

Description: The existing parking structure is over 30 years old and has begun to experience deterioration. The deterioration is having a negative impact on garage operations and public safety. After reviewing the physical assessment performed by an outside consultant, the Revenue Authority is proposing a \$6.8 million total garage renovation that will address the structural integrity of the building and public safety concerns.

Justification: The demand for parking at the Hyattsville Justice Center is on average 85% to 95% of total capacity. Extending the life of the structure is necessary for operations and revenue generation. A comprehensive 2014 assessment of the overall site revealed a number of structural and safety issues that would need to be addressed within the next few years.

Highlights: In FY 2025, the source of 'Other' funding is Revenue Authority bond funds and will be used for routine maintenance.
