

The Maryland-National Capital Park and Planning Commission  
Department of Parks and Recreation

# PROPOSED FY2025 - FY2030 CAPITAL IMPROVEMENT PROGRAM

***FY2025 C.O.W. WORK SESSION***

April 30, 2024

THE MARYLAND-NATIONAL CAPITAL PARK AND PLANNING COMMISSION

Department of Parks and Recreation, Prince George's County  
6600 Kenilworth Avenue Riverdale, Maryland 20737

301-699-2582

TTY: 301-699-25644

April 30, 2024

The Honorable Jolene Ivey, Chair  
Prince George's County Council  
Wayne K. Curry Administration Building  
1301 McCormick Drive  
Largo, MD 20774

Dear Council Chair Ivey:

On January 15, 2024, the Maryland-National Capital Park and Planning Commission, Department of Parks, and Recreation (Department) submitted its draft Proposed FY25 – FY30 Capital Improvement Program (CIP) to the County Council and County Executive. Since the January submission, we have adjusted the CIP budget to reflect changes to the scope of some of the proposed projects, added new projects funded via State Bond bills and grants, updated project costs, and transferred some remaining funds from completed projects to prior approved and proposed projects.

**The Department's Amended Proposed FY25 – FY30 CIP Budget now totals \$382.32 million, which includes an FY25 capital budget request of \$142.42 million.** This represents an \$8.9 million increase to the January 15, 2024, Proposed FY25 – FY30 CIP budget. The increase is due to additional funding received from the following sources:

- 2025 General Assembly Bill - \$3.25 million
- 2025 Program Open Space (POS) –\$1.2 million decrease
- Developer Funding - \$3.5 million
- General Obligation Bonds - \$5.6 million

Development of the Proposed FY25 – FY30 CIP included a great deal of input from the public and the Department's maintenance and operating divisions. In addition, we were guided by policies in the adopted *Formula 2040 Functional Master Plan*. The plan's recommendations were especially helpful in our decision-making related to prioritizing CIP funding requests for the renovation of existing parks, athletic fields, playgrounds, and community center facilities and initiating planning for new facilities. The Proposed FY25 – FY30 CIP continues to focus on the following priority areas:

1. *Stewardship of Existing Assets*
  - Maintain and enhance existing infrastructure.
  - Increased focus on playgrounds, athletic fields, and paved and natural surface trails.
  - Ensure all assets are brought up to current ADA standards.
2. *Implementation of Current Projects*
  - Fully fund projects in the pipeline that were affected by market conditions.

3. Growth to Meet Community Need

- Implementation of Formula 2040 and Regional Park Master Development Plans to meet the needs of a growing and changing population.
- Focus on creating high-quality athletic facilities.

4. Promoting Equity

- Providing additional resources to areas of the county most in need of high-quality parks and recreation facilities.

We have prepared and submitted an electronic binder of CIP projects to assist members of the Councils Committee of the Whole as they consider the Department's Proposed FY25 – FY30 CIP. The binder includes the following tabs:

- A transmittal letter to the Council Chair is included in Tab 1.
- A copy of the Proposed FY25 – FY30 CIP submitted on January 15, 2024, is included in Tab 2.
- Tab 3 includes the following:
  - A Countywide map showing existing park and recreation facilities.
  - Countywide maps and project listings of: FY19 – FY24 Completed Projects; CIP Projects underway; and those proposed for FY25– FY30.
- Tab 4 shows the reallocations of funds among prior approved projects, and any remaining funds from completed projects.
- Tab 5 details adjustments in funding and/or budget changes associated with prior approved projects.
- Tab 6 includes a chart that depicts adjustments made to project funding since the January 15, 2023, submission of the Proposed FY25 – FY30 CIP.
- Tab 7 presents the Amended Proposed FY25 – FY30 CIP.
- Tab 8 includes Project Description Forms (PDFs) that provide information about projects approved in prior CIPs and those proposed in the FY25 – FY30 CIP.

Thank you for your consideration and review. We look forward to further discussing the Proposed FY25 – FY30 CIP with members of the County Council's Committee of the Whole on April 30, 2024.

Sincerely,

Bill Tyler, Director  
Department of Parks and Recreation

c: The Honorable Peter Shapiro, Chair, Prince George's County Planning Board  
Asuntha Chiang-Smith, Executive Director, M-NCPPC

## Tab 4

This section includes a summary chart showing funding reallocations among prior approved projects.

### Tab 4A - Reallocations of Prior Approved CIP

The following schedule reflects the transfer of expenditure authority from completed projects to projects requiring funding.

Approving this document allows the transfer of amounts less than \$1,000 by administrative action.

\* Note: These projects are closed and reflect administrative clean up. You will not see a PDF following these pages.

Entry Number	Description	Council District	SBP Project ID	PDF#	Account	Debit	Credit	Justification

<b>Total Reallocations</b>						<b>\$ (65,293,672.00)</b>	<b>\$ 65,293,672.00</b>	

**Description:** Allentown Aquatic and Fitness Center is located on Allentown Road in Fort Washington, Maryland. This indoor/outdoor pool was built in the 1970s and is in poor condition. This project is to address the ADA, HVAC and moisture issues.

**Justification:** The assessment report identifies and prioritizes deficiency repairs in aquatic components that require maintenance for an uninterrupted, safe and healthy operation.

**Highlights:** This project supports the Formula 2040 objective for capital reinvestment of 2% of asset value each year in facility protection and preventative maintenance.

**Enabling Legislation:** Not Applicable

**Description:** This project is for the acquisition, planning, design, construction, repair, renovation, reconstruction, site improvement, and capital equipping of a concession area and related pool amenities at this site.

**Justification:** This facility is heavily used by the community. The project is to address the ADA, HVAC, and moisture issues, replace the pool deck, and add additional play equipment.

**Highlights:** This funding is supplemented by \$222,795 from the Calvert Park Project Description Form (PDF).

**Enabling Legislation:** Not Applicable

**Description:** An assessment of historic properties determined that this site was in need of maintenance and repair. Prioritized work includes the comprehensive replacement of windows, doors, rear deck, masonry, and walkways, and electrical system improvements.

**Justification:** Built around 1740 and remodeled in 1931, Billingsley is a one-and-one-half story house of Tidewater style. Billingsley is significant for the example it offers of very early architecture as well as for its location on the banks of the Patuxent River. It is used as a rental facility for weddings and other events.

**Highlights:** The Billingsley Historic Site is owned by the State of Maryland.

**Enabling Legislation:** Not Applicable

**Description:** This project replaced existing aging fitness equipment with a modern Park Rx fitness course. The scope of work at this park included upgrading the fitness course to complement the new playground, adding a Zen Rock Garden to provide opportunities for specialized foot stretches and making major repairs to the existing asphalt path.

**Justification:** The City of College Park expects to receive a grant from the State to upgrade and replace certain existing facilities with new modern amenities at the Commission-owned College Park Woods Neighborhood Park.

**Highlights:** No significant highlights for this project.

**Description:** Built in 1842, the Cottage at Warrington is a one-and-one-half-story frame house with a "catslide" or saltbox roof, and two exterior chimneys of local sandstone. It is a unique example in Prince George's County of a small plantation dwelling.

**Justification:** Only various parts of the building are still standing, including two stone chimneys. This site has been noted by the Historic Preservation Commission as a property of concern. In addition, plans for a trail system in this area make it important that this site be made safe before the public is invited into the area.

**Highlights:** This project is funded by \$146,000 from the College Park Woods PDF and \$57,006 from the Parks & Recreation Administration Building Renovations PDF.

**Enabling Legislation:** Not Applicable

**Description:** This project provides funds to acquire land for parks.

**Justification:** The demand for land for private development is extremely high in Prince George's County. Combining acquisition funding for Countywide acquisition of parkland provides greater flexibility within the Commission's land acquisition program.

**Highlights:** This allows the Department to take immediate action to acquire desirable tracts when land comes on the market no matter where it is in the County. This funding is supplemented by \$422,027 from the Undesignated Acquisition Sites PDF, \$4,041 from the Reserve Fund PDF, and \$167,271 from Potomac Landing Community Center.

**Enabling Legislation:** Not Applicable

**Description:** This site houses a recently closed 18-hole golf facility in Beltsville, Maryland. This project involves the acquisition, planning, design, construction, repair, renovation, reconstruction, site improvements, and capital equipping of the former Cross Creek Golf Course property.

**Justification:** The former Cross Creek Golf Course property will provide M-NCPPC with approximately 168-acres of land that has the potential for a multitude of passive or active recreation.

**Highlights:** This funding is supplemented by \$127,895 from the Amphitheater Operations PDF, \$2,009,433 from the Northern Area Maintenance Yard @ Polk Street PDF, and \$564,563 from the Tucker Road Ice Rink PDF.

**Enabling Legislation:** Not Applicable

**Description:** Deerfield Run Community Center adjoins Deerfield Run Elementary School on Prince George's County Public School property. The feasibility study and program of requirements recommends a standalone facility, and the Commission is currently in discussion with PGCPs on real estate requirements.

**Justification:** An analysis of the existing center and site was completed to determine the optimal approach to meet current and future recreational demand, life/safety codes and programmatic needs

**Highlights:** No significant highlights for this project.

**Description:** The project includes the master park development plan including a parking assessment review of ADA compliance issues, and a plan for the 40-acre Konterra addition. Funds will also be used toward existing amenity upgrades and the construction of a comfort station.

**Justification:** Fairland Regional Park is home to several significant facilities. Maintaining its unique role as a multigenerational center and regional park will require a review of the adequacy of the existing facilities. The indoor tennis structure was replaced in FY 2023 and many other facilities are aging and in need of replacement or upgrade.

**Highlights:** The Master Plan is scheduled to begin in FY 2025 with the completion date to be determined.

**Enabling Legislation:** Not Applicable

**Description:** A feasibility study will be conducted to enhance project planning and determine cost projections and funding requirements. The feasibility study will identify project scope, program of requirements, site and structural analysis, conceptual design, along with other factors as necessary.

**Justification:** This older community center is heavily used and needs code renovation work as well as expansion to accommodate existing and proposed programs.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project adds an irrigation system to an existing football field at Glenarden Community Center.

**Justification:** Irrigation is necessary to reduce erosion on heavily-trafficked areas, such as this highly popular sports field. The 2017 LPPRP recommends improving 10 rectangular fields to Level of Service 3. The field at Glenarden Community Center is in Formula 2040 Service Area 4. This area has an existing service gap of two rectangular fields at Level of Service 1, as identified by the LPPRP.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** The Herbert Wells Ice Rink is one of two public ice rinks operated by M-NCPPC. The rink is not fully enclosed, or temperature controlled. As such, it can only be operated as an ice-skating facility from October to March of each year, if weather allows. A study was conducted to determine the engineering and architectural aspects of enclosing the facility. The additional funding will be used for next steps.

**Justification:** Residents and users of the Wells Rink have requested that the Commission investigate the feasibility of enclosing the facility.

**Highlights:** No significant highlights for this project.

**Description:** The project includes two playgrounds (2-5 year olds, 5-12 year olds), a picnic shelter, a bike shelter, multiple bicycle skills areas and a bike repair station.

**Justification:** Projected heavy use of the WB&A hiker/biker trail requires that trail users arriving by car have an area to access the trail. In addition, a rest stop with picnic area and restrooms will serve hikers and bikers utilizing the trail.

**Highlights:** No significant highlights for this project.

**Description:** This project involves the renovation and repair of park infrastructure throughout the County, including roof replacements, energy efficiency upgrades and accessible walkways.

**Justification:** Support for infrastructure is vital to maintain operations, improve efficiency, and extend the useful life of all assets in the M-NCPPC inventory.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project is to replace the windows in the lounge room with a sliding glass door to enhance programming and rental opportunities at Kentland Community Center.

**Justification:** Kentland Community Center has an opportunity to enhance programming and increase rentals by replacing the windows in their lounge room with a sliding glass door. Patrons could use indoor/outdoor space for party or meeting rentals. Currently, you cannot access this outdoor patio space directly outside of the lounge. This is a similar model to SAARC which has a rental room and a door going out to their patio area.

**Highlights:** This project is funded by \$234,964 from the Rhode Island Avenue Trolley Trail PDF.

**Enabling Legislation:** Not Applicable

**Description:** Landover Hills Park includes a lighted, grass rectangular ballfield that is permitted for use. The project will provide irrigation of the ballfield and related water and electrical infrastructure improvements.

**Justification:** Due to the high use of the ballfield, irrigation is necessary to maintain grass cover and enhance safety of the playing surface. Future extension of lighting will increase play time. The 2017 Land Preservation, Parks and Recreation Plan (LPPRP) recommends improving 10 rectangular fields to Level of Service 3 (irrigation/turf, bleachers, lighting, adequate parking, etc.). The field at Landover Hills Community Center is in Formula 2040 Service Area 4. This area has an existing service gap of 2 rectangular fields at Level of Service 1, as identified by the LPPRP.

**Highlights:** No significant highlights for this project.

**Description:** This project includes a bathroom renovation, improvements to the plumbing, and the replacement of the exterior doors and doors to the multipurpose (MP) room.

**Justification:** The current doors do not comply with ADA requirements. Langley Park Community Center (CC) is also a Senior Center. There are seniors who come into the facility that need assistance to open doors and enter the facility / MP room. They are difficult for patrons to open especially if using a wheelchair or walker. For several years, Langley Park CC has had issues with the plumbing in their bathrooms. When the facility is at a high capacity during programs or special events, the toilets will overflow due to overuse. The bathrooms are also in need of a renovation to enhance that asset at the facility.

**Highlights:** This project is funded by \$220,263 from the Little Paint Branch Stream Valley Park PDF and \$190,408 from the Paint Branch Stream Valley Park/College Park Woods Connector Trail PDF.

**Enabling Legislation:** Not Applicable

**Description:** The proposed trail extension will begin at the current terminus of the Paint Branch Trail at Cherry Hill Road in College Park and connect to the existing Little Paint Branch Trail at the Beltsville Community Center. This 2-mile hiker/ biker trail will run parallel to Cherry Hill Road and Sellman Road. Acquisition of trail right-of-way from the Beltsville Agricultural Research Center and other private property owners will be included in the project.

**Justification:** It will provide the first trail connection from Washington D.C. outside the Capital Beltway in the Anacostia Tributary Trail System.

**Highlights:** The project is complete and finalizing financial closeout.

**Enabling Legislation:** Not Applicable

**Description:** This project provides assessment of the existing seven maintenance yards currently operated by the Department of Parks and Recreation. The assessment will recommend which existing facilities are to be expanded and identify new sites for future maintenance operations. Additional funding will be used for acquisition and construction as recommended in the assessment.

**Justification:** The existing maintenance facilities that support area operations are becoming antiquated or space is too small to handle the ever-increasing number of facilities and diversity in park management. Space concerns are becoming more prevalent. Several facilities were built as temporary structures located within the 100-year floodplain. This study will focus future development and expansion needs for the next 20 to 30 years. The Department's functional master plan, Formula 2040, makes recommendations on functionality and expansions of these maintenance facilities that will be incorporated in this assessment.

**Description:** The existing facility no longer meets the community's needs. The building will be torn down and replaced with a new facility to include additional space and a new gym.

**Justification:** An analysis of the existing center and site was completed to meet the current and future recreational demand, life/safety codes and programmatic needs.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Modification of the weir structure will improve the flow of water in the pond. Work on this project includes design, engineering, permitting, construction and inspection of the weir structure modification.

**Justification:** The pond at Mellwood becomes stagnant, and the lack of water movement causes an increase in vegetation and poor water quality. Sheet flow from the parking lot currently bypasses the weir structure.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This aging facility requires the upgrade and replacement of various infrastructure components including the replacement of wooden ramps, walkways, bridges, and stairways throughout the site, the replacement of concrete walkways and railings to meet ADA requirements, siding replacement, and door replacements.

**Justification:** Upgrades are needed to keep this aging facility functioning at its current capacity.

**Highlights:** This project is funded by \$141,138 in bond funding from the Maintenance Facility Renovations PDF.

**Description:** This project will design and construct a new maintenance yard for Northern Area Operations. The design, construction, furniture, fixtures, and equipment (FF&E,) and relocation will be delivered and paid by the Maryland Transit Authority (MTA) per the terms of the Purple Line Memorandum of Agreement (MOA).

**Justification:** The MTA identified the Northern Area Maintenance Yard at Glenridge as the location for the Purple Line Maintenance Yard. Per terms of the MOA, the Commission will convey the Glenridge property to MTA upon MTA's design, construction, and relocation to the replacement maintenance yard.

**Highlights:** No significant highlights for this project.

**Description:** This project is a new paved, half-mile multi-use trail between the College Park Woods Subdivision and the existing Paint Branch Trail. The trail runs through University of Maryland property, and a portion of the trail is a boardwalk.

**Justification:** Pedestrian connectivity along Metzerott Road and University Boulevard to nearby parks and trails is needed. The spur trail will facilitate direct and safe access to the Paint Branch Trail for residents in the immediate vicinity and users of University of Maryland facilities. This link will allow trail users to connect to DC in one direction and outside the Beltway almost to Laurel in the opposite direction.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Built from 1919-1925, this 40-foot cross was constructed of cast concrete with exposed pink granite aggregate. It is located in the three-way junction of Bladensburg Road, Baltimore Avenue, and Annapolis Road in Bladensburg. The Peace Cross is significant as a prominent public monument to County residents who lost their lives during World War I. In addition, the design is the work of master craftsman John J. Earley. This project includes monument cleaning, drainage improvements, and landscaping upgrades.

**Justification:** Time and environmental exposure have taken their toll on the monument. An assessment of historic properties determined that this site was in need of maintenance and repair.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This development project calls for construction of a hiker/biker/equestrian trail extension from King Charles Drive to Indian Head Highway. The installation of this trail will take place in stages, as the acquisition program for Piscataway Creek produces parkland in sufficient size to support this type of facility.

**Justification:** The Adopted and Approved Countywide Trails Plan indicated that this trail will connect existing and proposed trails throughout the southern portion of the County. The development of trails within stream valley parks is a compatible land use since a hard surface path can withstand occasional flooding.

**Highlights:** No significant highlights for this project.

**Description:** A feasibility study on a proposed renovation and expansion of the community center will be developed to determine an initial project scope, schedule and cost estimate.

**Justification:** Formula 2040 says this site needs to expand to better provide recreational activities to residents in the southern portion of the County. The project involves code compliance renovations to the community center.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project will be the second phase of the long planned trail connection between Fort Totten Metro Station in DC to West Hyattsville Metro Station in Prince George's County. It will complete the trail segment in the County, leaving the segment in the District as the third and final phase of this bi-jurisdictional effort. The Metropolitan Branch Trail on the east side of DC will be connected to the entire Anacostia River Trail System via this trail. The Parks Department began work on this connector in 1992.

**Justification:** This project is a recipient of the 2023 RAISE Grant Award.

**Highlights:** The \$3,000,000 RAISE Grant match was transferred into this PDF from the Trail Development Fund.

**Enabling Legislation:** Not Applicable

**Description:** The Publick Playhouse is a large brick theater building of Art Modern design built in 1947 with seating for more than 900 and ornate sky scenes on the ceiling. An assessment of historic properties determined that this site was in need of maintenance and repair. This project includes electrical improvements, rebuilding of parapet walls and stairway repairs.

**Justification:** It is the only surviving theater of its type and period in the County.

**Highlights:** This funding is supplemented by \$148,000 from the Publick Playhouse Cultural Arts Center PDF.

**Enabling Legislation:** Not Applicable

**Description:** This project includes funding to develop master plans and feasibility studies. They will include a Golf Course Study and Master Plan, Facilities Master Plan, Tucker Road Feasibility Study, Langley Park Feasibility Study, and facility condition assessments.

**Justification:** The County has a mature park and recreation system with many facilities beyond or nearing infrastructure life-cycle. As such, assessing current facility conditions, use trends and programmatic needs is necessary before allocating funds for renovation and/or expansion to ensure such investments support a sustainable and well-planned park and recreation system.

**Highlights:** No significant highlights for this project.

**Description:** This project provides funds to acquire stream valley parkland and to expand existing regional parks.

**Justification:** Combining available funding (Program Open Space, bond, developer contributions, and grants) under the category of 'Regional/Stream Valley Park Act' provides the Commission more flexibility to respond to opportunities to purchase the needed parkland no matter where it is in the region.

**Highlights:** This funding is supplemented by \$171,911 from the Undesignated Stream Valley Park Woodlands PDF.

**Enabling Legislation:** Not Applicable

**Description:** This project includes design and construction of approximately two miles of asphalt trail from College Park to Hyattsville. The proposed trail will connect to the existing Trolley Trail in College Park and the Northwest Branch Trail. The next phase is underway. It will be design and construction of the trail between Farragut Street and Armentrout Drive in Hyattsville. This effort is led by the State Highway Administration but will require an M-NCPPC contribution.

**Justification:** The trail will connect several residential neighborhoods and downtowns in College Park, Riverdale, and Hyattsville to the Anacostia Tributary Trail System and provide a safe route that is parallel to US 1 for pedestrians and bicyclists.

**Highlights:** The developer of EYA Arts District in Hyattsville built approximately 1,500 linear feet of the trail. The developer of the Cafritz property is required to build approximately 1,600 linear feet of trail.

**Enabling Legislation:** Not Applicable

**Description:** Following completion of the feasibility study and program of requirements, the project design, construction bid documents and budget will be developed.

**Justification:** This heavily used facility needs upgrades to provide the best experience for the citizens of the County. Analysis of the existing center and site are required to determine the optimal approach to meet current and future recreational demand, life/safety codes and programmatic needs.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project involves a study to determine the feasibility of constructing a multigenerational center in Service Area 6.

**Justification:** The Formula 2040 Functional Master Plan recommends the development of multigenerational centers to meet the needs of an entire family at one location and keep pace with a projected 20% population increase by 2040.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project will include facility and site assessments leading to the development of a long-range plan for the complex.

**Justification:** The site is owned by Prince George's County and maintained by M-NCPPC. The facilities are aging and in need of a long-term maintenance and development plan that responds to the community needs and market along with existing opportunities and constraints.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** The project involves renovation and expansion of the concourse restrooms, the replacement of the telescopic bleachers, ceiling tile and electrical upgrades in the Arena.

**Justification:** The restroom facilities are inadequate for large events, and the telescopic bleachers need replacement. This renovation project is supported by the Market and Economic Study for the facility completed by the Maryland Stadium Authority in 2014.

**Highlights:** No significant highlights for this project.

**Description:** This project will provide new signals at two at-grade crossings of State Highways (MD 410 & MD 212), on-street markings for a two block section that is on-road, and ADA access for a spur path that has a stairway section. Additional components may include trail widening, selection of a new bridge location to connect neighborhoods to schools, and bridge decking improvements.

**Justification:** This project is a recipient of the 2023 RAISE Grant Award.

**Highlights:** The \$2,500,000 RAISE Grant match was transferred into this PDF from the Trail Development Fund.

**Enabling Legislation:** Not Applicable

**Description:** Snow Hill Manor is a two-and-one-half-story brick plantation house of late Georgian style located on 15-acres of land in Laurel, MD. Built in 1755, and once owned by the Snowden family, Snow Hill Manor has been listed on the National Register of Historic Places. This project includes waterproofing to prevent moisture infiltration including new roofing, gutter redesign and repair, flashing, chimney repair, interior moisture abatement and restoring historic windows.

**Justification:** The waterproofing and moisture abatement are needed to prevent damage to the historic building.

**Highlights:** No significant highlights for this project.

**Description:** The South Bowie Community Center is in need of a significant renovation to the restroom.

**Justification:** The restroom at South Bowie Community Center is in need of an upgrade, and fixtures are regularly breaking and requiring maintenance investment.

**Highlights:** This project is funded by \$287,396 from the Peace Cross Historic Site PDF.

**Enabling Legislation:** Not Applicable

**Description:** The Southern Area Aquatic & Recreation Complex (SAARC) project involves the design and construction of a new multigenerational recreation facility on Missouri Avenue (Brandywine Area Park) in the Brandywine area. Project amenities include an indoor aquatics component, as well as gymnasium, fitness and multi-use spaces.

**Justification:** Residents of South County have requested an indoor aquatic/recreation facility for their area, which falls into the 'high need' category for recreational facilities. The development of this complex will meet their recreational needs and address the heavy demand for competitive swimming. Formula 2040 recommended a new multigenerational center to service the recreation needs identified in Service Area 9.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project provides funding for retrofit stormwater management, sediment and erosion control improvements, stream restoration for approved park development projects and existing park properties. In addition, funds will be used for the study and development of appropriate stormwater management and environmental restoration projects that benefit park property and assets.

**Justification:** County stormwater regulations require that certain sediment and storm water items must be added to projects already under construction or undergoing intense maintenance. Commission projects must conform to new and updated County regulations. Additionally, elevated numbers of severe rainstorm events contribute to streambank erosion and threaten public infrastructure.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This trail extension will extend the District's Suitland Parkway Trail a half mile into Prince George's County at the Naylor Road Metro Station. The trail will include pedestrian and bike crossing safety improvements to one of the most deadly intersections in the County. The District is currently planning a project to reconstruct the Suitland Parkway Trail between Southern Avenue and the Anacostia River Trail at the new Fredrick Douglass Bridge.

**Justification:** This project is a recipient of the 2023 RAISE Grant Award.

**Highlights:** The \$1,400,000 RAISE Grant match was transferred into this PDF from the Trail Development Fund.

**Enabling Legislation:** Not Applicable

**Description:** The trail development fund provides funding for new trails, existing trail maintenance, and trail lighting within the park system.

**Justification:** Formula 2040 Master Plan recommends increasing the Prince George's County M-NCPPC trail network from approximately 134 to 400 miles of hard and soft surface trails to meet the level of service standard of 0.4 miles/1,000 persons for the projected population of 992,700 in 2040.

**Highlights:** \$6,900,000 was moved from this PDF to fund the RAISE Grant match for the Prince George's Connector/Anacostia Gateway Trail, Sligo Creek Trail, and Suitland Parkway Trail.

**Enabling Legislation:** Not Applicable

**Description:** This project includes a new maintenance shed at the Prince George's County Trap and Skeet Center to include concrete floors, electricity, commercial roll-up garage doors, service doors, an HVAC system, and insulation. It also includes the replacement of eight trap houses, eight skeet houses, and upgrading six sporting clay stations to meet ADA compliance.

**Justification:** The need for a secure and safe maintenance shed at the Center is essential to provide a place to store and maintain this expensive equipment. Six remaining stations need to be updated for ADA accessibility. The new station deck should have overhead coverage to shelter patrons from year-round weather, and ADA accessibility ramps. The current state of the trap and skeet houses is outdated as most were built almost 50 years ago and do not meet today's safety standards or accessibility needs. The purpose of these houses is to protect very expensive target-throwing machines from the elements.

**Highlights:** This project is funded by \$1,000,000 from the Prince George's Sports and Learning Complex Indoor Track PDF.

**Description:** This project is to acquire woodlands at various locations throughout the County. Most of these properties will be within stream valleys in the County.

**Justification:** Funding is provided from the Agricultural Transfer Tax - Revenue Distribution funds which were transferred to the County's Program Open Space account. These funds may only be used to acquire woodlands or to purchase agricultural easements.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This reserve fund provides a mechanism to deposit fees collected from various utilities for right-of-way's and other construction on Commission land. The Commission in turn will use these funds to help cover the costs of utility-related charges such as connection fees, design fees, permit fees and system development charges routinely assessed on various Commission Capital Improvement Program projects.

**Justification:** Utility related charges have greatly impacted the Commission's design and construction budgets. This fund will be used to cover budget shortfalls due to these charges.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** A Master Park Development Plan will be completed to evaluate the northern section. Site improvements including infrastructure, utilities, and recreational amenities will follow, based upon the recommendations of the plan.

**Justification:** Walker Mill is a major regional park, serving residents in the established communities inside the Beltway. The southern area of the park has been developed to include a skatepark, athletic fields, picnic facilities, and an imagination playground. The northern section of the park is largely undeveloped. Further planning, market analysis, site assessments, and community outreach are necessary prior to development of the northern section.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project will implement the recommendations of the Watkins Regional Park master plan.

**Justification:** The master plan recommendations will improve the user experience at Watkins Regional Park. This 844-acre regional park contains two playgrounds, a campground for overnight visitors, nature center, tennis bubble, picnic pavilions, athletic fields, courts for basketball and tennis, the Old Maryland Farm Agricultural Education Center, miniature golf course, historic carousel and a train.

**Highlights:** This funding is supplemented by \$575,000 from the Watkins Regional Park PDF.

**Enabling Legislation:** Not Applicable

**Description:** This project includes the design and construction of a full replacement of the Ellen E. Linson Splash Park and the Herbert Wells Ice Rink.

**Justification:** The local community had requested "Walls for Wells" in order to fully enclose the Wells Ice Rink. In 2020, a feasibility study determined that enclosing Wells was not financially feasible and instead recommended a full replacement of the Wells Ice Rink and Ellen Linson Splash Pool due to the interconnectedness of the infrastructure and mechanical systems.

**Highlights:** This project is funded by \$299,605 from the Ellen Linson PDF and \$1,454,655 from the Herbert Wells PDF.

**Enabling Legislation:** Not Applicable

**Description:** This project provides funds for a new park within the Westphalia planning area.

**Justification:** In 2007, the County Council approved the Westphalia Sector Plan and Sectional Map Amendment establishing a conceptual plan for the Westphalia planning area. The concept envisions an urban town center surrounded by village centers and multiple residential modules. A 150-acre Central Park is proposed immediately north of the Town Center, approximately at the center of the Westphalia area.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

## Tab **5**

This section includes a summary chart showing adjustments in funding and/or budget changes from prior approved projects.

**Tab 5 - Reallocations of Prior Approved CIP**

The following schedule reflects changes to prior approved funding that are not transfers between projects.  
 Approving this document allows the transfer of amounts up to one thousand dollars by administrative action to account for full dollar values rounded to the nearest thousand.  
 \* Note: These projects are closed and reflect administrative clean up. You will not see a PDF following this page.

Entry Number	Description	SBP Project ID	PDF#	Account	Debit	Credit	Justification
1	Amphitheater Design and Construction	4.99.0267	499267	4119	\$ (20,250,000)		Decrease budget to remove grant funding from FY20, FY21, FY22 and FY23 approved budgets, then close project
2	Athletic Field Upgrades	4.99.0247	501253	4111	\$ (1,889,351)		Decrease budget to remove excess POS funding
3	Boat Landings @ Patuxent River Park	4.99.0262	499262	4110	\$ (132,536)		Decrease budget to remove SHA Grant from FY21 lost in FY24
4	Boat Landings @ Patuxent River Park	4.99.0262	499262	4113		\$ 250,000	Increase budget to include FY24 DNR Waterway Improvement Funding
5	Central Avenue Connector Trail	4.99.0030	561300	4100		\$ 4,500,000	Increase budget to include FY24 RAISE Grant
6	Central Avenue Connector Trail	4.99.0030	561300	4119		\$ 5,000,000	Increase budget to include FY23 State Grant
7	Central Avenue Connector Trail	4.99.0030	561300	4110		\$ 109,400	Increase budget from FY19 SHA Grant for Phase 3
8	Consolidated Headquarters Building*	Unknown	501254	4840	\$ (41,800,000)		Decrease budget to reflect developer funding that did not materialize
9	Countywide Local Acquisition	4.99.0222	600400	4111	\$ (2,000,000)		Decrease budget to reflect POS funding reconciliation with state unencumbered funding amount
10	Deerfield Run	4.99.0046	499046	4111	\$ (2,000,000)		Decrease budget to reflect POS funding reconciliation with state unencumbered funding amount
11	Geographic Information Systems	4.99.0225	501130	4840	\$ (60,000)		Decrease budget to reflect developer funding that did not materialize
12	Hazelwood Historic Site	4.99.0073	561155	4840	\$ (607,000)		Decrease budget to reflect developer funding that did not materialize
13	Minor Park Development*	Unknown	500001	4840	\$ (30,000)		Decrease budget to reflect developer funding that did not materialize
14	Minor Park Development*	Unknown	500001	4141	\$ (8,775)		Decrease budget to match actual expenses
15	Minor Park Development*	Unknown	500001	4111	\$ (19,096)		Decrease budget to match actual expenses
16	Mt. Rainier South Park	4.99.0101	521810	4850		\$ 55,139	Increase budget to reflect insurance revenue
17	Newton White Mansion	4.99.0102	551855	5011	\$ (26,640)		Decrease budget in the PDF from Tab 4 transfer that never occurred in FY24
18	PG Connector Trail	4.99.0310	433910	4100		\$ 1,500,000	Increase budget to include FY24 RAISE Grant
19	Prince George's Plaza Multigenerational Center	4.99.0279	499279	4111	\$ (2,000,000)		Decrease budget to reflect POS funding reconciliation with state unencumbered funding amount
20	Regional/Stream Valley Park	4.99.0239	500401	4111	\$ (1,000,000)		Decrease budget to reflect POS funding reconciliation with state unencumbered funding amount
21	Riversdale Historic Site*	Unknown	500422	4840	\$ (140,000)		Decrease budget to reflect developer funding that did not materialize
22	Riversdale Historic Site*	Unknown	500422	5011		\$ 97,459	Increase budget to match actual funding
23	Sligo Creek	4.99.0317	499317	4100		\$ 2,500,000	Increase budget to include FY24 RAISE Grant
24	South Tech Rech	4.99.0158	581214	4111	\$ (300,000)		Decrease budget to remove excess POS funding
25	Suitland Parkway Trail	4.99.0320	499320	4100		\$ 2,775,000	Increase budget to include FY24 RAISE Grant
26	Utilities Reserve	4.99.0252	501078	4873		\$ 1,336	Increase budget to include forfeitures
27	Utilities Reserve	4.99.0252	501078	4840	\$ (350,000)		Decrease budget to reflect developer funding that did not materialize
28	Watkins Regional Park	4.99.0177	500432	4840		\$ 50,000	Increase budget to reflect insurance revenue
29	Westphalia Playground	4.99.0319	499319	4119		\$ 200,000	Increase budget to include FY24 State grant

**Description:** This will be a unique attraction that appeals to county residents and visitors, can accommodate a range of performers, and lure tourists to Prince George's County. This project involves the design, construction, and capital equipping of a new amphitheater.

**Justification:** This project provides a public performance venue to serve area residents and visitors, enhances the County's tourism appeal, generates incremental revenue and showcases local, regional and national talent.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This funding is for the level of service upgrade of fields on M-NCPPC property that are adjacent to Prince George's County Public Schools.

**Justification:** The upgrade of fields that experience a high volume of play will provide an improved experience for the residents of Prince George's County. These fields will require a joint use agreement in order to determine amount of permitted time allotted to PGPCS as well as any joint maintenance and construction contributions.

**Highlights:** No significant highlights for this project.

**Description:** This project is for renovation and code compliance of the Jackson's Landing and the Clyde Watson boat ramps. The Jackson's Landing phase of the project is underway and the Clyde Watson Boat Ramp phase will follow.

**Justification:** The Jackson's Landing and the Clyde Watson boat ramps need renovation due to age and code compliance issues. Parking areas, existing boat ramps, fishing piers and kayak launches will be improved.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** The Central Avenue Connector Trail is an 8.5-mile multiuse trail that connects the Capitol Heights, Addison Road, Morgan Boulevard and Largo Town Center Stations (Metro Blue Line Corridor). The project has been broken into three phases: 1) Old Central Avenue to Shady Glen Drive, 2a) Morgan Boulevard to Brightseat Road, 2b) Capitol Heights Metro station to Old Central Avenue Loop, 2c) Hill Road to Morgan Boulevard, and 3) Brightseat Road to Largo Town Center Metro Stations. Land acquisition and coordination with DPWT and WMATA will be required. Expected completion: Phase 1- Spring 2025, Phase 2- Winter 2028, Phase 3- Fall 2030

**Justification:** The project will provide an opportunity for users to safely walk or ride bikes between metro stations, increasing opportunities for exercise and recreation. The project and related grant funding was transferred to Department of Parks and Recreation from the Planning Department in FY 2019.

**Highlights:** A \$4.5 million Federal RAISE Grant was received in FY 2024 and a \$5 million capital grant will be transferred from Prince George's County to M-NCPPC.

**Enabling Legislation:** Not Applicable

**Description:** This project provides funds to acquire land for parks.

**Justification:** The demand for land for private development is extremely high in Prince George's County. Combining acquisition funding for Countywide acquisition of parkland provides greater flexibility within the Commission's land acquisition program.

**Highlights:** This allows the Department to take immediate action to acquire desirable tracts when land comes on the market no matter where it is in the County. This funding is supplemented by \$422,027 from the Undesignated Acquisition Sites PDF, \$4,041 from the Reserve Fund PDF, and \$167,271 from Potomac Landing Community Center.

**Enabling Legislation:** Not Applicable

**Description:** Deerfield Run Community Center adjoins Deerfield Run Elementary School on Prince George's County Public School property. The feasibility study and program of requirements recommends a standalone facility, and the Commission is currently in discussion with PGCPs on real estate requirements.

**Justification:** An analysis of the existing center and site was completed to determine the optimal approach to meet current and future recreational demand, life/safety codes and programmatic needs

**Highlights:** No significant highlights for this project.

**Description:** The program provides for the maintenance and updating of geographic data used by the Commission, Washington Suburban Sanitary Commission (WSSC) and Prince George's County. The GIS database currently contains over 150 data layers. Each data layer has an identified maintenance/update schedule. The Planning Department is responsible for this task.

**Justification:** Several GIS layers such as property, zoning, and orthophotography are critical to the business mission of the consortium, other partners and the private sector.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Built in the late 1700s, with additions around 1800 and 1860, Hazelwood is a large frame house which represents three discrete building periods. Hazelwood is part of a curatorship agreement in which its occupants agree to improve the structure over their time living there.

**Justification:** It is a prominent landmark overlooking the site of the important eighteenth-century port town of Queen Anne.

**Highlights:** No significant highlights for this project.

**Description:** This is a Regency Revival style brick mansion built in 1939 for Captain Newton H. White, commanding officer of the U.S.S. Enterprise. An assessment of historic properties determined that this site was in need of maintenance and repair. Prioritized work includes roof drainage repair, addressing basement water infiltration, masonry repair, and an internal environmental conditions assessment.

**Justification:** This mansion is one of Prince George's County Parks and Recreation's most used rental facilities for weddings and other celebrations. Problems with the roof are causing leaks within the facility. These repairs would help to maintain the income-generating potential of this facility.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project will be the second phase of the long planned trail connection between Fort Totten Metro Station in DC to West Hyattsville Metro Station in Prince George's County. It will complete the trail segment in the County, leaving the segment in the District as the third and final phase of this bi-jurisdictional effort. The Metropolitan Branch Trail on the east side of DC will be connected to the entire Anacostia River Trail System via this trail. The Parks Department began work on this connector in 1992.

**Justification:** This project is a recipient of the 2023 RAISE Grant Award.

**Highlights:** The \$3,000,000 RAISE Grant match was transferred into this PDF from the Trail Development Fund.

**Enabling Legislation:** Not Applicable

**Description:** The feasibility study determined that the ideal program for this multigenerational center would be 89,000 square feet and will include two indoor courts, a 3-lane track, a 10-lane indoor pool and small leisure pool with seating for 250, multipurpose rooms and dedicated program space. This program was determined by evaluating demographics and market trends, input from internal and external stakeholders and a systemwide aquatics study that identified aquatic needs by service area.

**Justification:** The Formula 2040 Functional Master Plan identified the Prince George's Plaza Metro Station area as the ideal location for an 89,000 square foot multigenerational center in Service Area 2. The Department conducted a feasibility study from 2020 - 2021 to determine the detailed program and recommend potential locations.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project provides funds to acquire stream valley parkland and to expand existing regional parks.

**Justification:** Combining available funding (Program Open Space, bond, developer contributions, and grants) under the category of 'Regional/Stream Valley Park Act' provides the Commission more flexibility to respond to opportunities to purchase the needed parkland no matter where it is in the region.

**Highlights:** This funding is supplemented by \$171,911 from the Undesignated Stream Valley Park Woodlands PDF.

**Enabling Legislation:** Not Applicable

**Description:** This project will provide new signals at two at-grade crossings of State Highways (MD 410 & MD 212), on-street markings for a two block section that is on-road, and ADA access for a spur path that has a stairway section. Additional components may include trail widening, selection of a new bridge location to connect neighborhoods to schools, and bridge decking improvements.

**Justification:** This project is a recipient of the 2023 RAISE Grant Award.

**Highlights:** The \$2,500,000 RAISE Grant match was transferred into this PDF from the Trail Development Fund.

**Enabling Legislation:** Not Applicable

**Description:** This project involves the design and construction of an indoor pool addition to the newly completed Southern Regional Tech/Rec Complex.

**Justification:** Residents of the southeastern area of the County have requested an aquatic facility to be centrally located to serve several communities in the greater Fort Washington area.

**Highlights:** Installation of a marquee will compete the project.

**Enabling Legislation:** Not Applicable

**Description:** This trail extension will extend the District's Suitland Parkway Trail a half mile into Prince George's County at the Naylor Road Metro Station. The trail will include pedestrian and bike crossing safety improvements to one of the most deadly intersections in County. The District is currently planning a project to reconstruct the Suitland Parkway Trail between Southern Avenue and the Anacostia River Trail at the new Fredrick Douglass Bridge.

**Justification:** This project is a recipient of the 2023 RAISE Grant Award.

**Highlights:** The \$1,400,000 RAISE Grant match was transferred into this PDF from the Trail Development Fund.

**Enabling Legislation:** Not Applicable

**Description:** This reserve fund provides a mechanism to deposit fees collected from various utilities for right-of-way's and other construction on Commission land. The Commission in turn will use these funds to help cover the costs of utility-related charges such as connection fees, design fees, permit fees and system development charges routinely assessed on various Commission Capital Improvement Program projects.

**Justification:** Utility related charges have greatly impacted the Commission's design and construction budgets. This fund will be used to cover budget shortfalls due to these charges.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project has been used for major improvements at Watkins Regional Park.

**Justification:** This 844-acre regional park contains two playgrounds, a campground for overnight visitors, nature center, tennis bubble, picnic pavilions, athletic fields, courts for basketball and tennis, the Old Maryland Farm Agricultural Education Center, miniature golf course, historic carousel and a train.

**Highlights:** This project transferred \$575,000 to Watkins Regional Park - Master Plan Implementation.

**Enabling Legislation:** Not Applicable

This section includes all Capital Improvement Program project forms.

# Maryland-National Capital Park and Planning Commission

## AGENCY OVERVIEW

### Agency Description

The Maryland-National Capital Park and Planning Commission, a bi-county agency serving both Montgomery and Prince George's counties, was established in 1927 by the Maryland State Legislature. The M-NCPPC provides regional planning services, operates a park system for residents of the two counties, and delivers recreational services to the residents of Prince George's County.

### Facilities

In Prince George's County, the Department of Parks and Recreation administers over 29,068 acres of parkland. In accordance with M-NCPPC policy, extensive park areas are being left in their natural state to help preserve the ecological balance and the natural beauty of the area. The Department offers the public a variety of facilities at both the local and regional levels in conjunction with professionally designed programs through which these facilities may be enjoyed. Current facilities include regional parks, golf courses, recreation centers, playgrounds, neighborhood/community parks, stream valley parks, and special facilities.

### Needs Assessment

The Department of Parks and Recreation (Department) uses "Level of Service Analysis" to assess park acreage and recreation facility needs throughout the County on an ongoing basis. The County is divided into 9 geographic units called "service areas." A considerable amount of statistical demographic data is available by service area. A continuous update of the park inventory allows planners to determine the amount of park and open space acreage per thousand people in each community. The communities are then put in rank order for need, with those that have fewer acres per thousand population showing a greater immediate need for the acquisition of additional park acreage.

The same type of analysis is also used for recreation facility development. Instead of using standards, such as one tennis court for every X thousand people, carrying capacity figures are assigned to facilities. These figures represent the maximum number of people who can use a facility in a day without significant degradation in the quality of the experience due to crowding. The facilities inventory determines the number of recreation facilities in each community. These facility totals are converted to carrying capacities, and the communities are ranked according to need. Those communities with lower total carrying capacities per thousand population show a greater immediate need for additional development of recreation facilities. The level of service methodology is utilized to encourage the equitable distribution of park and recreation resources based on need.

Projects in this year's Capital Improvement Program were selected in conjunction with the Level of Service Program as described in *Formula 2040 - Functional Master Plan for Parks, Recreation and Open Space* as well as the *Land Preservation Parks and Recreation Plan (LPPRP)*. Also considered are requests made at the annual Budget Forums, held in the fall, and citizen requests made throughout the year. Of additional concern in the selection of projects is the impact of operation and maintenance costs. Special emphasis is placed on the acquisition of Stream Valley Parks (SVP), which provides connecting links to communities with areas for active and passive recreation, future trails, and floodplain protection.

### FY 2025 Funding Sources

PAYGO = 23%

M-NCPPC Bonds – 68%

State Funding – 7% (Program Open Space and MD State Capital Grants)

Developer Contributions & Other – 2%

**FY 2025-2030 Program Highlights**

The FY 2025 Budget Year request is \$142,425 million and the total six-year request is \$382,325 million.

- **Park Acquisition** The total cost for the proposed park acquisition is \$5,000,000 for FY 2025 and covers one acquisition category - Parkland.
- **Park Development** The total cost for proposed park development is \$62,712,000 for FY 2025. This category includes specific park development projects, trail development, public safety improvements, and other facility development.
- **Infrastructure Maintenance** The total cost for proposed infrastructure maintenance is \$67,930,000 for FY 2025. This category includes aquatic facilities, historic properties, community centers, parks, playgrounds, athletic fields and courts, and stormwater infrastructure.

<b>NUMBER OF PROJECTS = 207</b>							

**Description:** The Department has prioritized facility renovations necessary to meet the requirements of the Americans with Disabilities Act (ADA). This project will fund those renovations throughout Prince George's County.

**Justification:** The Department is updating its ADA Transition Plan. The implementation of the recommendations in this plan will require additional funding.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Erected in 1889, this two-story lodge was built for the Benevolent Sons and Daughters of Abraham to serve the growing African American community of Rossville. This project will address prioritized work which includes investigating and documenting structural movement, repairing the foundation and extending the buried downspout.

**Justification:** Abraham Hall is a rare surviving example of a late nineteenth century benevolent social hall. It currently houses the M-NCPPC Black History Program.

**Highlights:** No significant highlights for this project.

**Description:** The project involves the design and construction of a restroom facility (comfort station) and upgrades to the athletic fields and associated facilities.

**Justification:** The athletic fields are heavily used for recreational leagues and tournaments. The addition of a comfort station will elevate this park to a Level 1 Rectangular Field Classification as described in the 2022 Land Preservation, Parks and Recreation Plan for Prince George's County.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Allentown Aquatic and Fitness Center is located on Allentown Road in Fort Washington, Maryland. This indoor/outdoor pool was built in the 1970s and is in poor condition. This project is to address the ADA, HVAC and moisture issues.

**Justification:** The assessment report identifies and prioritizes deficiency repairs in aquatic components that require maintenance for an uninterrupted, safe and healthy operation.

**Highlights:** This project supports the Formula 2040 objective for capital reinvestment of 2% of asset value each year in facility protection and preventative maintenance.

**Enabling Legislation:** Not Applicable

**Description:** This project is for the acquisition, planning, design, construction, repair, renovation, reconstruction, site improvement, and capital equipping of a concession area and related pool amenities at this site.

**Justification:** This facility is heavily used by the community. The project is to address the ADA, HVAC, and moisture issues, replace the pool deck, and add additional play equipment.

**Highlights:** This funding is supplemented by \$222,795 from the Calvert Park Project Description Form (PDF).

**Description:** Maintenance and Development (M&D) has completed preliminary assessments on the conditions of the tennis courts and recommends a complete replacement to address the sub-surface leveling and drainage issues that are causing the courts to crack in multiple places, hold water/puddling and dead spots reported by the community while playing on the courts.

**Justification:** The tennis courts were last replaced in FY 2012, and FY 2024 will be the 12-year replacement timeframe that has been communicated to the community. New infrastructure and new courts will replace the existing courts. The Aquatics and Athletic Facilities Division (AAFD), Park Planning and Development (PP&D), and M&D have been meeting with the community and discussing this project internally for the past year and a half.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project is to fund the cost of repairing County Aquatic facilities as specified in the Aquatic Facilities Assessment.

**Justification:** Formula 2040 establishes a capital reinvestment target of 2% of capital asset value each year in asset maintenance. Based on the independent aquatic condition's assessment, County aquatic facilities need major infrastructure improvements.

**Highlights:** No significant highlights for this project.

**Description:** This funding is for the level of service upgrade of fields on M-NCPPC property that are adjacent to Prince George's County Public Schools.

**Justification:** The upgrade of fields that experience a high volume of play will provide an improved experience for the residents of Prince George's County. These fields will require a joint use agreement in order to determine the amount of permitted time allotted to PGPCS as well as any joint maintenance and construction contributions.

**Highlights:** No significant highlights for this project.

**Description:** This project involves code compliance renovation of the Beltsville Community Center, which currently consists of a multipurpose room, weight room, kitchen, ceramic and preschool rooms, gymnasium, staff offices and restrooms. A feasibility study will be conducted to enhance project planning and determine costs projections and funding requirements. The feasibility study will identify project scope, program of requirements, site and structure analysis, conceptual design, along with other factors as necessary.

**Justification:** The facility requires renovation to improve building safety and comply with the ADA.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Beltsville Community Center Park includes a lighted, grass rectangular ballfield that is permitted for use. The project will provide for irrigation of the ballfield and related water and electrical infrastructure improvements.

**Justification:** Due to the high use of the ballfield, irrigation is necessary to maintain grass cover to provide for a safe playing surface. The 2017 Land Preservation, Parks and Recreation Plan recommends upgrading 10 rectangular fields from Service Level 3.

**Highlights:** No significant highlights for this project.

**Description:** An assessment of historic properties determined that this site was in need of maintenance and repair. Prioritized work includes the comprehensive replacement of windows, doors, rear deck, masonry, and walkways, and electrical system improvements.

**Justification:** Built around 1740 and remodeled in 1931, Billingsley is a one-and-one-half story house of Tidewater style. Billingsley is significant for the example it offers of very early architecture as well as for its location on the banks of the Patuxent River. It is used as a rental facility for weddings and other events.

**Highlights:** The Billingsley Historic Site is owned by the State of Maryland.

**Description:** This project involves code compliance renovation at the Bladensburg Community Center. The facility currently consists of a pantry, multipurpose room, rooms for arts and crafts, games and fitness, a gymnasium, staff office and restrooms. A feasibility study will be conducted to enhance project planning and determine costs projections and funding requirements. The feasibility study will identify project scope, program of requirements, site and structure analysis, conceptual design, along with other factors as necessary.

**Justification:** This facility needs renovation to improve building safety and comply with the Americans With Disabilities Act.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** The Anacostia River shoreline is supported by a timber bulkhead installed as part of the realignment of the Anacostia River for flood control purposes in the mid-twentieth century. The Anacostia River Trail and a pedestrian bridge over Quincy Run are adjacent to the bulkhead. Engineering investigation, design, environmental permitting and repair of the bulkhead are needed. The project includes replacing the existing dock that provides primary access for these water activities.

**Justification:** The Bladensburg Waterfront Park provides access to the Anacostia River for pontoon boat tours, rowing programs and private boaters. The bulkhead is in disrepair. Soil is eroding between the bulkhead and shoreline which creates a hazard for users. Further erosion may undercut the adjacent Anacostia River Trail and the pedestrian bridge abutment. The existing dock is beyond its useful life expectancy and needs to be replaced to provide safe access to the river for users.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** The Bowie Heritage Trail (BHT) is a 5-mile half circle that creates a complete loop from the Washington, Baltimore & Annapolis (WB&A) Trail at Highbridge Road to the site of the Patuxent River Trail Bridge. The BHT has been divided into multiple segments. This project is for three segments of the BHT comprised of the link between the Bowie MARC station on the west end of the Bowie State University (BSU) campus, through the campus on the Loop Road, through forested BSU land on a dirt road, and across Department of Natural Resources (DNR) lands (dirt road) to the Patuxent River Bridge site, a total distance of 1.3 miles.

**Justification:** The BHT is an initiative of the City of Bowie. The Department of Parks and Recreation and Bowie State University are project partners. The trail links multiple historic sites in and around Old Town Bowie.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project is proposed to be developed in two phases. Phase I would include the design and construction of a playground, a regulation sized basketball court, a football/ soccer field and associated parking. The second phase will include a loop trail and a picnic shelter with outdoor seating.

**Justification:** Per Council Resolution CDP-0701, Condition 31 requires a developer contribution of \$500 per unit for the construction of recreational parks. This park will provide the athletic fields needed in this area of the County.

**Highlights:** The pace of development in this area was slower than anticipated. This slower rate caused a delay in the development of the recreational amenity. Completion is anticipated in FY 2024.

**Enabling Legislation:** Not Applicable

**Description:** The developer of the subdivision adjacent to this new park will construct an open play area, tot lot, picnic area, parking lot, seating, landscaping, fencing, and 410 linear feet of asphalt trail.

**Justification:** This is a developer-built park where the developer has proposed to provide recreation facilities on donated parkland to satisfy the requirements of mandatory dedication.

**Highlights:** No significant highlights for this project.

**Description:** The Central Avenue Connector Trail is an 8.5-mile multiuse trail that connects the Capitol Heights, Addison Road, Morgan Boulevard and Largo Town Center Stations (Metro Blue Line Corridor). The project has been broken into three phases: 1) Old Central Avenue to Shady Glen Drive, 2a) Morgan Boulevard to Brightseat Road, 2b) Capitol Heights Metro station to Old Central Avenue Loop, 2c) Hill Road to Morgan Boulevard, and 3) Brightseat Road to Largo Town Center Metro Stations. Land acquisition and coordination with DPWT and WMATA will be required. Expected completion: Phase 1- Spring 2025, Phase 2- Winter 2028, Phase 3- Fall 2030

**Justification:** The project will provide an opportunity for users to safely walk or ride bikes between metro stations, increasing opportunities for exercise and recreation. The project and related grant funding was transferred to Department of Parks and Recreation from the Planning Department in FY 2019.

**Highlights:** A \$4.5 million Federal RAISE Grant was received in FY 2024 and a \$5 million capital grant will be transferred from Prince George's County to M-NCPPC.

**Enabling Legislation:** Not Applicable

**Description:** Stabilization of the manor house and restoration of infrastructure is complete. Future improvements include the construction of an ADA accessible drive.

**Justification:** This two-story frame house was built in 1798 and enlarged around 1830. It is a combination of Federal and Greek Revival styles. This house remained in the Berry family until 1917. The site is leased by the Boys and Girls Club, which has contributed some funding for renovation of the manor house.

**Highlights:** No significant highlights for this project.

**Description:** Funding will retrofit the current pond to correct a drainage problem and renovate a headwall. Work on this project includes engineering evaluation, development of an emergency action plan, and design.

**Justification:** A drainage problem at the park keeps a section of the paved trail wet and muddy, making it unusable and unsafe. The Maryland Department of the Environment has identified the dam as in need of repair.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** The College Park Airport Hangar is an original 1919 U.S. Post Office hangar and the only remaining hangar at this early airfield. Currently the hangar is leased to the Prince George's County Police Department Helicopter Unit. The building provides storage for two helicopters, repair space, and storage in support of critical public safety operations in the County. The project will include mold abatement, structural repairs, renovations and restoration of the historic compass rose.

**Justification:** The mold and structural issues must be addressed for health and safety reasons.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Every 5-6 years, to protect the College Park Airport as a Departmental asset, surrounding trees must be trimmed to comply with Federal Aviation Administration (FAA) and Maryland Aviation Administration (MAA) regulations. In FY 2026, tree height needs to be reviewed and those that exceed restrictions trimmed.

**Justification:** Trees need to be trimmed every 5-6 years to protect the flight path. Five years ago, the Department failed to survey and address the tree obstructions, leading to a major communications and community relations challenges.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project replaced existing aging fitness equipment with a modern Park Rx fitness course. The scope of work at this park included upgrading the fitness course to complement the new playground, adding a Zen Rock Garden to provide opportunities for specialized foot stretches and making major repairs to the existing asphalt path.

**Justification:** The City of College Park expects to receive a grant from the State to upgrade and replace certain existing facilities with new modern amenities at the Commission-owned College Park Woods Neighborhood Park.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** The Collington Branch Trail is a Master Plan Trail being developed in phases and coordinated with the City of Bowie, various developers, and the State Highway Administration (SHA). When finished it will link the WB&A Trail with Upper Marlboro. This funding can be used to support design and development of any project phase given its readiness to move forward in the implementation process.

**Justification:** M-NCPPC owns much, but not all, of this stream valley corridor. Portions of trail have been built by past developers, and a number of agreements with current developers include implementation of additional phases. In areas where developer contributions are not possible, the City of Bowie and M-NCPPC work closely with transportation departments to make sure public roadway corridors can be used for trail alignments, and that safe roadway crossings can be installed.

**Highlights:** As dedicated potential matching funds, the City of Bowie has been able to leverage transportation funding from the Metropolitan Washington Council of Governments, SHA, and USDOT to advance key project phases related to public roads and highways.

**Enabling Legislation:** Not Applicable

**Description:** Compton Bassett is a two-story, hip-roof, Georgian brick plantation house with fine Federal interior details. The grounds include a partially intact cultural landscape with several early outbuildings. The house was built for Clement Hill in the 1780s on property occupied by the Hill family beginning in 1699. Compton Bassett was acquired by M-NCPPC in 2010. It was listed in the National Register of Historic Places in 1983.

**Justification:** In 2017, Compton Bassett Mansion was fitted with extensive interior and exterior bracing in order to stabilize the building for five years. The five-year period as well as the bracing warranty and building monitoring contracts have expired. The exterior envelope of the building requires restoration to stabilize the structure and remove the bracing so the building could be accessed, studied and renovated without hazard to workers or the public. Through a multi-phase approach, the first phase would be to re-point and restore structural integrity to 1-2 exterior walls followed by the remaining exterior walls the following year.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Built in 1842, the Cottage at Warrington is a one-and-one-half-story frame house with a "catslide" or saltbox roof, and two exterior chimneys of local sandstone. It is a unique example in Prince George's County of a small plantation dwelling.

**Justification:** Only various parts of the building are still standing, including two stone chimneys. This site has been noted by the Historic Preservation Commission as a property of concern. In addition, plans for a trail system in this area make it important that this site be made safe before the public is invited into the area.

**Highlights:** This project is funded by \$146,000 from the College Park Woods PDF and \$57,006 from the Parks & Recreation Administration Building Renovations PDF.

**Enabling Legislation:** Not Applicable

**Description:** This project provides funds to acquire land for parks.

**Justification:** The demand for land for private development is extremely high in Prince George's County. Combining acquisition funding for Countywide acquisition of parkland provides greater flexibility within the Commission's land acquisition program.

**Highlights:** This allows the Department to take immediate action to acquire desirable tracts when land comes on the market no matter where it is in the County. This funding is supplemented by \$422,027 from the Undesignated Acquisition Sites PDF, \$4,041 from the Reserve Fund PDF, and \$167,271 from Potomac Landing Community Center.

**Enabling Legislation:** Not Applicable

**Description:** This site houses a recently closed 18-hole golf facility in Beltsville, Maryland. This project involves the acquisition, planning, design, construction, repair, renovation, reconstruction, site improvements, and capital equipping of the former Cross Creek Golf Course property.

**Justification:** The former Cross Creek Golf Course property will provide M-NCPPC with approximately 168-acres of land that has the potential for a multitude of passive or active recreation.

**Highlights:** This funding is supplemented by \$127,895 from the Amphitheater Operations PDF, \$2,009,433 from the Northern Area Maintenance Yard @ Polk Street PDF, and \$564,563 from the Tucker Road Ice Rink PDF.

**Enabling Legislation:** Not Applicable

**Description:** Darnall's Chance is a one-story brick structure built from 1741 - 1742. It serves as a house museum. Work includes installation of parking lot lighting to improve safety and repair of the existing subsurface drainage system to improve site drainage.

**Justification:** During the eighteenth and nineteenth centuries, it was the home of a series of successful merchants. It was listed in the National Register of Historic Places in 1978.

**Highlights:** An assessment of historic properties determined that this site was in need of maintenance and repair. Prioritized work includes review of existing roof framing and any necessary roof repair, brick repointing and an interior environmental conditions investigation.

**Description:** Deerfield Run Community Center adjoins Deerfield Run Elementary School on Prince George's County Public School property. The feasibility study and program of requirements recommends a standalone facility, and the Commission is currently in discussion with PGCPs on real estate requirements.

**Justification:** An analysis of the existing center and site was completed to determine the optimal approach to meet current and future recreational demand, life/safety codes and programmatic needs

**Highlights:** No significant highlights for this project.

**Description:** The project includes the master park development plan including a parking assessment review of ADA compliance issues, and a plan for the 40-acre Konterra addition. Funds will also be used toward existing amenity upgrades and the construction of a comfort station.

**Justification:** Fairland Regional Park is home to several significant facilities. Maintaining its unique role as a multigenerational center and regional park will require a review of the adequacy of the existing facilities. The indoor tennis structure was replaced in FY 2023 and many other facilities are aging and in need of replacement or upgrade.

**Highlights:** The Master Plan is scheduled to begin in FY 2025 with the completion date to be determined.

**Enabling Legislation:** Not Applicable

**Description:** This project updates the existing public facilities from septic to public sewer. This project will allow a grinder/ ejector pump in the maintenance yard to connect to public water and sewer and evaluate the installation of comfort stations.

**Justification:** The existing septic system is old and outdated and prone to failure. Redesign of the current antiquated septic system will update the service to public sewer and alleviate the need for constant maintenance.

**Highlights:** No significant highlights for this project.

**Description:** This project is to add an irrigation system for two soccer fields.

**Justification:** These fields are very popular and are being overused. An irrigation system will prevent the fields from going dormant, and the grass will remain healthy and green. The 2017 Land Preservation, Parks and Recreation Plan (LPPRP) recommends improving 10 rectangular fields to Level of Service 3. Fairwood Park is in Formula 2040 Service Area 3. This area has an existing service gap of four rectangular fields at Level of Service 1, as identified by the LPPRP.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project identifies high-level projects and program requirements, measurable project objectives, success criteria, assumptions and constraints.

**Justification:** The community, environment, and/or internal DPR benefit from this project. Irrigation will help maintain the condition of fields.

**Highlights:** This funding is supplemented by \$343,683 from the Glenarden - Field Irrigation PDF and \$331,360 from the Landover Hills - Field Irrigation PDF.

**Description:** The project involves the design and construction of a replacement restroom facility (comfort station).

**Justification:** Fletcher's Field is a heavily utilized field complex in a densely populated area of the County. The existing comfort station/pavilion is deteriorating and in need of replacement. The athletic fields are heavily used for recreation leagues and tournaments.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project authorizes the M-NCPPC to approve appropriation transfers up to \$250,000 for unanticipated costs related to closing out ongoing Commission construction projects. Each transfer from this Fund of \$250,000 or less shall be reported in writing to Council Administration and the Executive Branch Administration. Transfer amounts over \$250,000 or more than 10% of the approved budget will require approval of a budget amendment by the County Council in accordance with Section 18- 109 of the Land Use Article. Categories of allowable costs for these transfers include equitable adjustments, legal and professional fees that are necessary to assess, litigate, settle contract claims and disputes related to the associated projects.

**Justification:** Estimates used for programming are often lower than actual costs due to inflationary increases or other unanticipated setbacks. Expenditures for small Commission construction projects are also subject to adjustments.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** The program provides for the maintenance and updating of geographic data used by the Commission, Washington Suburban Sanitary Commission (WSSC) and Prince George's County. The GIS database currently contains over 150 data layers. Each data layer has an identified maintenance/update schedule. The Planning Department is responsible for this task.

**Justification:** Several GIS layers such as property, zoning, and orthophotography are critical to the business mission of the consortium, other partners and the private sector.

**Highlights:** No significant highlights for this project.

**Description:** This project adds an irrigation system to an existing football field at Glenarden Community Center.

**Justification:** Irrigation is necessary to reduce erosion on heavily-trafficked areas, such as this highly popular sports field. The 2017 LPPRP recommends improving 10 rectangular fields to Level of Service 3. The field at Glenarden Community Center is in Formula 2040 Service Area 4. This area has an existing service gap of two rectangular fields at Level of Service 1, as identified by the LPPRP.

**Highlights:** No significant highlights for this project.

**Description:** The project is for a Master Park Development Plan for the Glenn Dale Hospital Park, a park as set forth in House Bill 113 (1984), and the surrounding parcels.

**Justification:** Glenn Dale Hospital Park is an undeveloped park surrounding the 60 acre historic core of the Glenn Dale Hospital facility. The historic core has the potential for redevelopment for residential and complementary uses. The surrounding approximately 150 acres of parkland should be studied for the addition of active and passive recreation opportunities including additional connections to the WB&A Trail and the overall trail network. There is potential for the park to be considered as a future regional park as improvements are implemented. The plan will include the investigation of relevant adjacent parcels for potential access or acquisition opportunities.

**Highlights:** No significant highlights for this project.

**Description:** An environmental assessment was completed for the 60-acre parcel. A consultant is nearing completion of a master plan for the remaining 150 acres. The site consists of 210 acres. Approximately 60 acres are occupied by buildings that have been designated as historic and listed on the National Register of Historic Sites and Places. M-NCPPC will make financial contributions to support the ongoing maintenance and redevelopment of the site.

**Justification:** The Glenn Dale Hospital site requires a master plan with two major objectives: evaluation of the potential use of existing buildings and development of a facility plan for a future park.

**Highlights:** No significant highlights for this project.

**Description:** Good Luck Community Center is located in Lanham, Maryland. The project will include renovation of the complete site envelope, including the community center, ballfields and courts. Following the completion of the feasibility study and program of requirements, the project design, construction bid documents and budget will be developed.

**Justification:** This heavily used facility needs upgrades to provide the best experience for the citizens of the County. Analysis of the existing center and site are required to determine the optimal approach to meet current and future recreational demand, life/safety codes and programmatic needs.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project is for the design and replacement of the Green Meadows Park Building.

**Justification:** The Green Meadows Park Building has been closed for many years due to the deterioration of the structure. The Department will be conducting conditions assessments and replacement prioritization for all its aging park buildings. After preliminary assessment, this park building is a top priority for replacement due to its condition and resident demand for rentable community space.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project includes work for park bridge replacement, Henson Creek stream bed restoration and hardening, plus repairs to golf course cart pathways.

**Justification:** The bridge crossing and pathways of the golf course, as well as the stream bed of Henson Creek, need repair.

**Highlights:** Henson Creek Golf Course is a nine-hole golf course. Construction of the maintenance building is complete. The current priority is the park bridge replacement, path repair and stream restoration.

**Enabling Legislation:** Not Applicable

**Description:** The Herbert Wells Ice Rink is one of two public ice rinks operated by M-NCPPC. The rink is not fully enclosed, or temperature controlled. As such, it can only be operated as an ice-skating facility from October to March of each year, if weather allows. A study was conducted to determine the engineering and architectural aspects of enclosing the facility. The additional funding will be used for next steps.

**Justification:** Residents and users of the Wells Rink have requested that the Commission investigate the feasibility of enclosing the facility.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project provides funding to support the Historic Agricultural Resources Preservation Program (HARPP) that is administered by the Prince George's County Soil Conservation District and the Prince George's County Planning Board under regulations established in Prince George's County Code (2003 Edition, 2006 Supplement), as amended Subtitle 29, Division 9 and the Historic Agricultural Resource Preservation Program Regulations adopted January 31, 2008 by the Prince George's County Planning Board and the M-NCPPC.

**Justification:** HARPP is a joint program of the Prince George's County Soil Conservation District and M-NCPPC. Its goal is to purchase easements to protect historic viewsheds, rural culture and character, and preserve the agricultural character of certain private properties largely in the rural areas of the County.

**Highlights:** No significant highlights for this project.

**Description:** The project includes two playgrounds (2-5 year olds, 5-12 year olds), a picnic shelter, a bike shelter, multiple bicycle skills areas and a bike repair station.

**Justification:** Projected heavy use of the WB&A hiker/biker trail requires that trail users arriving by car have an area to access the trail. In addition, a rest stop with picnic area and restrooms will serve hikers and bikers utilizing the trail.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project is to replace the windows in the lounge room with a sliding glass door to enhance programming and rental opportunities at Kentland Community Center.

**Justification:** Kentland Community Center has an opportunity to enhance programming and increase rentals by replacing the windows in their lounge room with a sliding glass door. Patrons could use indoor/outdoor space for party or meeting rentals. Currently, you cannot access this outdoor patio space directly outside of the lounge. This is a similar model to SAARC which has a rental room and a door going out to their patio area.

**Highlights:** This project is funded by \$234,964 from the Rhode Island Avenue Trolley Trail PDF.

**Enabling Legislation:** Not Applicable

**Description:** Landover Hills Park includes a lighted, grass rectangular ballfield that is permitted for use. The project will provide irrigation of the ballfield and related water and electrical infrastructure improvements.

**Justification:** Due to the high use of the ballfield, irrigation is necessary to maintain grass cover and enhance safety of the playing surface. Future extension of lighting will increase play time. The 2017 Land Preservation, Parks and Recreation Plan (LPPRP) recommends improving 10 rectangular fields to Level of Service 3 (irrigation/turf, bleachers, lighting, adequate parking, etc.). The field at Landover Hills Community Center is in Formula 2040 Service Area 4. This area has an existing service gap of 2 rectangular fields at Level of Service 1, as identified by the LPPRP.

**Highlights:** No significant highlights for this project.

**Description:** This project includes a bathroom renovation, improvements to the plumbing, and the replacement of the exterior doors and doors to the multipurpose (MP) room.

**Justification:** The current doors do not comply with ADA requirements. Langley Park Community Center (CC) is also a Senior Center. There are seniors who come into the facility that need assistance to open doors and enter the facility / MP room. They are difficult for patrons to open especially if using a wheelchair or walker. For several years, Langley Park CC has had issues with the plumbing in their bathrooms. When the facility is at a high capacity during programs or special events, the toilets will overflow due to overuse. The bathrooms are also in need of a renovation to enhance that asset at the facility.

**Highlights:** This project is funded by \$220,263 from the Little Paint Branch Stream Valley Park PDF and \$190,408 from the Paint Branch Stream Valley Park/College Park Woods Connector Trail PDF.

**Enabling Legislation:** Not Applicable

**Description:** This project is to build a trail connection from Largo/Kettering/Perrywood Community Center to the new entrance road into Watkins Regional Park.

**Justification:** The connection will provide easy access from the Community Center to the southern part of Watkins Regional Park. The proposed new development agrees with the Watkins Regional Park Master Plan and fulfills the connectivity strategic goal of Formula 2040.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** The proposed trail extension will begin at the current terminus of the Paint Branch Trail at Cherry Hill Road in College Park and connect to the existing Little Paint Branch Trail at the Beltsville Community Center. This 2-mile hiker/ biker trail will run parallel to Cherry Hill Road and Sellman Road. Acquisition of trail right-of-way from the Beltsville Agricultural Research Center and other private property owners will be included in the project.

**Justification:** It will provide the first trail connection from Washington D.C. outside the Capital Beltway in the Anacostia Tributary Trail System.

**Highlights:** The project is complete and finalizing financial closeout.

**Enabling Legislation:** Not Applicable

**Description:** This project provides assessment of the existing seven maintenance yards currently operated by the Department of Parks and Recreation. The assessment will recommend which existing facilities are to be expanded and identify new sites for future maintenance operations. Additional funding will be used for acquisition and construction as recommended in the assessment.

**Justification:** The existing maintenance facilities that support area operations are becoming antiquated or space is too small to handle the ever-increasing number of facilities and diversity in park management. Space concerns are becoming more prevalent. Several facilities were built as temporary structures located within the 100-year floodplain. This study will focus future development and expansion needs for the next 20 to 30 years. The Department's functional master plan, Formula 2040, makes recommendations on functionality and expansions of these maintenance facilities that will be incorporated in this assessment.

**Description:** Built around 1813, Marietta is a Federal style brick home situated on 25 acres of lawn and wooded areas. The site also includes the Duvall law office and a root cellar. It is open to the public as a house museum. This project is for brick repointing, caulk joint replacement, roof and gutter replacement, and the reconstruction of the porch.

**Justification:** Marietta was the home of U.S. Supreme Court associate justice Gabriel Duvall, and his law office is also open to the public.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Built around 1813, Marietta is a federal-style brick home situated on 25 acres of lawn and wooded areas. The site also includes the Duval law office and a root cellar. It is open to the public as a house museum. An assessment of historic properties determined that this site was in need of maintenance and repair. Prioritized work includes masonry repair, interior environmental conditions assessment, plus repair of main house windows, sills, and shutters.

**Justification:** Marietta was the home of U.S. Supreme Court associate justice Gabriel Duval, and his law office is also open to the public.

**Highlights:** No significant highlights for this project.

**Description:** Built around 1783, Montpelier is a five-part Georgian mansion. It is open to the public as a house museum. Montpelier was home to four generations of the Snowden family, as well as enslaved individuals like Nance and Catte Creek, and Ben, a blacksmith. This project is for a new HVAC system, associated wiring and infrastructure, masonry, carpentry, and window restoration for weather and moisture control.

**Justification:** An assessment of historic properties determined that this site was in need of maintenance and repair.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Built in the late 1700s, Mount Calvert is a two-and-one-half story brick house with exterior chimneys and a kitchen wing built after 1835. It will be home to the Department's new American Indian History Program.

**Justification:** Mount Calvert is the only historic structure remaining at the site of Charles Town, the first seat of the Prince George's County government. It overlooks the confluence of the Western Branch and the Patuxent River.

**Highlights:** This project is for renovation of the historic house to include repointing of brick work, a new roof, foundation repairs, doors and windows, and other stabilization activities to upgrade and maintain this important site. Additional work on the kitchen and bathroom is necessary to prepare the space to host the American Indian History Program.

**Enabling Legislation:** Not Applicable

**Description:** This project is a new building to house personnel from the County's public safety departments and the Commission's park police. The building will be constructed on a 1.7-acre parcel owned by the Commission at National Harbor. The building will consist of approximately 10,000 square feet and include a public meeting space. The project includes 54 parking spaces to be provided on-site.

**Justification:** The building's design and development are being planned under the auspices of the County working with the developer of National Harbor.

**Highlights:** No significant highlights for this project.

**Description:** This is a Regency Revival style brick mansion built in 1939 for Captain Newton H. White, commanding officer of the U.S.S. Enterprise. The site also includes a corn crib and other outbuildings. Prioritized work on the corn crib includes roof replacement and other restoration activities.

**Justification:** This mansion is one of Prince George's County Parks and Recreation's most used rental facilities for weddings and other celebrations. Improvements will maintain its historical accuracy and increase its appeal to the community.

**Highlights:** No significant highlights for this project.

**Description:** This is a Regency Revival style brick mansion built in 1939 for Captain Newton H. White, commanding officer of the U.S.S. Enterprise. An assessment of historic properties determined that this site was in need of maintenance and repair. Prioritized work includes roof drainage repair, addressing basement water infiltration, masonry repair, and an internal environmental conditions assessment.

**Justification:** This mansion is one of Prince George's County Parks and Recreation's most used rental facilities for weddings and other celebrations. Problems with the roof are causing leaks within the facility. These repairs would help to maintain the income-generating potential of this facility.

**Highlights:** No significant highlights for this project.

**Description:** This is a new 14,000 square foot community center in North College Park. This project is the implementation of the feasibility study which recommended a new facility with a gymnasium, multipurpose space, fitness space, teen room, senior room and outdoor amenities. It includes funds for acquisition, design, and construction.

**Justification:** The Formula 2040 Functional Master Plan recommends the development of 12,000 square feet of programmable indoor recreation space in the North College Park area to keep pace with a projected 20% population increase by 2040.

**Highlights:** No significant highlights for this project.

**Description:** This project will design and construct a new maintenance yard for Northern Area Operations. The design, construction, furniture, fixtures, and equipment (FF&E,) and relocation will be delivered and paid by the Maryland Transit Authority (MTA) per the terms of the Purple Line Memorandum of Agreement (MOA).

**Justification:** The MTA identified the Northern Area Maintenance Yard at Glenridge as the location for the Purple Line Maintenance Yard. Per terms of the MOA, the Commission will convey the Glenridge property to MTA upon MTA's design, construction, and relocation to the replacement maintenance yard.

**Highlights:** No significant highlights for this project.

**Description:** This project is for various improvements to the golf course including the replacement of the existing irrigation system in its entirety, fairway and green drainage renovation, cart path replacement, driving range lighting installation and clubhouse repairs.

**Justification:** The existing irrigation system has reached its life expectancy. Additionally, the three ponds on-site used to store water have never been cleaned out or reshaped to optimize their storage capacity.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project is a new paved, half-mile multi-use trail between the College Park Woods Subdivision and the existing Paint Branch Trail. The trail runs through University of Maryland property, and a portion of the trail is a boardwalk.

**Justification:** Pedestrian connectivity along Metzertott Road and University Boulevard to nearby parks and trails is needed. The spur trail will facilitate direct and safe access to the Paint Branch Trail for residents in the immediate vicinity and users of University of Maryland facilities. This link will allow trail users to connect to DC in one direction and outside the Beltway almost to Laurel in the opposite direction.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** A parking lot and athletic field lights were installed in 2013. The remaining funding is for a restroom/ concession/storage building and additional park enhancements to including a new tot lot, overflow parking area, benches, tables, grills. new loop trail, resurfacing of the Carnival themed playground, athletic field fencing, and other site enhancements.

**Justification:** There has been a marked increase in the use of athletic fields in this location. Athletic field lights provide additional practice and game time, and parking lot lighting increases the safety of this recreation facility. The concession/restroom building will allow for better services to the park patrons.

**Highlights:** No significant highlights for this project.

**Description:** Built from 1919-1925, this 40-foot cross was constructed of cast concrete with exposed pink granite aggregate. It is located in the three-way junction of Bladensburg Road, Baltimore Avenue, and Annapolis Road in Bladensburg. The Peace Cross is significant as a prominent public monument to County residents who lost their lives during World War I. In addition, the design is the work of master craftsman John J. Earley. This project includes monument cleaning, drainage improvements, and landscaping upgrades.

**Justification:** Time and environmental exposure have taken their toll on the monument. An assessment of historic properties determined that this site was in need of maintenance and repair.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This development project calls for construction of a hiker/biker/equestrian trail extension from King Charles Drive to Indian Head Highway. The installation of this trail will take place in stages, as the acquisition program for Piscataway Creek produces parkland in sufficient size to support this type of facility.

**Justification:** The Adopted and Approved Countywide Trails Plan indicated that this trail will connect existing and proposed trails throughout the southern portion of the County. The development of trails within stream valley parks is a compatible land use since a hard surface path can withstand occasional flooding.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project will be the second phase of the long planned trail connection between Fort Totten Metro Station in DC to West Hyattsville Metro Station in Prince George's County. It will complete the trail segment in the County, leaving the segment in the District as the third and final phase of this bi-jurisdictional effort. The Metropolitan Branch Trail on the east side of DC will be connected to the entire Anacostia River Trail System via this trail. The Parks Department began work on this connector in 1992.

**Justification:** This project is a recipient of the 2023 RAISE Grant Award.

**Highlights:** The \$3,000,000 RAISE Grant match was transferred into this PDF from the Trail Development Fund.

**Enabling Legislation:** Not Applicable

**Description:** The Prince George's Equestrian Center is in Upper Marlboro. The Center currently houses major show horse activity for the County, including the Washington International Horse Show, as well as a training track and an indoor equestrian/general purpose arena with a restaurant area.

**Justification:** Major horse groups of the County, including the Equestrian Center Citizens Advisory Committee have requested and supported this project. The Department is currently working with the Washington International Horse Show to identify upgrades necessary to host events at the site.

**Description:** The feasibility study determined that the ideal program for this multigenerational center would be 89,000 square feet and will include two indoor courts, a 3-lane track, a 10-lane indoor pool and small leisure pool with seating for 250, multipurpose rooms and dedicated program space. This program was determined by evaluating demographics and market trends, input from internal and external stakeholders and a systemwide aquatics study that identified aquatic needs by service area.

**Justification:** The Formula 2040 Functional Master Plan identified the Prince George's Plaza Metro Station area as the ideal location for an 89,000 square foot multigenerational center in Service Area 2. The Department conducted a feasibility study from 2020 - 2021 to determine the detailed program and recommend potential locations.

**Highlights:** No significant highlights for this project.

**Description:** This project will install outdoor lights at the throwing field.

**Justification:** A new throwing field was completed in 2014, but because there is no lighting, its use has been limited and does not meet the needs of our existing track and field rental clients.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project involves replacement of the existing artificial turf field when it reaches the end of its useful life.

**Justification:** This sports field gets constant use and will need replacement as soon as it begins to exhibit degradation due to wear and tear. It is a stadium field at our premiere multigenerational complex.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project is to upgrade, repair, and renovate the stadium's major infrastructure as well as other improvements to bring the stadium up to contemporary functional standards. This project has a \$500,000 Maryland State Capital Grant.

**Justification:** The stadium is a 33-year-old facility that was built to federal, state, and local codes and standards that existed at the time. The stadium continues to function as a facility for minor league baseball even though its major support systems are aging and showing evidence of wear and tear.

**Highlights:** No significant highlights for this project.

**Description:** The Purple Line alignment will impact approximately 2.16 acres of parkland. This land will be conveyed to the Maryland Transit Administration (MTA).

**Justification:** This project is necessary to replace parkland impacted by the Purple Line, per the terms of the MOA with MTA.

**Highlights:** In return for conveying the land, MTA paid \$2,750,000 million to be used for parkland projects in the Northern Area Operations Service Area. A portion of that funding was transferred to the Riverdale Park Building Park Improvements PDF.

**Description:** The project is for road frontage improvements on Ritchie Marlboro Road.

**Justification:** Maintenance and Development desires to make a variety of improvements to the Randall Farm Maintenance Yard site. To do this, the County will require the M-NCPPC to make road frontage improvements to Ritchie Marlboro Road consistent with the County's Master Plan of Transportation.

**Highlights:** No significant highlights for this project.

**Description:** This project includes funding to develop master plans and feasibility studies. They will include a Golf Course Study and Master Plan, Facilities Master Plan, Tucker Road Feasibility Study, Langley Park Feasibility Study, and facility condition assessments.

**Justification:** The County has a mature park and recreation system with many facilities beyond or nearing infrastructure life-cycle. As such, assessing current facility conditions, use trends and programmatic needs is necessary before allocating funds for renovation and/or expansion to ensure such investments support a sustainable and well-planned park and recreation system.

**Highlights:** No significant highlights for this project.

**Description:** This project provides funds to acquire stream valley parkland and to expand existing regional parks.

**Justification:** Combining available funding (Program Open Space, bond, developer contributions, and grants) under the category of 'Regional/Stream Valley Park Act' provides the Commission more flexibility to respond to opportunities to purchase the needed parkland no matter where it is in the region.

**Highlights:** This funding is supplemented by \$171,911 from the Undesignated Stream Valley Park Woodlands PDF.

**Enabling Legislation:** Not Applicable

**Description:** The Reserve Fund is a supplement to budgeted funds which are reflected under each park category of the CIP and to fund studies associated with the acquisition of specific parcels of parkland. The purpose of this fund is to provide flexibility within the program, allowing the Commission to take advantage of unanticipated opportunities and to alleviate budget shortages due to cost underestimates.

**Justification:** The preparation of any acquisition program with the size and scope of the park acquisition program involves the evaluation of many factors, such as the population growth rate, availability of sites, land values and public interest. To function properly, the program must have the flexibility to deal with unanticipated changes in these variables. The reserve fund in conjunction with undesignated site funds will provide limited flexibility to respond to these contingencies. 'Other' funding will come from an operating budget transfer.

**Description:** This project includes design and construction of approximately two miles of asphalt trail from College Park to Hyattsville. The proposed trail will connect to the existing Trolley Trail in College Park and the Northwest Branch Trail. The next phase is underway. It will be design and construction of the trail between Farragut Street and Armentrout Drive in Hyattsville. This effort is led by the State Highway Administration but will require an M-NCPPC contribution.

**Justification:** The trail will connect several residential neighborhoods and downtowns in College Park, Riverdale, and Hyattsville to the Anacostia Tributary Trail System and provide a safe route that is parallel to US 1 for pedestrians and bicyclists.

**Highlights:** The developer of EYA Arts District in Hyattsville built approximately 1,500 linear feet of the trail. The developer of the Cafritz property is required to build approximately 1,600 linear feet of trail.

**Enabling Legislation:** Not Applicable

**Description:** Built in 1927, Ridgeley School is one of 27 schools in Prince George's County to receive assistance from the Rosenwald Fund. An assessment of historic properties determined that this site was in need of maintenance and repair. Prioritized work includes chimney repair, ADA entrance ramp, porch, windows, and a shed.

**Justification:** The segregated school served African American children living near Central Avenue until the 1950s. Restored and reopened as a museum in 2011, it is one of the best examples of a Rosenwald School in the County.

**Highlights:** No significant highlights for this project.

**Description:** This project is to upgrade Field 1 to a Level 1 diamond field, playground replacement, installation of fitness equipment, dog park enhancements and various other improvements.

**Justification:** At Field 1 there is only one set of bleachers along the first base line as well as no bleachers are on the third base line at this location. There are three non-uniform sheds placed on the location, as well as a decrepit trailer. A bleacher design, with storage space underneath, would best utilize the space not only for seating and storage as well as to add additional batting cages and a bullpen area in the future. The uniform presentation of all support amenities would be in alignment with and to support expected experiences associated with a Level 1 athletic field. The playgrounds are past their useful life and in need of replacement. The dog park has drainage challenges.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Built between 1801-1807, Riversdale is a two-story late-Georgian mansion. The site also includes a two-story dependency. An assessment of historic properties determined that this site was in need of maintenance and repair. This project includes the installation of a new HVAC system and the replacement of the windows.

**Justification:** This National Historic Landmark tells the story of 200 years of Maryland history, including the lives of Rosalie Stier Calvert and her husband George Calvert, property and business owners in the early 1800s, and the stories of enslaved and free African American residents of the site, including Adam Francis Plummer.

**Highlights:** No significant highlights for this project.

**Description:** Following completion of the feasibility study and program of requirements, the project design, construction bid documents and budget will be developed.

**Justification:** This heavily used facility needs upgrades to provide the best experience for the citizens of the County. Analysis of the existing center and site are required to determine the optimal approach to meet current and future recreational demand, life/safety codes and programmatic needs.

**Highlights:** No significant highlights for this project.

**Description:** This project is to replace the playground with adult fitness equipment and replace the pavilion.

**Justification:** This park had two playgrounds at opposite ends of the park. Instead of replacing both playgrounds, one was enlarged and the other will be replaced with adult fitness equipment. These improvements will provide the park with a much needed refresh.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project includes improvement to the baseball field, addition of a field irrigation system, picnic shelters, a playground structure, and parking spaces.

**Justification:** The baseball field and its surrounding amenities are planned for improvements, as requested by the Bowie Recreation Council, to improve player conditions and the user experience. This site is in Service Area 3 which exhibits a moderate need for recreation facilities, according to the 2022 LPPRP.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** The one-room schoolhouse was built in 1896 by the residents of the Seabrook community and provided education for grades one through eight until the early 1950s. An assessment of historic properties determined that this site was in need of maintenance and repair. This project includes replacement of any deteriorated siding, painting of replaced and existing siding, structural roof repairs and structural repairs to the building itself.

**Justification:** Seabrook schoolhouse is one of the few surviving one-room schoolhouses in Prince George's County, unique because it was designed to resemble the cottages in the Seabrook community.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project involves a study to determine the feasibility of constructing a multigenerational center in Service Area 6.

**Justification:** The Formula 2040 Functional Master Plan recommends the development of multigenerational centers to meet the needs of an entire family at one location and keep pace with a projected 20% population increase by 2040.

**Highlights:** No significant highlights for this project.

**Description:** This project involves all phases of planning, design, and construction of an aquatics complex in Service Area 7.

**Justification:** The Formula 2040 Functional Master Plan recommends the development of multigenerational centers to meet the needs of an entire family at one location and keep pace with a projected 20% population increase by 2040. The multigenerational center for Service Area 7 was recommended at Marlow Heights; however, a feasibility study determined that a multigenerational center was not feasible at that location. This study will explore locations for the aquatic component of a multigenerational center.

**Highlights:** No significant highlights for this project.

**Description:** This project will include facility and site assessments leading to the development of a long-range plan for the complex.

**Justification:** The site is owned by Prince George's County and maintained by M-NCPPC. The facilities are aging and in need of a long-term maintenance and development plan that responds to the community needs and market along with existing opportunities and constraints.

**Highlights:** No significant highlights for this project.

**Description:** The project involves interior design and construction services for the renovation of three banquet rooms and five suites.

**Justification:** The banquet rooms are rental spaces that are outdated in appearance. Renovation of the banquet rooms and suites will provide a much-needed update to the spaces and allow greater flexibility of use.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project will provide new signals at two at-grade crossings of State Highways (MD 410 & MD 212), on-street markings for a two block section that is on-road, and ADA access for a spur path that has a stairway section. Additional components may include trail widening, selection of a new bridge location to connect neighborhoods to schools, and bridge decking improvements.

**Justification:** This project is a recipient of the 2023 RAISE Grant Award.

**Highlights:** The \$2,500,000 RAISE Grant match was transferred into this PDF from the Trail Development Fund.

**Description:** Snow Hill Manor is a two-and-one-half-story brick plantation house of late Georgian style located on 15-acres of land in Laurel. Snow Hill is one of many homes in the Laurel area formerly owned by the Snowden family, ironmasters who formed the Patuxent Iron Works around 1726. This project includes roof replacement, an interior environmental conditions investigation, window repair, and restoration of the smokehouse.

**Justification:** An assessment of historic properties determined that this site was in need of maintenance and repair.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Snow Hill Manor is a two-and-one-half-story brick plantation house of late Georgian style located on 15-acres of land in Laurel, MD. Built in 1755, and once owned by the Snowden family, Snow Hill Manor has been listed on the National Register of Historic Places. This project includes waterproofing to prevent moisture infiltration including new roofing, gutter redesign and repair, flashing, chimney repair, interior moisture abatement and restoring historic windows.

**Justification:** The waterproofing and moisture abatement are needed to prevent damage to the historic building.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project provides for the design and construction of solar projects, including photovoltaic (PV) systems, on M-NCPPC parkland throughout the County.

**Justification:** This project is consistent with the County's Sustainability & Green initiatives and the environmental/sustainability goals of the 2040 Functional Master Plan. The Randall PV project requires no M-NCPPC capital outlay but benefits the Department by allowing the purchase of electricity at below market rates.

**Highlights:** A \$5,000,000 developer contribution represents the approximate value of a PV system that will be constructed on about five acres of Randall Maintenance Facility land in the 'PEPCO of Maryland' utility service area. An outside contractor will own the PV system and be responsible for the design, fabrication, delivery, installation, operation and maintenance of the system.

**Enabling Legislation:** Not Applicable

**Description:** The Southern Area Aquatic & Recreation Complex (SAARC) project involves the design and construction of a new multigenerational recreation facility on Missouri Avenue (Brandywine Area Park) in the Brandywine area. Project amenities include an indoor aquatics component, as well as gymnasium, fitness and multi-use spaces.

**Justification:** Residents of South County have requested an indoor aquatic/recreation facility for their area, which falls into the 'high need' category for recreational facilities. The development of this complex will meet their recreational needs and address the heavy demand for competitive swimming. Formula 2040 recommended a new multigenerational center to service the recreation needs identified in Service Area 9.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project is to assess and implement bicyclist, pedestrian and trail access connecting neighborhoods to key locations in the Southern Area of the county including National Harbor, the Piscataway Stream Valley, Tanger Outlets, Oxon Hill Cove Park and Oxon Hill Farm, local schools and businesses. Partnerships will include County and State agencies (DPWT and SHA), the National Park Service, businesses and homeowners associations.

**Justification:** Focused effort is required to strengthen the trail network and connection to other nonmotorized routes (bike lanes, sidewalks, bike routes, etc.) in the southern portion of the county. The 2017 DPR Strategic Trails Plan highlights opportunities to create partnerships and implementation strategies for this area.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project involves the design and construction of a dog park in the southern area.

**Justification:** The 2017 Land Preservation, Parks and Recreation Plan calls for the creation of two dog parks in the southern portion of the County for equity in facilities.

**Highlights:** This project is complete, however, an additional \$114,110 was added from the Consolidated Headquarters Building PDF to fund shade structures for the dog park.

**Enabling Legislation:** Not Applicable

**Description:** This project involves the design and construction of an indoor pool addition to the newly completed Southern Regional Tech/Rec Complex.

**Justification:** Residents of the southeastern area of the County have requested an aquatic facility to be centrally located to serve several communities in the greater Fort Washington area.

**Highlights:** Installation of a marquee will complete the project.

**Enabling Legislation:** Not Applicable

**Description:** This project provides funding for retrofit stormwater management, sediment and erosion control improvements, stream restoration for approved park development projects and existing park properties. In addition, funds will be used for the study and development of appropriate stormwater management and environmental restoration projects that benefit park property and assets.

**Justification:** County stormwater regulations require that certain sediment and storm water items must be added to projects already under construction or undergoing intense maintenance. Commission projects must conform to new and updated County regulations. Additionally, elevated numbers of severe rainstorm events contribute to streambank erosion and threaten public infrastructure.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This trail extension will extend the District's Suitland Parkway Trail a half mile into Prince George's County at the Naylor Road Metro Station. The trail will include pedestrian and bike crossing safety improvements to one of the most deadly intersections in the County. The District is currently planning a project to reconstruct the Suitland Parkway Trail between Southern Avenue and the Anacostia River Trail at the new Fredrick Douglass Bridge.

**Justification:** This project is a recipient of the 2023 RAISE Grant Award.

**Highlights:** The \$1,400,000 RAISE Grant match was transferred into this PDF from the Trail Development Fund.

**Enabling Legislation:** Not Applicable

**Description:** This project conducts feasibility studies to assess the need, economic viability and potential locations for a new tennis facility. The study will develop conceptual tennis designs and cost projections.

**Justification:** The existing indoor tennis facilities are in the far northern and southern sections of the County. Residents have submitted numerous requests for an indoor facility to service other areas in the County.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Constructed around 1884, this one-story, three-bay schoolhouse was built using wood-frame construction. It will need stabilization and interior restoration to make the space habitable for future office/program space.

**Justification:** The Thrift Road School House served communities in southern Prince George's County, representing the educational system after the County's agriculture shifted from large plantations to small farms.

**Highlights:** No significant highlights for this project.

**Description:** The trail development fund provides funding for new trails, existing trail maintenance, and trail lighting within the park system.

**Justification:** Formula 2040 Master Plan recommends increasing the Prince George's County M-NCPPC trail network from approximately 134 to 400 miles of hard and soft surface trails to meet the level of service standard of 0.4 miles/1,000 persons for the projected population of 992,700 in 2040.

**Highlights:** \$6,900,000 was moved from this PDF to fund the RAISE Grant match for the Prince George's Connector/Anacostia Gateway Trail, Sligo Creek Trail, and Suitland Parkway Trail.

**Enabling Legislation:** Not Applicable

**Description:** This project includes a new maintenance shed at the Prince George's County Trap and Skeet Center to include concrete floors, electricity, commercial roll-up garage doors, service doors, an HVAC system, and insulation. It also includes the replacement of eight trap houses, eight skeet houses, and upgrading six sporting clay stations to meet ADA compliance.

**Justification:** The need for a secure and safe maintenance shed at the Center is essential to provide a place to store and maintain this expensive equipment. Six remaining stations need to be updated for ADA accessibility. The new station deck should have overhead coverage to shelter patrons from year-round weather, and ADA accessibility ramps. The current state of the trap and skeet houses is outdated as most were built almost 50 years ago and do not meet today's safety standards or accessibility needs. The purpose of these houses is to protect very expensive target-throwing machines from the elements.

**Highlights:** This project is funded by \$1,000,000 from the Prince George's Sports and Learning Complex Indoor Track PDF.

**Description:** This is a fund to collect fee-in-lieu money and violation fees from the Prince George's County Woodland Conservation Ordinance. Money in this fund can only be used for native tree planting on public land.

**Justification:** Developers can pay money in lieu of providing afforestation or reforestation. Since the Parks Department is the largest public landowner in the County, it can find new areas to plant trees or provide reforestation. The fund can also be used to acquire woodland or open space for reforestations.

**Highlights:** No significant highlights for this project.

**Description:** This project consists of reconstruction of the Tucker Road Ice Skating Center, which is located within the Tucker Road Athletic Complex.

**Justification:** Tucker Road Ice Skating Center is a heavily programmed facility and the only ice rink in the southern portion of the County. This project is to replace the Tucker Road Ice Rink that was damaged in a fire in 2017.

**Highlights:** Installation of a marquee will complete the project.

**Enabling Legislation:** Not Applicable

**Description:** This project provides the mechanism to utilize funds in the fee-in-lieu account for the acquisition or development of projects not specifically shown in the CIP. If necessary, these funds could be transferred to another approved acquisition or development project via an in-house transfer.

**Justification:** The funds will be spent in the service area where collected and will be limited to the principal and interest in that account.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project is to acquire woodlands at various locations throughout the County. Most of these properties will be within stream valleys in the County.

**Justification:** Funding is provided from the Agricultural Transfer Tax - Revenue Distribution funds which were transferred to the County's Program Open Space account. These funds may only be used to acquire woodlands or to purchase agricultural easements.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This reserve fund provides a mechanism to deposit fees collected from various utilities for right-of-way's and other construction on Commission land. The Commission in turn will use these funds to help cover the costs of utility-related charges such as connection fees, design fees, permit fees and system development charges routinely assessed on various Commission Capital Improvement Program projects.

**Justification:** Utility related charges have greatly impacted the Commission's design and construction budgets. This fund will be used to cover budget shortfalls due to these charges.

**Highlights:** No significant highlights for this project.

**Description:** This project provides funding for design and construction at park sites that have amenities that have reached the end of the life-cycle.

**Justification:** The complete redesign of a park site is required because overall the existing amenities have reached their life expectancy, site constraint and/or new facilities or field types need to be introduced. A feasibility study will be conducted to include 30% of the design.

**Highlights:** No significant highlights for this project.

**Description:** A Master Park Development Plan will be completed to evaluate the northern section. Site improvements including infrastructure, utilities, and recreational amenities will follow, based upon the recommendations of the plan.

**Justification:** Walker Mill is a major regional park, serving residents in the established communities inside the Beltway. The southern area of the park has been developed to include a skatepark, athletic fields, picnic facilities, and an imagination playground. The northern section of the park is largely undeveloped. Further planning, market analysis, site assessments, and community outreach are necessary prior to development of the northern section.

**Highlights:** No significant highlights for this project.

**Description:** A master plan was completed for the park in 2019. This project includes implementation of infrastructure recommendations including water, sewer, electricity and fiber.

**Justification:** Watkins Park is a major regional park, serving approximately one million residents each year. The park will require significant infrastructure improvements in order to maintain and expand services to meet the demands of the County's growth. The master plan recommends several investments in the first phase to meet safety concerns and cost recovery goals.

**Highlights:** No significant highlights for this project.

**Description:** This project will implement the recommendations of the Watkins Regional Park master plan.

**Justification:** The master plan recommendations will improve the user experience at Watkins Regional Park. This 844-acre regional park contains two playgrounds, a campground for overnight visitors, nature center, tennis bubble, picnic pavilions, athletic fields, courts for basketball and tennis, the Old Maryland Farm Agricultural Education Center, miniature golf course, historic carousel and a train.

**Highlights:** This funding is supplemented by \$575,000 from the Watkins Regional Park PDF.

**Enabling Legislation:** Not Applicable

**Description:** This project includes the design and construction of a full replacement of the Ellen E. Linson Splash Park and the Herbert Wells Ice Rink.

**Justification:** The local community had requested "Walls for Wells" in order to fully enclose the Wells Ice Rink. In 2020, a feasibility study determined that enclosing Wells was not financially feasible and instead recommended a full replacement of the Wells Ice Rink and Ellen Linson Splash Pool due to the interconnectedness of the infrastructure and mechanical systems.

**Highlights:** This project is funded by \$299,605 from the Ellen Linson PDF and \$1,454,655 from the Herbert Wells PDF.

**Enabling Legislation:** Not Applicable

**Description:** This project provides funds for the developer-built portion of a new park within the Westphalia planning area.

**Justification:** In 2007, the County Council approved the Westphalia Sector Plan and Sectional Map Amendment establishing a conceptual plan for the Westphalia planning area. The concept envisions an urban town center surrounded by village centers and multiple residential modules. A 150-acre Central Park is proposed immediately north of the Town Center, approximately at the center of the Westphalia area. This project reflects the \$13,900,000 in Developer Contributions expected for this project. As of April 2024, Developer Contributions received to date are \$10,063,078 and actual expenditures are \$3,189,966.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable
