18 (c) Plan Review and Conformance

19 (1) The approval authority for TCPs is the same as that of the associated DRD  
20 application. If there is no associated DRD application, the Planning Director is the approving

1 authority.

2 (A) If a TCP1 has been approved for a site, all subsequent TCP2 plans must be  
3 in conformance with the TCP1.

4 [(i) For TCP minor revisions:]

5 [(aa)] (2) If the TCP2 is to be approved by the Planning Board, conformance with the TCP1,  
6 if applicable, shall be determined by the Planning Board.

7 [(bb)] (3) If a TCP2 is to be approved by the Planning Director, it shall be in conformance  
8 with this Division, and in conformance with the TCP1, if applicable, [as follows:]

9 (4) For TCP minor and major revisions:

10 (A) The following criteria constitutes a minor revision:

11 (i) The proposed TCP continues to meet all required elements of this  
12 Division.

13 (ii) The TCP does not affect lots or parcels already sold to builders or  
14 homeowners.

15 (iii) Revisions requested by builders or homeowners for single lots or  
16 parcels.

17 (iv) The proposed change:

18 (aa) Is a revision as a result from governmental requirements as further  
19 defined in the Technical Manual; OR

20 [(i)] (bb) Does not reduce the total woodland conservation on the site by  
21 [Any proposed reduction in the total woodland conservation on the site shall not exceed] the  
22 greater of 5,000 square feet or 5 percent (not to exceed five (5) acres) of the area of on-site  
23 woodland conservation originally approved; and

24 [(ii)] (cc) Does not change the location or type of woodland conservation by  
25 [The proposed change in the location or type of woodland conservation shall not exceed] the  
26 greater of 10,000 square feet or 10% of the area of woodland conservation originally approved;  
27 and

28 [(iii)] (dd) Does not adversely affect [S] specimen, champion or historic  
29 trees specifically identified for preservation. [will not be adversely affected; or]

30 [(iv) The proposed change or reduction results from governmental  
31 requirements.

1 (v) The proposed TCP continues to meet all required elements of this  
 2 Division.

3 (vi) The TCP does not affect lots already sold to builders or homeowners.]

4 [(ii)](B) For TCP major revisions:

5 [(aa)] (i) If a criterion in [(ii.)] (A) above cannot be met, the TCP[2]  
 6 shall be duly advertised and the approval authority becomes the Planning Board and shall  
 7 comply with the current regulations of this Division.

8 [(B)] (C) If no TCP1 exists and one is not required, each TCP2 shall [be in conformance  
 9 with this Division] comply with the current regulations of this Division.

10 [(2) For those TCP applications that propose clearing of woodland, written notice shall  
 11 be mailed to the abutting and adjacent property owners at least 20 days before the TCP is  
 12 approved. The notice shall provide such property owners an opportunity to provide written  
 13 comment. If the application proposes clearing 75% or more of woodland and the net tract area is  
 14 five (5) acres or more, the abutting and adjacent property owners will be advised of the process  
 15 for providing written and verbal comments.]

16 (5) Written notice shall be mailed for TCP applications in accordance with the  
 17 following:

18 (A) For TCP applications that are companion to a DRD application that requires  
 19 notification, a notification shall state that a TCP will be reviewed concurrently with the DRD  
 20 application. The applicable mailing, signage, and opportunity to provide written or verbal  
 21 comment shall follow the processes and procedures required by the associated DRD application.  
 22 If the DRD does not require notification, the notification process will be in accordance with  
 23 Subsection 25-119(c)(5)(B).

24 (B) For those stand-alone TCP applications that are not associated with a DRD  
 25 application and are proposing clearing, written notice shall be mailed to the parties listed in  
 26 Subsection 27-3407(b)(1) of the Zoning Ordinance for Detailed Site Plans at least 20 days before  
 27 the TCP is approved and the parties notified shall be advised of the process for providing written  
 28 comments. If the application proposes clearing of 50% or more of woodland and the net tract  
 29 area is four (4) acres or more, the parties notified shall be advised of the process for providing  
 30 written and verbal comments.

31 [(3)] (6) Plan validity requirements are as follows:

1 (A) TCP1s [and TCP2s] expire if the associated plan expires [unless a permit has  
2 been issued].

3 (B) An application for a TCP2 approved on or after July 1, 2024, shall be valid  
4 for 5 years from the date of approval unless a grading permit has been issued.

5 [(B)] (C) Once a grading permit has been issued, TCP2s do not expire, and the  
6 requirements run with the land in perpetuity until an approved revision to the TCP2 is acquired.

7 [(C)] Requests to the Planning Board for extensions of previously approved DRD  
8 applications must include the associated TCP for that plan's validity period to also be extended.]

9 (D) Plans that are grandfathered are subject to the expiration provisions [of this  
10 division] stated in Subsections 25-119(g) and (h).

11 [(E)] An application for a TCP2 approved after July 1, 2024 shall be valid for 5 years  
12 from the date of approval.]

13 [(4)] (7) TCPs shall be prepared in conformance with the Technical Manual.

14 [(5)] (8) TCPs must include the legal boundaries of all lots or parcels in their entirety  
15 unless they are government or linear in nature. For linear projects, refer to Section 25-119(f) for  
16 the requirements. For government projects, refer to Section 25-119(e) [or] for the requirements.  
17 TCPs shall include the same property as the associated application, unless a previous TCP  
18 approval covered a larger area or a larger area is warranted by supporting development on an  
19 adjacent lot, parcel or combination of lots or parcels.

20 [(6)] (9) TCP2s shall not be approved separately for sites that are either currently  
21 under review for a DRD application or that require the submittal of a DRD application prior to  
22 development.

23 \* \* \* \* \*

24 (g) Grandfathering of applications and plans.

25 (1) In this subsection and (h), the following term has the meaning indicated.

26 Implementation or implemented shall be defined as: the issuance of a grading permit for at least  
27 twenty-five percent (25%) of the land area within the associated TCP, [the site or any portion of  
28 the site,] completion of a pre-construction meeting with the applicable permitting agency, and  
29 installation of tree protective devices verified by a qualified professional.

30 [(1)] (2) TCP applications that are accepted for review on or before June 30, 2024 shall be  
31 grandfathered and shall be subject to the regulations in place at the time of acceptance. Plans that

1 are grandfathered are subject to the expiration provisions of this Division.

2 (3) A project with an approved TCP that was approved on or before June 30, 2024 and  
3 has been implemented on the property or a portion thereof as confirmed by the county permitting  
4 authority shall be grandfathered and subject to the regulation in place at the time of its  
5 acceptance.

6 [(2) TCPs that were approved prior to September 12, 2010 and do not have an  
7 approved grading permit that has been implemented with a pre-construction meeting and  
8 installation of approved tree protection devices as confirmed by the county are considered  
9 expired on the effective date of this ordinance. A new TCP shall be reviewed and approved using  
10 the provisions of this Division.

11 (3) TCPs that were approved on or after September 12, 2010 and before July 1, 2024  
12 shall be grandfathered and shall be subject to the regulations in place at the time of approval.  
13 These plans will expire on July 1, 2028 if these plans do not have an approved grading permit  
14 that has been implemented with a pre-construction meeting and installation of approved tree  
15 protection devices as confirmed by the county. A new TCP shall be reviewed and approved  
16 using the provisions of this Division.]

17 (4) Grandfathered TCPs [that are approved prior to July 1, 2024] shall comply with  
18 the [provisions] current regulations of this Division when being revised as a major revision in  
19 accordance with [Sub 25-119(c)(1)(A)] Sub 25-119(c)(4)(B). When being revised as a minor  
20 revision in accordance with Subsection 25-119(c)(4)(A), grandfathered TCPs may comply with  
21 the regulations in place at the time of acceptance of the previously approved TCP.

22 (5) Applications for woodland conservation banks that were submitted before  
23 December 31, 2020 that provide for conservation of all or part of an existing forest shall be  
24 grandfathered.

25 [(6) Standard and Numbered Letters of Exemption issued prior to July 1, 2024 shall  
26 remain valid and shall expire on the date stated on the exemption letter. Projects with expired  
27 Standard and Numbered Letters of Exemption shall comply with the current regulations of this  
28 Division.]

29 (6) Standard and Numbered Letters of Exemption which were valid as of June 30,  
30 2024, shall remain valid until June 30, 2026, on which date the exemption shall expire. Projects  
31 with expired Standard and Numbered Letters of Exemption shall comply with the current

1 regulations of this Division.

2 (7) The grandfathered projects may be subject to an impact fee to ensure that funds are  
3 available to provide for retention and reforestation. A study/assessment to be performed by the  
4 Department of Environment, that will be completed by March 1, 2025 and presented to Council  
5 for legislative approval shall determine whether an impact fee may be imposed, criteria for  
6 applying to projects, process and waiver provisions. Any impact fees resulting from the study  
7 will be used to plant or retain trees in the County.

8 (h) Expiration of grandfathered plans.

9 (1) A TCP that was approved prior to September 1, 2010, and has not been  
10 implemented on all or a portion of the site as confirmed by the county permitting authority  
11 expires on July 1, 2024. Any new TCP shall be reviewed and approved subject to the provisions  
12 of this Division effective July 1, 2024.

13 (2) A TCP that was approved on or after September 1, 2010, and before July 1, 2024,  
14 shall be grandfathered and shall be subject to the regulations in place at the time of approval.  
15 These plans will expire on July 1, 2029 if not implemented on the property or a portion thereof  
16 as confirmed by the county permitting authority. A new TCP shall be reviewed and approved  
17 subject to the provisions of this Division.

18 \* \* \* \* \*

19 SECTION 2. BE IT FURTHER ENACTED that the provisions of this Act are hereby  
20 declared to be severable; and, in the event that any section, subsection, paragraph, subparagraph,  
21 sentence, clause, phrase, or word of this Act is declared invalid or unconstitutional by a court of  
22 competent jurisdiction, such invalidity or unconstitutionality shall not affect the remaining  
23 words, phrases, clauses, sentences, subparagraphs, paragraphs, subsections, or sections of this  
24 Act, since the same would have been enacted without the incorporation in this Act of any such  
25 invalid or unconstitutional word, phrase, clause, sentence, paragraph, subparagraph, subsection,  
26 or section.

27 SECTION 3. BE IT FURTHER ENACTED that this Act shall take effect forty-five (45)  
28 calendar days after it becomes law.

Adopted this 19<sup>th</sup> day of November, 2024.
