Overview of Prince George's County Memorial Library System

History

In 1902, the State Library Commission was authorized to develop public libraries throughout Maryland. The County Commissioners allocated funds to establish the Prince George's County Memorial Library System (PGCMLS) in 1946 as "a living memorial to those… who served in wars" under a law enacted by the State legislature. The Laurel Branch was the first library to become part of the System.

In 2024, PGCMLS operates 19 regional branches, a 24/7 online library, and pop-up services throughout the County. The Library System also provides service at the County Correctional Center. PGCMLS has been fine-free since June 2020.

Leadership

PGCMLS is governed by a 7-member volunteer Board of Library Trustees, which is appointed by the County Executive and approved by the County Council. This body serves as the policy-making body that guides the development of library services. The PGCMLS Foundation provides critical philanthropic support to the Library.

Books From Birth

FY 2023 funding: $315,000 – 80% of Public Services and Program budget.

The Library's ***Ready to Read: Books from Birth Program***, the primary programmatic expense of the System, was officially rolled out during FY 2019 as part of the County's Newborn Initiative. The program enables children to develop a home library of 60 books by the time they reach kindergarten and encourages parents to read with and to their children. In FY 2023, enrollment totaled 18,173, with 163,010 books distributed. The Library continues to express concern over the long-term affordability of the Program as enrollment continues to exceed budget every year since FY 2022.

The table below shows the total enrollment and the number of books distributed per fiscal year. While the COVID-19 pandemic affected in-person programming and activities, enrollment in the program did not have the typical slump in fiscal 2021 that most other data points in this report show.[2]

Books From Birth | Enrollment
(FY 2020 - FY 2024)

	2020	2021	2022	2023	2024 YTD
Enrollment	13,725	15,802	17,211	18,173	18,706
Books Distributed	122,268	142,431	152,423	163,010	135,835

Summer Reading Program

FY 2023 funding: $25,000 – 6.4% of Public Services and Program budget.

---

[2] Note: 2024 YTD in this and all subsequent graphs refer to data up to February 15, 2024. All years refer to fiscal years rather than calendar years.

The Summer Reading Program, in collaboration with the Washington Nationals, called "Summer Prince George's," engages customers of all ages in library activities, such as borrowing materials, attending events, and reading. The funds cover hiring local educational performers and presenters for all branches and purchasing supplies.

Hired presenters in 2023 include:

- Science Guys of Baltimore
- National Aquarium in Baltimore
- Echoes of Nature
- Eco Adventures,
- Book Crawl for adults

The budget line also funds purchasing incentives such as tee shirts, tote bags, and books. The Washington Nationals provide tickets to home baseball games.

Branch Programming

FY 2023 funding: $42,100 – 10.8% of Public Services and Program budget.

Branch programming budgets support presenters and performers, as well as materials and supplies for each area and branch to use at their discretion and need. The organizations hired are vetted and serve the needs of those local branch communities. The Outreach and Partnerships Specialists helped to coordinate 660 collaborative programs in calendar year 2023 across the library system.

This line item supports the work of the heritage teams by funding paid presenters who have particular cultural, historical, artistic, and academic expertise to best represent diverse perspectives and provide rich context and content. These initiatives include Hispanic Heritage, Black Culture, Asian Pacific American Heritage, Native and Indigenous Culture, LGBTQ+, and the variety of intersectionality therein. These funds also support programs on health and wellness, spoken word and poetry, author visits, and many more. $22,000 of the $42,100 from this budget in FY 2023 was used in support of these programs.

Initiative Type (group)	# of Programs	Total Attendance	Avg Attendance
Asian Pacific American Heritage	21	392	19
APAH and BHM	2	137	69
Black Heritage	86	2520	29
Hispanic Heritage	51	903	18
MD STEM Festival	28	541	19
Native American and Indigenous Peoples Heritage	23	786	34
Women's History	26	338	13
LGBTQ+	23	751	33
Summer Meals	242	3315	14

In FY 2023, Area Directors were allocated $20,000 of the $42,100 Branch Programming budget to use at their discretion to support branch-level programming. This equal distribution of programming supply funds, starting in FY 2022, helped to address long-standing inequities between branches with Friends of the Library groups that provided financial support and those without. It empowers branch-level staff to develop and deliver programs that meet the specific needs and interests of their communities. In FY 2023, this worked out to $1,000 per branch, including the County Correctional Center's law library. These funds are used to support programs and outreach efforts to customers of all ages. Examples of items purchased by the branches include craft supplies, STEM supplies, board games, film licenses, 3D printing filaments, puppets, and ukulele kits.

Public Relations Special Programs and Events

FY 2023 funding: $11,000 – 11.82% of Public Relations and Program budget.

The Public Relations Special Programs and Events budget supports major system-wide initiatives and one-time events such as branch grand openings. Many of these are in support of the initiatives outlined in branch programming. In FY2023, special programs and events included a Festival of Cultures, Pride events including a Rainbow Festival, Asian Pacific American Heritage programs, and *For All the People: A Century of Citizen Action in Health Care Reform/Para todo el pueblo: Un siglo de acción ciudadana en la reforma de la atención de la salud*, an English- and Spanish-language, 12-banner exhibition from the National Library of Medicine. The budget is also used for supplies, printing and marketing, and ASL interpreting for events and programs.
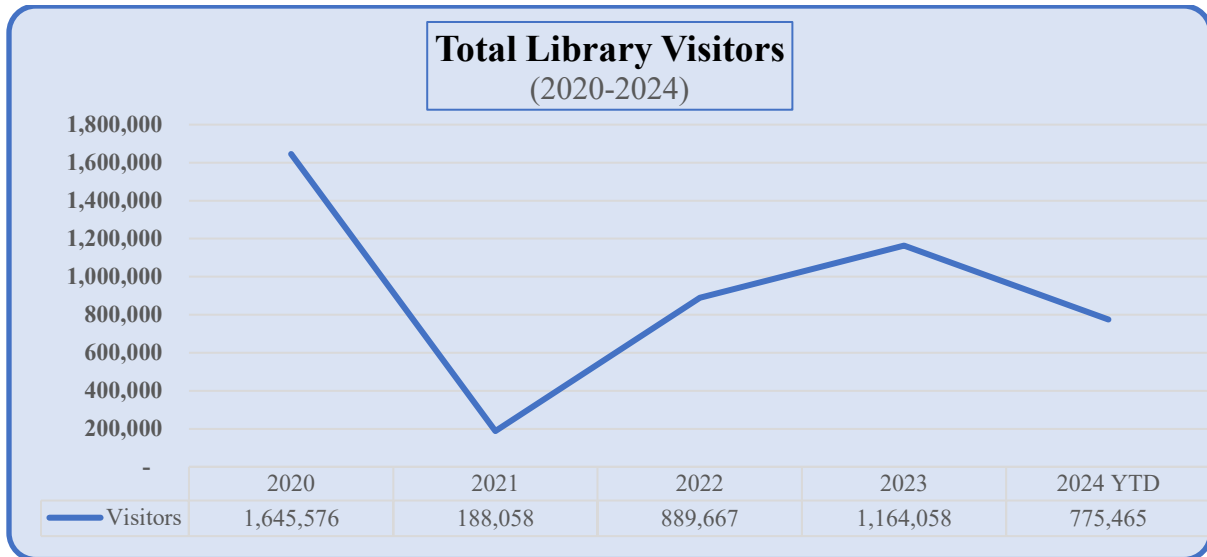

Library Branches

The Memorial Library System manages 19 branches and the County Correctional Center's law library. The branches are divided into four geographic regions, each overseen by an Area Director.

By Total Library visitors, the chart below shows that total visitors decreased at the height of the COVID-19 pandemic and are now beginning to rebound to pre-pandemic levels.

Total Library Visitors
(2020-2024)

	2020	2021	2022	2023	2024 YTD
Visitors	1,645,576	188,058	889,667	1,164,058	775,465

Visitors to all Library branches follow a similar pattern of decrease in 2021 as a result of the COVID-19 pandemic branch closures and subsequent increase as restrictions began to ease. The brown line showing a sharp spike since 2021 is the Hyattsville Branch Library.[3]

Library Visitors - All Branches
(2020-2024)

---
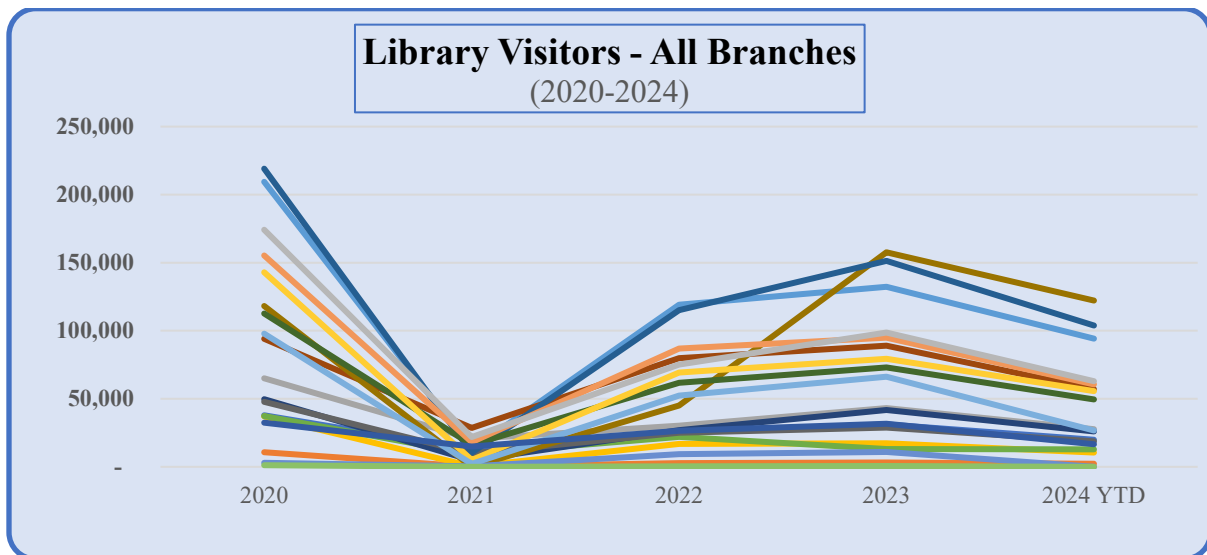

[3] This chart illustrates the general pattern among all library branches. For details regarding each branch's data, please refer to the appendices at the end of this report.

Contrary to in-person visits, the chart below shows that active cardholders[4], and cardholders as a percentage of the population were highest in fiscal year 2021. This may point to increased use of online resources as people spent more time at home during the pandemic.

Active Registered Cardholders
(2020-2023)

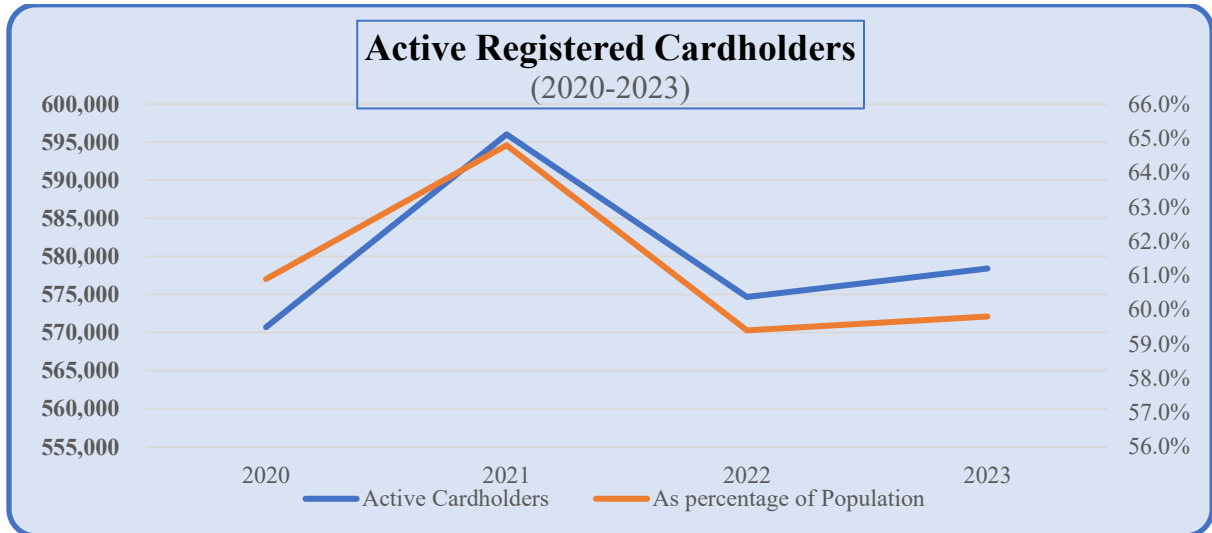

The total number of Library-sponsored events and programs has been trending upward since fiscal year 2021, with children's programming being the most popular demographic group. Teen programs are the least common type of programming available at all branches except the Bowie Branch Library.

Total Number of Library-Sponsored Events and Programs
(2020-2024)

	2020	2021	2022	2023	2024 YTD
Events/Programs	6,155	1,593	2,322	5,171	3,381

---
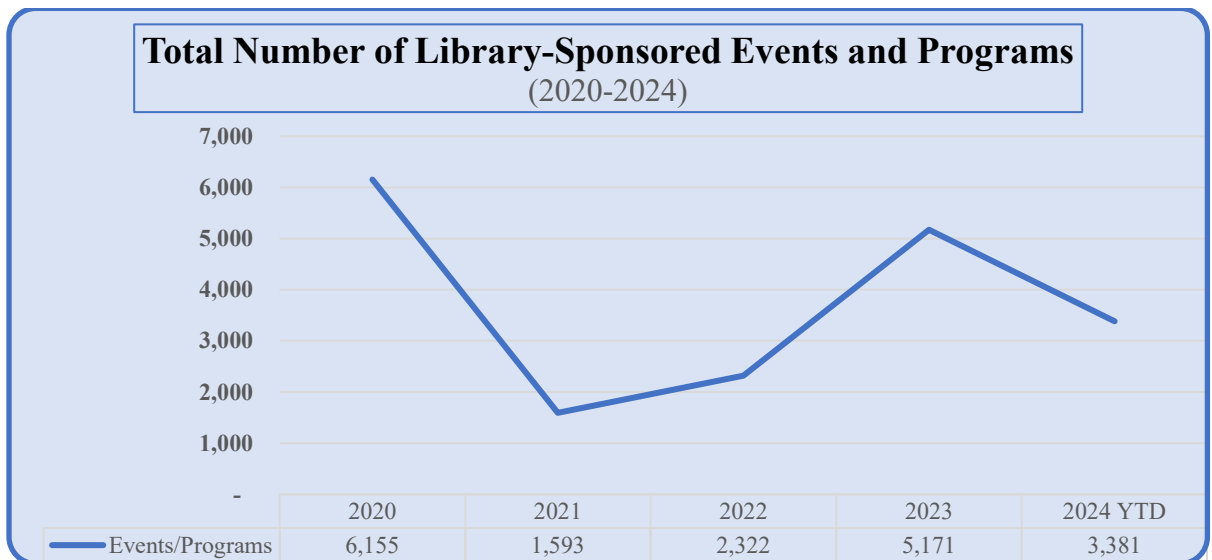

[4] The Library defines "active cardholders" as those who have three years' worth of unexpired Library cards.

Events and Programs - by Category

Children	4,074	569	1,060	2,649	1,819
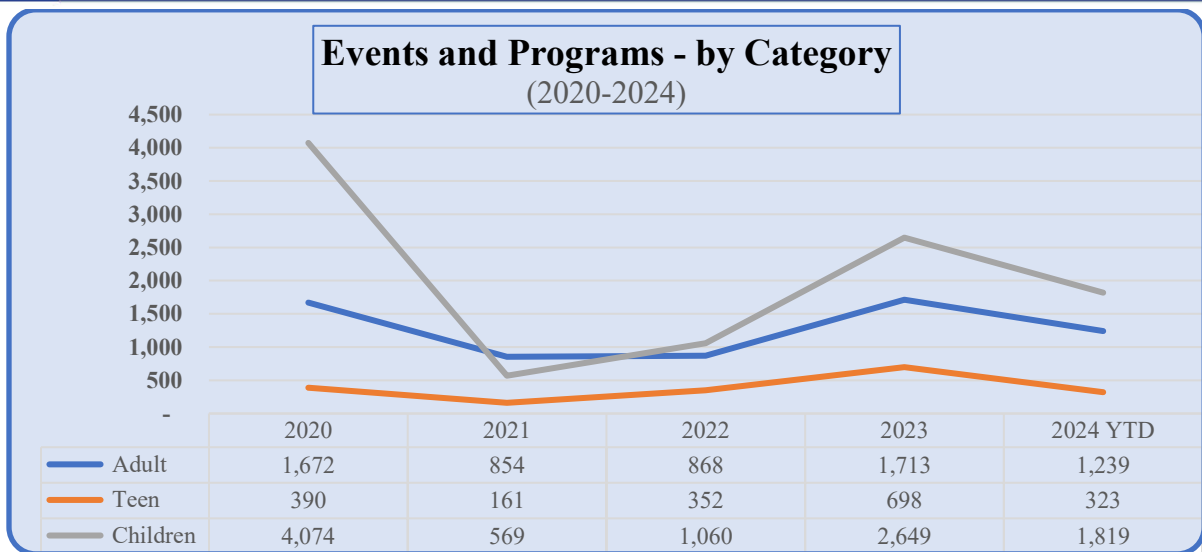

The chart below shows the total online and in-person attendance for events and programs, broken down by demographic group. The sharp increase in adult programs in fiscal year 2021 was due to the popularity of an online conversation by author Ibram X. Kendi.

Attendance at Events and Programs - by Category
(2020-2024)

|	2020	2021	2022	2023	2024 YTD
Adult	22,484	252,519	17,731	19,732	15,758
Teen	17,339	2,760	9,910	15,750	12,456
Children	90,230	12,143	25,157	60,113	47,636
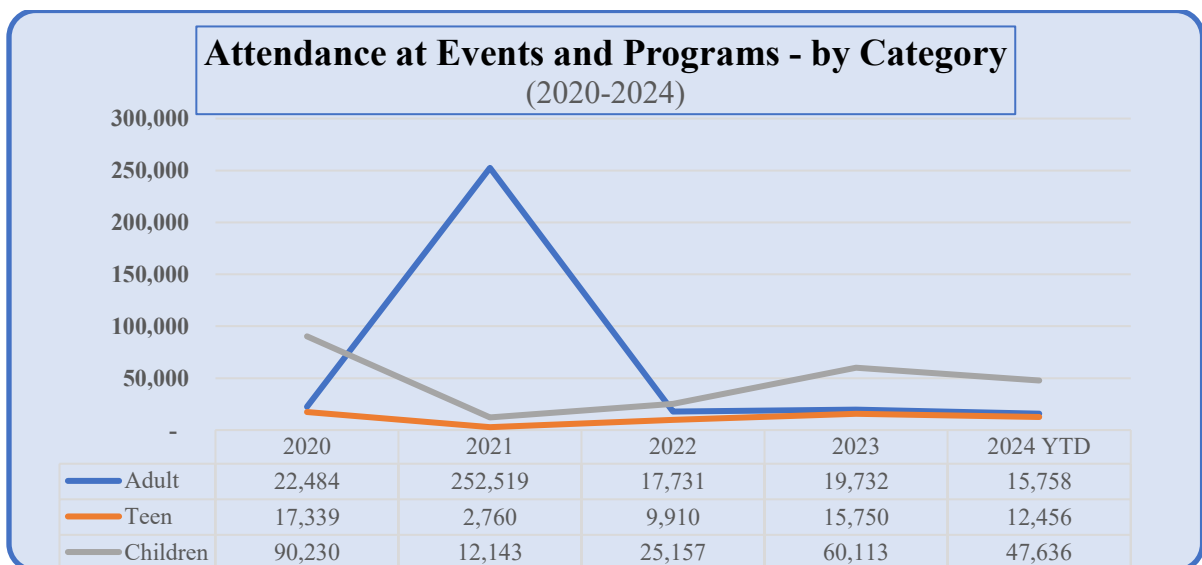

All branches are required to provide weekly "Ready 2 Read" story times. Each branch should also offer regular programs for elementary students (ages 5-12). This should include *at least* one STEM and one Literacy program per month. Programs for teens are expected to be offered at branches with a significant number of teen customers. We are currently working towards expanding this expectation to all branches to better serve our teen community. Adult programming is offered at each branch with the needs and interests of this population in mind.

Attendance at Online Programs follows a similar trend as all programs and events. The sharp increase in FY 2021 is due to the conversation mentioned above.

[1] All information in this and subsequent branch charts is taken from the PGCMLS Facilities Master Plan.

[2] Walk Score is defined in the Plan as a score that "measures the walkability of any address based on the distance to nearby places and pedestrian friendliness." The Plan provides a Walk Score Calculator. The closer the score is to 100, the more walkable the branch is considered.

[3] Bike Score is defined in the Plan as a score that "measures whether an area is good for biking based on bike lanes and trails, hills, road connectivity, and destinations." The Plan provides a Bike Score Calculator (same as linked above). The closer the score is to 100, the more bikeable the branch is considered.

Events & Programs

As of March 2024, in-person programs have not resumed at the County Correctional Center. Up until 2023, Department of Corrections regulations related to the COVID-19 pandemic prevented in-person activities. From 2023 to present, the Library is undergoing recruiting efforts to staff the law library at the facility.
