19 **Sec. 20-160.02. Payment Methods.**

20 (a) Except as provided in Section 20-159 of this Code for taxicabs from other
 21 jurisdictions, cash and credit cards shall be acceptable forms of payment for all taxicabs [and
 22 limousines] operating in Prince George's County by January 1, 2017.

23 (b) Rates for credit card usage are established under Sec. 20-160. No additional fees or
 24 surcharges shall be imposed on a passenger.

25 **Sec. 20-161. - Meter requirements.**

26 (a) It shall be unlawful for any person to operate a taxicab, or to cause a taxicab to be
 27 operated for hire, or to accept any passenger for hire, or to carry any paying passenger within
 28 the County unless such vehicle shall be equipped with a taximeter which shall have been
 29 sealed by the County and which shall be in operation at all times while any paying passenger is
 30 riding in such taxicab. This Subsection shall not apply to a taxicab which displays a sign
 31 clearly visible from outside the vehicle, reading, "Not in Service" or "Out of Service" and

1 which taxicab is in fact "Out of Service."

2 (b) The Board may recommend and the Director shall approve the types of taximeters to
3 be used on taxicabs in conformity with specifications and tolerances as set by the National
4 Bureau of Standards. The Director shall road test the taximeter for accuracy and conformity
5 with approved rates at least once each calendar year. The meter shall be sealed after testing.
6 Regulations concerning the use and maintenance of taximeters, not inconsistent with this
7 Section, as may be necessary to promote the purpose hereof, shall be promulgated by the
8 Director with recommendations from the Board.

9 (c) Taximeters must register the fare upon illuminated counters plainly visible to a
10 passenger.

11 (d) It shall be unlawful for any person:

12 (1) To use any taximeter until the same shall have been inspected, found to be
13 accurately set to operate at approved rates, and sealed by a County Inspector;

14 (2) To operate any vehicle with a taximeter unsealed or not having its access port
15 intact;

16 (3) To carry passengers for hire except while operating the taximeter in accordance
17 with the provisions of this Subtitle, provided, however, that the Director may grant a waiver to
18 this provision for a contract with a government agency filed with the Department of [the
19 Environment] Public Works and Transportation that permits discounted rates or rates lower
20 than those computed by the taximeter upon a written determination by the Director that the
21 contract provisions will not result in a significant reduction of service to the general public or
22 impact a licensee's ability to earn a living while maintaining the integrity of the contractual
23 services;

24 (4) To make any charge for the transportation of a passenger other than as provided
25 under this Subtitle; or

26 (5) To make any change in the mechanical, electrical, or electronic condition of a
27 taxicab or its meter with intent to cause false registration by the meter of the fare to be charged
28 a passenger.

29 **SECTION 2. BE IT FURTHER ENACTED** that the provisions of this Act are hereby
30 declared to be severable; and, in the event that any section, subsection, paragraph, subparagraph,
31 sentence, clause, phrase, or word of this Act is declared invalid or unconstitutional by a court of

1 competent jurisdiction, such invalidity or unconstitutionality shall not affect the remaining
2 words, phrases, clauses, sentences, subparagraphs, paragraphs, subsections, or sections of this
3 Act, since the same would have been enacted without the incorporation in this Act of any such
4 invalid or unconstitutional word, phrase, clause, sentence, paragraph, subparagraph, subsection,
5 or section.

6 SECTION 3. BE IT FURTHER ENACTED that this Act shall take effect forty-five (45)
7 calendar days after it becomes law.

Adopted this 14th day of November, 2023.
