RE:	Employ Prince George's (EPG) Fiscal Year 2026 Budget Review

Budget Overview

- Employ Prince George's (EPG) is a 501(c)3 organization that is partially funded through annual County grants in the "Non-Departmental" section of the budget and serves as the principal workforce development entity for the Prince George's County Government. EPG serves as the staff, fiscal agent and administrative agent of the Prince George's County Workforce Development Board, the entity managing and distributing the County's Workforce Innovation & Opportunity Act (WIOA) Title I fund, and the operator of the Prince George's County Public Workforce System.
- The FY 2026 proposed budget for EPG is \$16,808,600, a decrease of \$1,514,500 or -8.3% under the FY 2025 Approved Budget. FY 2026 Budget decreases are driven by decreases in operating costs from the video lottery terminal grant, and in compensation due to proposed future layoffs of 20 yet unidentified positions, fully burdened, as well as an increase in fringe benefit expenditures to align with projected costs. This is partially offset by increases in operating costs for staff development, travel, training and outreach and OIT charges based on anticipated countywide costs.
- Currently, \$636,200, or 38% of EPG's FY 2025 County-allocated funds is unspent, but the agency is on track to spend their FY2025 allotment by the end of the fiscal year.

• FY 2026 Operating expenses are proposed at \$8,041,900, an increase of \$594,900, or 8%, above the FY 2025 Approved Budget. This increase is due to the costs for training, supportive services, supplies and contracts and is partially offset by decreases in staff development and travel.

Contracts

 Below is a list of all EPG's currently executed contracts and all planned contracts. County Funded contracts for FY 2025 are proposed at \$165,000 and are itemized below:

Workload and Performance Data

- EPG's new Prince George's County Virtual Career Center is 75% complete. Once complete, EPG believes the system will improve operations and job seeker services.
- EPG's Career Transition Resources initiative is being used to serve impacted federal workers.
- Below is a breakdown of the data on the total traffic through the different American Job Center locations, workshops, resume assistance, and assisted job searches for the past five (5) fiscal years.

Challenges

The decrease in VLT funding has led to changes in staffing and the provision of resources to the American Job Center in National Harbor. EPG noted in their budget response that their revenue was unexpectedly decreased in March of 2025 when its portion of the Video Lottery Terminal Grant (VLT) was decreased from the \$637,700 to \$200,000. EPG is unsure whether there is sufficient funding to maintain VLT funded services through FY 2026. EPG has already halted most of its programming at the American Job Center at National Harbor and may have to close the American Job Center at National Harbor.

- EPG states that the WIOA Adult revenue grant will be decreased by \$100,000 more than anticipated as well. WIOA funding is based on a state formula approved by the U.S. Department of Labor. EPG is working to backfill these reductions from new sources and did secure new revenue from a State Employment Advancement Right Now grant, a County DHCD grant, and a Truist Grant.
- The Prince George's County Re-Entry Employment Incentive Program has not taken off yet, and thus far, no residents have been served by the program. EPG needs to work with the Returning Citizens Affairs Division to submit a proposal to the County Council to make the effort more appealing to businesses. Currently, businesses choose other EPG incentives over the reentry incentive. Additionally. the County Council's Re-Entry Advisor Board became defunct after the recommendations were finalized several years ago.
- HB 772 did not successfully pass the State Senate. If the bill had passed it would have continued funding for EPG's Youth Career Connections program to provide career counseling in 72 middle and high schools throughout PGCPS through FY 2028. However, since it did not pass, the program will end in FY 2026, and EPG will lay off an expected 60 staff members.
