Re: McDonald's/Ager Road/DSP-22001

Dear Ms. Brown:

As you know, I represent McDonald's USA LLC, the Applicant in the referenced case, which is scheduled to be considered by the District Council on April 1, 2025. I understand that parties in opposition have requested a continuance of the hearing. On behalf of my client, please note that we have no objection to a continuance. However, we strongly object to a remand as it is our position that no grounds exist to support a remand. I will of course be present at the hearing on April 1, 2025.

Very truly yours,

GIBBS AND HALLER
