Questions from County Council Regarding PreSchool Programs

31. List the programs, types, and capacity that PGCPs currently has for children under five.
(ACADEMICS) Department of Special Education Response:

1. **The Infants and Toddlers Program** provides specialized instruction, related services, and service coordination through parent coaching, and home-based services to approximately 3,075 children annually.
 - There is no capacity limit for eligible children identified through the central referral process.
2. **The Special Education Preschool Program** serves students, ages three through four years old. Three-year-olds attend a half-day program and four-year-olds attend a full-day program. These services are provided at their boundary elementary Pre-K or at one of five early childhood centers listed below:
 - Kenmoor
 - H Winship Wheatley
 - James Ryder Randel
 - Frances Fuchs
 - Chapel Forge

**Enrollment By Site for Special Education Students in Preschool Programs
(General education students are not included in the numbers below.)**

ECC Site	Full Day or Half-Day	Chapel Forge	Frances Fuchs	H. Winship Wheatley	James Ryder Randall	Kenmoor	Total
3-year-olds	Half Day	118	237	220	99	214	888
4 year-olds	Full Day	86	135	194	72	105	592
Total		204	372	414	171	319	1480

3. **Preschool Special Education Community Based Services**
As of February 22, 2023, 40 children ages 3 and 4 receive special education services in community based settings (i.e. child care centers, head start programs)
 - 40 in Community Settings (primarily three-year-olds)
4. **Early Childhood Prekindergarten**
Early Childhood services income-eligible four-year-old students, including those students with IEPs.

Age	Capacity	Type of Class
Four	4636	Full day

5. Montessori

Montessori programs serve students ages three for a half-day and four for a full-day. The capacity for our three Montessori Schools located at John Hanson Montessori, Judy Hoyer Montessori and Robert Goddard Montessori is listed below.

Age	Capacity	Type of Class
Three	176	Half day
Four	176	Full day

Prince George's County Public Schools
Current Districtwide Strategies to Address Attendance and Truancy
SY 2022-2023

Prince George's County Public Schools continues to employ a number of strategies to address attendance, chronic absenteeism and truancy. Due to the diverse needs of our students and families, we have created a number of absence codes that signify our need to support students who are absent and capture data accurately. While we are back to in-person learning, there are a number of absence codes that remain in effect to support student need when virtual or for students who are a part of the online campus and those utilizing technology in their daily instruction.

Without the following provisions, students would have normally received an unexcused absence which would have contributed to a higher rate of truancy for each student and ultimately for our district. * New codes developed this school year. Others remain in effect since online instruction.

Category	Procedural Guidance for Marking Attendance
<p style="text-align: center;">Behavior Health Needs Code *(BH)</p>	<p>This year, our Administrative Procedure changed to align with the new guidance from MSDE that allows students to be absent now for Behavior Health needs as a new lawful absence reason. The principal or a pupil personnel worker shall require a licensed or certified mental health practitioner's certificate from the parent or guardian of a student reported continuously absent for behavior health needs.</p>
<p style="text-align: center;">Immunization Exclusion Code *(IM)</p>	<p>The Code of Maryland Annotated Regulation requires students to be excluded from school attendance after they have failed to secure the appropriate immunizations within the allotted timeframe. These absences are excused and allow students to make up work they missed. This code also allows the district to identify students who have been excluded solely due to immunization non-compliance.</p>
<p style="text-align: center;">Mental Health Code (MH)</p>	<p>Students may receive as an excused absence one (1) day of absence in each semester of each school year for a student's mental health needs. A note from a physician to excuse a student's absence for mental health needs is not required.</p>
<p style="text-align: center;">Quarantine Code (QT)</p>	<p>Students notified to quarantine as a result of possible exposure to COVID-19 must remain home until the specified time. Teachers must mark students absent with a code (QT), which will count the student absent from class but present for the day. The student will be provided virtual work asynchronously from their teacher(s) during the quarantine period.</p>
<p style="text-align: center;">Transportation Code (TR) Tardy Code</p>	<p>Code TR is to be used when a student is tardy or misses school because his or her authorized transportation did not arrive in a timely manner AND when the student was provided virtual work asynchronously that day. Students with this code will be counted absent from class, but will be counted as present for the school day.</p>

Category	Procedural Guidance for Marking Attendance (cont'd)
<p style="text-align: center;">Transportation Code (19) No Bus Code</p>	<p>Code 19 is to be used when a student lacks authorized transportation, but does NOT receive virtual work asynchronously that day. Students with this absence code will be counted absent from class and from school. Historically, this code is used when a student's transportation authorization is in flux or incomplete (ex. Homeless or newly enrolled students). Code 19 is a lawful absence and the student is entitled to be given make-up work.</p>
<p style="text-align: center;">Technological Difficulties Code (TC)</p>	<p>A new absence reason code was created to reflect when students are unable to participate in live instruction due to technological difficulties. When this issue occurs, the parent must alert the child's teacher of the difficulty by email. Documented phone calls to schools have also been acceptable.</p> <p>Although parents may see "absent" reflected in SchoolMax for the day the issue occurred, the student will be considered "present" when we use the new absence reason code "TC".</p>

In addition to our intentional efforts to accurately document student absences, the following strategies have been employed to address student truancy:

SCHOOL-BASED INITIATIVES

Hazel Telehealth and Tele-therapy

This year, PGCPs launched Hazel telehealth in our secondary schools to provide on-site medical treatment for students in need of a physician's appointment in partnership with the Prince George's County Health Department. Hazel also provides tele-therapy to students who are in need of counseling services and are not in immediate crisis. Services are available for all students (K-12) while at home from.

Mental Health Supports

This year, PGCPs is staffing 167 mental health clinicians staffed in 168 schools. To support attendance and truancy, they provide individual group and or family counseling to address the underlying problems that may be contributing to attendance problems. They utilize a variety of social emotional learning strategies including brief meditation and or deep breathing to help students feel more relaxed and more ready for learning. They also offer consultation to teachers, school staff and parents to increase student engagement and identify barriers to school attendance. Lastly, they provide workshops about trauma anxiety and or depression and how to address symptoms associated with these mental health problems in order to increase student attendance.

SMART Goals

Principals continue to focus on reducing chronic absences as a SMART Goal. The efforts of schools have been discussed in all School Stat Meetings held by the respective Area Associate Superintendents. Schools continue to meet and team to review data, determine appropriate interventions and implement established strategies. Additionally, school counselors also created a SMART goal to support attendance. They have identified a group of students with attendance issues and provide intervention and support throughout the school year. As SIT team members they collaborate with other stakeholders to identify students with attendance issues then create a plan of support.

School Instructional Team Referral (SIT)

Professional Development was provided to new Professional School Counselors with the focus on effective implementation of SIT/SST during distance learning to support referrals made for attendance. Our Administrative procedure notes that students who are chronically absent must be referred. A memorandum to principals outlining expectations for use of the Online Tracking Tool was provided. Updates to SIT/SST documents to make them fillable during distance learning and individual support continues to be provided based on school request.

DISTRICT-LEVEL INITIATIVES

ALLHERE – ChatBot

JAVIS - Attendance Chatbot continues to be operationalized in PGCPs which is responsible for communicating with parents in the 33 schools previously identified as having the highest chronic absentee rates. Prince George's County Public Schools rolled out ALLHERE's attendance platform. Jarvis (Just A Very Intelligent System), named by our very own student government association, is a service that supports and engages students and families through the learning process of SMS-based chatbot technologies. Jarvis engages our students and families in proactive and reactive campaigns via text. Jarvis answers questions by intelligently leveraging an extensive knowledge base built for Prince George's County Public Schools. It communicates in English, Spanish, and French. All messages are logged in the AllHere platform.

Attendance Taskforce

Student Services continues to lead an Attendance Taskforce of twenty district-wide participants including Instructional Directors, Central Office administrators from various offices, and Principals. The goal of the taskforce is to establish a forum that drives the policies and practices utilized in PGCPs to improve attendance (chronic absences and habitual truancy). The taskforce consists of principals at all levels (including charter, specialty and alternative schools), Instructional Directors, and Members of Pupil Accounting, Curriculum and Instruction, Special Education, HHT, Records, IT, and Communications. This is the fourth year that it continues to:

- Review data
- Revise our Attendance AP 5113
- Discuss data quality
- Develop Training administrators and teachers
- Communication plan

CEO and State Joint Letter and Video

Our Chief Executive Officer, Dr. Monica Goldson and our State's Attorney, Aisha Braveboy have teamed to create joint messaging for families regarding the need for school attendance. The letter also communicates to parents consequences for truancy and processes that are implemented for students who continue to miss school unlawfully. This written communication is provided to families by schools and require that parents reach out to the school for support upon receipt.

GEER Grant

Prince George's County Public Schools was awarded the *Innovative Approaches to Connecting with Students Grant* received through the Governor's Emergency Education Relief (GEER) fund. This grant supports the implementation of the Prince George's Re Engagement Program (PG-REP). The most critical objectives of PG-REP are to accomplish the following:

- Make contact and connect with 100% of the targeted students/families using both traditional and creative methods--while remaining in compliance with all social distancing, health, and safety guidelines;
- Re-enroll more than two-thirds of the students who dropped out for the duration of the fourth quarter of SY2019-20 connecting them with appropriate school placements while providing the personal support that returnees need to succeed; and
- Sustain engagement of all (100%) re-engaged students located through the efforts of community partner organizations.

The district now has GEER I (6-12) and GEER II (K-5). There are several community partners who are tapped to assist the district with these efforts this year.

Pupil Personnel Workers

Our Pupil Personnel Workers have a critical role in supporting truancy. They send a monthly chronic absenteeism and habitually truant data to principals. They collaborate with school stakeholders via Action taken document and attend and participate in regular school team meetings to do a deep dive in reason for students' nonattendance; then assist with action plan. They contact parents via phone calls, text messages, emails, and School Messenger as well as by sending letters to parents of truant students. They support by creating attendance contracts with students and hold grade/school wide meetings with parents on attendance. In dire cases, they refer students to Truancy Reduction Court- program to provide interventions and to Interagency Council on Attendance.

School Messenger

Prince George's County Public Schools rolled out a new district-wide communication tool, SchoolMessenger. The SchoolMessenger system is a robust communication tool that the district, schools, and teachers will use to communicate with parents, students, and community members using phone calls, emails, social media, and text messaging.

College Track	<p>NBA Star Kevin Durant and native Prince Georgian brought the first East coast college readiness program, named College Track, to The Durant Center.</p> <p>To date College Track supports 230 students at Suitland and Potomac High Schools with their College and Career readiness program. In their initial cohort of 60 students, 51 graduated from the program in June 2022.</p> <p>In the inaugural Class of 2022, three students received full scholarships to a four-year university.</p>
End Time Harvest Ministries	<p>End Time Harvest Ministries' (ETHM) and community officials work with 9th graders at Bladensburg High School with their Pathways to Career Success (PTCS) / Wellness Ambassador Leadership Program (WALP).</p> <p>The program works with parents and students preparing them for college, careers, and the workforce. The Community of Care Partners (state, county, municipal, and a nonprofit environmental educator) participate in the students' growth and development. Students are exposed to more than 150 career fields including the storm water management curriculum.</p> <p>ETHM's Pathways to Career Success (PTCS) Program honored 48 student graduates in 2022 with an average GPA of 3.1 for the class.</p>
First Baptist Church of Glenarden	<p>First Baptist Church of Glenarden is a long-time partner of PGCPs for the past 25+ years. They are our first faith-based partner to receive a Memorandum of Understanding (MOU) and have adopted 19 schools.</p> <p>They have provided volunteer teams at various schools for MLK Community Day of Service, food and clothing donations to students and school families, and annually give \$5,000 or \$10,000 to various schools to support student and school needs.</p>
First Generation College Bound	<p>First Generation College Bound exists to inspire low-income and first-generation youth to achieve social and economic success by providing advice, encouragement, and support to obtain a college degree.</p> <p>FGCB is currently serving 286 students in 13 schools for College and Career readiness. The Class of 2022 received a total of \$2.3 million in financial aid.</p>

<p>Ivy Community Charities of Prince George's County (Alpha Kappa Alpha Sorority, Inc. Iota Gamma Omega Chapter)</p>	<p>A long-standing dedicated partner of PGCPs, provides school supply donations, program services for students and schools and has given more than \$500k in student scholarship donations.</p> <p>They served as our College and Career Signing Day 2022 partner and donated five laptops for deserving seniors.</p> <p>They serve annually as one of our Back to School Backpack Partners. In 2022, they donated 100+ backpacks.</p>
---	--

<p>Liberty's Promise</p>	<p>Liberty's Promise supports young immigrants in need while encouraging them to be active and conscientious American citizens.</p> <p>Liberty's Promise has served 140 students in their four adopted schools.</p> <p>In SY 2022-2023, they mentored students in the areas of Academic/scholastic enrichment, and social-emotional development.</p>
---------------------------------	--

Drawbacks

The biggest drawback overall to date for our partners is their inability to afford the expensive "Cyber Security Insurance" which adds thousands of additional dollars to their premium.

Our School District requires Cyber Security Insurance coverage for all partners who collect students' Personal Identifiable Information for their use either virtually or in person. Due to the high cost of coverage many partners have had to suspend their programs.
