\$435 Million total
savings per year

Capital Trails Network

89.6 Miles Complete **242 Miles** Planned

The Capital Trails Coalition is a collaboration of public and private organizations, agencies, and volunteers working to advance completion of an interconnected network of multi-use trails for the Washington metropolitan area. Started in 2015, the Coalition has worked with each jurisdiction to identify planned trails that, once complete, will connect our region. The trails will be accessible to people of all ages and abilities, and will be developed and distributed equitably.
