BACKGROUND INFORMATION/FISCAL IMPACT:

CB-65-2023 (DR-2), CR-70-2023, and CB-85-2024 constitute the legislative package regarding the requirement of the use of specified universal design standards, with the exception of exemptions and waivers granted, to apply to all new single-family attached, single-family detached, two-family, two-over-two's, three-family, and multifamily residential dwelling units constructed in Prince George's County on and after January 1, 2026. This is companion legislation to the zoning bill that removes the Universal Design Green Standard's Table from the Zoning Ordinance. This bill removes two definitions and makes technical amendments to the current universal design law regarding certain clearance requirements for identified universal design elements.
