***Fiscal Impact***

- Direct Impact

Enactment of CB-067-2018 will authorize the County to incur additional debt in the aggregate principal amount of \$395,174,000, plus interest on the general obligation bonds, necessary to carry out the intent of the Act. The additional debt and related interest and issuance costs associated with the proposed general obligation bonds, or bond anticipation notes, when issued, will have a negative fiscal impact on the County to the extent of the total multi-year debt service costs. The amount of the negative fiscal impact is contingent upon the bond interest rate and the term of the bonds. The fiscal impact on the County for any refunding bonds should be positive if, and when, such refunding bonds are sold.

***Appropriated in the Current Fiscal Year Budget***

Yes.

---

***Effective Date***

The proposed Bill shall be effective forty-five (45) calendar days after it becomes law.
