The Committee discussed CB-53-2002 in conjunction with CR-27-2002. The bill amends the Zoning Ordinance provisions concerning permit procedures to allow the Department of Environmental Resources to perform administrative review and approval of certain residential permits of a minor nature. CB-53 also provides that the permits described in the bill shall be subject to Zoning Ordinance requirements and shall be maintained on a list available for public inspection in the Department of Environmental Resources office. The resolution, CR-27-2002, requires the creation of a list of minor residential permits which may be approved by the Director

of the Department of Environmental Resources.

The Office of Law found the bill to be in proper legislative form. The Office of Audits and Investigations determined there should not be any negative fiscal impact on the County
