AFFECTED CODE SECTIONS:

BACKGROUND INFORMATION/FISCAL IMPACT:

A resolution calling on the Prince George's County Board of Education and Prince George's Public Schools to initiate an audit of all public schools to ensure schools are ready for a potential overdosing emergency. State and Local laws require all public schools to have overdosing medication readily available and have personnel ready to administer that medication in an emergency. This resolution suggests that Board of Education to begin their audit at the start of the next school year and conclude in January 2026. This resolution will recommend that the Board of Education notify Prince George's Public Schools of any deficiencies found and immediately begin rectifying those deficiencies.
