RE: Fiscal Impact Statement
CB-066-2017 Promoting Clean Neighborhoods

Pursuant to your request, we have reviewed CB-066-2017 to estimate its fiscal impact on Prince George's County, Maryland.

CB-066-2017 seeks to amend the requirements for curbside collection and on-premise collection of trash and recyclables, and proposes new penalties and civil fines for violators.

The proposed Bill will amend Section 2-384.01 of the Prince George's County Code by renaming "hardship rear-door collection of garbage and trash" to "hardship on-premise collection of garbage and trash". Requirements are proposed for the governance of on-premise trash and garbage collection, and curbside collection. The Department of the Environment shall provide outreach to those persons it supplies, or will supply, on-premise collection services. Civil penalties are proposed for those who violate the requirements outlined under the proposed Bill, with a warning on the first offense, and a fine of One Hundred Dollars (\$100) for each subsequent offense. The civil fine may be applied each separate day of which the violation remains uncorrected.

Enactment of CB-066-2017 may have a positive fiscal impact on the County. The impact of which would be based upon the number of violations issued and collected, annually. A reasonable estimate of annual collections is not able to be determined at this time.

If you require additional information, or have questions about this fiscal impact statement, please call me.
