

PRINCE GEORGE'S COUNTY COUNCIL

COMMITTEE REPORT

2025 Legislative Session

Reference No.: CB-030-2025

Draft No.: 2

Committee: Transportation, Infrastructure, Energy & Environment

Date: 6/9/2025

Action: FAV(A)

REPORT:

Committee Vote: Favorable as Amended, 4-0 (In Favor: Council Members Olson, Harrison, Blegay, and Dernoga)

The Committee convened on June 9, 2025, to discuss CB-30-2025, which amends Subtitle 23 (Roads and Sidewalks), Division 3 (Design and Construction), of the Prince George's County Code to provide the County Council with a list of roads to be repaved before contracts are approved within a certain time period, provide for County Council approval, and generally regulate roads and road paving in the County.

Specifically, CB-30-2025 requires the Department of Public Works and Transportation (DPWT) to submit to the County Council the list of roads to be repaved at least 60 days before contracts are approved. This legislation also requires the County Council to approve the list of roads to be repaved by resolution prior to the Department approving contracts.

After discussions with DPWT, the sponsor provided the committee with a proposed Draft 2, which:

- Requires DPWT to submit the list of roads to be repaved to the County Council for review on an annual basis.
- DPWT shall prepare the list in December, and the Department shall present it to the County Council for general feedback.

Upon presentation of Draft 2, the sponsor thanked DPWT for their cooperation and expressed the intent of a more transparent and collaborative process, which will allow more Council and community input. The DPWT Director thanked the sponsor for the opportunity to discuss the legislation and share the agency's concerns.

After the discussion, the Committee voted favorably on CB-30-2025 as amended, by a vote of 4-0.
