**LEGISLATIVE HISTORY**

10/8/91 - Rules suspended.

**BACKGROUND INFORMATION/FISCAL IMPACT**

**(Includes reason for proposal, as well as any unique statutory requirements)**

The proposed resolution would establish a task force to address the effects of decreased revenues to the State of Maryland and Prince George's County resulting from the national recession and decreased business activity in the mid-Atlantic region, and to examine possible ways to economize in light of County agency reductions or elimination of services and programs and deferred capital improvements.
