PRINCE GEORGE'S COUNTY GOVERNMENT  
OFFICE OF THE COUNTY EXECUTIVE

October 12, 2016

The Honorable Derrick Leon Davis  
Chairman  
Prince George's County Council  
County Administration Building  
Upper Marlboro, Maryland 20772

Dear Chairman Davis:

Enclosed for the County Council's consideration is a Resolution proposing several changes for the purpose of incorporating urban street design standards as consistent with Plan Prince George's 2035 for Regional Transit Districts and Local Centers in Prince George's County.

This Resolution creates new street typologies for urban streets to better facilitate a balance between functional classifications, adjacent land uses and competing needs of the variety of users of the transportation system. The street typologies and standards reinforce the policies and principles in Plan 2035 and are consistent with the requirements of CB-86-2015. In addition, they are designed to provide the various implementing entities, such as utilities, and developers as well as governmental agencies, the level of guidance necessary to enable a clear and consistent decision making.

The Council's favorable consideration of this legislation is greatly appreciated. If you have any questions or concerns, please contact my office or Darrell B. Mobley, Director, Department of Public Works and Transportation, at (301) 883-5600.

Sincerely,

A handwritten signature in black ink, appearing to read "Rushern L. Baker, III".
