3 For the purpose of participating in and encouraging the creation of an operational framework to
4 address healthcare disparities, particularly in the area of black maternal health in Prince George’s
5 County.

6 WHEREAS, The State of Maryland has taken important steps to address racial disparities in
7 maternal health, including expanding Medicaid coverage for doulas, requiring implicit bias
8 training for perinatal providers, and strengthening maternal mental health screening; and

9 WHEREAS, despite these efforts, Black women in Maryland-and particularly in Prince
10 George’s County-continue to experience disproportionately high rates of maternal mortality,
11 morbidity, and mistreatment in healthcare settings; and

12 WHEREAS, the County Council, sitting as the Board of Health, seek to complement and
13 build upon state programs by advancing local accountability, patient-centered rights, and
14 community-based oversight; and

15 WHEREAS, Section 506 of the Charter provides that the Council may appoint, for
16 designated periods, one or more temporary advisory boards of citizens of the County who shall
17 assist in the coordination of County policies and programs.

18 NOW, THEREFORE, BE IT RESOLVED by the County Council of Prince George's

BE IT FURTHER RESOLVED that the Health Department shall promote the “Your Voice Matters” Maternal Experience Survey (“the Survey”) which shall:

- 1) Be administered prenatally (36-38 weeks) and postpartum (before discharge); and
