Nathaniel K. Tutt III, Director, Government Operations and Fiscal Policy Committee (GOFP), provided a verbal report of the actions and recommendations of the Committee of the Whole for CR-048-2024.

This bill provides the authority to transfer appropriations of \$11,900,000 amongst various capital projects for the Board of Education. It also provides authority to transfer appropriations of \$682,000 amongst various capital projects for the Memorial Library.

Additionally, the bill provides the authority for supplemental capital appropriations for various projects within the following agencies based on grant awards that have been received:

*Department of Environment (Stormwater Management) - \$3,675,000
Department of Public Works and Transportation - \$1,444,700
Redevelopment Authority - \$550,000*

The fiscal impact on the County for the Board of Education interproject transfers is \$1,500,000, as the transfer is mostly moving existing appropriations from projects with an excess of appropriation over estimated costs to a project where existing appropriation is inadequate. However, the \$1,500,000 being transferred from the International School at Langley Park (3.77.0017) project will be restored to the project in a future year. The fiscal impact on the County for the Memorial Library transfers is \$682,000, as the transferred appropriation will be restored to the Langley Park Branch (3.71.0003) project in a future year. The fiscal impact on the County for the supplemental appropriations is positive, as the grants will allow additional work to be performed.

This Council Bill was introduced by Council Members Ivey, Harrison, Watson, Olson, Hawkins, Dernoga, Oriadha, Fisher, Franklin and Blegay.

AN ACT CONCERNING SALES AND USE TAX ON

TELECOMMUNICATIONS SERVICE for the purpose of repealing the requirement that the sales and use tax on telecommunication service be applied in addition to local funding requirements imposed by the State of Maryland for funding from Prince George’s County to the Board of Education; and providing for retroactive application of this Act.

Nathaniel K. Tutt III, Director, Government Operations and Fiscal Policy Committee (GOFP), provided a verbal report of the actions and recommendations of the Committee of the Whole for CR-049-2024.

Title 5 of the Education Article of the Annotated Code of Maryland stipulates the State and County funding levels required under the Blueprint for Maryland’s Future. Increased County contributions are mandated through FY 2033.

Prior to enactment of the Blueprint for Maryland’s Future, County contributions to the Board of Education were only required to at least meet the funding level provided in the previous fiscal year (aka “Maintenance of

Effort” or MOE). When MOE was in effect, any increase in telecommunications tax revenue would ensure that the County would fund more than the amount provided in the last fiscal year. Since enactment of the Blueprint; however, the County has contributed substantially more to the Board of Education from County sources. Requiring the proceeds of the telecommunications tax to be applied in excess of the funding formulas leaves insufficient funding for other County spending needs. The County has proposed repealing this requirement both in Section 20-605 of the Local Government Article of the Annotated Code of Maryland and the corresponding provision in County law. The General Assembly recently passed State legislation repealing this requirement.

This Council Bill was introduced by Council Members Ivey, Harrison, Franklin, Watson and Hawkins.
