FY 2022 Proposed Budget – Key Highlights

- Decreased Compensation: (\$275,500) due to reduction of five (5) part-time enforcement staff.
- Decreased Fringe Benefits: (\$60,700) due to reduction of part-time enforcement staff.
- Decreased Operating Costs: Managed Programs (~2.2 million), Facilities (~1.4 million), and Reserve for Maintenance and Economic Development (~\$1.8 million) primarily due to decreases for bad debt and economic development projects.
- Decreased Managed Program Funds to the County: (~\$1.5 million) due to decreases in revenues associated with the Red-Light Camera and Automated Speed Enforcement Programs.
- Staffing: Full-Time remains unchanged (65); Part-Time reduction by five (5) positions to (37).
- Vacancies (As of 3/2021): Four (4) positions consisting of two (2) Information Processors and two (2) Parking Enforcement Officers (PEOs).
- Key Programs/Initiatives:
 - ✚ Parking Enforcement and facilities;
 - ✚ Real estate development and public-private financing opportunities (CIP, Good Food Market Project, Amphitheatre Project and Show Place Arena Project); and,

- Managed Programs various entities such as the Police Department (Red Light Camera, Automated Speed Enforcement, False Alarm Unit), Department of Public Works and Transportation (CCTV, Fringe Lots), Department of the Environment (Abandoned Vehicles Unit), and PGCPs (School Bus Camera Program).

Highlights and COVID-19 Impact

A more comprehensive list of the effects of the COVID-19 pandemic on the Authority’s staffing, revenues, expenditures and operations is included in the attached report.

- Successfully secured \$40 million worth of revenue bonds to finance the construction of the Capital Region Medical Center (CRMC) Garage.
- Successfully maintained its financial self-sufficiency in FY 2021 during the pandemic.
- The travel mandates issued by Federal, State and Local governments impacted utilization of the commuter parking lots and meters which reduced the Authority’s revenues by more than 80%.
- During the pandemic the State of Maryland waived the motor vehicle tag registration flag for violators of any traffic infractions, impacting the number of payments collected.
- The Authority was informed that the New Carrollton Garage facility is scheduled to be demolished, as a result an impairment (which is a reduction in the value of an asset) to leasehold improvements was recorded in the FY 2020 Audited Financial Statements.
- Commenced management of the PGCPs School Bus Camera Program.

Proposed FY 2022 -FY 2027 Capital Improvement Program

	Estimate to be Expended thru FY21	Proposed FY22 Capital Budget	FY 2023	FY 2024	FY 2025	FY 2026	FY 2027	Total Proposed CIP Funding
4 Projects	\$ 15,091,000	\$ 67,075,000	\$ 30,000,000	\$ 20,000,000	\$ -	\$ -	\$ -	\$ 184,800,000

Highlights

- Funded by Revenue Bonds (14.3%) and Other (85.7%).
- Four (4) Key Projects: Suitland Naylor Road (Bonds, Other, Reserves), Renovation Hyattsville Justice Center Garage (Loans), UM Capital Regional Medical Center (CRMC) Garage (Bonds), Hamilton Street Garage
- No proposed new or deleted projects.
- One (1) project estimated to be completed in FY 2021, with closeout in FY 2022: CRMC Garage.
- Two (2) projects delayed: Hamilton Street Garage and Hyattsville Justice Center Garage.

THE PRINCE GEORGE'S COUNTY GOVERNMENT

Office of Audits and Investigations

May 3, 2021

MEMORANDUM

TO: Calvin S. Hawkins, II, Chair
Committee of the Whole (COW)

THRU: David H. Van Dyke, County Auditor *DH*

FROM: Sylvia S. Singleton, Audit Manager *SS*

RE: Revenue Authority
Fiscal Year 2022 Budget Review

Budget Overview

The FY 2022 Proposed Budget for the Revenue Authority (the "Authority") is approximately \$35.6 million. This is a decrease of approximately \$7.2 million, or 16.9%, under the FY 2021 Approved Budget. The decrease is primarily due to a reduction in the costs related to managed programs as a result of reductions in fine processing, costs for economic development projects, and a decrease in bad debt.

The Revenue Authority serves to provide real estate development and public-private financing opportunities, parking enforcement and parking facilities, as well as administration of records and finances of various programs and facilities in partnership with other County agencies.

Budget Comparison – FY 2020 Audited Financials and Approved Fiscal Year 2021 to Proposed Fiscal Year 2022 Budget

Category	AUDITED ¹	BUDGETED			
	Actual FY 2020	Approved FY 2021	Proposed FY 2022	Change Amount	Percentage Change
Revenues					
Net Operating Income (Facilities)	\$32,685,880	\$24,958,800	\$21,442,700	(3,516,100)	(14.1)%
Net Manged Program Income (Enforcement)	-	12,685,000	8,950,000	(3,735,000)	(29.4)%
Net Interest Income (Expense)	(538,619)	171,100	172,500	1,400	0.8%
Use of Fund Balance	-	5,000,000	5,000,000	-	0.0%
Total Net Revenues	\$32,147,261	\$42,814,900	\$35,565,200	(\$7,249,700)	(16.9)%
Expenditures

Facilities Operating Expenses	19,949,984	19,212,600	17,824,800	(1,387,800)	(7.2)%
Capital Outlay	-	-	-	N/A	N/A
Subtotal Normal Operations	\$32,147,261	\$32,601,900	\$28,635,200	(\$3,966,700)	(12.2)%
Managed Program Funds to County	-	4,648,000	3,155,800	(1,492,200)	(32.1)%
Reserve for Maintenance & Economic Development ²	-	5,565,000	3,774,200	(1,790,800)	(32.2)%
Total Net Expenditures	\$32,147,261	\$42,814,900	\$35,565,200	(\$7,249,700)	(16.9)%

¹ Actual FY 2020 column is the RAPGC's audited financial statement amounts and do not include revenues/expenditures for the managed programs (ASE, RLC, FARU, School Bus Camera & Abandoned Vehicles).

² Reserve for Maintenance & Economic Development is a reallocation of cash, and although it is budgeted as an operating expense item, it is not recorded on the books as expense until utilized.

Financial Position

- The Statement of Net Position represents the financial position of the Authority on a full accrual historical cost basis. Net Position is the difference between what the Authority possesses in assets less all amounts due to outside parties, both short-term and long-term. Increases or decreases in the Authority’s net position are indicators of whether the Authority’s financial health is improving or deteriorating. Net position decreased by approximately \$3.4 million for fiscal year 2020. *See chart below* which excludes managed programs.

Source: FY 2022 First Round Response Q.5 (excludes managed programs)

- The largest portion of the Authority’s assets is capital assets not being depreciated, consisting of land and construction in process, which makes up approximately \$51.6 million of total assets. The largest portion of the Authority’s liabilities are bonds payable, which represents approximately \$97.2 million of the total liabilities.
- The issuance of the Series 2020 Bonds for \$40 million by the Authority increased both total current assets and total current liabilities during year ended June 30, 2020. In addition, the Authority was informed that the New Carrollton Garage facility was scheduled to be demolished, as a result an impairment (which is a reduction in the value of an asset) to leasehold improvements was recorded.
- Cash, cash equivalents and investments as of June 30, 2020 was \$37.5 million.
- As of June 30, 2020, the Revenue Authority’s assets exceeded liabilities by approximately \$41.3 million. A significant component of the Authority’s net position, about 44.56%, or approximately \$18.4 million, was recorded as Unrestricted-Undesignated funds. Of the \$18.4 million, approximately \$14.5 million, or 79% was Accounts Receivable (money owed to the Authority for unpaid citations), and approximately \$3.9 million, or 21%, was cash and cash equivalents.
- The Authority's FY 2021 budget was greatly impacted by the pandemic. The FY 2021 budget was modified with a 40% reduction in both revenues and expenditures after review of the 6-month actuals for same year. The Proposed FY 2022 budget will reflect a 30% reduction in revenues and expenses compared to budgets prior to the pandemic.

- The Authority's revenue stream for parking citations and meters were reduced by 60% and 80% respectively during the pandemic. In turn, the Authority had to limit or terminate operating expenses to maintain the net position of the Agency. As State and County mandates are minimized, the Authority expects to return to parking operating revenues of 80% of its FY 2020 totals, and meters to return to 70% of its FY 2020 totals.

Authorized Staffing Count

	FY 2021 Approved	FY 2022 Proposed	Change Amount	Percentage Change
Full-Time	65	65	0	0.0%
Part-Time	42	37	-5	-11.9%
On-Call	0	0	0	N/A
Total	107	102	-5	-4.7%

Staffing Changes, Compensation and Response to the Pandemic

- In FY 2022, compensation is proposed at approximately \$3.9 million, which represents a decrease of \$275,500, or 6.5%, under the FY 2021 Approved Budgeted level. Funding is proposed for 65 full-time, and 37 part-time positions in FY 2022. This represents a decrease of five (5) part-time Parking Enforcement Officer (PEO) positions, under the FY 2021 approved level.
- The Authority is reporting that as of March 2021, there are four (4) vacancies which is expected to continue into FY 2022, two (2) for Information Processors and two (2) for Parking Enforcement Officers (PEOs).
- In FY 2021, the Revenue Authority did not issue a cost-of-living adjustment (“COLA”), and does not plan to do so in FY 2022.
- In FY 2021, overtime is projected at \$1,200, and proposed at \$12,500 for FY 2022. The Authority allows overtime for the enforcement staff assigned to FedEx field events, and this cost is 100% recoverable from the County’s Police Department.
- The Revenue Authority’s FY 2022 Proposed Budget also includes funding for 16 off-duty part-time Police Officer positions from the Prince George’s County Police Department’s (PGCPD) Automated Speed Enforcement (ASE) program and remains unchanged from the FY 2021 approved levels. FY 2022 Proposed Budget for these positions is \$225,800, for 4,500 service hours, and is included under the ASE program’s operating expenses.
- In response to the COVID 19 Pandemic the Authority is reporting the following related to staffing:
 - ✚ It functioned in a hybrid work mode.
 - ✚ Effective March 20, 2020, the County instituted a reduction in operations to only essential functions and County agencies were closed to the public. Although the Authority remained closed to the public, the Agency remained functional and transitioned employees to telework/office, field, and administrative leave statuses depending on the nature of their work.
 - ✚ Full time Enforcement Team returned to field patrol on 6/8/2020 and the part-time staff

- returned on 8/10/2020. The Maintenance team is considered essential and continued to work in the field on a reduced schedule. The remaining office staff continued to maintain telework status. The current percentage of field staff is 54% and the telework/office staff is 46%.
- ✚ It has not had to address any reduction in personnel availability and decided early on to maintain its staffing complement without any reduction in force or layoffs for staff that worked in the field. Natural attrition and turnover occurred, and positions were backfilled accordingly.
 - ✚ Measures were put in place to ensure a safe working environment for employees driving agency vehicles as well as to prepare the office for employees to return to work.
 - ✚ Hiring was suspended in accordance with the County's directive and resumed in September 2020 based on the agency needs. Enforcement staff were successfully retained by continuation of pay through Administrative Leave according to work status (FT or PT), until the Agency was able to safely return staff to the workplace in accordance with the County's directive.
 - ✚ Followed the County, and extended Hazard Pay to all staff that worked in the field or had to report to the office for work related purposes.
 - ✚ Challenges consisted of revamping the Agency's telework policy, providing technology and equipment to employees facing working from home, and revising how vehicles were dispatched for sanitary purposes and fueling (electric), getting the necessary personal protective equipment through the Agency's own suppliers as well as the County resources and financial stability through monitoring spending.

Related Party Transactions

- The Revenue Authority reported its "Related Party Transactions" and contractual agreements in *the table on the following page*.
- In FY 2022, the Revenue Authority will receive payments from the County for rental of the Hyattsville Justice Center (HJC) parking facility (\$660,000), and a management fee and annual fee for the operation of the Hyattsville Justice Center parking facility (\$165,000), pursuant to the HJC rental agreements. *Related Party Transactions Notes 3, 4, and 5.*
- In FY 2022, the Authority anticipates that it will reimburse the County \$25,000 in fuel costs (Note 11) for the use of County fuel facilities for parking enforcement vehicles.
- As of June 2019, an Addendum No.3 was made to the parking facilities lease between the Authority and the County, such that amounts owed by the Revenue Authority to the County under Section 2.01 of the Parking Facilities Lease will be abated and not paid. The amount abated will be one million dollars (\$1,000,000) annually for the Annual Fines Distribution (Note 1 for Shared Parking Fine Revenues) and Facilities Lease (Note 2 – for Parking Facilities). The abatement of the Annual Lease payment shall end and payment shall resume at the time that the indebtedness for the Capital Regional Medical Center (CRMC) Garage Bond is paid in full and the bonds' obligation is satisfied (expected to be 30 years).
- New Carrollton Garage – Agreement with Washington Metropolitan Area Transit Authority (WMATA):
 - ✚ The Authority and the County entered into an operating and management agreement with WMATA, dated January 1, 1987, covering 400 spaces in the New Carrollton parking facility.

- ✦ Under the terms of this agreement, the Authority is entitled to a management fee and reimbursement of certain costs.
- ✦ The Authority completed renovation of the New Carrollton garage in May 2020 at a cost of \$4.2 million.
- ✦ On October 21, 2020, WMATA and the Authority executed the first amendment to the operating and management agreement.
- ✦ Per the amendment, effective July 1, 2019, all of the provisions of the operating and management agreement pertaining to the management fee will no longer be effective.
- ✦ The lease agreement between WMATA and the Authority for 15.782 acres of land “New Carrollton Garage East Lot” is scheduled to expire June 30, 2022.
- ✦ The estimated amount due to WMATA for FY 2021 is \$109,304.

Police Department and Prince George’s County Public School (PGCPS) Managed Programs

- The Authority will continue to manage several Police Department programs in FY 2022 which include the False Alarm Reduction Unit (FARU), the Automated Speed Enforcement (ASE), the Red-Light Camera (RLC), and the Abandoned Vehicle Unit.

False Alarm Reduction Unit (FARU) Program

- Beginning in FY 2017, the Revenue Authority made a management decision to contract the back-office work to a primary contractor, which have maintained program expenses. Since then, the program has accomplished efficiencies in operations and customer relations. Prior to the restructuring, the Program was operating at a loss. Post-restructuring, the program continues to realize a funding surplus.
 - ✚ Revenues are projected at \$550,000 in FY 2022, with expenses of \$400,000, which would result in \$150,000 surplus. The False Alarm Unit’s surpluses are remitted to the County, and deficits are billed to the County. *Please see chart below.*
 - ✚ Outstanding receivables for the FARU program in FY 2021 is approximately \$1.3 million, with a collection rate of 92%.

Source: FY 2022 Budget Response First Round Q.38 - Attachment K

Automated Speed Enforcement (ASE) Program

- The County’s Automated Speed Enforcement (ASE) program is a joint effort between the Revenue Authority, the Prince George’s County Police Department (PGCPD or Police Department), and the Department of Public Works and Transportation (DPW&T). The Revenue Authority manages the Program on behalf of the County’s Police Department for a fee of 2% of net program revenues. A vendor, Conduent Solutions, is currently responsible for the collection of ASE fines. The following is noted regarding the ASE program:
 - ✚ The ASE contract with Conduent Solutions, signed February 26th, 2019, is still in the initial term of the agreement and has two (2) additional one-year options.

- As of March 2021, the ASE program had 66 operational mobile speed cameras deployed, and six (6) replica (dummy) cameras.
- Maryland Route 210 (Indian Head Highway) PG 305-19 (HB-187) passed in the Maryland General Assembly and allowed cameras to be located on Route 210 (State Road) in the County. However, the inability to retain revenues generated from those camera sites, which is forwarded to the State of Maryland, negatively impacts the program’s bottom line.
- MD Route 210 legislation allows for the 24-hour operation which resulted in a higher volume of citations compared to school zone locations. In FY 2020, cameras located on Indian Head Highway generated 15,775 citations. The South-Bound 11100 Block of Indianhead Highway had the highest number of citations issued for the period reviewed with 4,475 citations. *See chart below.*

12800 Blk	Indianhead	Hwy -		NB	300
					15,775

- The Authority’s *Response to First Round Q.42d - Attachment M* includes the full list of camera locations and incidents generated as of in FY 2020 (80,541). *See the chart below* for locations with 800+ citations issued in FY 2020.

Source: FY 2022 Budget Response First Round Q.42d- Attachment M

- ✚ The program has two (2) dragon cams in use. The locations are chosen by PGCPD and the camera equipment is operated by PGCPD.
- ✚ State legislation passed in 2016 (House Bill 929), states that the vendor of a speed program cannot receive compensation based on the number of citations issued or paid. In accordance, the County now pays the vendor a flat rate fee for each operational camera, which allows for the County to budget accordingly and manage cash flows monthly. However, this affects the cost of the program as the County is paying for cameras that generate no citations. *See Appendix E attached* of locations which generated less than 10 citations in FY 2020, with some locations generating zero citations.
- ✚ The Approved Budgeted FY 2021 revenues is \$6 million; however, the estimated revenues are anticipated to be \$1.1 million lower than projected, at \$4.9 million. FY 2021 estimated program surplus is \$1.5 million. *See chart below.*

Source: FY 2022 Budget Response First Round Q.38- Attachment K

- ✚ In FY 2020, the Authority earned management fees related to the ASE program of \$20,894.
- ✚ The ASE program has 375,000 violations, valued at approximately \$15 million in outstanding, uncollected revenues in FY 2021 to date, of which approximately \$10.5 million, or 70.1%, are in-State, and approximately \$4.5 million, or 29.8%, are out-of-State. The estimated collection rate in FY 2021 is 85%.
- ✚ The Revenue Authority has continued to monitor the collections efforts of the automated speed enforcement program in collaboration with Conduent and the County. The Authority is working on a clean slate initiative by partnering with Pay lock, to provide a frontline booting and towing collection effort, as well as with Penn Credit for a collection effort beyond county limits.
- ✚ The ASE program revenues are not on target as the pandemic heavily impacted production in FY 2021.

Red Light Camera (RLC) Program

- The Revenue Authority supports the DPW&T in the administration of the automated Red Light Camera (RLC) program for the Police Department for a fee of 12.5% of program gross revenues. The County’s

designated vendor is currently responsible for collecting RLC violation fines. The following is noted regarding the RLC program:

- ✚ Is currently partnered with Conduent Solutions, and the contract was extended to July 29, 2021.
- ✚ The original contract was signed January 29, 2014, for a term of three (3) years with the option to extend for three (3) additional one-year periods, and one additional year in the event 39 cameras were not installed by year one (1) for reasons outside of the vendor’s control.
- ✚ The program lost two (2) camera locations due to the construction of the purple line and experienced downtime in others due to construction projects throughout the County.
- ✚ There have been 51 cameras installed throughout the life of the contract, 44 cameras remain.
- ✚ There will be no additional implementations while in the final stages of the current contract, and the County is currently reviewing all options on moving forward. Red light locations are fixed and cannot be relocated. If a location shows no need for continued enforcement, it is not considered on a new contract.
- ✚ The cameras located at the Ritchie Marlboro Rd East-Bound (EB) and West-Bound (WB) @ Sansbury Road generated a combined total of 13,299 citations FY 2020. Marlboro Pike EB @ Brooks Drive and Old Baltimore Pike SB @ Ammendale Road, both had over 1,000 citations and were removed/repaired in FY 2021. See the chart below for locations which had over 1,000 citations in FY 2020 and *Appendix F of this report* for the full list of camera locations and citations issued in FY 2020.

Source: FY 2022 Budget Response First Round Q.41j - Attachment L

- ✚ The FY 2021 estimated revenues are anticipated to be \$3.4 million, with an estimated program surplus of \$699,000. Program revenues are not on target in FY 2021, as the pandemic has heavily impacted production in FY 2021. *See chart on the following page.*
- ✚ In FY 2020, the Authority earned management fees related to the RLC program of \$599,923.
- ✚ The RLC program has 202,667 violations, valued at \$15.2 million, in outstanding uncollected revenues in FY 2021 to date, of which approximately \$9.9 million, or 65.2%, are in-State, and approximately \$5.3 million, or 34.8%, are out-of-State. The estimated collection rate in FY 2021 is 90%.

- The Revenue Authority is working on a clean slate initiative by partnering with Pay lock, to provide a frontline booting and towing collection effort. As well as with Penn Credit for a broader reach collection effort that pursues collections nationwide.

Source: FY 2022 Budget Response First Round Q.38 - Attachment K

School Bus Camera Program

- The School Bus Program went live on August 26, 2014, and there were 20 school bus cameras installed on buses, which remained unchanged since the program’s inception in 2015. The School Bus Camera Program concluded as of March 5, 2020. There were no violations reported in FY 2021 prior to the cancellation of the Program.
- In Spring 2021, the Prince George’s County Public Schools (PGCPS) announced that it had installed ticket cameras on all 1,216 of its buses. When drivers pass a school bus with its stop sign extended, the Prince George’s County Police Department will automatically mail them a \$250 ticket.
- The new system kicked off when hybrid learners returned to school on April 8, 2021. The cameras capture 180 degrees and up to eight (8) lanes of traffic.
- Neither PGCPS nor taxpayers have to pay for the technology. The initiative will fund itself through its own fine revenue.
- The Program is operated by BusPatrol.
- The new bus camera program is a managed program for the Revenue Authority, with compensation to the Authority of 12.5% of the Program fund’s gross revenues. The Authority will perform the back-office processing of citations and accounting services for the Program. The terms of this engagement are included in a Memorandum of Understanding (MOU) dated July 1, 2020 between the Authority and PGCPS. This agreement was not included in the interagency agreement schedule due to the fact that COVID 19 postponed school activity during FY 2021.

Department of Public Works and Transportation (DPW&T) Managed Programs

- The Revenue Authority estimates that \$445,000 will be received in FY 2022 from the Department of Public Works & Transportation (DPW&T) for the operation, management, and Closed-Circuit Television (CCTV) monitoring of County fringe parking lots.
- The CCTV monitoring function has been operating at a surplus of \$3,700 from FY 2017 – FY 2019, which has decreased to a surplus of \$2,800 in FY 2020 and is expected to remain the same in FY 2021. *See chart below.*

- The Authority provides the maintenance and repair services for the five (5) fringe lots located within Prince George's County on behalf of DPW&T for a total of 2,764 public parking spaces in the following locations: Laurel (684), Bowie (630), Oxon Hill (610), Clinton (422), and Fort Washington (418).
- Details on fringe/commuter lots:
 - ✚ The lots are free of charge and open to the public who commute to work by bus or carpool.
 - ✚ The parking lots are self-park and are not staffed at any time.
 - ✚ Payment to the Authority is based on the Consumer Price Index (CPI) for the area (currently \$76.43/per space rate).
 - ✚ The current costs to maintain these lots have increased faster than the CPI (\$146.93/per space rate) and represent a 91.21% shortage in funding.
 - ✚ The Authority did not incur increases in snow removal, landscaping, light repairs, or surface repairs in FY 2021.
- The Authority has explored several possible revenue opportunities to help absorb some of the annual cost overruns associated with operating these lots. The leased parking meters and parking facilities that are managed by the Authority have experienced revenue shortfalls for the past 12 months due to reduced commuter traffic within the County. The Authority will explore the Largo area as a potential parking district.

- Expenditures have outpaced the revenues for this program for several years, and the deficit was \$13,068 in FY 2020. In FY 2021, the program is projected to generate a surplus of \$67,752. See chart below.

Department of the Environment (DOE) Managed Program - Abandoned Vehicles Unit (AVU)

- The Authority began informally partnering with DOE to manage the Abandoned Vehicles Unit (AVU) in July 2018. Effective June 3, 2019, the Authority formally began managing the program on behalf of DOE and will have full-time enforcement in north, central and south County.
- The Authority contracted, through an Office of Central Services (OCS) solicitation, to work with multiple (currently 4) County-based tow companies who will provide towing, storage and customer service to residents. A Memorandum of Understanding (MOU) with the Revenue Authority was ratified in June 2019.
- The AVU program will no longer be generating any revenues for the County from the actual car pick-up, storage or sale activities, as the towing operator will both tow, store and collect revenues.
- The Revenue Authority's code enforcement officers identify abandoned vehicles and subsequently notify and impound if necessary.
- The Authority's administrative staff coordinates, and issues all required notification to all responsible parties in accordance with the law.
- Highlights:**
 - DOE's AVU impounded abandoned vehicles until May 31, 2019, with the last abandoned vehicle auction being held on September 13, 2019. There are no plans for future auctions.
 - The Police Department's (PD) Tow Coordination Unit is also located on the property of the former AVU, and vehicles impounded by the PD for VIN violations are stored on the lot while under investigation by the WAVE unit.
 - Any abandoned vehicles impounded by DOE's AVU; that remain on the lot are either: under auto theft investigation, "no bids" from the last auction, or held until their investigation is completed, but they must be disposed of through a licensed scrap processor.

- ✦ The initial term for the contracts executed by DOE between the tow vendors and DOE expires June 2021. There are three (3) one (1) year extensions built into the current contract. The Revenue Authority will draft amendments to the current contract to be by and between the current tow vendors and DOE pending authorization from DOE/Office of Central Services (OCS).
- ✦ The Revenue Authority is reporting that it would like clarity around its ability to execute contracts on behalf of the program independent of DOE/OCS, as this would speed the process of procurement and ensure no breaks in service.
- ✦ The Revenue Authority earned revenues from the County of \$438,300 (FY 2020), and \$455,000 (FY 2021), which matches the Authority’s expenses for managing the program.

Facilities and Operating Revenues and Expenditures

- The Authority is reporting the following related to revenues and expenditures during the pandemic, it has:
 - ✦ Been challenged with maintaining cash incomes from operating activities since parking meters and commuter parking facilities have been underutilized during the pandemic by more than 75%. Through careful monitoring of our revenue and expenses, the Authority has maintained adequate cash and as a result, has avoided tapping into its operating reserves.
 - ✦ Successfully applied for COVID 19 related expense reimbursement from Federal funds received by the County. A majority, if not all of the office renovations, personal protective equipment and additional cleaning services costs were all covered by the federal funding.
 - ✦ Plans to continue to track this type of spending if additional funds are offered from the County, State or Federal levels.
 - ✦ Plans on revising its projections on revenues and expenditures as the impact of the pandemic progresses.
- In FY 2022, the Revenue Authority’s revenues are proposed at approximately \$35.6 million, and are comprised of the following major items:

o Fine Revenue Enforcement /PVN Processing	~\$11.6 million
o County Debt Service	~5.7 million
o Use of Fund Balance	5.0 million
o Red Light Camera Enforcement Program	3.5 million
o Meter Fees	~1.3 million
o Management Fee Income	1.1 million
- The revenue table (see *Appendix B* of this report for a complete list) compares the FY 2022 Proposed Budget revenues with the FY 2021 Approved Budget revenues. The most significant dollar reductions between the FY 2022 Proposed Budget and the FY 2021 Approved Budget, was the reduction in the Fine Revenue Enforcement/PVN Processing (~\$2.6million reduction) due to the effects of the ongoing Pandemic.
- In FY 2022, the Authority is anticipating that Monthly Permit Income to increase by \$190,000, to \$540,000, in anticipation of more monthly permit fees due to the Capital Regional Medical Center (CRMC) garage coming on line.

- In FY 2021 the Department anticipates earning approximately \$1.706 million in parking revenues from locations at New Carrollton Garage and East Lots, Hyattsville Justice Center, Department of Corrections, National Harbor, Upper Marlboro Courthouse and the Authority’s Meters. This is projected to increase by \$32,500 in FY 2022 to approximately \$1.738 million.
- The expenditure table (*see Appendix C of this report*) compares the FY 2022 Proposed Budget operating expenditures with the FY 2021 Approved Budget operating expenditures. The most significant dollar reduction between the FY 2022 Proposed Budget and the FY 2021 Approved Budget, is the reduction in expenditures related to the cost for the Red-Light Camera Program of approximately \$2.5 million.
- In FY 2022, the Revenue Authority’s facilities and operating expenses are proposed at approximately \$30.5 million, and are comprised of the following major items:
 - o Debt Services ~\$5.7 million
 - o Speed Enforcement Program 4.9 million
 - o Bad Debt Expense ~ 4.6 million
 - o Red Light Camera Program 3.5 million
 - o Anticipated Economic Development ~3.3 million
 - o Interest Expense 2.5 million
- The \$2.5 million reduction in the Red Light Camera Program expenditures in FY 2022, is a result of a decrease in revenues due to the Pandemic. Anticipated Economic Development is proposed to be decreasing by \$2.5 million in FY 2022 to \$3.5 million, in anticipation of the sale of the land at Bulk Hill, with the proceeds being put into the reserve fund.
- In FY 2022, the largest increase in proposed contracts is for the lease of 28 electric vehicles for parking enforcement from GM Financial Services (\$125,700 increase). In FY 2022, the largest decrease in contracts is for the lease of vehicles from Ford Motor Credit in the amount of \$125,000, since the Authority will no longer be using Ford and is switching to GM.
- For a complete list of contracts, *see FY 2022 Budget Response First Round Q.22, Attachment F – Contracts.*

Capital Improvement Program (CIP) and Economic Development

- The Capital Budget of the Revenue Authority is separate and distinct from the County’s Capital Improvement Program (CIP).
- The Authority has participated in several CIP and Economic Development Projects in FY 2021 and plans for FY 2022 and beyond. *See table on the following page* for FY 2021 and 2022 Proposed Funded CIP projects. Note: One (1) delayed project, Hamilton Street Garage, is not included in the table, as there is no Approved FY 2021 or Proposed FY 2022 funding.

Capital Improvement Program, FY 2021 and FY 2022 (Please note numbers are in Millions)						
	Description	FY 2021 Approved	FY 2021 Estimate	FY 2022 Proposed Budget	Total Project Cost	Status of Project
1	Suitland Naylor Road	\$ 4,194	\$ 200	\$ 50,000	\$ 138,000	Phase I - begins FY 2022
2	Capital Regional Medical	\$ 35,914	\$ 33,200	\$ 2,800	\$ 36,000	Completed FY 2021
3	Renovate Hyattsville			\$ 6,800	\$ 6,800	Exploring
	Total	\$ 40,108	\$ 33,400	\$ 59,600		

- **Highlights:**
 - ✚ Proposed FY 2022 Funding Sources: Total: \$67.075 million
 - Revenue Bonds – \$9.575 million;14.3%
 - Other – \$57.5 million;85.7%
 - Variance between the total proposed FY 2022 funding in the Proposed CIP Budget and the table above are attributed to amounts held in reserves for the Suitland Naylor Road and Capital Regional Medical Center Garage projects.
 - ✚ Four (4) projects - No proposed new or deleted projects
 - ✚ Two (2) projects delayed: Hamilton Street Garage and Hyattsville Justice Center Garage

Capital Improvement Program (CIP) – Suitland/Naylor Road Project (ID#4.91.0003)

FY 2022 Funding Source: Revenue Bonds (\$2.775 million); Other (\$50.7 million)

Councilmanic: District 7

Project Class/Status: New Construction/Under Construction

- For the purpose of acquisition, relocation, demolition and clearance of approximately 33 acres of commercial and residential properties for redevelopment.
- This project is a component of a broader Suitland revitalization initiative to improve the business climate and residential community in the area adjacent to the Suitland Federal Center.
- Acquisition of over \$28 million worth of land with the completed development project estimated to have a value of \$300+ million.
- In FY 2017, the Authority finalized the participation in the Suitland/Naylor Road project by issuing \$28 million of Tax Increment Financing (TIF) Bond (revenue bonds).
- Additionally, the Authority has had to create an economic reserve fund of \$2 million related to the issuance of the TIF Bond as a contingency for the bond issuance.
- Other funding includes \$10 million of PAYGO funds allocated in FY 2017.
- **Highlights:**
 - ✚ The acquisition, relocation, demolition and clearance portion are 100% complete. Estimated funding in FY 2021 is \$200 million.
 - ✚ Planning for the mixed-use development is scheduled to begin in FY 2022 and will begin once the Redevelopment Authority has sold a majority of the new home units. Proposed funding in FY 2022 is approximately \$50 million.
 - ✚ In FY 2022, 'Other' funding is from debt proceeds that will be acquired by the Revenue Authority.

Capital Improvement Program (CIP) – UM Capital Region Medical Center (CRMC) Garage (ID#4.91.0005)

FY 2022 Funding Source: Revenue Bonds (\$6.8 million)

Councilmanic: District 6

Project Class/Status: New Construction/Under Construction

- The University of Maryland Capital Region Medical Center Parking Facility will be a 1,100 space garage.
- The garage will be constructed to support the new hospital and adjacent medical office building.
- In addition to transforming the health care environment in the County, the Medical Center will play a significant role in the redevelopment of Largo Town Center, one of the first areas designated to be Downtown Prince George's.
- Contributed the land parcels (67 acres) at the Boulevard (Capital Centre), towards the development plans for the new regional medical center.
- Started the build phase of the CRMC garage in January 2020. The completed project will provide sufficient parking for hospital staff and visitors.
- Financed the construction of the CRMC Garage series 2020 bond issuance of \$40 million. Estimated to spend \$33.2 million in FY 2021, and \$2.8 million in FY 2022. The bonds are backed by a general revenue pledge of the Authority.
- Increases in project costs were related to the external material used on the façade to match the surrounding infrastructure of the main hospital and to add an underground pedestrian walkway (\$5 million increase), bond issuance costs, and revised amounts for architectural plans and materials.
- Highlights:
 - ✚ There has been very little disruption in the construction of the CRMC garage. There were two (2) work-stoppages because of Coronavirus exposure, but the project has managed to maintain construction schedule overall.
 - ✚ There were minor weather-related delays in the CRMC garage construction schedule: approximately 13 days in total; however, the General Contractor had "weather days" built into the project schedule.
 - ✚ Construction to be completed by end of FY 2021, with fiscal closeout in FY 2022.
 - ✚ Total Estimated Project Cost: \$138 million.

Capital Improvement Program (CIP) – Hyattsville Justice Center (HJC) Garage (ID#4.91.0004)

FY 2022 Funding Source: Other (\$6.8 million)

Councilmanic: District 2

Project Class/Status: Rehabilitation/Design Not Begun

- The parking structure is over 30 years old and has begun to experience deterioration. The deterioration is having a negative impact on garage operations and public safety.
- After reviewing the physical assessment performed by an outside consultant, the Revenue Authority is proposing a \$6.8 million total garage renovation that will address the structural integrity of the building and public safety concerns.
- A structural analysis of the HJC garage was performed in 2016 to determine if a \$200+ million development project could be built over the garage.
- Highlights:
 - ✚ This project was delayed as the proposed plans for the structure and the area are still being finalized. The project will begin in FY 2022.

- ✦ In FY 2022, 'Other' funding is from debt proceeds that will be acquired by the Revenue Authority.

Capital Improvement Program (CIP) – Hamilton Street Garage (ID#4.91.0001)

FY 2022 Funding Source: N/A

Councilmanic: District 2

Project Class/Status: New Construction/Design Not Begun

- The Hamilton Street Garage will be located adjacent to the Hyattsville Arts District.
- The demand for parking currently exceeds the availability of parking at the shopping center.
- A parking study was commissioned, and the findings justified the need for structured parking.
- The Revenue Authority has engaged the City of Hyattsville and Cedar Realty, the owner of the Hyattsville Arts District, on developing a partnership to build the parking garage.
- Highlights:
 - ✦ The Authority was successful in securing the Community Legacy grant from the Maryland Department of Housing and Community Development in FY 2015. The \$400,000 was intended to be used in the development of the Hamilton Street Garage in conjunction with the City of Hyattsville.
 - ✦ To date, the Authority has received \$261,000 in funding from the City of Hyattsville, in addition to the \$400,000 grant.
 - ✦ To date, the Authority has not utilized the funds from this grant. The City of Hyattsville and private sector partners are still exploring financing options.
 - ✦ The Authority is exploring an expedient process for transferring the unspent funds to the City of Hyattsville.
 - ✦ Project postponed until further notice.

Economic Development Projects

- The Authority has provided the list of its planned Capital Improvement Projects and Economic Development Projects currently in process for FY 2021 and beyond (*see Appendix D of this report*).
- **Brentwood I and II**
 - ✦ Provided \$3.7 million to become an equity investor in the Brentwood I development project in FY 2019.
 - ✦ The Authority contributed an additional \$2.086 million of equity in FY 2020 for the Brentwood II development project.
- **Good Foods Market Project**
 - ✦ Provided \$250,000 short term loan to the Good Food Market project - a nonprofit organization, on Addison Plaza as a new grocery store option for residents.
- **Amphitheater Study**
 - ✦ Partnered with Maryland National Capital Park and Planning Commission (M-NCPPC) to explore the development of an Amphitheater in Prince George's County. Spent \$576,000 to date to procure a Consultant on behalf of the M-NCPPC who then reimbursed the Authority. The project is completed as of March 2021.
- **Showplace Arena Study**
 - ✦ Partnered with M-NCPPC to explore repurposing of the Showplace Arena. Spent \$223,000 to date to procure a Consultant on behalf of the M-NCPPC, who then reimburses the Authority, and anticipates total funding of \$500,000, with a completion date of FY 2022.

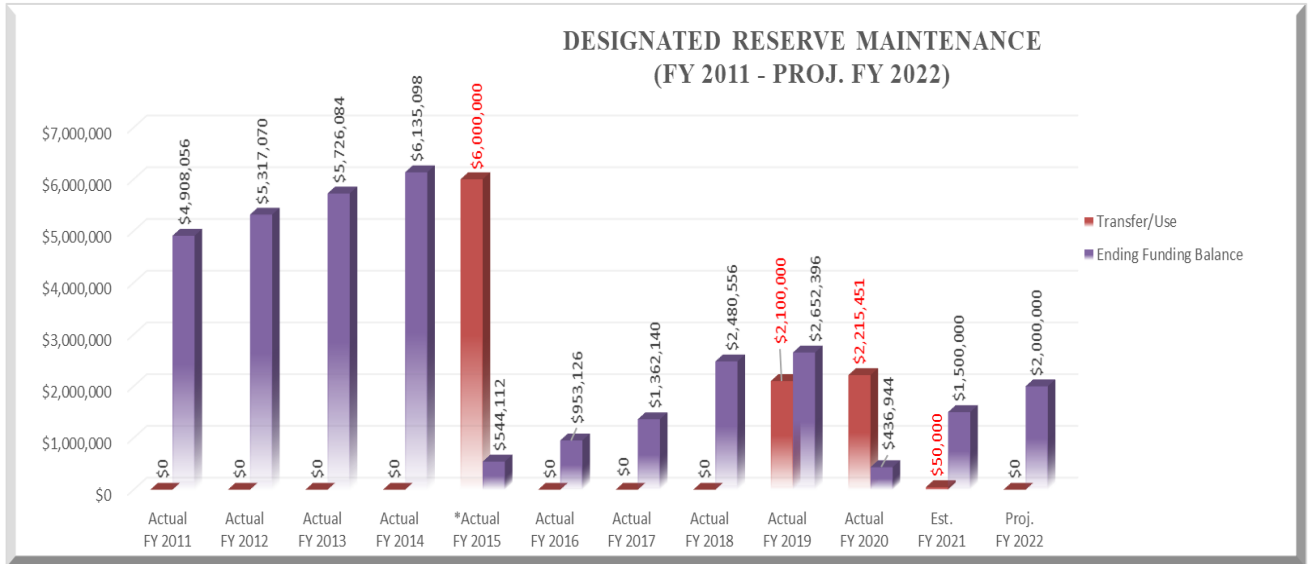

Reserves

- In Fiscal Year 2007, the Authority established reserves for special projects and for future maintenance, repair and replacement costs.
 - ✦ The **Reserve for Special Projects** is to fund future projects, which promote the public interest and economic development of the County.
 - ✦ The **Reserve for Future Maintenance, Repair and Replacement Costs** is for non-recurring maintenance, repair and replacement costs of capital facilities and equipment.
- In Fiscal Year 2015, the Authority established an **Operating Reserve** to fund short-term agency operating cash needs in case of limited cash balances. The operating reserve balance is calculated at 5% of the current fiscal year approved operating budget.
- Based on the audited financial statements for June 30, 2020, the reserves are reported as a designated unrestricted fund balance for a total of approximately \$3.9 million. *See table below:*

Designated Reserve Funds	<u>2020</u>
Special Projects	\$ 2,491,423
Maintenance	436,944
Operating	<u>963,700</u>
Total designated reserve funds	<u>\$ 3,892,067</u>

- The Authority utilizes its reserve funds and economic development funds which required several years of accumulated contributions to reach an amount that was adequate enough for major renovations and to participate in economic development projects.
- Accumulated amounts in the reserve funds provides the Authority with the resources for major renovations and economic development projects without the need to acquire debt or burden the County financially.
 - ✦ The Authority utilized both funds in FY 2015.
 - ✦ The Economic Development Fund was the source, in FY 2016, of a bond requirement reserve.
 - ✦ In FY 2018 Economic Development funds were used for the second phase of the Brentwood project and participation in the Capital Region Medical Center (CRMC) garage planning.
 - ✦ In FY 2019-2020, Economic Development reserve funds was used for the Suitland development and Pre-construction for the CRMC.
 - ✦ FY 2020 maintenance fund was used for the major renovation of the New Carrollton Garage (\$4.2 million).
 - ✦ The FY 2021 increase in special projects balance is due the cash proceeds received from the sale of a parcel of land in the Largo area.
- Anticipated growth in the Reserve Maintenance fund balance is estimated to be at \$1.5 million by the end of FY 2021, and \$2.0 million in FY 2022, in addition to the Authority’s contribution to the fund balance. The use of \$2.1 million in FY 2020 – FY 2021, was for New Carrollton Garage renovations, and for

efficient lighting upgrades, security camera upgrades and elevator repairs. In FY 2021, \$50,000 is planned to be used. *See the chart below.*

Source: First Round Response Q.36 *FY 2015 - Board Approved Transfer for Economic Development

- In FY 2021, the Authority estimates that approximately \$200,000 will be used from the Special Projects Reserve Fund for Economic Development, leaving a balance of \$5.4 million. In FY 2022, the Authority is anticipated to generate revenues from operations which it will use to contribute to, and expend \$2 million for economic development from this fund, leaving a projected fund balance of \$3.0 million. *See the chart below.*

Source: First Round Response Q.36 * The Ending Fund Balance in FY 2015 includes the transfer of \$6M from the Reserve for Maintenance Fund

HIGHLIGHTS

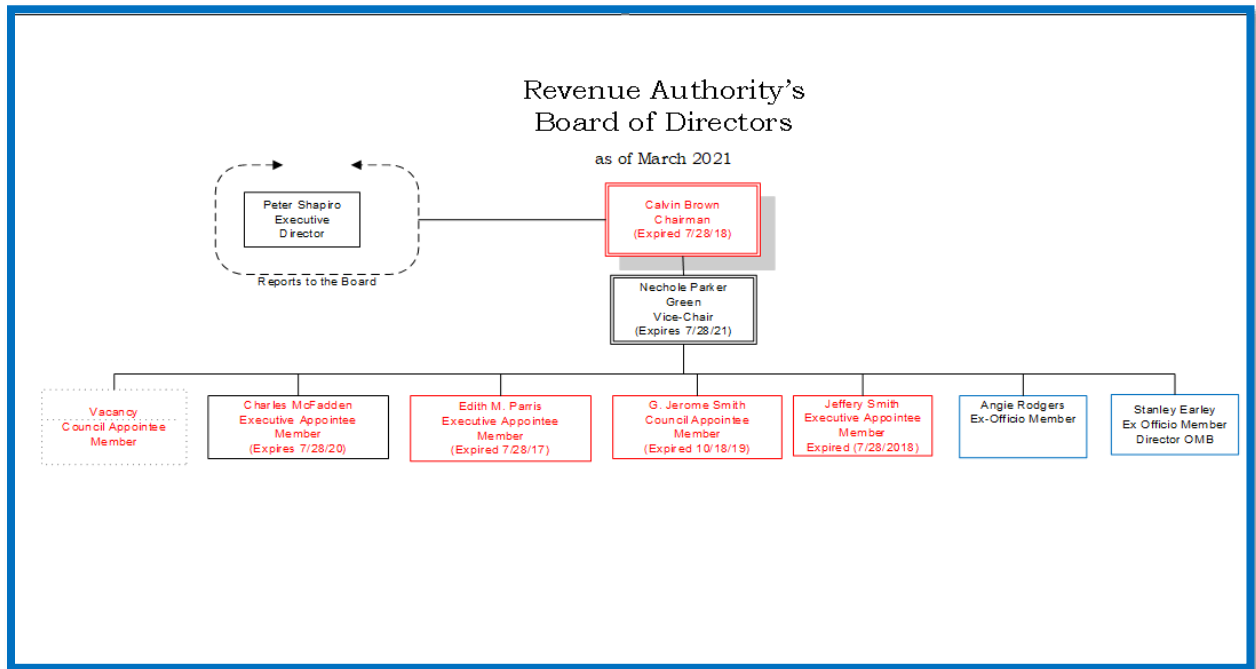

- The Revenue Authority is reporting that it continues to expand its role in the areas of real estate development and development finance. The County will benefit from this expansion by increases in job opportunities and growth in both sales and property taxes. The Authority will contribute resources from its fund reserves and sale of capital assets in order to accomplish this goal.
- As a result of the pandemic the Authority is reporting the following on its operations:
 - ✚ Currently experiencing the effect of the COVID-19 pandemic in 2021 and are exploring ways to keep operations active and to keep its workforce productive.
 - ✚ Did not restructure any services that it provides in any of the programs or facilities.
 - ✚ Followed the County's mandate to reduce face to face interaction(s) with the public by closing our customer service walk-up window.
 - ✚ Adopted a work from home policy as a result of the pandemic, and followed the guidelines offered from the County in managing staff and changes in workflow.
 - ✚ Provided all office staff with access to the Agency network and also provided the necessary office supplies to work from home in an efficient manner.
 - ✚ Enrolled in several software and website formats which allowed for meetings internally and externally to continue.
 - ✚ Adopted new procedures as result that will continue to be practiced once the pandemic has subsided.
- The Parking Enforcement program accounts for the majority of budgetary resources. The Authority has over 30 parking enforcement officers that patrol the County during day, evening, and overnight assignments. The officers utilize agency issued cell phones, handheld printers, and a fleet of 20+ vehicles to perform their jobs.
- The Booting Program, which is a segment of the parking enforcement program, had a very successful FY 2021. The program was able to identify any vehicle that was recorded in the citation database that had two or more traffic violations that were over 90 days outstanding. The officers then placed a boot on the vehicle to immobilize until the debt with the County was settled. The success of the program helped the Authority with cash inflows and reducing aged citations.
- The Authority will continue to provide parking enforcement, parking services, and program management as its other core functions. In addition to the five (5) commuter parking lots discussed earlier, the Revenue Authority also manages public parking spaces located throughout the County. *See chart below:*

Location	FY 2021	FY 2022
New Carrollton Garage	\$ 60,000	\$ 0.00
Hyattsville Justice Garage	\$ 850,000	\$ 860,000
Department of Corrections	\$ 8,500	\$ 12,000
New Carrollton East Lot	\$ 15,000	\$ 30,000
National Harbor	\$ 540,000	\$ 600,000
Revenue Authority Meters	\$ 210,000	\$ 210,000
Upper Marlboro Courthouse (west lot)	\$ 22,000	\$ 26,000

- The residential parking program was established in 2011 to prevent non-resident violators from parking during restricted hours. The program empowers communities to set parking restriction times and days for their neighborhood.
 - ✚ The program is a petition-driven initiative with a focus on quality of life for residents in Prince George's County. The program is comparable to a gated community without the gates. The premise is that residential program participants should be able to park on the street where they live. Authorized residents with active parking permits will be able to park on the street during restriction hours.
 - ✚ The program is free and voluntary and requires a 60% consensus acceptance in the proposed parking zone. The program promotes safety and discourages parking by residents who do not live in that community.
 - ✚ Digital permits and License plate recognition are the enforcement tools that are utilized. The license plate serves as the parking permit.
 - ✚ The Authority added 20 parking zones in FY 2021, with two (2) zones pending approval. Current zones by Councilmanic District is listed *in the table below*:

DISTRICT 1	14 ZONES
DISTRICT 2	34 ZONES
DISTRICT 3	11 ZONES
DISTRICT 4	9 ZONES
DISTRICT 5	8 ZONES
DISTRICT 6	3 ZONES
DISTRICT 7	13 ZONES
DISTRICT 8	12 ZONES
DISTRICT 9	3 ZONES
TOTAL ZONES	107
ACTIVE ZONES	105
PENDING ZONES	2

- In FY 2021 to date, three (3) electric vehicles and one (1) dump truck were purchased for a total of \$127,045, with plans to purchase two (2) electric vehicles in FY 2022 for \$68,030.
- In FY 2021 year-to-date, the Revenue Authority received 3,991 cases, with a 99.94% on-time closure rate. The most common parking complaint issues were: vehicles with out-of-state and/or expired tags, vehicles being sold in a residential area, and vehicles being parked over 72 hours. On time closure is defined as within 45 days according to the Motorola system. The most common factor contribution to cases not being closed on time for FY 2021 was the limited staff in the field due to COVID19.
- The Authority is exploring a merger with other County service agencies for administrative office space as the current lease at the existing administrative office space at 1300 Mercantile Lane terminates in October 2022.
- The current Board of Directors is depicted in the organizational *on the following page* and indicates that except for the Vice-Chair's position, Nechole Parker Green, whose term expires on July 28, 2021, all of the other Board members and the Chairman are currently serving under expired terms. There is one (1) vacant County Council appointee position on the Board due to the departure of Juanita Miller as of March 2021. Angie Rodgers and Stanley Earley are both serving as Ex-Officio Members to the Authority's Board.

Appendix A
**Budget Comparison Actual FY 2020, Approved FY 2021 and
Proposed FY 2022**

REVENUE AUTHORITY

	FY 2020 Actual	FY 2021 Approved	FY 2021 Estimated	FY 2022 Proposed	\$ Change	% Change
Revenues						
Interest Income	\$ 224,433	\$ 171,100	\$ 198,100	\$ 172,500	1,400	0.8%
Use of Fund Balance	3,200,000.00	5,000,000.00	-	5,000,000	-	0.0%
Facilities Operating Income	18,790,872	24,958,800	18,056,000	21,442,700	(3,516,100)	-14.1%
Managed Program Operating Income	9,931,956	12,685,000	8,693,300	8,950,000	(3,735,000)	-29.4%
