AFFECTED CODE SECTIONS:

27-61603

BACKGROUND INFORMATION/FISCAL IMPACT:

Prior universal design legislation required the use of specified universal design standards, with the exception of exemptions and waivers granted, to apply to all new single-family attached, single-family detached, two-family, two-over-two's, three-family, and multifamily residential dwelling units constructed in Prince George's County on and after January 1, 2026.

This zoning bill is needed to comport with the legislative requirement under prior universal design legislation that a developer may not be granted more than 50% of waivers from the universal design requirements and sets forth the specific universal design requirements. Table 27-61603(b), which awards points for electively implementing Green Building features, no longer furthers the goals of improving Green features if applicants are given credit for features they are otherwise required to implement under law. This bill removes the Universal Design Green Standard's Table from the Zoning Ordinance.
