and thresholds for serving households at or below 30 percent of the area median income.

Actions planned to foster and maintain affordable housing

Through *Housing Opportunity for All*, the County is taking a dual approach to housing investments over the next 10 years. First, it will remove regulatory barriers and other hurdles to make development easier across the board. Second, it will use public policy and resources to help produce new housing options, especially for lower income households that the private market may not serve. The Housing Opportunity for All working group prioritized exploring increases to the HITF (Cross-cutting Action 3.1), establishing stronger, market informed inclusionary housing requirements (Cross-cutting Action 1.5), strengthening the right-of-first refusal provisions (Targeted Action 2.6) and establishing a land bank to support redevelopment of abandoned residential properties (Targeted Action 3.2).

Actions planned to reduce lead-based paint hazards

The State of Maryland’s approach to reducing and eliminating childhood lead poisoning was significantly revised with the October 2015 update of the “Maryland Targeting Plan for Areas at Risk for Childhood Lead Poisoning” (Targeting Plan). The Executive Summary of the Plan describes its key recommendations as:

- Testing of all Maryland children ages 12 and 24 months: For a period of three years, all Maryland children under the age of 6 years should be tested for lead exposure at 12 and 24 months of age, based on a determination by DHMH that all ZIP codes and census tracts in the State should be considered “at risk” under the requirements of Maryland Code Annotated, Health-General Article, § 18- 106, and Code of Maryland Regulations (COMAR) 10.11.04;
- Re-evaluation of recommendations based on surveillance findings: At the end of three years, DHMH will re-evaluate these recommendations, based on the analysis of blood lead testing data developed over the three-year period; and
- Clinical management: Like children with higher blood lead levels, children with blood lead levels of 5 to 9 micrograms per deciliter (mcg/dL) should have a confirmatory test, an assessment of possible sources of lead exposure, an assessment of other vulnerable individuals in the home, and a repeat blood test until it is clear that they do not have ongoing lead exposure.

The second element of the State Elimination Plan is to identify children who may be at risk of lead exposure. The State of Maryland requires testing children at the ages of one and two.

Actions planned to reduce the number of poverty-level families

The 2013-2017 ACS data shows Prince George’s County poverty level is 9.3%. The chart breaks down the total population for whom poverty status is determined based on race and Hispanic or Latino origin, the general population with any disability, and veterans. The Hispanic or Latino population for whom poverty status is determined is 155,904. Of which, 13.3% are living below the poverty level. Of the White population for whom poverty status is determined, 10% are living below the poverty level. The population with the largest population for whom poverty status is determined is the Black or African American population, 565,323. Of which, 8.2% are living below the poverty level. The poverty rate for any persons with a disability is far higher than the County’s rate – 13.8%. Looking at the veteran

population for whom poverty status is determined, there are 56,520 veterans. Four percent (2,260/4%) have incomes in the past 12 months below poverty level.

The previous Consolidated Plan was amended to include a Section 3 Action Plan that addresses policies and procedures for all HUD covered activities such as: 1) programs that may include multiple contracts, contracts with parts of HUD funding of public or residential construction projects; 2) services and professional service activities generated by construction, such as roads, sewers, sidewalks, community centers, etc.; and 3) all public housing authority covered activities such as maintenance, development, modernization, and operations.

The purpose of the County's Section 3 Action Plan is to ensure that local low- and very low-income residents and local businesses, to the "greatest extent feasible," are beneficiaries of Section 3 covered projects administered by the County, specifically the Department of Housing and Community Development, the Housing Authority of Prince George's County and the Redevelopment Authority of Prince George's County.

The County may demonstrate compliance with the "greatest extent feasible" requirement of Section 3 by meeting the following HUD numerical goals:

1. Employ qualified Section 3 residents, as thirty percent (30%) of aggregate number of new hires resulting from contracts and subcontracts on a covered activity;
2. Award to Section 3 business concerns at least ten percent (10%) of the total dollar amount of all Section 3 covered contracts for building trades work; and
3. Award to Section 3 business concerns at least three percent (3%) of the total dollar amount of all Section 3 covered contracts for non-construction work.

The County and its partners implement a variety of programs to eliminate poverty through increasing the affordability of housing, increasing the wherewithal of residents to afford more house in relation to their income, stemming neighborhood decline and blight, thus helping residents grow value in their owned or rented real estate assets, and by protecting vulnerable populations and minority communities from predatory financial lending practices and discrimination. These programs meet the various needs of individuals and families as they progress toward financial self-sufficiency.

Actions planned to develop institutional structure

Cross-cutting Action 2.8 in Housing Opportunity for All helps to increase internal capacity to support implementation of CHS goals and strategies, by assessing the existing delivery systems and organizational structures, and aligning them to support strategy implementation. This effort will be ongoing during the FY 2021-2025 Consolidated Plan.

Actions planned to enhance coordination between public and private housing and social service agencies

Cross-cutting Action 2.1 in Housing Opportunity for All supports cross-departmental coordination and communication. By implementing this action, the County will establish a cross-departmental team to coordinate on housing development and capital improvement and related planning projects, geographic targeting and priorities, evaluating the impact of policies and leveraging cross-sector resources, capacity and tools, including social service providers.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(I)(1)

DHCD administers the CDBG program. The federal CDBG program provides annual grants on a formula basis to entitled cities and counties to develop viable urban communities by providing decent housing, a suitable living environment, and expanding economic opportunities, principally for LMI persons. Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	\$344,311
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	N/A
3. The amount of surplus funds from urban renewal settlements.	N/A
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan.	N/A
5. The amount of income from float-funded activities	N/A
Total Program Income	\$344,311

Other CDBG Requirements

1. The amount of urgent need activities	N/A

HOME Investment Partnership Program (HOME)

Reference 24 CFR 91.220(I)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

Prince George's County does not use HOME funds in any other manner than those described in 24 C.F.R. § 92.205.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

DHCD administers one HOME funded homebuyer program, the Pathway to Purchase Program (formerly known as My HOME Program), which assists income-eligible first-time homebuyers to purchase eligible residential properties by providing homeownership assistance.

The Program offers zero percent (0%) interest, deferred payment of up to the maximum of \$10,000 as needed, for mortgage principle reduction, and/or down payment and/or closing costs. To be eligible, applicants must comply with monthly housing costs burden and total debt ratio requirements set administratively by the Department of Housing and Community Development. All properties must pass a Housing Quality Standards (HQS) Inspection.

When using HOME funds in any County program involving homebuyer activities, the County will incorporate the following provisions as appropriate:

Recapture Provision

For all programs providing a direct HOME subsidy to enable the homebuyer to buy a housing unit, the recapture provision will be enforced. Direct HOME subsidy includes down payment, closing costs, interest subsidies, or other HOME assistance provided directly to the homebuyer. In addition, direct subsidy includes any assistance that reduces the purchase price from fair market value to an affordable price.

If the HOME recipient decides to sell the house within the affordability period, based upon the direct HOME subsidy provided to the homebuyer which enabled the homebuyer to purchase the unit, the County will recapture all or a portion of the direct HOME subsidy. However, the amount recaptured by the County cannot exceed what is available from net proceeds. Net proceeds are defined as the sales price minus superior loan repayments (other than HOME funds) and any closing costs. Under no circumstances will the County recapture more than is available from the net proceeds of the sale.

The County enforces the recapture provision with a HOME Regulatory Agreement, Declaration of Covenants and Deed of Trust to be recorded in the County's land records. For all homebuyer assistance programs providing a direct HOME subsidy, the County will execute and record similar legal documents to enforce the recapture provision.

DHCD also administers the Prince George's County Purchase Assistance Program (PGCPAP) funded by the Prince George's County Housing Investment Trust Fund (HITF). PGCPAP will assist income-eligible, up to 120% of the Area Median Income (AMI), first-time homebuyers to purchase eligible residential properties by providing homeownership assistance. PGCPAP homeownership assistance will be zero percent (0%) interest, deferred payment of up to the maximum of \$15,000 with an optional \$5,000, as needed, for down payment and/or closing costs. Applicants must comply with monthly housing costs burden and total debt ratio requirements set administratively by the Department of Housing and Community Development. All properties must pass a Housing Quality Standards (HQS) Inspection.

NOTE: Exception: Development subsidies (i.e., the difference between the cost of producing the unit and the fair market value of the unit) are not subject to recapture as the homebuyer does not realize a direct benefit from these funds. For properties that receive development subsidies only, and there is no direct financial assistance to the homebuyer, the resale requirements below will apply.

Resale Provision

Subject to underwriting, certain County programs, specifically those involving newly constructed or substantially rehabilitated HOME-assisted units must remain affordable over the entire affordability term, and therefore those units will be designated as “affordable units.” If a unit is so designated, and is sold during the affordability period, the sale must meet the following criteria:

- The new purchaser must be low-income, defined as a family at seventy to eighty percent (70% to 80%) of area medium income paying no more than thirty percent (30%) of income for principal, interest, property taxes and insurance.
- The new purchaser must use the property as the family’s principal residence and agree to assume the remainder of the original affordability period.
- The sales prices will be controlled by the County so as to be “affordable” to the new purchaser.
- The original homebuyer, now the home seller, must receive a “fair return” on their investment, as defined by the County.
- Fair return will be measured by the percentage change in the Consumer Price Index (CPI) over the period of ownership.
- The basis for calculating fair return will include a return on: 1) the HOME-assisted buyer’s original investment, plus 2) capital improvements made by the original buyer based on the actual costs of the improvements as documented by the homeowner’s receipts.
- These improvements will include: window and roof replacements; electrical and plumbing systems upgrades; infrastructure improvements; kitchen and bathroom remodels; finishing of basement and energy efficient upgrades.
- In some instances, it may be necessary for the County to provide HOME assistance to the subsequent purchaser to ensure that the original buyer receives a fair return and the unit is affordable to the low-income population, as defined.
- The County will use applicable deed restrictions and land covenants to enforce the resale restrictions.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

The County will enforce the recapture/resale guidelines during the applicable affordability with a deed restrictions and land covenants to be recorded in the County’s land records.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

Prince George’s County does not use HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds.

Emergency Solutions Grant (ESG)

Reference 91.220(l)(4)

DHCD is the administering agency of the Emergency Solutions Grants (ESG) program. DHCD subcontracts with the Prince George's County Department of Social Services (DSS) to implement the ESG program.

1. Include written standards for providing ESG assistance (may include as attachment)

Written standards to be used in administering ESG activities have been developed in partnership with DHCD, DSS, and the CoC (HSP) and ensure:

- Consistent evaluation of individual and family eligibility for assistance in accordance with the definitions of homeless and at risk of homelessness (24 C.F.R. §576.2) as well as with recordkeeping requirements;
- Coordinated and integrated service delivery among all impacted providers;
- Clear and distinct eligibility requirements in place for homelessness prevention versus rapid rehousing assistance;
- Single mechanism for prioritizing applicants who are eligible for assistance;
- Matrix that identifies what percentage and/or amount (or range thereof) each participant must pay, if any, while receiving assistance, how long a single participant may receive assistance (including maximum number of months or times a participant may receive assistance), and adjustments in percentage and/or amount (or range thereof) the participant must pay (including the maximum amount of assistance a participant may receive), if any; and
- Compliance with all ESG rules and regulations.

Emergency Solutions Grants Written Standards – Addendum for Coronavirus Response

The CARES Act provides flexibility and authority for HUD to issue waivers and alternatives requirements to make it easier for the County to use ESG – COVID (ESG-CV) funds for coronavirus response. The waiver for Prince George's County is effective from June 23, 2020 to June 23, 2022, which is consistent with the date HUD signed the County's ESG-CV Grant Agreement.

When using the ESG-CV funds, the following ESG regulations will be waived and the alternative requirements will apply:

Administration and General Requirements

- The ESG-CV funds are not subject to the spending cap on emergency shelter and outreach under 24 CFR 576.100(b)(1);
- Up to 10 percent of ESG-CV funds may be used for administrative costs, as opposed to 7.5 percent as provided by 24 CFR 576.108(a);
- The ESG-CV funds are exempt from the ESG match requirements, including 24 CFR 576.201;
- That recipients may deviate from applicable procurement standards when using ESG-CV funds to procure goods and services to prevent, prepare for, and respond to coronavirus, notwithstanding 24 CFR 576.407(f) and 2 CFR 200.317-200.326; and
- While HUD encourages the County to offer treatment and supportive services when necessary to assist vulnerable homeless populations, individuals and families experiencing homelessness must be required to receive treatment or perform any other prerequisite activities as a

condition for receiving shelter, housing, or other services for which these funds are used, notwithstanding 24 CFR 576.301(e).

Homeless Management Information System (HMIS) Lead Activities

The Homeless Management Information System (HMIS) Lead may use ESG-CV funds to the extent necessary to upgrade or enhance its data on ESG-CV participants and activities related to COVID-19, including 24 CFR 576.107(a)(2).

Street Outreach Eligible Component – 24 CFR 576.101

Street Outreach activities in response to the coronavirus may include:

- Distribution of masks or other PPE, if available, to people who are unsheltered,
- Provision of handwashing stations and portable bathrooms, and
- Maintaining social distancing requirements during engagement.

HUD has approved the following as eligible costs under street outreach:

- Engagement: Hand sanitizer, soap, tissue packets, masks, disposable gloves, other PPE.
- Case Management: Coordinative medical care.
- Transportation: Train or bus tokens, taxi or rideshare for program participants' travel to and from medical care.
- Expanded Staffing: Hiring additional staff to support infectious disease preparedness, providing hazard pay to staff with direct participant contact.

Emergency Shelter Component – 24 CFR 576.102

- Shelters funded by ESG-CV must establish referral pathways to isolation and quarantine if a client needs such services.
- Shelters funded through ESG-CV will maintain social distancing requirements established in partnership with the County's health department.
- Shelters funded by ESG-CV may not turn away eligible program participants and must establish referral pathways to other shelter or housing if the shelter is at maximum capacity.
- Shelters funded by ESG-CV are strongly discouraged from implementing a maximum length of stay when a discharge will result in program participants returning to unsheltered settings or situations putting them at a higher risk of COVID-19 infection.

Homeless Prevention and Rapid Re-Housing Components

- The frequency of re-evaluations for homelessness prevention is required not less than once every six months, as opposed to once every three months by 24 CFR 576.301(b).
- The monthly case management requirement receiving homelessness prevention or rapid re-housing assistance (24 CFR 576.401(e) has been waived. Case management is on an as-needed basis as a result of COVID-19.
- The ESG-CV funds may be used to provide homelessness prevention assistance (as authorized under 24 CFR 576.103 or subsequent HUD notices) to any individual or family who does not

have income higher than 50% HUD's Very Low-Income Limit for the area and meets the criteria in paragraphs (1)(ii) and (1)(iii) of the "at risk of homelessness" definition in 24 CFR 576.3.

- The County will attempt to gain income verification however if the response is as such i.e. not available from the participant due to unemployment, etc. each month asked and/or during recertification, notes will be placed in the client's files.
- Under the CARES Act ESG-CV funding, there will be no rental payment requirement for households receiving financial assistance.
- ESG-CV funds may be used to mitigate the economic impact of COVID-19 by encouraging the maximum number of rental assistance months be extended/adjusted to address unemployment, loss of income, or benefits due to COVID-19.
- ESG-CV funds may be used to pay for landlord incentives that are reasonable and necessary to obtain housing for individuals and families experiencing homelessness and at risk of homelessness. Landlord incentives may not exceed three times the rent charge for the unit. Eligible landlord incentives include:
 - Signing bonuses equal to two months of rent.
 - Security deposits equal to up three months of rent.
 - Costs to repair damages incurred by the program participant not covered by vendor or program participant insurance, or by the security deposit or that are incurred while the program participant is still residing in the unit.
 - Paying the costs of extra cleaning or maintenance of a program participant's unit or appliances.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The Prince George's County Continuum of Care (CoC) for homeless persons is coordinated through the County's Homeless Services Partnership (HSP) which includes over one hundred (100) public and private agencies, faith-based organizations, service providers, mainstream programs, consumers and concerned citizens which meet monthly and work collaboratively to establish strategic priorities, assess progress, ensure compliance with HUD and other funder requirements and oversees full implementation of the County's Ten Year Plan to Prevent and End Homelessness.

The CoC is fully compliant with HUD's requirements for centralized intake and assessment. The CoC operates a 24-hour hotline for calls related to housing instability and homelessness. Entrance to all County emergency shelters, as well as diversion and prevention measures, are accessed through this hotline. The central point of entry allows homeless persons to gain services and shelter without having to navigate several different systems and application procedures. Residents are screened, assessed and linked to a prevention/diversion program or an appropriate emergency shelter based on gender, family composition, need, and bed availability. This centralized process includes system wide coordinated entry protocols for prioritizing and customizing homeless services based on the identified needs of the individual. These protocols create a prioritization code for all those currently in or entering the system which is used to help determine which response – RRH, Emergency Shelter, Transitional Shelter, or PSH is best suited to the household and will help reduce the time spent in homelessness as well as reducing the cost per successful placement. As part of this approach, the CoC also maintains a registry of all known chronically homeless persons and uses a vulnerability index to prioritize those most in need of

long-term subsidies and support. The centralized assessment team meets weekly to review all cases.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

Through direct operations, as well as publicly procured contracts with private non-profit agencies in the County, DSS currently uses ESG funds to provide emergency shelter, street outreach, HMIS, and homeless prevention and rapid re-housing services. Services are provided through the HSP provider network and all financial assistance funds are issued by DSS. Funding priorities for services are determined using several factors: (1) priority areas identified in the County Ten Year Plan to prevent and end homelessness, (2) alignment with HEARTH and ESG regulations, (3) level of need documented in HMIS (annual CAPER report), and (4) funds currently available for similarly situated activities.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The County meets the homeless participation requirement. Several members of the HSP are individuals who were homeless or formerly homeless.

5. Describe performance standards for evaluating ESG.

Written standards to be used in administering ESG activities have been developed in partnership with DHCD, DSS, and the CoC (HSP) and ensure:

1. Consistent evaluation of individual and family eligibility for assistance in accordance with the definitions of homeless and at risk of homelessness as well as with recordkeeping requirements;
2. Coordinated and integrated service delivery among all impacted providers;
3. Clear and distinct eligibility requirements in place for homelessness prevention versus rapid rehousing assistance;
4. Single mechanism for prioritizing applicants who are eligible for assistance;
5. Matrix that identifies what percentage and/or amount (or range thereof) each participant must pay, if any, while receiving assistance, how long a single participant may receive assistance (including maximum of months or times a participant may receive assistance), and adjustments in percentage and/or amount (or range thereof) the participant must pay (including the maximum amount of assistance a participant may receive), if any; and
6. Compliance with all ESG rules and regulations.

DHCD also uses monitoring standards governing activities set forth in HUD's monitoring guidebook for the ESG program for making judgments about the program effectiveness and management efficiency; which includes performance expectations (i.e., number of persons in overnight shelter, number of beds created, etc.).

Overview and summary of comments received for Prince George's County Five-Year Consolidated Plan and 2021 Annual Action Plan

Overview

As part its community engagement for its Five-Year Consolidated Plan, Prince George's County's Department of Housing and Community Development hosted one public meeting (December 5, 2019); three community forums (January 27, 2020; January 29, 2020; and January 31, 2020); and solicited public comments (from March 19 to April 17).

Each forum focused on understanding the needs or challenges (including any priorities) and solutions for a specific topic: housing; economic development; and quality-of-life. This information informed all aspects of Prince George's County Five-Year Consolidated Plan, especially the Needs Assessment and Strategic Plan sections.

This summary highlights key themes from feedback gathered through activities during all four public engagement activities and summarizes the public comments received. The themes were identified based on how often a keyword or idea was observed in participants' open-ended responses. For this reason, sentiment—such as whether the idea or keyword was shared in a positive or negative light—is captured in the discussion of each theme.

Attendance

In total, these in-person, public meetings collected input from more than 120 residents, Prince George's County staff, and local and regional stakeholders, including subrecipients of federal funds from Prince George's County. It is important to note that while all participants were encouraged to participate in small-group conversations, participation was voluntary.

Common themes from public meeting and forums

Six themes were cited most often across the public engagement activities: 1) housing affordability for renters and homeowners; 2) accessibility and independent living; 3) transportation access, comfort, and safety; 4) housing quality and safety; 5) school quality and educational attainment; and 6) limited knowledge about existing housing and economic development resources. Each theme is summarized in more detail below.

- **Housing affordability for renters and homeowners** – Participants shared concerns about the cost of homes, including increasing rents and property taxes, for both renters and homeowners living in Prince George's County. They see few opportunities for first-time homebuyers to purchase a “turnkey” home and more development being built at higher-price points (possibly to cater to Washington, DC residents seeking comparably lower-cost housing). Participants said it is especially difficult to find a safe, affordable home for persons receiving social security benefits (SSI or SSDI); households that qualify as extremely low-income (among others); persons living with a disability; and immigrants.
- **Transportation access, comfort, and safety** – Participants shared that limited transportation access, comfort, and safety—particularly for people using public transit—is affecting economic development opportunities and residents' quality-of-life. Participants cited a mismatch between where jobs are located and areas where public transit goes (in addition to the frequency and convenience of that service). One participant noted that many of Prince George's

County's public housing sites are not easily accessible without a car. They also expressed concerns about pedestrian safety, road maintenance, and the ease and comfort of using public transit when facilities, such as bus shelters, working streetlights, and sidewalks, are not present.

- ***Housing quality and safety*** – Housing quality and safety was cited consistently by participants. They shared concerns ranging from overcrowded conditions; pests and rodents; lack of running water; and overall property maintenance and upkeep. To address housing quality, participants proposed improved code enforcement, including more code enforcement inspectors. Other participants raised housing safety as a need among seniors aging in place, especially when their homes have not been retrofitted with accessibility and other aging-in-place modifications.
- ***School quality and educational attainment*** – Participants said that school quality and educational attainment affects both the housing market in Prince George's County and its economic development prospects. In terms of the housing market, participants cited that the quality (or perception of quality) of public schools in Prince George's County requires residents to make tradeoffs on where they locate in the county or stay in the county over time. One participant spoke about the county's public schools in a more positive way, citing programs being offered by Prince George's County Public Schools to bridge school and community life. In terms of economic development, participants shared that there's a disconnect between education (including job readiness among high schoolers) and available and/or higher paying employment opportunities.
- ***Limited knowledge about existing housing and economic development resources*** – Many participants said that Prince George's County—through its various departments and agencies—offers a wealth of housing and economic and workforce programs to individuals, families, nonprofits, and businesses. Participants, however, agreed that more needs to be done to increase awareness of and participation in these programs. Participants said more should be done to get the word out about available programs and resources and to provide support to help people or organizations effectively use them.

Participants at community forums shared additional needs beyond these common themes. Other needs shared by participants were as follows:

- Homelessness and emergency housing services (including rental assistance)
- Barriers to entering/re-entering the workforce
- Access to healthy food (including access to grocery stores and improved offerings through service providers)
- Zoning/diverse housing types
- Community image/perception
- Business attraction/higher wage jobs
- Financial literacy and counseling
- Recreation/community facilities
- Barriers to starting a business
- Mental/behavioral health
- Supportive housing and services
- Location of homes
- Housing discrimination

- Investor-owned real estate
- Language access
- Expiring housing subsidies
- Location of businesses and amenities relative to homes and transit service
- Lack of a comprehensive workforce strategy
- Capacity of existing businesses
- Fees associated with new development

When asked for ways to address the needs they shared, participants’ ideas ranged from using land differently (through a community land trust; maximizing community benefits on publicly owned property; and landbanking) to increasing opportunities for volunteering and intergenerational interactions to passing legislation to raise the minimum wage in Prince George’s County. Participants recommended policies such as tenant protections and inclusionary zoning. They also advocated for increased resources such as more tenant-based rental assistance and funding to support first-time homebuyers.

Participants said it was important to have clear preferences for specific populations when using resources or screening residents for publicly assisted housing. Seniors and persons living with disabilities were two groups cited frequently. However, some participants emphasized the intersectionality across populations (for example, a person living with a disability may also be veteran) and asked that programs and policies not limit these preferences to one group at the exclusion of others and their needs.

A common refrain was the importance of publicizing available housing, workforce, and economic development programs and removing barriers, such as only offering materials in English or the location of services relative to transit service, so people can access and effectively use available resources. Participants also emphasized the role that capacity-building and partnerships—with nonprofits, anchor institutions like hospitals and universities, the school district, and community members (especially as volunteers)—could play in addressing the needs they discussed at the public meeting and forums.

Key themes from each community forum

Each forum focused on understanding the needs or challenges (including any priorities) and solutions for a specific topic: housing; economic development; and quality-of-life. Individual themes from each public forum are summarized in Table 1.

Summary of written public comments received

The following is a summary of the written comments submitted to the County during the public comment period.

- **Organization:** Independence Now
Comment Summary: Clarify reference to goals associated with 91.315(e) and 91.220 (2). Independence Now fully supports the recommendation on page 148 to create a Full-time 504 coordinator for the Department. This would be an excellent addition and allow for an expert to be hired for this position who could then focus on accessibility issues.

County’s response: All comments received have been accepted and considered in the development of the FY 2021 – 2025 Consolidated Plan and FY 2021 Annual Action Plan.

- **Organization:** Housing Initiative Partnership, Inc.
Comment Summary: HIP recommends the following:
 - Add “blight” to eligible uses for CDBG
 - Allow “uncapped” limits for all CDBG homeownership programs, consistent with HOME funds
 - Consider income support for seniors and persons with disabilities
 - Continue to support homeownership through acquisition and rehabilitation of distressed single-family homes using HOME and CDBG
 - Continue funding Housing Rehabilitation Assistance Program (HRAP) to meet very strong demand among low-income homeowners for home repairs
 - There is a need for robust housing counseling, including: homebuyer education, foreclosure prevention, and eviction prevention for renters
 - Clarify hiring requirement under Section 3
 - Establish preferences for non-profits on local hiring contracts
 - Streamline environmental review process

County’s response: All comments received have been accepted and considered in the development of the FY 2021 – 2025 Consolidated Plan and FY 2021 Annual Action Plan.

- **Organization:** Youth Homelessness Demonstration Program, DSS
Comment Summary:
 - We are strongly requesting that unaccompanied homeless youth and young adults be included in each of the population listings.
 - Update language describing the Institutional Delivery Structure to be consistent with description in Annual Action Plan
 - We recommend adding a goal to Increase the supply of housing, counseling and outreach support to young unaccompanied homeless people
 - We want to express our support for organizations and projects supporting unaccompanied homeless youth

County’s response: All comments received have been accepted and considered in the development of the FY 2021 – 2025 Consolidated Plan and FY 2021 Annual Action Plan.

Appendix SP-35: Anticipated Resources

Section 108 Loan Pool Summary

Prince George's County's population is growing. This puts a strain on the local housing market and creates a shortage of decent, safe and quality housing that is affordable to very low-income persons. Additionally, the County's housing stock is concentrated in a few price points (rental options are generally priced for households earning between 31 and 80 percent of area median income) and few building types (predominantly single-family housing). Where there are different housing options (e.g., townhomes or larger multi-family buildings), they tend to be clustered in a few areas of the County, primarily inside the Beltway and in the north central areas of the County. The County intends to apply for the maximum amount of Section 108 Loan Guarantee financing under existing authority, approximately \$25 million, to establish a loan pool to support development projects. The County initially intends to use about \$12 to \$14 million of this funding. By leveraging Section 108 financing the County can support mixed-income and mixed-use developments, as well as economic development projects.

The County intends to submit a Generic Application to establish a Loan Pool. A Generic Application identifies a program, targeted areas for concentrated efforts of delivery, Eligible Activities and National Objectives the Loan Pool will fund. The application will enumerate specific Underwriting Guidelines governing credit and risk evaluation. As staff identifies prospective transactions, it will screen projects for compliance with eligibility and conformance to the low-to-moderate risk profile the Section 108 thresholds require. For projects surviving the screening process, staff will assemble an Eligibility Determination that documents program eligibility and credit and submit to the Area Office for approval.

Specifically, the purpose of the Section 108 Loan Pool is to assist with economic, housing, and community development activities in targeted areas. This will foster job creation and community and housing revitalization in these communities. Goals of the Section 108 Loan Pool include acquiring land for redevelopment and directly assisting businesses, nonprofits, and real estate development projects that produce a public benefit. Individual projects are proposed to be evaluated by a loan and investment committee involving County and subrecipient staff, as applicable, led by the County's Department of Housing and Community Development (DHCD). The Section 108 Loan Pool will be leveraged as a tool to bring real estate and community development projects to fruition in the County.

Section 108 National Objectives and Public Benefit Criteria

There are specific National Objectives, as defined by HUD, which this loan pool will address. Title 24 of the U.S. Code of Federal Regulations (CFR), Section 570.208, defines the criteria under which an activity may meet Section 570.200(a)(2), National Objectives. Section 570.200(a)(2) requires that all CDBG activities meet one of three national objectives. These objectives are to: 1) benefit low- and moderate-income families, 2) aid in the prevention or elimination of slums or blight, and 3) meet other urgent community development needs that pose a serious and immediate threat to the health or welfare of the community. Each project funded through the Section 108 Loan Pool will meet one of these National Objectives as detailed in Section 570.208. The primary national objective for Prince George's County's Section 108 Loan Pool will be the benefit of low- and moderate-income families using the housing occupancy criteria. Use of the urgent need national objective is not anticipated. Section 108 loans will also benefit the public directly and indirectly by allocating funds for redevelopment projects that would not occur in their absence.

Loan Activities

Section 108 funded projects will benefit residents of Prince George's County as they will either provide opportunities for low and moderate-income residents to access permanent residential housing or will permit other economic development activity to take place. Other economic development activity must be targeted either to citizens in a geographic area where at least 51 percent of residents are of low or moderate income or to groups of citizens residing anywhere within the County in which at least 51 percent of beneficiaries are of low or moderate income. The last possible usage of the loan pool is to provide jobs for individuals, of which at least 51 percent of said jobs employ persons of low or moderate income.

The Section 108 Loan Pool is intended to utilize three primary eligible activities:

- Special Economic Development (24 CFR 570.703(i) and 24 CFR 570.203/204)
- Acquisition of Real Property (24 CFR 570.703(a))
- Housing Rehabilitation (24 570.703(h))
- Public Facilities (570. 201(c))

As required by Title 24 of the CFR, Section 570.209, one of the underwriting objectives for the Section 108 Loan Pool is to avoid substituting CDBG funds for non-Federal financial support. Additionally, the creation of Prince George's County's Section 108 Loan Pool will create jobs for low- and moderate-income persons, provide services to a low-income area and/or eliminate conditions of blight in the County. The specific hiring parameters for jobs created or retained through Section 108 funds may not exceed \$50,000 per full-time permanent job created by the CDBG assistance, or \$1,000 per low- and moderate-income person aided by the creation of the activity. The goal of using Section 108 loan pool to lend to businesses that invest in real estate activities is to create net new jobs in County, especially on behalf of individuals meeting the low to moderate income criteria.

Section 108 loans will be used for traditional lending, in addition to short-term financing. An example of the type of loans that the Section 108 Loan Pool may provide is short-term monies dedicated to bridging a financial gap for economic development projects that will utilize local and state investments in the future, but which need immediate assistance in gathering initial financing.

Financial Guarantees, Reporting, and Usage

If the Section 108 Loan Pool is approved, any potential borrowers will be obligated to send quarterly reports to the County detailing job creation resulting from Section 108 Loan Pools. Collateral needed to secure a loan through the Section 108 Loan Pool includes real property assets, personal and/or corporate guarantees, and pledge of future CDBG allocation. However, the County anticipates that all loans, individual and collectively, will be self-supporting. In the event loan pool funds are used to support Public Facilities or infrastructure projects, the County may pledge other assets or income to secure the transaction.

For transactions (primarily economic development projects) subject to the Appropriateness Criteria (24 CFR 570.209), the Eligibility Determinations for individual projects will document conformance to the provisions of Appendix A (24 CFR 570.209(a)) and the Public Benefit standards (24 CFR 570.209(b)). Moreover, the County will establish a "systems" approach regarding delivery. Consequently, staff will set up "subsystems" for marketing, screening, packaging, approving, closing, disbursing and servicing loans.

BILL

1 AN ACT concerning

2 Five-Year Consolidated Housing and Community Development Plan

3 For the purpose of amending the provisions of the County's Five-Year Consolidated Housing
4 and Community Development and Annual Action Plans by adding requirements under Section 3
5 of the Housing and Urban Development Act of 1968; as amended; and generally relating to
6 housing and community development in the County.

7 BY repealing and reenacting:

8 SUBTITLE 15A. CONSOLIDATED HOUSING
9 AND COMMUNITY DEVELOPMENT PLAN.

10 Sections 15A-103, 15A-104, 15A-105 and 15A-106

11 The Prince George's County Code

12 (2007 Edition, 2010 Supplement).

13 SECTION 1. BE IT ENACTED by the County Council of Prince George's County,
14 Maryland, that Section 15A-103, 15A-104, 15A-105 and 15A-106 of the Prince George's County
15 Code be and the same is hereby repealed and reenacted:

16 SUBTITLE 15A. CONSOLIDATED HOUSING
17 AND COMMUNITY DEVELOPMENT PLAN.

18 * * * * *

1 **Sec. 15A-103. Five-Year Consolidated Housing and Community Development Plan, [and]**
2 **Annual Action Plan and Section 3 Action Plan.**

3 (a) Pursuant to applicable Federal regulations the County Executive shall prepare on
4 behalf of Prince George's County and submit to the County Council for approval:

5 (1) A Five-Year Consolidated Housing and Community Development Plan,
6 commencing in July 1995 and each fifth year thereafter; and

7 (2) An annual Action Plan and Statement of Community Development Objectives
8 and Projected Use of Funds, which shall constitute the County's Housing and Community
9 Development Program and activities to address the needs of the homeless, and applications for
10 securing federal funds under the terms of the Housing and Community Development Act of
11 1974, as amended, the Cranston-Gonzalez National Affordable Housing Act of 1990, and the
12 Stewart B. McKinney Homeless Assistance Act of 1988.

13 (3) A Section 3 Action Plan, to implement Section 3 of the Housing and Urban
14 Development Act of 1968 as amended, (12 U.S.C. 1701u and implementing regulations at 24
15 CFR 135), which shall establish the strategies and goals to be followed to ensure that the
16 objectives of Section 3 are met in the use of applicable federal funds in the County, including the
17 objectives of promoting local economic development, neighborhood economic development,
18 local hiring and employment, local procurement opportunities and individual self-sufficiency.
19 The purpose of Section 3 is to ensure that employment and other economic opportunities
20 generated by certain HUD financial assistance shall, to the greatest extent feasible, and
21 consistent with existing Federal, State and local laws and regulations, be directed to very low,
22 low and moderate income persons living in Prince George's County, particularly those who are
23 (1) recipient of government assistance for housing, and (2) to business concerns which provide
24 economic opportunities to very low and low income persons. The mission of Section 3 is to
25 utilize existing federal programs to maximize economic for very low, low and moderate income
26 persons. A Section 3 Action Plan when properly crafted at the grantee level can help address
27 unemployment, underemployment, and economic poverty. Section 3 as national policy addresses
28 issues such as housing affordability, employment status, and individual earnings. Section 3
29 requirements apply to HUD grantees and applies to all contractors and subcontractors performing
30 work in connection with projects and activities funded by federal community development
31 assistance covered by Section 3. The enactment of a Section 3 Action Plan is not a requirement

1 of Section 3 of the Housing and Urban Development Act of 1968, but is a tool to assist
 2 jurisdictions in facilitating its implementation.

3 **Sec. 15A-104. Consolidated Housing and Community Development Plan -- content.**

4 (a) The Five-Year Consolidated Housing and Community Development Plan shall include,
 5 but is not limited to, the following:

6 (1) A comprehensive assessment of housing and community development needs
 7 within appropriate subareas of the County (such as neighborhoods, census tracts, or other
 8 convenient statistical areas), including consideration of such factors as the distribution of
 9 residents with limited incomes (as defined by Federal regulations), over-crowded housing
 10 conditions, and substandard housing units, as well as areas of racial and ethnic concentration;
 11 and

12 (2) A comprehensive strategy for meeting the neighborhood revitalization, housing,
 13 and economic development needs including:

14 (A) A housing and homeless needs assessment that addresses the needs of
 15 households that are of low and moderate income, and homeless households and individuals with
 16 special needs;

17 (B) A housing market analysis that describes the number and type of housing
 18 units available to persons of limited income, as well as the homeless and special needs
 19 populations;

20 (C) Strategic plans for adequate housing, homeless households, persons with
 21 special needs, persons living in public housing;

22 (D) Strategic plans for community development including criteria for
 23 establishing priority needs and rationale for selecting priority projects in the areas of public
 24 facilities improvements, economic development, and public service activities; and

25 (E) The priorities for the use of federal entitlement funds under such programs
 26 as Community Development Block Grant, HOME Investment Partnerships, Emergency
 27 Solutions Grant, Housing Opportunities for Persons with Aids, Neighborhood Stabilization
 28 Grant Program, and HUD Section 108 Loan Guarantee Program.

29 (3) An identification, by name and geographical boundaries, of the areas
 30 recommended for concentrated improvement efforts, together with statements of justification for
 31 each of the areas recommended for improvement;

1 (4) Legible maps that shall show such information as:

2 (A) The distribution of low and moderate income households;

3 (B) Extent and location of households experiencing housing cost burdens;

4 (C) The location of all [proposed block grant funded] federal community
 5 development assistance projects and other federally-funded projects which show a coordinated
 6 use of federal funds;

7 (D) Geographic targeting of federal funds in neighborhood strategy areas.

8 (b) Beginning in 2015 the Five-Year Consolidated Housing and Community Development
 9 Plan shall include a Section 3 Action Plan that addresses policies and procedures for all HUD
 10 covered activities such as: (1) programs that may include multiple contracts, contracts with parts
 11 of HUD funding of public or residential construction projects; (2) services and professional
 12 services activities generated by construction, such as roads, sewers, sidewalks, community
 13 centers, etc; and (3) all public housing authority covered activities such as maintenance,
 14 development, modernization, and operations.

15 **Sec. 15A-105. Annual Housing and Community Development Action Plan -- content.**

16 (a) The annual Housing and Community Development Action Plan shall be generally
 17 consistent with the Strategic Plans contained in the Five-Year Consolidated Housing and
 18 Community Development Plan and the Annual Statement of Community Development
 19 Objectives and shall include:

20 (1) A detailed description of recommended housing and community development
 21 activities proposed for implementation during the succeeding program year;

22 (2) The estimated cost of each project proposed in the subject program year, and the
 23 total cost to bring the project to completion if it is a multiyear project, together with an
 24 identification of the sources of such funds;

25 (3) The geographical boundaries, locations, and targeting where applicable;

26 (4) Identification of the agency or combination of agencies responsible for
 27 administering and/or implementing the recommended activities;

28 (5) Identification of priority housing activities and federal resources to address the
 29 needs of low and moderate income households, as well as special needs populations;

30 (6) Identification of priority activities in areas that address underserved housing needs
 31 which include, but are not limited to: maintaining adequate housing; removing barriers to

1 adequate housing; evaluating and reducing lead-based paint hazards; reducing the number of
 2 poverty level families; developing institutional structures; enhancing coordination between
 3 public and private housing, and social services agencies; and fostering public housing
 4 improvements and resident initiatives; and

5 (7) Submission of a combined application for use of federal entitlement funds for
 6 programs such as Community Development Block Grant, HOME Investment Partnerships, and
 7 Emergency Shelter Grant, Neighborhood Stabilization Grant Program, and HUD Section 108
 8 Loan Guarantee Program.

9 **Sec. 15A-106. Review and approval of the Five-Year Consolidated Housing and**
 10 **Community Development Plan and Annual Action Plan.**

11 (a) The County Executive shall forward each proposed Five-Year Consolidated Housing
 12 and Community Development Objectives Plan, the Section 3 Action Plan, and each Annual
 13 Action Plan and Statement of Community Development Objectives to the County Council on or
 14 before March 15. Upon receipt, the County Council shall cause to be published, in the county
 15 newspapers of record, notice of one or more public hearings to be held on the proposed
 16 Consolidated Housing and Community Development Plan and each Annual Action and Section 3
 17 Action Plan. After the public hearing(s), the County Council may amend any part of the
 18 Consolidated Housing and Community Development Plan or Annual Action Plan and the Section
 19 3 Action Plan and shall act by resolution on each Consolidated Housing and Community
 20 Development Plan, each Annual Action Plan and the Section 3 Action Plan not later than sixty
 21 (60) calendar days after receipt thereof. Following approval, the County Council shall forward
 22 each approved Consolidated Housing and Community Development Plan and each approved
 23 Annual Action Plan and the Section 3 Action Plan to the County Executive who shall furnish
 24 copies thereof to all agencies of government having responsibility for administering and/or
 25 implementing activities identified therein. In submitting the annual expense budget, capital
 26 budget, and capital program to the County Council for the succeeding fiscal year following the
 27 date of approval of each Annual Action Plan, the County Executive shall state to what extent
 28 said documents implement each approved annual plan and shall identify related budgetary and
 29 capital program items.

1 (b) Upon approval of each five-year plan, each Annual Action Plan and the Section 3
2 Action Plan, the County Executive shall transmit them to the designated federal and state
3 agencies for review and approval together with other necessary documentation and certifications.

5 SECTION 3. BE IT FURTHER ENACTED that the provisions of this Act are hereby
6 declared to be severable; and, in the event that any section, subsection, paragraph, subparagraph,
7 sentence, clause, phrase, or word of this Act is declared invalid or unconstitutional by a court of
8 competent jurisdiction, such invalidity or unconstitutionality shall not affect the remaining
9 words, phrases, clauses, sentences, subparagraphs, paragraphs, subsections, or sections of this
10 Act, since the same would have been enacted without the incorporation in this Act of any such
11 invalid or unconstitutional word, phrase, clause, sentence, subparagraph, subsection, or section.

12 SECTION 4. BE IT FURTHER ENACTED that this Act shall take effect forty-five (45)
13 calendar days after it becomes law.

Adopted this 20th day of November, 2012.

COMMITTEE REPORTS:

THE Committee Report

Date 11/8/2012

November 8, 2012

Committee Vote: No Recommendation, 5-0 (Council Members Olson, Toles, Davis, Lehman and Patterson)

The Legislative Officer provided a summary of the bill and referral comments that were received. CB-112-2012 concerns the Five-Year Consolidated Housing and Community Development Plan ("Five-Year Con Plan") for the purpose of amending the provisions of the County's Five-Year Consolidated Housing and Community Development and Annual Action Plans by adding requirements under Section 3 of the Housing and Urban Development Act of 1968, as amended; and generally relating to housing and community development in the County.

The Legislative Officer review of CB-112-2012, which would amend Article 15A of the County Code to require a Section 3 Plan as part of the Five-Year Con Plan and each Annual Action Plan goals and strategies for compliance

with the requirement of Federal Law for low and very-low income persons for employment and businesses in the County that receive federal funding. The Legislative Officer and staff provided additional information to the Committee and in response to questions by members.

Council Member Franklin, bill sponsor, provided the rationale for the legislation and reviewed a Proposed Draft 2 with amendments discussed with the County Executive and the Department of Housing and Community Development (DHCD). The Legislative Officer advised that the Committee could not vote on any proposed amendments prior to the scheduled public hearing and any non-substantive amendments could be considered prior to enactment.

DHCD Director Eric Brown and Deputy Director Estella Alexander provided comments and answered questions by the members of the Committee regarding the bill. With several amendments discussed and proposed by the bill sponsor, they were supportive of the bill.

The Office of Law determined that CB-112-2012 was in proper legislative form but provided additional information and clarification on the legislative intent of the bill to be effective upon the adoption of the next Five-Year Con Plan expected in FY 2015.

The Office of Audits and Investigation indicated there should be a minimal negative fiscal impact on the County as a result of adopting CB-112-2012 because of the administrative and operational requirements for compliance.

BACKGROUND INFORMATION/FISCAL IMPACT:

(Includes reason for proposal, as well as any unique statutory requirements)

This legislation seeks to amend provisions of the County's Five-Year Consolidated Housing and Community Development and Annual Action Plans by adding requirements under Section 3 of the Housing and Urban Development Act of 1968, as amended.

11/20/2012: CB-112-2012 was amended on the floor; CB-112-2012 (DR-2) was enacted.

8 (a) The Purchasing Agent shall structure the procurement procedures and activities of the
 9 County to facilitate and encourage the award of at least thirty percent (30%) of the total dollar
 10 value of all County contracts awarded, directly or indirectly, to County-based minority business
 11 enterprises or minority business enterprises. The value of subcontracts with County-based
 12 minority business enterprises or minority business enterprises shall be included in the
 13 computation of the above total dollar value.

14 (b) In all bids for the construction of public works, if the work is to be subcontracted by
 15 the bidder, every bidder, in order to be considered a responsive bidder, shall be required to
 16 subcontract with County-based minority business enterprises or minority business enterprises for
 17 at least twenty percent (20%) of the total dollar volume of the contract price unless such bidder is
 18 itself a minority business enterprise or County-based minority business enterprise.

19 (c) In determining the lowest responsible and responsive bidder, for contracts valued at
 20 One Million Dollars (\$1,000,000) or less, the Purchasing Agent shall adjust the bid price(s)
 21 submitted by a County-based Minority Business Enterprise or a minority business enterprise, for
 22 the purposes of evaluation and award only, by reducing the bid price(s) of such firm by the
 23 application of bonus factors according to the following schedule:

BID OF LOWEST RESPONSIVE BIDDER	MINORITY BUSINESS ENTERPRISE	PRINCE GEORGE'S BASED MINORITY BUSINESS ENTERPRISE BONUS FACTOR
Factored by:	.05	[.10] .15

24 (d) For contracts valued greater than One Million Dollars (\$1,000,000), the Purchasing
 25 Agent shall adjust the bid price submitted by a County-based Minority Business Enterprise or a
 26 Minority Business Enterprise for the purpose of evaluation and award only by reducing the bid
 27 price(s) of such firm by the application of an Evaluation Bonus according to the following
 28 schedule:

	MINORITY BUSINESS ENTERPRISE	PRINCE GEORGE'S BASED MINORITY BUSINESS ENTERPRISE BONUS FACTOR
Bid Price Subtracted by:	\$50,000.00	[\$100,000.00] <u>\$150,000.00</u>

1
2 (e) Bids or proposals are entitled to receive the greater of the preference points or
3 percentages allowed under either this Section or Section 10A-158, as applicable. The
4 preferences allowed under this Section and Section 10A-158 shall not be applied cumulatively.

5 (f) [(e)] The Purchasing Agent shall, for all contracts, consult with the Minority
6 Business Development Division in order to determine whether subcontracting is appropriate. If
7 subcontracting is determined to be appropriate, the Purchasing Agent [may] shall include a
8 mandatory minority business enterprise and County-based minority business enterprise
9 subcontract clause that requires up to twenty percent (20%) of the contract's total value be
10 performed by one or more minority business enterprises[.] or County-based minority business
11 enterprises. A contract with a total value of \$500,000 or greater that includes a mandatory
12 minority business enterprise and County-based minority business enterprise subcontract clause
13 shall also include compliance with a mandatory subcontracting plan as a condition of the
14 contract, the requirements of which shall be determined by the Purchasing Agent, and which
15 applies for the full term of the contract. The Purchasing Agent shall require that the mandatory
16 subcontracting plan, at a minimum, provides verification of the percentage of the contract's total
17 value that is subcontracted to County-based minority business enterprises or minority business
18 enterprises throughout the full term of the contract. Any change to the mandatory subcontracting
19 plan must be approved by the Purchasing Agent and notice of such a change shall be given by
20 the Purchasing Agent to the MBE Compliance Officer of the County Council within seven (7)
21 calendar days after the date the change is approved. The Purchasing Agent may include a
22 mandatory minority business enterprise and County-based minority business enterprise
23 subcontracting goal that is less than (20%) of the contract's total value only;

24 (1) After consultation with the Minority Business Development Division;

25 (2) Upon a determination that a twenty percent (20%) mandatory minority business
26 enterprise and County-based minority business enterprise subcontracting goal is not able to be
27 obtained at a reasonable price; and

1 (3) Upon a determination that the public interest is served.

2 (g)[(f)] In making the determinations that the public interest is served, under Subsection
3 [(e)] (f), the Purchasing agent shall obtain the concurrence of the Executive Director and may
4 consider engineering estimates, the general market availability of minority business enterprises
5 to provide the services requested, other bids and offers, the cost of the contract, and any other
6 relevant factor.

7 (h)[(g)] If, for any reason, a bidder is unable to achieve a subcontract goal for Minority
8 Business Enterprise and County-based Minority Business Enterprise participation as required by
9 the Purchasing Agent, the bidder may request, in writing, a waiver of the goal with justification
10 to include the following:

11 (1) A detailed statement of the efforts made to select portions of the work proposed to
12 be performed by minority business enterprises and County-based minority business enterprises in
13 order to increase the likelihood of achieving the stated goal;

14 (2) A detailed statement of the efforts made to contact and negotiate with minority
15 business enterprises and County-based minority business enterprises including:

16 (A) The names, addresses, and telephone numbers of minority business
17 enterprises and County-based minority business enterprises and the dates such minority
18 businesses and County-based minority business enterprises were contacted, and

19 (B) A description of the information provided to minority business enterprises
20 and County-based minority business enterprises regarding the plans, specifications, and
21 anticipated time schedule for portions of the work to be performed;

22 (3) As to each Minority Business Enterprise or County-based Minority Business
23 Enterprise that placed a subcontract quotation or offer which the bidder considered not to be
24 acceptable, a detailed statement of the reasons for this conclusion; and

25 (4) A list of Minority Business Enterprise and County-based Minority Business
26 Enterprise subcontractors found to be unavailable to perform under the contract.

27 The Purchasing Agent may grant the waiver only upon a reasonable demonstration by
28 the bidder that the Minority Business Enterprise or County-based Minority Business Enterprise
29 participation goal is unable to be obtained at a reasonable price and if the Purchasing Agent
30 determines that the public interest will be served.

1 (i)[(h)] Whenever the County procures goods or services in accordance with Section
 2 10A-113 of this Code and weighted evaluation points are used, up to 15% of the total scored
 3 evaluation points shall be [awarded] given for Minority Business Enterprise[s] or County-based
 4 Minority Business Enterprise participation unless the Purchasing Agent elects to restrict the
 5 procurement pursuant to Subsection (i) of this Section. [below.]

6 (j)[(i)] The Purchasing Agent may, after consultation with the Minority Business
 7 Development Division, require that the competitive bidding of contracts be restricted to minority
 8 business enterprises or County-based minority business enterprises owned by minority
 9 individuals as defined in Section 10A-101(a), provided there are at least three (3) minority
 10 business enterprises or County-based minority business enterprises that are providers in the trade
 11 of goods or services for which the contract is advertised. No contract shall be awarded pursuant
 12 to this provision if the resultant low bid exceeds by fifteen percent (15%) the most recent unit
 13 price for the same or most recently comparable goods or services, unless the Minority Business
 14 Development Division determines that prices in the relevant market have increased for all
 15 vendors without regard to minority status beyond fifteen percent (15%) since the last time similar
 16 goods or services were procured.

17 (k)[(j)] The Purchasing agent shall consider the following criteria in determining whether
 18 to utilize a procurement method authorized by either Subsections (c), (d), (h)[(g)], (i)[(h)], and
 19 (j)[(i)] of this Section or Section 10A-113:

20 (1) Whether the procedure selected is likely to increase the number of minority
 21 business enterprises or County-based minority business enterprises responding to the County's
 22 procurement requirements;

23 (2) Whether the procedure selected is likely to increase the dollar value of
 24 procurement awards to minority business enterprises or County-based minority business
 25 enterprises;

26 (3) Whether the procedure selected is likely to further the County's goals under this
 27 Division 6 of the Code without unnecessarily interfering with the efficient operation of the
 28 County government; and

29 (4) Whether the procedure selected is the most effective alternative available which
 30 will further the goals stated in this Section.

1 Revenue Code;

2 (c) a parent teacher organization ("PTO"), parent-teacher association
 3 ("PTA"), or parent-teacher-student association ("PTSA") affiliated with the Prince George's
 4 County Public Schools ("PGCPS"); or

5 (d) an incorporated municipal government.

6 An eligible community stakeholder under 4(a) or 4(b) of this Section must be
 7 incorporated at an address or represent homeowners or tenants living at an address that is within
 8 a three (3) mile distance of the County assisted development (as measured from the outer
 9 boundary of the development site in any direction) for at least twelve (12) consecutive months
 10 immediately prior to the County Council's selection of the eligible stakeholders by resolution
 11 under Section 10-284. An eligible community stakeholder under 4(c) of this Section must be
 12 affiliated at a school that is within a three (3) mile distance of the County assisted development
 13 (as measured from the outer boundary of the development site in any direction).

14 (5) Labor Peace Agreement means an agreement as defined by Section 10-285(c)(1).

15 (6) Public benefit means contracts, grants, conditional loans, tax abatements, land
 16 transfers for public redevelopment, or tax increment financing from a County agency or the
 17 County government. This definition also includes grants or conditional loans from a third party
 18 that receives more than 50% of its annual budget in the most recent fiscal year from funds
 19 received from or administered by a County agency or the County government and indirect grants
 20 or conditional loans from a County agency or the County government that are facilitated by a
 21 third party. This definition does not include funds from the Community Development Block
 22 Grant ("CDBG") program or tax credits awarded under Subtitle 10 of the Code. The application
 23 of this definition is subject to the restrictions of federal and state law.

24 (7) Stakeholder representative means a person selected by an eligible community
 25 stakeholder to represent the stakeholder in the community coalition.

26 **Sec. 10-284. Community Benefit Agreements authorized.**

27 (a) On a case by case basis, as a condition of a public benefit, the County Executive may
 28 require the developer(s) of a County assisted development that is awarded a total public benefit
 29 of a value greater than Three Million Dollars (\$3,000,000) to enter into a Community Benefit
 30 Agreement with the County.

31 (b) A community coalition, comprised of stakeholder representatives of eligible

1 community stakeholders selected by a resolution proposed by the County Executive to the
2 County Council, shall negotiate a recommendation to the County Council for a Community
3 Benefit Agreement with the developer(s) of a County assisted development. A recommended
4 Community Benefit Agreement may be amended and must be approved by resolution of the
5 County Council, signed by the County Executive, and signed by the developer(s) of a County
6 assisted development in order to become a legally binding Community Benefit Agreement
7 between the County and the developer(s).

8 (1) An eligible community stakeholder selected by County Council resolution under
9 this Subsection is entitled to select only one (1) individual to be a stakeholder representative and
10 member of the community coalition on its behalf. The eligible community stakeholder may
11 replace or remove this stakeholder representative from the community coalition at any time.

12 (2) A stakeholder representative shall only have one vote on any decision or action
13 made by a community coalition.

14 (3) Any vote or other action taken by a community coalition must be made at a public
15 meeting of the community coalition, which shall not occur unless public notice of the meeting
16 has been posted for at least five (5) calendar days.

17 (4) An agreement between the developer(s) of the County assisted development and a
18 majority of the community coalition shall be required in order to make a recommendation for a
19 Community Benefit Agreement to the County Council.

20 (5) A community coalition is a public body under the applicable laws of Prince
21 George's County, Maryland.

22 (6) Other procedures for the operation and function of a community coalition, including
23 the selection and authority of officers of the community coalition, may be set forth in regulations
24 as authorized in Section 10-286.

25 (c) A community coalition and the developer(s) with whom the coalition is negotiating
26 under this Section shall recommend a Community Benefit Agreement within ninety (90) days of
27 the effective date of the County Council resolution establishing the coalition's community
28 stakeholders pursuant to Subsection (b) of this Section. In the event a community coalition and
29 the developer(s) of a County assisted development subject to this Section do not recommend a
30 Community Benefit Agreement to the County Council within this ninety (90) day period, the
31 County Council may adopt a resolution establishing and approving the terms of the Community

1 Benefit Agreement. Such an agreement must be signed by the County Executive and signed by
 2 the developer(s) of the County assisted development subject to this Section in order to become a
 3 legally binding Community Benefit Agreement between the County and the developer(s).

4 (d) The aggregate monetary value of the community benefits required to be proffered in a
 5 Community Benefit Agreement by the developer(s) of a County assisted development subject to
 6 this Section shall be no greater than ten percent (10%) of the total value of the public benefit
 7 awarded to the developer(s) for the County assisted development, as valued by the County's
 8 Office of Management and Budget.

9 (e) A violation of a Community Benefit Agreement by the developer(s) of a County
 10 assisted development subject to this Section may result in a fine of up to five percent (5%) of the
 11 monetary value of the received public benefit for each violation or, for repeated violations, a
 12 complete refund of the value of the received public benefit and cancellation of the remaining
 13 public benefit award, as determined by the County Executive or the County Executive's
 14 designee. Compliance with this Section shall be included as a condition of the Community
 15 Benefit Agreement or the agreement shall be void.

16 (f) Nothing in this Section shall be interpreted to preclude the inclusion of a Community
 17 Benefit Agreement for a development or project not covered by the requirements of this
 18 Division.

19 (g) Any County Council resolution enacted to establish a Community Benefit Agreement
 20 under this Section shall be proposed and adopted on the public record at a public hearing in
 21 compliance with Section 15-807 of the State Government Article of the Annotated Code of
 22 Maryland.

23 **Sec. 10-285. Labor Peace Agreements authorized.**

24 (a) Legislative findings and policy.

25 (1) In the course of managing real property that it owns or in otherwise carrying out its
 26 functions in the public interest, the County may participate in real property developments as a
 27 property owner, lessor, proprietor, lender, or guarantor, facing similar risks and liabilities as
 28 other business entities participating in such ventures. As a result, the County has an ongoing
 29 proprietary interest in these developments and a direct interest in their financial performance.

30 (2) The County must make prudent management decisions, similar to any private
 31 business entity, to ensure efficient management of its business concerns and to maximize

1 benefits and minimize risks. One risk is the possibility of labor-management conflict.

2 (3) A major potential outcome of labor-management conflict is economic action by
 3 labor unions against employers. Experience of municipal and other investors demonstrates, for
 4 example, that organizing drives pursuant to the formal and adversarial union certification process
 5 often deteriorate into protracted and acrimonious labor-management conflict. Labor-
 6 management conflict can result in construction delays, work stoppages, picketing, strikes,
 7 consumer boycotts, and other forms of adverse economic pressure. Such conflict may adversely
 8 affect the County's financial or other proprietary business interests by causing delay in the
 9 completion of a project, reducing the revenues or increasing the costs of the project, and by
 10 generating negative publicity.

11 (4) One method of reducing the risk to the County's proprietary interests is to require,
 12 when reasonable and prudent, as a condition of the County's investment or other economic
 13 participation in a development project, that employers taking part in the development project
 14 seek agreements with labor organizations in which the labor organizations agree to forbear from
 15 adverse economic action against the employers' operations.

16 (b) Determination of need for labor peace agreement.

17 (1) For each development project, the County Executive shall determine whether
 18 Prince George's County has a proprietary interest in the development project and whether a
 19 Labor Peace Agreement would be appropriate. The factors to be taken into account when
 20 determining the existence of a proprietary interest will include:

21 (A) Through a lease of real property that is owned by Prince George's County
 22 and used for the development project, receives ongoing revenue, excluding government fees, tax
 23 revenue, or assessment revenue, or similar fees and revenues, except for tax revenue under the
 24 circumstances specified in Subparagraphs (B) and (C) of this Paragraph;

25 (B) Receives ongoing revenue from the project to repay loans provided by the
 26 County to assist in the development of the project, including incremental tax revenues generated
 27 by the project;

28 (C) Receives ongoing revenue from the project to pay debt service on bonds
 29 provided by the County to assist in the development of the project, including incremental tax
 30 revenues generated by the project;

31 (D) Has significant assets at risk because it has agreed to underwrite or guarantee

1 the development of the project or loans related to the project; or

2 (E) Has a significant ongoing economic and nonregulatory interest at risk in the
 3 financial success of a project which is likely to be adversely affected by labor-management
 4 conflict, except that no interest shall be considered economic and nonregulatory if it arises from
 5 the exercise of regulatory or police powers such as taxation (except as set forth in Subparagraphs
 6 (B) and (C) of this Paragraph), zoning, or the issuance of permits or licenses.

7 (2) (A) If the County Executive determines that the County has a proprietary interest
 8 at risk in a development, the County Executive shall require that the developer(s) of the project,
 9 including the developer(s)' tenants, subtenants, contractors, or subcontractors; demonstrate that
 10 they have entered into a labor peace agreement with the labor organization(s) which seek to
 11 represent, or might seek to represent, workers on the project, prior to, and as a condition
 12 precedent of, the County's award of a public benefit to the development project.

13 (B) For the purposes of this Section:

14 (i) Contract means a written agreement, including a management
 15 agreement, service agreement, loan, bond, guarantee, or other similar agreement, to which the
 16 County is a party and in which the County has a proprietary interest;

17 (ii) Employer means any person, corporation, company, association,
 18 limited or general partnership, joint venture, contractor, subcontractor, or other entity that
 19 employs individuals at the site of a development project; provided, that the term "employer"
 20 shall not include the United States, Prince George's County, a wholly owned government
 21 corporation, a Federal Reserve Bank, or a state or other political subdivision;

22 (iii) Labor organization shall have the same meaning as under 29 U.S.C.,
 23 §152(5).

24 (iv) Labor peace agreement means a written agreement between an
 25 Employer and a Labor Organization, enforceable under Section 301 of the Labor Management
 26 Relations Act, 29 U.S.C. § 185, that contains, at a minimum, (1) a provision prohibiting the
 27 Labor Organization and its members from engaging in any picketing, work stoppage, boycott, or
 28 other economic interference with the employer's operations in which the County has a
 29 proprietary interest, for the duration of the interest; and (2) provides that any services to be
 30 performed by employees of the employer's tenants, subtenants, contractors, or subcontractors
 31 will also be done under agreements containing the same labor peace assurance.

1 (v) Services means construction, janitorial, security (but not national
2 security), building and grounds maintenance, warehousing and distribution, mechanics and truck
3 services, hotel (and any restaurant connected thereto), and grocery sales.

4 (c) Exceptions.

5 The requirements to enter into a labor peace agreement shall not apply to:

6 (1) An employer at the development project that meets the definition of a "small
7 business" pursuant to the Code of Maryland Regulations ("COMAR") 21.01.02.01(80);

8 (2) A development project that is not awarded a total public benefit of a value greater
9 than One Million Dollars (\$1,000,000);

10 (3) A residential development project;

11 (4) A development project that receives only conduit bond financing from the County,
12 in which the County does not retain a proprietary interest; or

13 (5) A development project involving a historically designated building.

14 (e) Limitations.

15 (1) Nothing in this Section requires an employer to recognize a particular labor
16 organization.

17 (2) Nothing in this Section requires an employer to enter into a collective bargaining
18 agreement establishing the substantive terms and conditions of employment.

19 (3) This Section is not intended to, and shall not be interpreted to, enact or express any
20 generally applicable policy regarding labor-management relations or to regulate those relations
21 in any way.

22 (4) This Section is not intended to favor any particular outcome in the determination
23 of employee preference regarding union representation.

24 (5) Nothing in this Section permits or requires the County or any employer to enter
25 into any agreement in violation of the National Labor Relations Act of 1935, approved July 5,
26 1935 (49 Stat. 449; 29 U.S.C.S. § 151 et seq.).

27 (f) Requirement of County notice.

28 A request for proposals or invitation to bid or similar document regarding a development
29 project subject to this Section shall include a summary description of and reference to the
30 requirements of this Section. Failure to include a description or reference to this Section in the
31 document shall not exempt an employer otherwise subject to the requirements of this Section.

1 **Sec. 10-286. Regulations authorized.**

2 The County Executive may promulgate regulations to govern the implementation of this
 3 Division, provided that such regulations are consistent with the provisions of this Division. Any
 4 such regulations must be approved by the County Council.

5 SECTION 3. BE IT ENACTED by the County Council of Prince George's County,
 6 Maryland, that Sections 10A-157, 10A-158, 10A-159, 10A-160, 10A-161, 10A-162, 10A-163,
 7 10A-164, 10A-165, 10A-166, 10A-167, 10A-168, 10A-169, and 10A-170 of the Prince George's
 8 County Code be and the same are hereby added:

9 **SUBTITLE 10A. PURCHASING.**

10 **DIVISION 7. ECONOMIC DEVELOPMENT.**

11 **Sec. 10A-157. Legislative findings and policy.**

12 (a) The County government finds that the public interest will be served by encouraging
 13 businesses to locate and remain in Prince George's County through the provision of local bid and
 14 proposal preferences and participation requirements for County-based businesses and County-
 15 based small businesses in the award of contracts in direct government procurement.

16 (b) The County government finds that the local bid and proposal preferences and local
 17 participation requirements in direct government procurement prescribed in Subdivision 1 of this
 18 Division will serve the public interest because the resulting growth and development of County-
 19 based businesses and County-based small businesses will have a significant, positive impact on
 20 the economic health of the County by, among other things, increasing the County's commercial
 21 tax revenue and improving access to good paying careers for local residents. This will help
 22 achieve the public interest objective of diversifying and enlarging the County's tax base that
 23 funds vital public services, which is currently overly reliant on residential property taxes.

24 (c) The County government finds that the local bid and proposal preferences and local
 25 participation requirements in direct government procurement prescribed in Subdivision 1 of this
 26 Division will serve the public interest objective of rewarding those businesses which contribute
 27 the most to the County's economy, especially County-based small businesses, which are the
 28 most likely businesses to create jobs for County residents.

29 (d) The County government finds that because of the lack of local career opportunities for
 30 County residents, only forty percent (40%) of the jobs in the County are held by County
 31 residents (sixty percent (60%) are held by non-County residents) and approximately sixty percent

1 (60%) of the County's resident workforce works outside of the County on a daily basis, the
 2 highest percentage of out-migration of a local workforce of any jurisdiction in the Washington
 3 DC Metropolitan Statistical Area (MSA), which:

4 (1) Leads to insufficient and inconsistent daytime consumer spending in local
 5 businesses, including retail and professional services, which hurts the County's commercial tax
 6 base; and

7 (2) Causes longer commute times for local residents and contributes to worsening
 8 traffic congestion, which is among the worst in the nation; expensive road repair and
 9 maintenance costs to county taxpayers; and reduced time for parental supervision of county
 10 school-aged children by working parents.

11 (e) The County government finds that the lack of local career opportunities for County
 12 residents contributes to the County having the highest poverty and unemployment rates among
 13 suburban jurisdictions in the Washington DC MSA and having the highest foreclosure and
 14 uninsured rates of any jurisdiction in the State of Maryland. The lack of nearby career
 15 opportunities limits access to employment for low-to-moderate income County residents who
 16 have more limited transportation options.

17 (f) The County government finds that too few of the existing career and business
 18 opportunities related to government funded projects benefit County residents, which contributes
 19 in part to the overall lack of employment and business opportunities in the County for County
 20 residents, particularly low-to-moderate income residents, County-based businesses, and County-
 21 based small businesses. Further, the County government finds that from 2000 to 2011, there was
 22 little to no new net job creation in the County, despite nearly an 8% increase in the County's
 23 population.

24 (g) The County government finds a substantial reason and basis for the County resident
 25 hiring goals prescribed in Subdivision 2 of this Division, including the goal that at least fifty-one
 26 percent (51%) of the work hours on direct government procurement, be worked by County
 27 residents, because the County resident hiring goals will serve the County's public and proprietary
 28 interest by:

29 (1) Reducing the out-migration of the local workforce, which will increase local
 30 consumer spending in county businesses and increase the County's commercial tax base;

31 (2) Helping reduce the County's worsening traffic congestion, road repair costs, and

1 commute times for working parents; and

2 (3) Increasing access to nearby career opportunities for County residents with jobs
 3 paying a prevailing wage and likely to include health and other benefits, which will reduce the
 4 County's unemployment, uninsured, foreclosure, and poverty rates and assist County residents in
 5 affording the high cost of living in the Washington DC MSA.

6 (h) The County government finds that the County resident hiring goals prescribed in
 7 Subdivision 2 of this Division, including the goal that at least fifty-one percent (51%) of the
 8 work hours on direct government procurements be worked by County residents, will not unduly
 9 burden or unreasonably restrict access to employment in the County for out of state residents.
 10 Because Subdivision 2 of this Division only requires a demonstration of "best efforts" to meet
 11 the local hiring goals (rather than requiring employers to meet the local hiring percentages
 12 themselves), in addition to including the appropriate exceptions, the provisions of Subdivision 2
 13 of this Division are not unnecessarily broad and are sufficiently flexible and tailored to achieve
 14 the public interest objectives outlined in this Section.

15 **Subdivision 1. County-Based Business Assistance.**

16 **Sec. 10A-158. County-based business preferences.**

17 (a) On any procurement for which a County agency or the County government secures
 18 competitive bids or proposals, including, but not limited to, competitive bids secured pursuant to
 19 Section 10A-112 or competitive proposals pursuant to Section 10A-113, the Purchasing Agent
 20 shall:

21 (1) Apply a bid or proposal preference of ten percent (10%) to any County-based
 22 business that submits an approved certification as set forth in Section 10A-161(a) and fifteen
 23 (15%) percent to any County-based small business that submits an approved certification as set
 24 forth in Section 10A-161(b).

25 (2) For bids or proposals that are not made entirely by County-based businesses,
 26 apply a bid or proposal preference at an increasing rate of one percent (1%) for every ten percent
 27 (10%) increment of certified County-based business participation. Bids or proposals with one
 28 hundred percent (100%) certified County-based business participation shall receive the
 29 maximum ten percent (10%) bid preference.

30 (3) For bids or proposals that are not made entirely by County-based small
 31 businesses, apply a bid or proposal preference at an increasing rate of one and a half percent

1 (1.5%) for every ten percent (10%) increment of certified County-based small business
 2 participation. Bids or proposals with one hundred percent (100%) certified County-based small
 3 business participation shall receive the maximum fifteen percent (15%) bid preference.

4 (4) Bids or proposals are entitled to receive the greater of the preference points or
 5 percentages allowed under either this Section or Section 10A-136, as applicable. The
 6 preferences allowed under this Section and Section 10A-136 shall not be applied cumulatively.

7 (b) The Purchasing Agent may determine not to apply a bid or proposal preference under
 8 this Section if the Purchasing Agent certifies that such a preference would result in the loss of
 9 federal or state funds, subject to the approval of the County Executive. The Purchasing Agent
 10 shall transmit a copy of any such determination to the County Council no later than thirty (30)
 11 calendar days following the date of the procurement award.

12 (c) The requirements of this Section shall apply to the procurement of vendors retained
 13 by a County agency or the County government to assist in the financing and sale of County
 14 government debt. The requirements of this Section shall also apply to the procurement of
 15 brokerage firms, investment banking firms, investment management firms, consultants, and other
 16 vendors retained to manage or invest funds controlled or administered by a County agency or the
 17 County government. The application of this Subsection is subject to the requirements and
 18 restrictions of federal and state law.

19 (d) A business may opt to not receive a County-based preference under this Section.

20 (e) For the purposes of this Division, the term "competitive bids or proposals" means any
 21 bids or proposals for procurement funded or administered by a County agency or the County
 22 government except for procurement awards made pursuant to Section 10A-114.

23 **Sec. 10A-159. County-based business participation requirements.**

24 (a) For any procurement that is greater than One Hundred Thousand Dollars (\$100,000)
 25 in total value for which a County agency or the County government secures competitive bids or
 26 proposals, including, but not limited to, competitive bids secured pursuant to Section 10A-112 or
 27 competitive proposals pursuant to Section 10A-113, the Purchasing Agent shall require the
 28 following:

29 (1) At least forty percent (40%) certified County-based business participation;
 30 provided, that the costs of materials, goods, and supplies shall not be counted towards the 40%
 31 participation requirement, unless such materials, goods, and supplies are purchased from County-

1 based businesses; and

2 (2) A bid or proposal responding to a solicitation shall be deemed nonresponsive
3 and shall be rejected by the Purchasing Agent if it fails to meet the forty percent (40%) minimum
4 certified County-based business participation requirement in Paragraph (1) of this Subsection,
5 unless the participation requirement is waived and adjusted pursuant to Subsection (b) of this
6 Section.

7 (3) Any existing procurement contract or agreement for which a County agency or
8 the County government secured competitive bids or proposals, including, but not limited to, any
9 procurement contract that was awarded pursuant to Section 10A-112 or Section 10A-113, and
10 including any existing multiyear contract or extended contract, which does not include at least
11 forty percent (40%) certified County-based business participation as prescribed in this
12 Subsection at the time of any contemplated exercise of an option, extension, or renewal,
13 including automatic extensions or renewals (e. g. "evergreen" contracts or agreements), shall not
14 be renewed or extended.

15 (b) If the Purchasing Agent determines that there are insufficient responsible County-
16 based businesses to completely fulfill the requirement of Paragraph (1) of Subsection (a) for a
17 particular procurement or if the requirement would result in the loss of federal or state funds or
18 grants, the Purchasing Agent may waive the requirement and adjust the minimum participation
19 percentage, subject to the approval of the County Executive. For procurement contracts or
20 agreements subject to approval by legislative act under Section 819 of the Charter, a waiver
21 and/or percentage adjustment authorized by this Subsection must also be approved by the County
22 Council. For procurement contracts or agreements not subject to approval by legislative act
23 under Section 819 of the Charter, notice of a waiver and/or percentage adjustment authorized by
24 this Subsection must be sent to the County Council by the Purchasing Agent by no less than
25 fourteen (14) calendar days prior to the decision being made to waive the requirement and adjust
26 the minimum participation percentage in Paragraph (1) of Subsection (a).

27 (c) Failure to apply the applicable provisions of Section 10A-158 and this Section to a
28 procurement award, subject to the waivers and adjustments authorized by this Division, shall
29 render the procurement award and/or contract or agreement void.

30 (d) On a case by case basis, for any procurement subject to the requirements of
31 Subsection (a) of this Section, the Purchasing Agent may require more than forty percent (40%)

1 certified County-based business participation if the Purchasing Agent determines that there is a
2 sufficient number of County-based businesses to justify a higher certified County-based business
3 participation requirement.

4 **Sec. 10A-160. County agency local procurement goals**

5 (a) Each County agency, including, but not limited to, each County agency that procures
6 in whole or in part through the Office of Central Services, shall use its "best efforts" to exercise
7 its procurement authority so as to meet, on an annual basis, the goal of procuring at least fifty
8 percent (50%) of the dollar volume of its goods and services, including, but not limited to,
9 construction goods and services, to County-based businesses and at least thirty percent (30%) to
10 County-based small businesses; and

11 (b) The dollar volume referenced in Subsection (a) of this Section shall be based on the
12 expendable budget of the County agency.

13 (c) For any procurement with a total value equal to or less than One Hundred Thousand
14 Dollars (\$100,000) for which a County agency secures competitive bids or proposals, including,
15 but not limited to, competitive bids pursuant to Section 10A-112 or competitive proposals
16 pursuant to Section 10A-113, each County agency shall set-aside the procurement only for bids
17 or proposals from County-based small businesses, subject to Paragraphs (1) – (4) of this
18 Subsection.

19 (1) A County agency shall not be required to set aside a procurement for County-
20 based small businesses under this Subsection if there are not at least two (2) County-based small
21 businesses that can sufficiently provide the services or goods which are the subject of the
22 procurement. A County agency may also refuse to set aside a procurement for County-based
23 small businesses under this Subsection if the agency determines, after applying any applicable
24 preferences, that the lowest County-based small business bid or proposal price is believed to be
25 twelve percent (12%) or more above the likely price on the open market. An agency shall not
26 make such a determination unless the County-based small business with the lowest bid or
27 proposal price has been given the opportunity to win the procurement by offering a bid or
28 proposal price less than twelve percent (12%) higher than the likely price on the open market
29 identified by the agency. If the County agency makes a determination under this Paragraph not
30 to set aside a procurement for County-based small businesses, then the County agency must
31 adhere to the requirements of Paragraph (2) of this Subsection.

1 (2) If there are not at least two (2) County-based small businesses that can
2 sufficiently provide the services or goods which are the subject of a procurement under
3 Paragraph (1) of this Subsection, the County agency shall set-aside the procurement only for bids
4 or proposals from County-based businesses, unless there are not at least two (2) County-based
5 businesses that can sufficiently provide the services or goods which are the subject of the
6 procurement. A County agency may also refuse to set aside a procurement for County-based
7 businesses under this Paragraph if the agency determines, after applying any applicable
8 preferences, that the lowest County-based business bid or proposal price is believed to be twelve
9 percent (12%) or more above the likely price on the open market. A County agency shall not
10 make such a determination unless the County-based business with the lowest bid or proposal
11 price has been given the opportunity to win the procurement by offering a bid or proposal price
12 less than twelve percent (12%) higher than the likely price on the open market identified by the
13 agency.

14 (3) Only if a County agency satisfies the requirements of both Paragraphs (1) and (2)
15 of this Subsection and receives approval from the Purchasing Agent may the County agency
16 thereafter issue the procurement in the open market, subject to all of the other applicable
17 preferences and participation requirements prescribed in this Subdivision. If a County agency,
18 after receiving approval of the Purchasing Agent, makes a determination not to set aside a
19 procurement under either Paragraphs (1) and (2) of this Subsection and opts to issue the
20 procurement in the open market, the County agency must transmit in writing its determination
21 and the reasons for the determination to the County Executive and County Council no later than
22 fourteen (14) calendar days after the date of the determination's approval by the Purchasing
23 Agent.

24 (4) Any existing contract or agreement, including any existing multiyear contract or
25 extended contract, for a procurement funded by a County agency or the County government with
26 a total value equal to or less than One Hundred Thousand Dollars (\$100,000) that was not set-
27 aside for County-based small businesses or County-based businesses pursuant to the
28 requirements of this Section, and for which a County agency or the County government secured
29 competitive bids or proposals, including, but not limited to, any procurement contract that was
30 awarded pursuant to Section 10A-112 or Section 10A-113, at the time of any contemplated
31 exercise of an option, extension, or renewal, including automatic extensions or renewals (e. g.

1 "evergreen" contracts or agreements), shall not be renewed or extended. This Paragraph shall
2 not apply to a contract or agreement for a procurement with fifty percent (50%) or greater
3 certified County-based business participation.

4 (d) The Purchasing Agent may waive the requirements of Subsection (c) of this Section
5 for a procurement if the Purchasing Agent certifies that such a requirement would result in the
6 loss of federal or state funds, subject to the approval of the County Executive. The Purchasing
7 Agent shall transmit a copy of any such determination to the County Council no later than seven
8 (7) calendar days following the date of the procurement award.

9 (e) Each County agency shall submit a written report to the Purchasing Agent and to the
10 County Auditor within thirty (30) calendar days after the end of each quarter after the beginning
11 of the fiscal year that provides:

12 (1) The percentage and U.S. dollar value of certified County-based business
13 participation and certified County-based small business participation in the most recent three (3)
14 month period from the County agency's procurements, including reporting the percentage and
15 U.S. dollar value of certified County-based business participation and certified County-based
16 small business participation for the period from the beginning of the fiscal year to the reporting
17 date;

18 (2) The name and principal place of operation of each business receiving payment
19 under a procurement from the County agency in the most recent three (3) month period,
20 including the U.S. dollar value and percentage of the total procurement dollars paid in the most
21 recent three (3) month period to each business; and

22 (3) For the 4th Quarter of the fiscal year only, the expected percentage and U.S.
23 dollar value of certified County-based business participation and certified County-based small
24 business participation in the next twelve (12) month period.

25 (f) If a County agency fails to meet any of the goals set forth in Subsection (a) of this
26 Section, the County Executive, or the County Council by resolution, may require that a portion
27 of the agency's procurements be made part of a set-aside program for County-based businesses
28 and/or County-based small businesses.

29 (g) As a condition of receiving funding from the County government, a non-County
30 agency or entity that receives more than fifty percent (50%) of its annual budget in the most
31 recent fiscal year from funds received from or administered by a County agency or the County

1 government shall comply with the same goals and requirements as a County agency under
 2 Subsections (a), (b), (e), and (f) of this Section, unless the non-County agency or entity certifies
 3 in writing to the County Council and the County Executive that such compliance would violate
 4 federal or state law.

5 **Sec. 10A-161. County-based business certification requirements.**

6 (a) A business that seeks to be certified as a County-based business shall make
 7 application to the Purchasing Agent on a form provided by the Purchasing Agent. Such an
 8 application shall not be approved by the Purchasing Agent unless the business:

9 (1) Requires that its chief executive officer and the highest level managerial
 10 employees of the business maintain their offices and perform their managerial functions in the
 11 County;

12 (2) Files a written certificate that the business is not delinquent in the payment of
 13 any County taxes, charges, fees, rents or claims;

14 (3) Files a tax return filed with the State of Maryland establishing that the business
 15 has operated within the County within the preceding twelve (12) months;

16 (4) Files documentation showing that during the preceding twelve (12) months the
 17 business has continuously maintained a valid business license or permit;

18 (5) Files documentation showing that during the preceding twelve (12) months the
 19 business has continuously occupied an office within the County, as its principal place of
 20 operation; and

21 (6) Files documentation showing that:

22 (i) More than fifty percent (50%) of the business' full-time employees are
 23 County residents; or

24 (ii) The owners of more than fifty percent (50%) of the business are County
 25 residents; or

26 (iii) More than (fifty percent) 50% of the assets of the business, excluding
 27 bank accounts, are located in the County; or

28 (iv) More than (fifty percent) 50% of the total sales or other revenues of the
 29 business are derived from transactions of the business in the County.

30 (b) A business that seeks to be certified as a County-based small business shall make an
 31 application to the Purchasing Agent on a form provided by the Purchasing Agent. Such an

1 application shall not be approved by the Purchasing Agent unless:

2 (1) The business meets the requirements of Section 10A-161(a); and

3 (2) The business meets the definition of "small business" pursuant to the Code of
4 Maryland Regulations ("COMAR") 21.01.02.01(80); or

5 (3) For a business classified as being in the construction industry by Sector 23 of
6 the current edition of the NAICS, the business meets the federal definition of "small business
7 concern" in Part 121 of Title 13 of the Code of Federal Regulations.

8 (c) Once an application for certification is approved under this Section by the Purchasing
9 Agent, a copy of the approved application shall be expeditiously transmitted to the County
10 Auditor.

11 (d) A business whose application is approved for certification as a County-based small
12 business is automatically certified as a County-based business.

13 (e) Nonprofit entities that satisfy the applicable requirements of this Section are eligible
14 to be certified as County-based businesses and County-based small businesses.

15 (f) A business that is certified as a County-based business or County-based small
16 business shall meet the requirements of certification under this Section continuously after the
17 date the business's application for certification is approved by the Purchasing Agent or the
18 business's certification shall be void. In such instances, the business must re-apply pursuant to
19 the requirements of this Section to be certified as a County-based business or a County-based
20 small business.

21 **Sec. 10A-162. Enforcement of County-based business assistance.**

22 (a) For the entire duration of the procurement contract or agreement, any vendor given a
23 County-based business preference under Section 10A-158 or subject to the County-based
24 business participation requirements under Section 10A-159 shall maintain no less than the
25 percentage of certified County-based business participation or certified County-based small
26 business participation stated in the winning bid or proposal. At the discretion of the Purchasing
27 Agent, failure to comply with this Section may subject any vendor given a business preference
28 under Section 10A-158 or subject to the County-based business participation requirements under
29 Section 10A-159 to a penalty, to include monetary fines of up to five percent (5%) of the value
30 of the contract for each violation, or a cancellation of the contract or agreement.

31 (1) A vendor may request a waiver of the requirements of this Subsection by the

1 Purchasing Agent. On a case by case basis, such a waiver request may be granted by the
 2 Purchasing Agent with the approval of the County Executive, if "best efforts" by the vendor to
 3 comply have been demonstrated as prescribed in Subsection (e) of this Section.

4 (2) For procurement contracts or agreements subject to approval by legislative act
 5 under Section 819 of the Charter, a waiver and/or percentage adjustment authorized by this
 6 Subsection must be approved by the County Council. For procurement contracts or agreements
 7 not subject to approval by legislative act under Section 819 of the Charter, notice of such a
 8 waiver and/ or percentage adjustment, including the information provided to the Purchasing
 9 Agent pursuant to Paragraphs (1) -- (4) of Subsection (e) of this Section, must be sent to the
 10 County Council by the Purchasing Agent by no less than fourteen (14) calendar days prior to the
 11 date of the County Executive's approval of the Purchasing Agent's decision.

12 (b) Any vendor given a County-based business preference under Section 10A-158 or
 13 subject to the County-based business participation requirements of Section 10A-159 shall submit
 14 a quarterly report within thirty (30) calendar days after the end of each quarter to the Purchasing
 15 Agent, the County Auditor, and a compliance manager designated by the County Council that
 16 provides:

17 (1) The percentage and U.S. dollar value of certified County-based business
 18 participation and certified County-based small business participation in the most recent 3 month
 19 period, including reporting the percentage and U.S. dollar value of certified County-based
 20 business participation and certified County-based small business participation for the period
 21 from the beginning of the calendar year to the reporting date;

22 (2) The name and principal place of operation of each business receiving payment
 23 under the procurement in the most recent 3 month period, including the U.S. dollar value and
 24 percentage of the total contract dollars paid in the most recent 3 month period to each business;
 25 and

26 (3) The expected percentage and U.S. dollar value of certified County-based
 27 business participation and certified County-based small business participation in the next 12
 28 month period.

29 (c) At the discretion of the Purchasing Agent or the County Auditor, any vendor given a
 30 County-based business preference under Section 10A-158 or subject to the County-based
 31 business participation requirements of Section 10A-159 shall be subject to an audit of documents

1 or other information deemed necessary by the Purchasing Agent or the County Auditor to verify
 2 compliance with this Section upon thirty (30) calendar days written notice, including, but not
 3 limited to, copies of any contracts with subcontractors or other vendors.

4 (d) The Purchasing Agent shall make compliance with this Subdivision a condition of
 5 any contract or agreement for a procurement funded by a County agency or the County
 6 government or any such contract or agreement shall be void. This requirement does not apply to
 7 procurements awarded pursuant to Section 10A-114.

8 (e) In this Subdivision, the term "best efforts" means efforts to the maximum extent
 9 practicable have been made to meet the requirement. A vendor given a County-based business
 10 preference under Section 10A-158 or subject to the County-based business participation
 11 requirements under Section 10A-159 shall not be deemed to have demonstrated "best efforts"
 12 under Subsection (a) of this Section where there is a sufficient number of County-based
 13 businesses or County-based small businesses to enable the vendor to meet the requirements of
 14 Subsection (a) of this Section. The Purchasing Agent shall not grant a waiver authorized by
 15 Paragraph (1) of Subsection (a) of this Section unless the vendor seeking the waiver:

16 (1) Provides a detailed written statement of the reasons the vendor is unable to
 17 maintain its percentages of County-based business or County-based small business participation;

18 (2) Provides a detailed written statement of its efforts to maintain its percentages of
 19 County-based business or County-based small business participation, including its efforts to
 20 contact and negotiate with County-based businesses or County-based small businesses including:

21 (A) The names, addresses, and telephone numbers of the County-based
 22 businesses or County-based small businesses that were contacted and the dates such County-
 23 based businesses were contacted, and

24 (B) A description of the information provided to County-based businesses or
 25 County-based small businesses regarding the descriptions of services or goods sought for the
 26 procurement, including plans, specifications and anticipated time schedule for any portions of the
 27 work to be performed, where applicable;

28 (3) As to each County-based business or County-based small businesses that placed a
 29 subcontract or other quotation or offer which the vendor considered not to be acceptable, a
 30 detailed written statement that includes sufficient reasons for this conclusion; and

1 (4) A written list of County-based businesses or County-based small businesses found
 2 to be unavailable to perform under the procurement.

3 Based on an analysis of the information provided by the vendor seeking a waiver
 4 authorized by Paragraph (1) of Subsection (a) of this Section and an analysis by the Purchasing
 5 Agent of the availability of County-based businesses or County-based small businesses that
 6 provide services or goods that are the subject of the procurement, the Purchasing Agent shall
 7 determine whether "best efforts" to comply have been demonstrated by the vendor and whether
 8 to grant the vendor's request for a waiver authorized by Paragraph (1) of Subsection (a) of this
 9 Section, subject to the approvals and notice required by this Section. If the Purchasing Agent
 10 does grant a waiver authorized by Paragraph (1) of Subsection (a) of this Section, the Purchasing
 11 Agent shall select a new minimum percentage requirement for County-based business
 12 participation or County-based small business participation for the vendor's procurement based
 13 on the availability of County-based businesses or County-based small businesses that provide
 14 services or goods that are the subject of the procurement, subject to the approvals and notice
 15 required by this Section.

16 **Sec. 10A-163 Unbundling required.**

17 The County Executive or the County Executive's designee shall establish procedures to
 18 ensure that solicitations are subdivided and unbundled and that smaller procurements are created
 19 to the extent feasible and fiscally prudent.

20 **Sec. 10A-164 Compliance of Existing Contracts at Renewal or Extension**

21 At the time of any contemplated exercise of an option, extension, or renewal, including
 22 automatic extensions or renewals (e. g. "evergreen" contracts or agreements), the Purchasing
 23 Agent shall require that any existing contract or agreement for a procurement funded by a
 24 County agency or the County government, including any existing multiyear contract or extended
 25 contract, be amended to comply with the requirements of this Subdivision or the contract or
 26 agreement shall not be renewed or extended by the County government or County agency. This
 27 requirement does not apply to procurements awarded pursuant to Section 10A-114.

28 **Sec. 10A-165. Regulations authorized.**

29 The County Executive may promulgate regulations to govern the implementation of this
 30 Subdivision, provided that such regulations are consistent with the provisions of this
 31 Subdivision. Any such regulations must be approved by the County Council.

1 **Subdivision 2. First Source Hiring Program and Local Hiring Requirements.**

2 **Sec. 10A-166. First Source Registry created.**

3 (a) The Prince George's County Economic Development Corporation's Workforce
 4 Services Division shall maintain a First Source Registry. The First Source Registry shall consist
 5 of the names of veterans, unemployed, low-to-moderate income (defined as being within three
 6 hundred percent (300%) of federal poverty guidelines), and general job-seeking individuals who
 7 are County residents. The Registry shall be the first source for hiring all new hire positions on
 8 procurement projects funded by a County agency or the County government. The Prince
 9 George's County Economic Development Corporation's Workforce Services Division may
 10 require from residents seeking to be listed in the First Source Registry such documentation that it
 11 deems necessary to verify unemployment, income, veteran-status, and residency information
 12 (pursuant to the requirements set forth in Section 10A-101(14.1)) for the purposes of this
 13 Subdivision. The Prince George's County Economic Development Corporation's Workforce
 14 Services Division shall give the Purchasing Agent constant access to the information in the First
 15 Source Registry and access upon request to any information provided by residents pursuant to
 16 this Subsection.

17 (b) In compiling and maintaining the First Source Registry, the Prince George's County
 18 Economic Development Corporation's Workforce Services Division shall contact community
 19 organizations, organized labor locals, civic and citizens associations, and nonprofit institutions
 20 for names and other relevant contact information of unemployed, low-to-moderate income, and
 21 general job seeking County residents. Only County residents are eligible to be listed or included
 22 in the First Source Registry.

23 **Sec. 10A-167. First Source and Local Hiring Agreements required; local hiring**
 24 **requirement.**

25 (a) The Purchasing Agent shall include for every government-assisted project, including as
 26 a condition of any contracts or agreements for procurements funded by a County agency or the
 27 County government, at the time of initial contract execution or, effective as of January 1, 2014,
 28 at the time of any exercise of contract renewal, option, or extension (including automatic renewal
 29 or extension), a requirement that the business enter into a First Source and Local Hiring
 30 Agreement with the County which states that:

31 (1) The first source for finding employees to fill all jobs created by the government-

1 assisted project shall be the First Source Registry;

2 (2) The first source for finding employees to fill any vacancy occurring in all jobs
 3 covered by a First Source and Local Hiring Agreement will be the First Source Registry; and

4 (3) Compliance with this Section is a condition of the First Source and Local Hiring
 5 Agreement.

6 (b) In selecting qualified County residents from the First Source Registry for interviews or
 7 other consideration for employment for all jobs covered by each First Source and Local Hiring
 8 Agreement, the Prince George's County Economic Development Corporation's Workforce
 9 Services Division shall give first priority to referring veterans who are County residents, second
 10 priority to referring unemployed County residents, third priority to referring County residents
 11 within three hundred percent (300%) of federal poverty guidelines, and then fourth priority to
 12 referring other job-seeking County residents.

13 (c) Each business that is a signatory to a First Source and Local Hiring Agreement under a
 14 procurement contract shall submit to the Prince George's County Economic Development
 15 Corporation's Workforce Services Division and the Purchasing Agent, by the fifth business day
 16 of every month following the execution of the First Source and Local Hiring Agreement, an
 17 agreement compliance report for the project that includes the:

18 (1) Number of employees needed;

19 (2) Number of current employees transferred;

20 (3) Number of new job openings created;

21 (4) Number of jobs openings listed with the Prince George's County Economic
 22 Development Corporation's Workforce Services Division;

23 (5) (A) For the reporting period (during the previous calendar month), the total
 24 number of County residents employed, including new County resident hires, and total hours
 25 worked by County residents, and

26 (B) For the calendar year, the cumulative total number of County residents
 27 employed, including cumulative new County resident hires, and cumulative work hours by
 28 County residents; and

29 (6) (A) For the reporting period (during the previous calendar month), the total
 30 number of employees employed, including new hires, and total employee hours worked, and

31 (B) For the calendar year, the cumulative total number of employees hired,

1 including cumulative new hires, and cumulative employee hours worked, including, for each
 2 employee:

- 3 (A) Name;
- 4 (B) Job title;
- 5 (C) Hire date;
- 6 (D) Residence; and
- 7 (E) Referral source for all new hires.

8 (d) At least ten (10) calendar days prior to announcing an employment position, a business
 9 that is a signatory to a First Source and Local Hiring Agreement under a procurement contract
 10 shall notify the Prince George's County Economic Development Corporation's Workforce
 11 Services Division of the available positions. If the County resident interviewed or otherwise
 12 considered for the position is not hired, the business shall provide reasons why the referred
 13 County resident was not hired. A good faith effort is required to hire the referred County
 14 resident, if sufficiently qualified for the available position.

15 (e) The requirements of Section 10A-166 and Subsections (a) through (d) of this Section,
 16 except for the reporting requirements of Paragraphs (5) and (6) of Subsection (c) of this Section,
 17 on a form provided by the Purchasing Agent, shall not apply to procurement contracts in the
 18 construction industry, as defined by Sector 23 of the current edition of the North American
 19 Industry Classification System ("NAICS"), for procurements funded by a County agency or the
 20 County government if the procurement contract or agreement is governed by a project labor
 21 agreement. The remaining requirements of this Subdivision shall apply to such procurement
 22 contracts, agreements, or awards.

23 (f) The Purchasing Agent shall require "best efforts" to reach a minimum goal that at least
 24 fifty-one percent (51%) of the annual man/woman hours (work hours), on both a total work hour
 25 and trade by trade basis, be worked by County residents as a condition of any contract or
 26 agreement for a procurement funded by a County agency, including requiring "best efforts" to
 27 reach a minimum goal that at least fifty-one percent (51%) of the annual apprenticeship work
 28 hours on such contracts or agreements be worked by apprentices who are County residents. The
 29 requirements of this Subsection extend to hiring by contractors and subcontractors on
 30 procurements funded by a County agency under the supervision or control of the contractors and
 31 subcontractors.

1 (1) In procurements funded by a County agency or the County government,
2 competitive bids or proposals responding to a bid or proposal solicitation, including, but not
3 limited to, competitive bids pursuant to Section 10A-112 or competitive proposals pursuant to
4 Section 10A-113, may be deemed nonresponsive and rejected by the Purchasing Agent if the bid
5 or proposal fails to demonstrate adequate capacity to meet the annual County resident hiring
6 goals of this Subsection in the judgment of the Purchasing Agent.

7 (2) If a procurement subject to this Subsection fails to reach the minimum goal that at
8 least fifty-one percent (51%) of the annual man/woman hours (work hours) or fifty-one percent
9 (51%) of the annual apprenticeship work hours be worked by County residents, a waiver must be
10 granted pursuant to Subsection (h) of this Section or the procurement is subject to the penalties
11 of Subsection (i) of this Section.

12 (3) In order to meet the "best efforts" requirements of this Subsection, an employer
13 required to comply with the annual County resident hiring goals of this Subsection shall require
14 any worker it employs that it deems to be a County resident for the purposes of meeting the
15 annual County resident hiring goals to submit documentation by the end of the calendar year to
16 the employer necessary to establish the worker's County residency pursuant to the requirements
17 set forth in Section 10A-101(14.1), including a copy of a filed Maryland state income tax return
18 as prescribed in Section 10A-101(14.1)(A) – (B) or an attestation as prescribed in Section 10A-
19 101(14.1)(C) establishing a Prince George's County domicile for the worker for the most recent
20 full calendar year, unless the worker has already submitted such documentation during the
21 calendar year to the Prince George's County Workforce Services Division pursuant to Section
22 10A-166(a). The employer shall transmit the documentation required by this Paragraph
23 submitted by its workers during the calendar year to the Prince George's County Workforce
24 Services Division and the Purchasing Agent by the tenth (10th) business day of the subsequent
25 calendar year or the employer shall be in noncompliance with the "best efforts" requirements of
26 this Subsection and subject to the penalties of Subsection (i) of this Section.

27 (g) For procurements funded by a County agency or the County government, including,
28 but not limited to, procurements awarded pursuant to Section 10A-112 or Section 10A-113, the
29 Purchasing Agent shall require compliance with this Subdivision as a condition of the
30 procurement contract or agreement or any such contract or agreement shall be void.

31 (h) On a case by case basis, at the request of an employer required to comply with

1 Subsection (f) of this Section, the Purchasing Agent may waive the annual County resident
 2 hiring goals of Subsection (f) of this Section if the Purchasing Agent finds that "best efforts" to
 3 comply with the annual County resident hiring goals by the employer requesting the waiver have
 4 been demonstrated as prescribed in Paragraph (2) of this Subsection. An employer is only
 5 allowed to request and the Purchasing Agent is only allowed to grant a waiver authorized by this
 6 Subsection after the end of the calendar year for which the employer seeks the waiver and the
 7 waiver, if granted, shall only apply for that calendar year.

8 (1) For procurement contracts or agreements subject to approval by legislative act
 9 under Section 819 of the Charter, a waiver authorized by this Subsection must be approved by
 10 the County Council. For procurement contracts or agreements not subject to approval by
 11 legislative act under Section 819 of the Charter, notice of such a waiver, including the
 12 information provided to the Purchasing Agent pursuant to Subparagraphs (A) – (D) of Paragraph
 13 (2) of this Subsection, shall be sent to the County Council by the Purchasing Agent by no less
 14 than fourteen (14) calendar days prior to the date of the County Executive's approval of the
 15 Purchasing Agent's decision to waive the provisions of Subsection (f) of this Section.

16 (2) The term "best efforts" in this Subdivision means efforts to the maximum extent
 17 practicable have been made to meet the requirement. "Best efforts" by an employer required to
 18 comply with Subsection (f) of this Section shall not be found and a waiver authorized by this
 19 Subsection shall not be granted unless the employer provides written documentation to the
 20 Purchasing Agent demonstrating that:

21 (A) Whenever employment opportunities became available during the calendar
 22 year, the employer made good faith efforts to hire each County resident who applied or was
 23 referred for employment;

24 (B) The employer sent written notifications during the calendar year to the
 25 Prince George's County Workforce Services Division and community, labor, and workforce-
 26 related organizations and institutions identified by the County Executive or the County
 27 Executive's designee whenever employment opportunities became available;

28 (C) For each County resident who applied or was referred for employment
 29 during the calendar year, but was not hired, the employer maintained written documentation that
 30 includes a sufficient explanation of the reason(s) the County resident was not hired; and

31 (D) The employer met other requirements during the calendar year determined

1 by the Purchasing Agent.

2 Based on an analysis of the information provided by the employer seeking a
 3 waiver authorized by this Subsection and an analysis by the Purchasing Agent of the sufficiency
 4 of the County's labor market, the Purchasing Agent shall determine whether "best efforts" to
 5 comply have been demonstrated by the employer and whether to grant the employer's request for
 6 a waiver authorized by this Subsection, subject to the approvals and notice required by this
 7 Subsection. An employer must be in compliance with Paragraph (3) of Subsection (f) of this
 8 Section in order to receive a waiver authorized by this Subsection. A waiver decision by the
 9 Purchasing Agent authorized by this Subsection must be approved by the County Executive.

10 (i) Failure to comply with this Section, for a procurement funded by a County agency or
 11 the County government, may subject a signatory to a First Source and Local Hiring Agreement
 12 or any other entity required to comply with this Subdivision to a penalty, to include monetary
 13 finances of up to twenty percent (20%) of the value of the direct and indirect labor costs of the
 14 contract, as determined by the Purchasing Agent. For repeated violations of this Section, a
 15 signatory to a First Source and Local Hiring Agreement or any other entity required to comply
 16 with this Subdivision may be subject to a cancellation of the procurement contract or agreement,
 17 as determined by the Purchasing Agent.

18 (j) At the discretion of the Purchasing Agent or the County Auditor, any business that is a
 19 signatory to a First Source and Local Hiring Agreement or any other entity required to comply
 20 with this Subdivision shall be subject to an audit of documents or other information deemed
 21 necessary by the Purchasing Agent or the County Auditor to verify compliance with this Section
 22 upon thirty (30) calendar days written notice.

23 (k) Immediately upon execution, the Purchasing Agent shall expeditiously transmit a paper
 24 or electronic copy of any signed First Source and Local Hiring Agreement to the Prince George's
 25 County Economic Development Corporation's Workforce Services Division.

26 **Sec. 10A-168. Compliance of existing contracts at renewal or extension.**

27 For any existing contract or agreement for a procurement funded by a County agency or the
 28 County government, including any existing multiyear contract or extended contract, the
 29 Purchasing Agent shall require the inclusion of a condition in the contract or agreement requiring
 30 best efforts to meet the annual County resident hiring goals of Subsection (f) of Section 10A-167
 31 and requiring compliance with the other applicable provisions of this Subdivision, at the time of

1 any contemplated exercise of an option, extension, or renewal, including automatic extensions or
2 renewals (e. g. "evergreen" contracts or agreements), or the contract or agreement shall not be
3 renewed or extended by the County government or County agency.

4 **Sec. 10A-169. Reports.**

5 The Prince George's County Economic Development Corporation's Workforce Services
6 Division shall submit quarterly reports to the County Auditor, the Purchasing Agent, and a
7 compliance manager designated by the County Council verifying the requirements in Section
8 10A-167. The reports shall also detail the number of government-assisted projects for which
9 First Source and Local Hiring Agreements were executed, the number of jobs that result from the
10 First Source and Local Hiring Agreements, the number of County residents actually employed in
11 government-assisted projects, and the number of unemployed County residents on the First
12 Source Registry. The format of the reporting under this Section shall be determined by the
13 County Executive or the County Executive's designee.

14 **Sec. 10A-170. Regulations authorized.**

15 The County Executive may promulgate regulations to govern the implementation of this
16 Subdivision, provided that such regulations are consistent with the provisions of this
17 Subdivision. Any such regulations must be approved by the County Council.

18 SECTION 4. BE IT FURTHER ENACTED that the provisions of this Act are hereby
19 declared to be severable; and, in the event that any section, subsection, paragraph, subparagraph,
20 sentence, clause, phrase, or word of this Act is declared invalid or unconstitutional by a court of
21 competent jurisdiction, such invalidity or unconstitutionality shall not affect the remaining
22 words, phrases, clauses, sentences, subparagraphs, paragraphs, subsections, or sections of this
23 Act, since the same would have been enacted without the incorporation in this Act of any such
24 invalid or unconstitutional word, phrase, clause, sentence, subparagraph, subsection, or section.
25

1 SECTION 5. BE IT FURTHER ENACTED that Sections 10-283, 10-284, 10-285, 10-286,
2 10A-101, and 10A-161 of this Act shall take effect on January 1, 2013, with the remainder of
3 this Act taking effect on July 1, 2013, except for Sections 10A-159(a)(3), 10A-160(a) and (b),
4 10A-160(c)(4), 10A-164, and 10A-168, which shall take effect on January 1, 2014.

COMMITTEE REPORTS:**Public Safety and Fiscal Management****Date 10/12/2011**

Committee Vote: Favorable as amended 3-0 (In Favor: Council Members Campos, Franklin, and Patterson)

This bill will create new County-based procurement assistance by establishing a 10% preference for County-based businesses and a 15% preference for County-based small businesses; an escalating 1% preference (10% maximum) for bids or proposals for each additional 10% increment of County-based business participation; and an 1.5% preference (15% maximum) for bids or proposals for each additional 10% increment of County-based small business participation. The legislation increases County-based business participation by requiring a 40% minimum for bids or proposals on procurements above \$100,000 and a 50% minimum goal for each County Agency for annual procurement awards. The bill would also increase County-based small business participation by creating a Local Small Business Reserve Program; require new County resident hiring goals for County funded projects; establish a First Source Hiring Program; require a community benefit agreement between developers and community stakeholders as a condition of any development receiving \$1 million or more in County assistance; require labor peace agreements to prohibit work stoppages; and strengthen the County Minority Business Enterprise (MBE) Program by utilizing County-based MBEs with goals increased from 30% to 35% and per contract goal from 20% to 25%.

The Committee met on July 6th and was given a brief overview of the legislation. During the worksession the sponsor of the bill noted that there would be amendments forthcoming and requested the bill be held. The Committee met again on October 5th and October 12th to discuss possible amendments to the bill based on public input and conversations with the County Executive's Office. The amendments discussed consisted of the following: the meaning of and process for determining "best efforts" to meet local hiring and procurement goals; strengthening the definition of "County resident"; ensuring that requirements apply at the time of any renewal or extension; incorporating a "Significant Economic Opportunities" clause that allows, on a case by case basis, the County Executive, with Council approval, to waive or adjust requirements; removal of County assisted development; more attention to how the Community Benefit Agreement process works and incorporating municipalities; and revising bill effective dates for certain Sections. During the worksession there was testimony in support of the bill including representatives from the United Food Workers and the Human Services Coalition. A representative from Associated Builders and Contractors spoke in opposition. Brad Frome from the County Executive's Office stated the Administration supports the bill as amended.

The Office of Law has reviewed this legislation and finds it to be in proper legislative form with no legal impediments to its enactment.

There should be an overall positive fiscal impact on the County as a result of enacting CB-17-2011 by providing opportunities for County business expansion and employment for County residents. County commercial base revenues and personal income tax revenues should increase with these opportunities. The overall positive fiscal impact cannot be determined at this time due to unknown factors regarding business expansion, the number of residents gaining employment and the level of any penalties imposed from non-compliance.

BACKGROUND INFORMATION/FISCAL IMPACT:

(Includes reason for proposal, as well as any unique statutory requirements)

The proposed legislation will enhance job creation in the County and put in place incentives over the long-term that would utilize County tax dollars as an economic engine for wealth creation. The legislation would create a local hiring preference, a first source hiring program, an apprenticeship program, require community benefit agreements, require County agency local hiring goals, and require County-based MBE goals for minority contracting and purchasing.

11/15/2011: CB-17-2011 (DR-3) was amended on the floor as follows:

1. On page 4, line 30 and page 10, line 22, after "credits" delete "or benefits".
2. On page 19, line 21, after "funded" insert "or administered"
3. On page 29, line 27, delete "July 1, 2013" and insert "January 1, 2014"
4. On page 35, delete lines 25 through 28 and insert "SECTION 5. BE IT FURTHER ENACTED that Sections 10-283, 10-284, 10-285, 10-286, 10A-101, and 10A-161 of this Act shall take effect on January 1, 2013, with the remainder of this Act taking effect on July 1, 2013, except for Sections 10A-159(a)(3), 10A-160(a) and (b), 10A-160(c)(4), 10A-164, and 10A-168, which shall take effect on January 1, 2014."

CB-17-2011 (DR-4) was subsequently enacted.

PROJECT INFORMATION SHEET

UNITED COMMUNITIES AGAINST POVERTY, INC. NEIGHBORHOOD DEVELOPMENT PROGRAM Capitol Heights, Maryland

COUNCILMAN DISTRICT 7

PROJECT DESCRIPTION:

United Communities Against Poverty, Inc. (“UCAP”) will continue their efforts in successfully acquiring foreclosed, abandoned, vacant and blighted properties for rehabilitation and resale through their program known as the Neighborhood Development Program (“the Program”) by rehabilitating a property located at 1904 Campbell Drive, Suitland, Maryland 20746 (“the Project”). Since 2012, UCAP has acquired ten (10) vacant, foreclosed and blighted homes in the inner Beltway communities of Prince George’s County, undertaken extensive renovations, and sold the properties to income-qualified first-time homebuyers. The Program has been an important tool in helping revitalize older neighborhoods that have experienced foreclosures.

Program properties that UCAP will acquire through the Neighborhood Stabilization Trust will continue to be vacant and distressed homes in Prince George’s County, primarily within the inner Beltway areas, or properties otherwise identified as nuisance properties. Properties can be single-family detached or townhomes. UCAP will fully renovate the homes with an emphasis on energy efficiency, replacing outdated mechanical, electrical and plumbing systems, and improving the properties to appeal to current market preferences. Each house will have at least three bedrooms, with a preference for at least one and a half bathrooms. Each property will be improved with easy to maintain landscaping and depending upon the neighborhood, sales prices will range from an estimated two hundred thousand dollars (\$200,000) to two hundred and sixty thousand dollars (\$260,000).

The acquisition of the Project site, 1904 Campbell Drive, was financed with Community Development Block Grant (CDBG) Program funding. The redevelopment of the property will be financed through the HOME Investment Partnerships (HOME) program, program income generated from the Neighborhood Stabilization Program (NSP), as well as program income that

UCAP has received from prior single-family development activities, as required. Additionally, UCAP will use Project funds to provide permanent subsidies to the low-income homebuyers. The subsidy will be provided in the form of a fifteen (15) year restrictive covenant, which requires that the homeowner earn less than eighty percent (80%) of the Area Median Income (AMI) upon purchase and occupy the home as their primary place of residency. Further, for resale of the rehabilitated home within the first fifteen (15) years, the homeowner would be required to sell to an income-qualified buyer under the resale provision described in the County's Annual Action Plan (AAP).

Assuming an average purchase price of two hundred and sixty thousand dollars (\$260,000), with a mortgage of two hundred and eight thousand dollars (\$208,000) (80% Loan to Value (LTV)); balance of funds to come from down-payment and closing cost assistance programs), at five percent (5%) interest, a purchaser would pay approximately one thousand, one hundred and seventeen dollars (\$1,117) per month in principal and interest payments, plus an estimated five hundred and forty-seven dollars (\$547) in taxes and insurance, for a total of approximately one thousand, six hundred and sixty-four dollars (\$1,664).

PROJECT INFORMATION SHEET

WOODYARD STATION SENIOR APARTMENTS

8999 Woodyard Road

Clinton, MD 20735

COUNCILMAN DISTRICT 9

PROJECT DESCRIPTION:

Woodyard Station 4, LLC plans to acquire land and construct one hundred and twelve (112) units of affordable apartment housing community for seniors, ages sixty-two (62) and over, in Clinton, Prince George's County, Maryland (hereinafter referred to as "Woodyard Station Senior Apartments") as part of a larger mixed-income development. The total development cost of this senior project is expected to be twenty seven million, nine hundred twenty four thousand, eight hundred sixty-two dollars (\$27,924,862).

Located four miles outside the Capital Beltway and southeast of the Anacostia section of Washington, District of Columbia (DC), less than a half (1/2) mile from Woodyard Road's intersection with Branch Avenue, Woodyard Station Senior Apartments will be constructed as part of the development of a larger master-planned mixed-income community that will include the construction of a neighboring forty six (46) unit affordable general occupancy apartment building, and approximately one hundred and twenty three (123) for-sale, market rate townhomes. Woodyard Station Senior Apartments will be located within a walkable community near local amenities, offering residents a convenient location for employment, healthcare, retail, and transit. A Metrobus stop located one block away from the community's entrance will offer transit to the Branch Avenue Metro Station located 6.5 miles away from the site. Significant nearby employment centers include Andrews Air Force Base, which is located three (3) miles from the site and the US Census Bureau headquarters at the Suitland Federal Center that is approximately nine (9) miles away from the site and also home to approximately four thousand, four hundred (4,400) employees.

Local amenities include the Woodyard Crossing Shopping Center located one quarter (1/4) mile away at the intersection of Woodyard Road and Branch Avenue, which is home to retail options, such as a Safeway supermarket, Walmart, and a Lowe's Home Improvement store. Other nearby amenities less than one half (1/2) mile away, include a post office, a Walgreens pharmacy,

several banks, various restaurants and eateries, a Patient First clinic and other medical offices. The MedStar Southern Maryland Hospital Center is also located at the intersection of Surratts Road and Branch Avenue two (2) miles from the site.

Woodyard Station Senior Apartments is designed as a four-story, elevator-served building. Of the one hundred and twelve (112) units, seventy five (75) are one-bedroom units and thirty seven (37) are two-bedroom units. The one-bedroom units will have one bathroom and the two-bedroom units will have two bathrooms. Woodyard Station Senior Apartments was designed with sustainability in mind. Each unit will feature open floor plans, be EnergyStar certified and will have EnergyStar rated appliances including dishwashers and microwaves, and energy efficient HVAC systems. The monthly utility allowances are conservatively estimated at seventy dollars (\$70) for the one-bedroom units and ninety dollars (\$90) for the two-bedroom units. Woodyard Station Senior Apartments is reserving one (1) unit for senior households whose income is at thirty percent (30%) of the Area Median Income (“AMI”), which translates into an income of thirty thousand, two hundred fifty dollars (\$30,250) for a household of two, and sixty three thousand dollars (\$63,000) for a household of four, with rents at five hundred twenty dollars (\$520) for a one-bedroom unit. Two (2) units will be reserved for senior households whose income is at forty percent (40%) of the AMI, which translates into incomes of forty thousand, three hundred twenty dollars (\$40,320) for a household of two and fifty thousand, four hundred dollars (\$50,400) for a household of four, with rents at seven hundred sixty dollars (\$760) for the one-bedroom units. Eight (8) units will be reserved for senior households whose incomes are at fifty percent (50%) of the AMI, which translates into incomes of fifty thousand, four hundred dollars (\$50,400) for a household of two and sixty three thousand dollars (\$63,000) for a household of four, with rents at one thousand dollars (\$1,000) for the one-bedroom units. The remaining one hundred and one (101) units will be reserved for senior households whose incomes are at sixty percent (60%) of the AMI, which translates into incomes of sixty thousand, four hundred eighty dollars (\$60,480) for a household of two and seventy five thousand, six hundred dollars (\$75,600) for a household of four, with rents at one thousand, one hundred dollars (\$1,100) for the one-bedroom units and one thousand, four hundred fifty dollars (\$1,450) for the two-bedroom units.

Onsite amenities available to the residents will include a large multi-purpose community room with a kitchen, a business center with computers and internet access, a fitness room, and laundry facilities. The community will also have a playground. The managing agent, Severn

Management Company, LLC, will maintain an onsite management office. The development team plans to engage Rainbow Housing Assistance Corporation (“RHAC”) to provide supportive services. RHAC will provide a calendar of monthly events, programs, and services that will initially be determined by surveys offered to residents. Programming will be offered in a group setting in the community room with subject matters including topics such as financial literacy, employment readiness, health and nutrition, computer training, continuing education, senior workshops, crisis intervention, and parenting workshops. Additionally, programming will be available on-demand twenty-four hours a day, seven days per week. Vocational programming will also be available in an online format. Qualifying residents will be able to receive employment training and achieve certifications.

The addition of these one hundred and twelve (112) units of high-quality affordable senior housing, as part of a larger mixed-income community, will help address housing needs within the Clinton community. The construction of the Woodyard Station Senior Apartments project and the larger community will contribute many economic benefits including, but not limited to, the addition of at least four hundred and twenty-four (424) jobs during construction. Additionally, it will contribute to the expansion of Prince George’s County tax base through the investment of over forty six million dollars (\$46,000,000) in new residential rental housing.

Appendix E-2

PROJECT INFORMATION SHEET

PATHWAY TO PURCHASE PROGRAM

PROJECT DESCRIPTION:

The Redevelopment Authority of Prince George's County, Maryland administers the operations of the County's Pathway to Purchase Program ("Program"). The Program will assist income eligible first-time homebuyers to purchase eligible residential properties by providing homeownership assistance as needed for mortgage principle reduction, down payment and/or closing cost assistance.

The minimum amount of HOME funds that must be invested per purchaser is One Thousand Dollars (\$1,000.00). The maximum amount of HOME funds that may be invested must not exceed the per-unit dollar limitations established under section 221(d)(3)(ii) of the National Housing Act. The participant must contribute a minimum amount of cash towards the purchase.

Program assistance will provide homeownership assistance up to \$10,000, as needed for households with an annual income not to exceed 80% of the Area Median Income (AMI). The eighty percent (80%) income limits will be based on the "uncapped limits" as calculated by HUD for the Prince George's County jurisdiction. The down payment and closing cost assistance offered is in the form of a 10-year, 0% loan recorded as a second mortgage against the property. Purchaser will make no monthly payments on the loan. The loan will be forgiven upon maturity. The HOME loan is subject to the recapture provisions as described in 24 CFR 92.254 (5)(ii).

Applicants must comply with monthly housing costs burden and total debt ratio requirements set administratively by the Prince George's County Department of Housing and Community Development. The loan to value of the first mortgage provided by participating lenders must be a minimum of 65% of the value of the property. All properties must pass a Housing Quality Standards (HQS) Inspection.

Eligible properties for the Program include single family, townhomes, and condominiums. The property assisted with HOME funds must remain affordable for a minimum period, depending on the amount of HOME funds provided. The affordability period for the assisted housing is ensured through a regulatory agreement or covenant recorded in the land records of Prince George's County.

PROJECT DESCRIPTION:

Homes for America Inc. proposes to develop a mid-rise one hundred, sixty-three (163) units apartment community for seniors, ages sixty-two (62) and over, in the Oxon Hill community of Prince George's County, Maryland.

The developer will make significant infrastructure improvements to the site and surrounding areas including installing sidewalks and landscaping. The Homes at Oxon Hill project will consist of a five-story midrise building set back from the Southern Avenue roadway. With parking and outdoor amenity space, the development will be surrounded by a lush green canopy of evergreen, shade and ornamental trees, the site design provides a calming and enhanced pastoral aesthetic for resident's enjoyment. The exterior of the buildings will be clad with sustainable and durable materials such as brick, stone and cementitious siding to complement existing developments in the area. The interior will be an open concept layout equipped with Energy Star appliances and high efficiency systems. The use of high efficiency mechanical, electrical and plumbing systems, and an elevated insulation system will enhance the green profile of the development.

Of the one hundred, sixty-three (163) units, one hundred, thirty-seven (137) units will be one bedroom and twenty-six (26) will be two-bedroom units. Homes at Oxon Hill is reserving eight (8) units for seniors whose incomes are at fifty percent (50%) of the Area Median Income (AMI), through the State of Maryland's Partnership Rental Housing Program (PRHP). Nine (9) units will be reserved for seniors earning fifty percent (50%) of the AMI, one hundred thirty units (130) will be reserved for seniors earning sixty percent (60%) of the AMI, and sixteen (16) units will be market rate housing. The development's affordable incomes range from thirty five thousand, five hundred dollars (\$35,500) for the one-bedroom unit at fifty percent (50%) AMI (PRHP) to forty eight thousand, six hundred dollars (\$48,600) for a two-bedroom unit at 60% AMI for a household of two.

Each unit consists of a spacious kitchen with dishwasher, washer and dryer, high speed internet and Energy Star appliances. While the Uniform Federal Accessibility Standards (UFAS) requires five (5) percent of a project's units to be UFAS compliant: Homes at Oxon Hill will provide fifteen percent (15%) or twenty-five (25) UFAS compliant units. Two percent (2%) or four (4) units will be compliant with HVI (hearing and visually impaired) federal disability standards. These UFAS and HVI units will allow equal access to affordable housing options to those with disabilities and allow senior residents to gracefully age in place. WMATA Metrobus provides fixed route bus service in Prince George's County and The Greater Washington, DC metropolitan area from service stop's outside the facility on Southern Avenue and at the bus hub at the Southern Avenue Metrorail station. Close to the site, are Metrobus Stops P12, A2, A6 and A7 which also serves the DC communities of Anacostia and Congress Heights. Prince George's County's "The Bus" transit lines offers routes 33, 35 and 37, which provides transit service to the Eastover Shopping Center and the Suitland and Addison Road Metro stations.

Community amenities at Homes at Oxon Hill include a community room with a warming kitchen, cybercafé, a lounge, conference room/library, 24-hour fitness room and a wellness center. The Homes at Oxon Hill will offer comprehensive tenant services through its internal tenant services housing team. As resident services manager, Homes for America will provide the tenants with direct linkages to local qualified service providers that offer an array of programs and services. Local educational, cultural, recreational and health programs will be identified, and all residents will be encouraged to participate in the program activities. In addition to contributing one hundred, sixty three (163) units of much needed senior affordable housing in a transit rich environment in Central Prince George's County, the Homes at Oxon Hill will contribute many economic benefits including, but not limited to the economic boost of construction jobs and permanent full-time jobs related to the operation of this residential community upon construction completion.

PROJECT INFORMATION SHEET

THE 8230 SCHULTZ ROAD PROJECT

**8230 Schultz Road
Clinton, MD 20735**

COUNCILMAN DISTRICT 9

PROJECT DESCRIPTION:

8230 Schultz Road, LLC plans to acquire land and construct ninety (90) units of affordable apartment housing community for seniors, ages sixty-two (62) and over, in Clinton, Prince George's County, Maryland (hereinafter referred to as "8230 Schultz Road") on a 3.51-acre site. The total development cost of this project is expected to be twenty six million, seven hundred sixty-eight thousand, three hundred seventy-six dollars (\$26,768,376).

Located four miles outside the Capital Beltway and southeast of the Anacostia section of District of Columbia (DC) about a half (1/2) mile from Coventry Way's intersection with Branch Avenue, 8230 Schultz Road will offer residents a convenient location for employment, healthcare, retail, and transit. A Metrobus stop located 0.7 miles away from the community's entrance will offer transit to the Branch Avenue Metro Station located 5.6 miles away from the site. Significant nearby employment centers include Andrews Air Force Base which is located 2.5 miles from the site and the US Census Bureau headquarters at the Suitland Federal Center that is approximately 7.1 miles away from that site and is also home to approximately four thousand four hundred (4,400) employees.

Local amenities include the Woodyard Crossing Shopping Center, located 1.8 miles away at the intersection of Woodyard Road and Branch Avenue, which is home to retail options such as a Safeway supermarket, Walmart, and a Lowe's Home Improvement store. Other nearby amenities include a post office, a Walgreens pharmacy, several banks, various restaurants and eateries, and a Patient First clinic and other medical offices. The MedStar Southern Maryland Hospital Center is also located at the intersection of Surratts Road and Branch Avenue, 2.2 miles from the site. Public elementary, middle, and high schools are all located within two (2) miles of the site.

8230 Schultz Road is designed as a four-story, elevator-served building. Of the ninety (90) units, seventy-two (72) units will be one-bedroom and one-bathroom; eight (8) units will have

two-bedrooms and one-bathroom, and ten (10) units will have two-bedrooms and two-bathrooms. The monthly utility allowances are conservatively estimated at seventy-two dollars (\$72) for one-bedroom units, and ninety-one dollars (\$91) for the two-bedroom units. 8230 Schultz Road is reserving ten (10) units for senior households whose incomes are at forty percent (40%) of the AMI, which translates into incomes of thirty five thousand, two hundred eighty dollars (\$35,280) for a household of one and forty thousand, three hundred twenty dollars (\$40,320) for a household of two, with rents at eight hundred seventy-three dollars (\$873) for the one-bedroom units. Forty four (44) units will be reserved for senior households whose income are at fifty percent (50%) of the AMI, which translates into incomes of forty four thousand, one hundred dollars (\$44,100) for a household of one, and fifty thousand, four hundred dollars (\$50,400) for a household of two, with rents at one thousand, one hundred nine dollars (\$1,109) for the one-bedroom units and one thousand, three hundred twenty-six dollars (\$1,326) for the two-bedroom units. Thirty six (36) units will be reserved for senior households at sixty percent (60%) of the AMI, which translates into incomes of fifty two thousand, nine hundred twenty dollars (\$52,920) for a household of one, and sixty thousand, four hundred eighty dollars (\$60,480) for a household of two, with rents at one thousand, two hundred seven dollars (\$1,207) for the one-bedroom units and one thousand, four hundred twenty-nine dollars (\$1,429) for the two-bedroom units.

Onsite amenities available to the residents will include a large multi-purpose community room with a kitchenette, a party room, and a workout room. There will be common areas and laundry rooms on the second, third, and fourth floors. The managing agent, Habitat America, will maintain an onsite management office. A Social Services Coordinator will be onsite for fifteen hours per week to organize and monitor programming and identify the best onsite and offsite services for individual residents. Transportation will be coordinated for residents needing to travel off-site for medical appointments, shopping, and activities. Residents will also be able to take advantage of activities at the nearby Camp Springs Senior Activity Center on Mondays through Saturdays.
