The District Council needs to have evidence in the record upon which a final resolution can be made to validate the permit. At a minimum, two copies of the following data is to be supplied by the applicant for inclusion in the record.

- 1. A copy of the permit issued in error or apartment license to be validated.
- 2. A specific statement of the error alleged.
- 3. A written statement from appropriate agency/department that reviewed or issued the permit or license.
- 4. A copy of relevant materials from County/M-NCPPC files regarding the permit or license and property for which the permit or license was issued.
- 5. A copy of zoning map of subject and surrounding property.
- 6. A site plan for the subject property showing all existing improvements. The site plan shall provide information in accordance with page 3 of this application.

Along with the application, the applicant shall submit the following:

- 1. A statement listing the names of the individuals and their respective business and residential addresses having at least a five percent (5%) financial interest in the subject property;
- 2. If any owner is a corporation, a statement listing the officers of the corporation, their business and residential addresses, and the date on which they assumed their respective offices. The statement shall also list the current board of directors' names, their business and residential address, and the dates of each director's term. An owner that is a corporation listed on a national stock exchange shall be exempt from the requirement to provide residential addresses of its officers and directors;

3. If the owner is a corporation (except one listed on a national stock exchange), a statement containing the names and residential addresses of those individuals owning at least five percent (5%) of the shares of any class of corporate security (including stocks and serial maturity bonds).

I hereby request that the above described permit or license be validated. No fraud or misrepresentation occurred in obtaining the permit or license. At the time of permit's or license's issuance, mo appeal or controversy regarding its issuance was pending before any body. I have acted in good faith, expending funds or incorring obligations in reliance on this permit or license.

STATEMENT OF JUSTIFICATION VALIDATION OF PERMIT ISSUED IN ERROR APPLICATION NO.: 47380-2014

| APPLICANT: | JH Calvert Park, LLC 5023 Riverdale Road Riverdale Park, MD 20737 |
|----------------|--|
| CORRESPONDENT: | Nathaniel Forman, Esq. O'Malley, Miles, Nylen & Gilmore, P.A. 7850 Walker Drive, Suite 310 Greenbelt, MD 20770 (P): (301) 572-3237 nforman@omng.com |

This application is a request to validate Prince George's County Permit No.: 47380-2014 for the erection of a six (6) foot fence to enclose a dumpster (attached hereto as Attachment 1), for property located at 5023 Riverdale Road, approximately 530 feet east of its intersection with Taylor Road within the corporate limits of the Town of Riverdale Park, shown as Lots 8, 9 and 10¹ on the Map of Riverdale Park Subdivision filed in Plat Book A, Plat 40 among the Land Records of Prince George's County ("Subject Property" or "Property"). The Subject Property consists of 1.211 acres of land in the R-10 zone. It is bounded to the east by open space and the Northeast Branch of the Anacostia River in the R-O-S zone²; to the west by single-family detached homes in the R-55 zone; to the south [beyond a berm] by single-family detached homes in the R-55 Zone, and to the north across Riverdale Road by Riverdale Elementary School in the R-55 Zone, as well as a community playground and open space in the R-O-S zone.

The Subject Property was constructed around 1965 and is improved with a single five (5) story multifamily apartment building in a "T" configuration with 55 dwelling units according to the Town of Riverdale Park's Multifamily Rental License (License No. MF21-081608) that was issued on November 24, 2020 (attached hereto as Attachment 2). The building contains sixteen (16) one-bedroom units, thirty-four (34) two-bedroom units and five (5) three-bedroom units. As

¹ A portion of Lots 8, 9 and 10 are reserved as a Washington Suburban Sanitary Commission ("WSSC") storm drainage right-of-way as recorded in Liber 8412 at Folio 168 among the Land Records of Prince George's County. ² A paper street known as Riverside Drive abuts the Subject Property to the east, and appears to be a remnant from the original plat for the Map of Riverdale Park Subdivision. This roadway is unlikely to be constructed anytime in the future since the street would impact the WSSC storm drainage right-of-way.

shown on the attached site plan³ (attached hereto as Attachment 3), the site provides fifty-four (54) standard size parking spaces according to parking space design regulations promulgated in the 1964 Zoning Ordinance for Prince George's County. According to an email dated June 28, 2021 from Michelle Hughes of the Permit Review Section of the Maryland-National Capital Park and Planning Commission (attached hereto as Attachment 3), the 1964 Zoning Ordinance required sixty-nine (69) parking spaces, therefore parking requirements were not met on the date of construction and the Subject Property is nonconforming. There is no record of Prince George's County issuing a Use and Occupancy Permit or a multifamily rental license for the Subject Property. All rental licenses to date were issued by the Town of Riverdale Park. For this reason, the Applicant is seeking validation of Building Permit No. 47380-2014 issued on January 20, 2015 as being issued in error by Prince George's County in accordance with § 27-258 of the Zoning Ordinance.

I. CONFORMANCE TO § 27-258. VALIDATION OF PERMIT ISSUED IN ERROR.

"(g) Criteria for Approval.

(1) The District Council shall only approve the application if:

(A)No fraud or misrepresentation had been practiced in obtaining the permit,"

RESPONSE: There is no evidence that any fraud or misrepresentation took place in applying for the building permit.

"(B) If at the time of the permit's issuance, no appeal or controversy regarding its issuance was pending before any body,"

RESPONSE: There is no evidence to suggest that there was any appeal or controversy regarding the issuance of this permit pending before any body.

"(C) The applicant has acted in good faith, expending funds or incurring obligations in reliance on the permit,"

³ To avoid confusion, inaccurate parking totals and nonconforming parking spaces have been crossed out on the site plan.

RESPONSE: Given that Prince George's County had issued this building permit for the Subject Property, the Applicant acted in good faith expending funds in purchasing the property and making improvements. Evidence to this effect will be presented at the Zoning Hearing on this application.

"(D) The application meets the criteria of Section 27-244 of this Subtitle;"

RESPONSE: Compliance with this section is discussed below.

"(E) The validation will not be against the public interest."

RESPONSE: The continued operation of the Subject Property will not be against the public interest. The Subject Property has been continuously operated as a multifamily apartment building since it was constructed around 1965. To the Applicant's knowledge, there have been no complaints from the surrounding community prior to, or since, purchasing the property. Moreover, this apartment building provides economical housing options within the Town of Riverdale Park. The exterior of the Property is well maintained by the Applicant (see Attachments 4, 5, 6, 7 and 8), while residents enjoy the benefits from the open space and other amenities in the immediate vicinity. The Northwest Branch of the Anacostia River and the Northeast Branch hiker/biker trail forms part of the larger Anacostia Stream Valley Trail abut the Property to the east, while north across Riverdale Road is a Town of Riverdale Park maintained playground, as well as Maryland-National Capital Park and Planning Commission maintained open space. Finally, residents remain connected to the region through public transportation since the Subject Property is served by Washington Metropolitan Area Transit Authority Bus Route F4, which connects the Subject Property to the New Carrollton Metro Station to the east and the Paul S. Sarbanes Transit Center (Silver Spring Metro Station) to the west via Prince George's Plaza Metro Station. Through this bus route, residents have access to three (3) different Metrorail lines.

II. CONFORMANCE TO § 27-244. CERTIFICATION.

3

In November 2017 the County Council for Prince George's County amended § 27-258 of the Zoning Ordinance to require applications to demonstrate compliance with § 27-244. The Applicant respectfully submits that full compliance with § 27-244 is impracticable, if not impossible, because the provisions promulgated in § 27-258 were not originally designed—nor revised following adoption of CB-49-2017—to be compatible with § 27-244. Nevertheless, this application complies with the provisions of § 27-244, where applicable, for the reasons discussed in more detail below.

Section 27-244 (a) In general.

"(1) A nonconforming use may only continue if a use and occupancy permit identifying the use as nonconforming is issued after the Planning Board (or its authorized representative) or the District Council certifies that the use is nonconforming is not illegal (except as provided for in Section 27-246 and Subdivision 2 of this Division). Any person making use of or relying upon the certification that is violating or has violated any conditions thereof, or that the use for which the certification was granted is being, or has been exercised contrary to the terms or conditions of such approval shall be grounds for revocation proceedings in accordance with this Code."

RESPONSE: Approval of this application will permit the Subject Property to operate as a certified nonconforming use. Should this application be approved, the Subject Property will be used in conformance with the granted certification.

"(b) Application for use and occupancy permit.

- (1) The applicant shall file for a use and occupancy permit in accordance with Division 7 of this Part.
- (2) Along with the application and accompanying plans, the applicant shall provide the following:
 - (A) Documentary evidence, such as tax records, business records, public utility installation or payment records, and sworn affidavits, showing the commencing date and continuous existence of the nonconforming use;
 - (B) Evidence that the nonconforming use has not ceased to operate for more than one hundred eighty (180) consecutive calendar days between the time the use became nonconforming and the date when the application is submitted, or that conditions of nonoperation for

more than one hundred eighty (180) consecutive calendar days were beyond the applicant's and/or owner's control, were for the purpose of correcting Code violations, or were due to the seasonal nature of the use;

- (C) Specific data showing:
 - (i) The exact nature, size, and location of the building, structure, and use;
 - (ii) A legal description of the property; and
 - (iii) The precise location and limits of the use on the property and within any building it occupies;
- (D) A copy of a valid use and occupancy permit issued for the use prior to the date upon which it became a nonconforming use, if the applicant possesses one.
- (E) (i) In the case of outdoor advertising signs, the requirements of Section 27-244(b)(2)(B) are not applicable. Documentary evidence, including, but not limited to deeds, tax records, business records, approved plats or development plans, permits, public utility installation or payment records, photographs, and sworn affidavits, showing that the outdoor advertising sign was constructed prior to and has operated continuously since January 1, 2002.
 - (ii) Notwithstanding any provision of this Subtitle to the contrary, in the case of outdoor advertising signs that were in existence as of November 15, 2016, that were certified as nonconforming or could have been certified as nonconforming uses, but were removed prior to December 31, 2018, the owner may be certified pursuant to this Division, provided that the use is accepted as filed through an application for Certification of a Nonconforming Use on or before June 30, 2019.
 - (iii) Notwithstanding any provision of this Subtitle to the contrary, in the case of outdoor advertising signs that were in existence as of November 15, 2016, that were certified as nonconforming or could have been certified as nonconforming uses, but were removed after December 31, 2018, the outdoor advertising sign may be certified pursuant to this Division, provided that an application for Certification of a Nonconforming Use is filed and accepted for processing no later than 180 days after the outdoor advertising sign is removed. Upon approval of the application, a permit to reconstruct the sign may be issued, including a permit to construct a digital billboard provided

that said use conforms with the requirements of Section 27-630.03 of this Subtitle."

RESPONSE: Use and Occupancy Permit No. 35661-2020 was filed on August 26, 2020 in accordance with the filing requirements established by the Prince George's County Department of Permitting, Inspections and Enforcement ("DPIE").

"(c) Notice.

- (1) Notice of the proposed application shall be provided by the applicant in accordance with Section 27-125.01 of this Subtitle.
- (2) The following notice provisions shall not apply to uses that, with the exception of parking in accordance with Section 27-549, occur solely within an enclosed building.
- (3) The Planning Board shall post the property with a durable sign(s) within ten (10) days of acceptance of the application and accompanying documentation. The signs(s) shall provide notice of the application; the nature of the nonconforming use for which the permit is sought; a date, at least twenty (20) days after posting, by which written comments and/or supporting documentary evidence relating to the commencing date and continuity of such use, and/or a request for public hearing from a party of interest will be received; and instructions for obtaining additional information. Requirements regarding posting fees, the number, and the location of signs shall conform to the requirements set forth in Subsection (f), below. "

RESPONSE: The Applicant respectfully submits that compliance with the notice provisions of § 27-125.01 is not required for two reasons. First, the Validation of Permits Issued in Error is not included among the list of development applications that require informational mailings under Subsection (a) of this section. Second—assuming for the sake of argument that a Validation of Permit Issued in Error is included within the general category of "Nonconforming Use Certifications"—the notice provisions assume that applications will be filed with Maryland-National Capital Park and Planning Commission. Validation of Permit applications are not filed with M-NCPPC, but rather with the Zoning Hearing Examiner's office after an application for a Use and Occupancy Permit has been filed with DPIE. Since this application is not one of the applications specifically directed to be filed with the M-NCPPC, this application will comply

with the notice provisions of § 27-258(e), which requires posting the Subject Property thirty (30) days prior to public hearing and the publication of notice within a County newspaper of record.

"(d) Administrative review.

- (1)Except for outdoor advertising signs, if a copy of a valid use and occupancy permit is submitted with the application, where applicable a request is not submitted for the Planning Board to conduct a public hearing, and, based on the documentary evidence presented, the Planning Board's authorized representative is satisfied as to the commencing date and continuity of the nonconforming use, the representative shall recommend certification of the use as nonconforming for the purpose of issuing a new use and occupancy permit identifying the use as nonconforming, upon finding, within the administrative record for the application, that the use to be certified as nonconforming has no outstanding Code violations with the Department of Permitting, Inspections, and Enforcement regarding the property other than failure to have a use and occupancy permit. This recommendation shall not be made prior to the specified date on which written comments and/or requests for public hearing are accepted.
- (2) For outdoor advertising signs, if satisfactory documentary evidence described in Section 27-244(b)(2)(E) is received, the Planning Board's authorized representative shall recommend certification of the use as nonconforming for the purpose of issuing applicable permits and certifying the use as nonconforming. This recommendation shall not be made prior to the specified date on which written comments and/or requests for public hearing are accepted.
- (3) Following a recommendation of certification of the use as nonconforming, the Planning Board's authorized representative shall notify the District Council of the recommendation. Electronic notice of the recommendation for certification shall also be made by the Planning Board's authorized representative not later than seven (7) calendar days after the date of the recommendation. The Planning Director shall also publish the development activity report on the Planning Department's website.
- (4) If the District Council does not elect to review the recommendation within thirty (30) days of receipt of the recommendation as authorized by Subsection (e), below, the representative shall certify the use as nonconforming.
- (5) Subsections (3) and (4), above, and Subsection (e), below, shall not apply to uses that, with the exception of parking in accordance with Section 27-549, occur solely within an enclosed building."

RESPONSE: This application cannot be approved through the administrative review process, and this subsection is thus not applicable to this application.

- "(e) District Council review.
 - (1) The District Council may, on its own motion, vote to review the Planning Board representative's recommendation, for the purpose of determining whether the use should be certified as nonconforming, within thirty (30) days of receipt of the recommendation.
 - (2) If the District Council decides to review the proposed certification, the Clerk of the Council shall notify the Planning Board of the Council's decision. Within seven (7) calendar days after receiving this notice, the Planning Board shall transmit to the Council all materials submitted to it in connection with the application.
 - (3) The Zoning Hearing Examiner shall conduct a public hearing on the application. The Zoning Hearing Examiner shall make the same findings required for Administrative review or approval by Planning Board required in this Section, as well as any other applicable prescriptions regulating the proposed use specified within any other applicable Subtitle of this Code.
 - (4) The Zoning Hearing Examiner shall file a written recommendation with the District Council within thirty (30) days after the close of the hearing record.
 - (5) Any person of record may appeal the recommendation of the Zoning Hearing Examiner within fifteen (15) days of the filing of the Zoning Hearing Examiner's recommendation with the District Council. If appealed, all persons of record may testify before the District Council.
 - (6) Persons arguing shall adhere to the District Council's Rules of Procedure, and argument shall be limited to thirty (30) minutes for each side, and to the record of the hearing.
 - (7) The District Council shall affirm the certification only if it finds that a nonconforming use exists and has continuously operated, and upon finding, within the administrative record for the application, that the use to be certified as nonconforming has no outstanding Code violations with the Department of Permitting, Inspections, and Enforcement regarding the property, other than failure to have a use and occupancy permit.
 - (8) The District Council shall make its decision within forty-five (45) days from the filing of the Zoning Hearing Examiner's recommendation. Failure of the Council to take action within this time shall constitute a decision to certify the use."

RESPONSE: This provision is inapplicable because there will be no administrative decision by a representative of the Planning Board for the District Council to review. Instead, the District Council has authority to hear and decide this application under § 27-258(f) of the Prince George's County Code.

"(f) Planning Board review.

- (1) Required hearing.
 - (A) If a copy of a valid use and occupancy permit is not submitted with the application, if the documentary evidence submitted is not satisfactory to the Planning Board's authorized representative to prove the commencing date or continuity of the use, or if a public hearing has been requested by any party of interest challenging the commencing date and/or continuity of the use, the Planning Board shall conduct a public hearing on the application for the purpose of determining whether the use should be certified as nonconforming.
- (2) Application for certification.
 - (A) Whenever the Planning Board will hold a hearing on a certification of the use as nonconforming, the applicant shall complete the appropriate form provided by the Planning Board.
- (3) At least seven (7) calendar days prior to the public hearing, the Planning Board shall send written notice of the date, time, and place of the hearing to the applicant and to all persons of record.
- (4) Planning Board action.
 - (A) The Planning Board may decide to either grant or deny certification of the use as nonconforming. If it decides to certify that a nonconforming use actually exists and has continuously operated and upon finding, within the administrative record for the application, that the use to be certified as nonconforming has no outstanding Code violations with the Department of Permitting, Inspections, and Enforcement regarding the property, other than failure to have a use and occupancy permit.
 - (B) The recommendation of the Planning Board shall be in the form of a resolution adopted at a regularly scheduled public meeting. The resolution shall set forth findings of fact and conclusions of law in support of the Planning Board's recommendation.
 - (C) The Planning Board shall send a copy of the resolution to all persons of record.
- (5) District Council election to review; Appeal of Planning Board's recommendation.

- (A) The recommendation of the Planning Board may be appealed by any person of record to the District Council by filing an appeal with the Clerk of the Council. In addition, and notwithstanding any appeal of the Planning Board's recommendation filed by a person of record, the District Council may, on its own motion, vote to review the Planning Board's recommendation for the purpose of making a final decision as to whether the use should be certified as nonconforming.
- (B) The appeal shall be filed, or District Council vote to review the Planning Board recommendation shall occur, within thirty (30) calendar days after the resolution of the Planning Board was mailed. If no appeal is filed, and the District Council does not elect to review the recommendation of Planning Board within thirty (30) calendar days after the resolution of the Planning Board is mailed, the Planning Board's recommendation shall become the final decision as to the application to certify the use as nonconforming.
- (C) Before the District Council makes a decision on the application, it shall hold a public hearing.
- (D) The Council may decide to affirm, reverse, or modify the recommendation of the Planning Board. The decision of the Council shall be based on the record made before the Planning Board. No new evidence shall be entered into the record of the case unless it is remanded to the Planning Board and a rehearing is ordered."

RESPONSE: The Planning Board is not authorized to hear applications for Validation of Permits Issued in Error pursuant to § 27-258 of the Prince George's County Code.

"(g) Applicability.

(1) This Section shall not apply to nonconforming buildings or structures occupied by conforming uses. (See Section 27-243.03.)"

RESPONSE: This does not apply to the subject application.

III. CONCLUSION

For all of the above-stated reasons, the Applicant respectfully requests that this request for Validation of a Permit Issued in Error for the Subject Property, to continue to operate as a multifamily apartment building with fifty-five (55) dwelling units, be approved.

Respectfully submitted,

O'MALLEY, MILES, NYLEN & GILMORE, P.A.

Subject: RE: Riverdale Park (35661-2020-U)

Mr. Crum,

The site must be in compliance with the 1964 regulations. According to the 1964 Zoning Ordinance parking calculations there are 69 parking spaces required. The site is providing only 54 standard size parking spaces, therefore parking requirements were not met on the date of construction. Do you know if there were any rental licenses or certificate of occupancy issued to the property from Prince George's County? If so, the owner can pursue Validation of a permit/rental license issued in error.

Attention: Due to the current state of the novel coronavirus (COVID-19) pandemic, and the implications of the Council's Emergency Resolutions including, CR-35-2020, the Zoning Hearing Examiners Office is operating under emergency procedures. As authorized by CB-33-2020, all or a portion of the hearing will be conducted virtually and in accordance with District Council Rules of Procedure.

Requests to become Persons of Record should be submitted electronically by email to: <u>ZHE@co.pg.md.us</u> no later than 5:00 p.m. on <u>August 16, 2021</u>. Persons of Record will receive an email with information to join the virtual meeting platform. <u>Once you have received your Notice of Hearing, please provide an email address to</u> <u>ZHE@co.pg.md.us</u>

If you have not viewed the documents you can find them at <u>https://pgccouncil.us/LZIS</u>. Once there select "Guide", then "ZHE", then the application name and hearing date, then "meeting details" and finally "attachments".

Upon notification of an evidentiary hearing before the Zoning Hearing Examiner, any interested party shall submit documents for the record in person, by email, by other electronic portals, or in the County provided drop box. A copy of all large Site Plans or other documents must be submitted in person or the County provided drop box. All documents for the record shall be submitted no later than five (5) business days before the scheduled evidentiary hearing. With permission from the Zoning Hearing Examiner, a party may submit supplemental documents for the record. Any interested party may contact The Office of the Zoning Hearing Examiner to receive a paper copy of a document if the document is not accessible online

The Zoning Hearing Examiner shall not be responsible for resolving any technical difficulties incurred by any person participating in a virtual/remote hearing.

This notice is for informational purposes only. Per CB-1-2004 you have received this Notice of Public Hearing because you signed up to become a Person of Record. If you have any questions, please contact the Zoning Hearing Examiner at email <u>ZHE@co.pg.md.us</u>. or call (301) 952-3644.

You can help a Pepco customer in need of assistance with their energy bills by contributing to the Good Neighbor Energy Fund. Simply pay exactly \$1.00 over your Pepco bill amount and that dollar will be contributed to the Good Neighbor Energy Fund administered by a 501(c)3 non-profit organization in your community. Program contributions must be exactly \$1.00 over the billed amount; amounts over \$1.00 will not be identified as a program contribution and will result in a credit to your account. Pepco will match each donation by contributing a dollar to the fund, up to \$100,000.

MARYLAND Certification of Exemption from Withholding Upon FORM Disposition of Maryland Real Estate Affidavit of WH-AR Residence or Principal Residence

Based on the certification below, Transferor claims exemption from the tax withholding requirements of §10-912 of the Tax-General Article, Annotated Code of Maryland. Section 10-912 provides that certain tax payments must be withheld and paid when a deed or other instrument that effects a change in ownership of real property is presented for recordation. The requirements of §10-912 do not apply when a transferor provides a certification of Maryland residence or certification that the transferred property is the transferor's principal residence.

AMENDED STATEMENT OF JUSTIFICATION VALIDATION OF PERMIT ISSUED IN ERROR APPLICATION NO.: 47380-2014

| APPLICANT: | JH Calvert Park, LLC 5023 Riverdale Road Riverdale Park, MD 20737 |
|----------------|---|
| CORRESPONDENT: | Nathaniel Forman, Esq. O'Malley, Miles, Nylen & Gilmore, P.A. 7850 Walker Drive, Suite 310 Greenbelt, MD 20770 (P): (301) 572-3237 <u>nforman@omng.com</u> |

This application is a request to validate Prince George's County Permit No.: 47380-2014 for the erection of a six (6) foot fence to enclose a dumpster (attached hereto as Attachment 1), for property located at 5023 Riverdale Road, approximately 530 feet east of its intersection with Taylor Road within the corporate limits of the Town of Riverdale Park, shown as Lots 8, 9 and 10¹ on the Map of Riverdale Park Subdivision filed in Plat Book A, Plat 40 among the Land Records of Prince George's County ("Subject Property" or "Property"). The Subject Property consists of 1.211 acres of land in the R-10 zone. It is bounded to the east by open space and the Northeast Branch of the Anacostia River in the R-O-S zone²; to the west by single-family detached homes in the R-55 zone; to the south [beyond a berm] by single-family detached homes in the R-55 zone, and to the north across Riverdale Road by Riverdale Elementary School in the R-55 zone.

The Subject Property was constructed around 1965 and is improved with a single five (5) story multifamily apartment building in a "T" configuration with 55 dwelling units according to the Town of Riverdale Park's Multifamily Rental License (License No. MF21-081608) that was issued on November 24, 2020 (attached hereto as Attachment 2). The building contains sixteen (16) one-bedroom units, thirty-four (34) two-bedroom units and five (5) three-bedroom units. As shown on the attached site plan (attached hereto as Attachment 3), the site provides seventy (70)

¹ A portion of Lots 8, 9 and 10 are reserved as a Washington Suburban Sanitary Commission ("WSSC") storm drainage right-of-way as recorded in Liber 8412 at Folio 168 among the Land Records of Prince George's County.

 $^{^{2}}$ A paper street known as Riverside Drive abuts the Subject Property to the east, and appears to be a remnant from the original plat for the Map of Riverdale Park Subdivision. This roadway is unlikely to be constructed anytime in the future since the street would impact the WSSC storm drainage right-of-way.

parking spaces; however, these spaces do not conform to dimensional standards promulgated by the 1964 Zoning Ordinance for Prince George's County, which shall be a minimum of nine (9) feet wide and twenty (20) feet long. Moreover, the existing parking spaces do not conform to dimensional standards promulgated by § 27-558 of the Zoning Ordinance, which shall be nine and a half (9 ½) feet wide and nineteen (19) feet long. If the parking spaces conformed to the dimensional standards promulgated by the 1964 Zoning Ordinance, the site could accommodate a maximum of fifty-four (54) standard size parking spaces. According to an email dated June 28, 2021 from Michelle Hughes of the Permit Review Section of the Maryland-National Capital Park and Planning Commission (attached hereto as Attachment 3), the 1964 Zoning Ordinance required sixty-nine (69) standard size parking spaces, therefore parking requirements were not met on the date of construction and the Subject Property is nonconforming. There is no record of Prince George's County issuing a Use and Occupancy Permit or a multifamily rental license for the Subject Property. All rental licenses to date were issued by the Town of Riverdale Park. For this reason, the Applicant is seeking validation of Building Permit No. 47380-2014 issued on January 20, 2015 as being issued in error by Prince George's County in accordance with § 27-258 of the Zoning Ordinance.

I. CONFORMANCE TO § 27-258. VALIDATION OF PERMIT ISSUED IN ERROR.

"(g) Criteria for Approval.

(1) The District Council shall only approve the application if:

(A)No fraud or misrepresentation had been practiced in obtaining the permit,"

RESPONSE: There is no evidence that any fraud or misrepresentation took place in applying for the building permit.

"(B) If at the time of the permit's issuance, no appeal or controversy regarding its issuance was pending before any body,"

RESPONSE: There is no evidence to suggest that there was any appeal or controversy regarding the issuance of this permit pending before any body.

"(C) The applicant has acted in good faith, expending funds or incurring obligations in reliance on the permit,"

RESPONSE: Given that Prince George's County had issued this building permit for the Subject Property, the Applicant acted in good faith expending funds in purchasing the property and making improvements. Evidence to this effect will be presented at the Zoning Hearing on this application.

"(D) The application meets the criteria of Section 27-244 of this Subtitle;"

RESPONSE: Compliance with this section is discussed below.

"(E) The validation will not be against the public interest."

RESPONSE: The continued operation of the Subject Property will not be against the public interest. The Subject Property has been continuously operated as a multifamily apartment building since it was constructed around 1965. To the Applicant's knowledge, there have been no complaints from the surrounding community prior to, or since, purchasing the property. Moreover, this apartment building provides economical housing options within the Town of Riverdale Park. The exterior of the Property is well maintained by the Applicant (see Attachments 4, 5, 6, 7 and 8), while residents enjoy the benefits from the open space and other amenities in the immediate vicinity. The Northwest Branch of the Anacostia River and the Northeast Branch hiker/biker trail forms part of the larger Anacostia Stream Valley Trail abut the Property to the east, while north across Riverdale Road is a Town of Riverdale Park maintained playground, as well as Maryland-National Capital Park and Planning Commission maintained open space. Finally, residents remain connected to the region through public transportation since the Subject Property is served by Washington Metropolitan Area Transit Authority Bus Route F4, which connects the Subject Property to the New Carrollton Metro Station to the east and the Paul S. Sarbanes Transit Center (Silver Spring Metro Station) to the west via Prince George's

Plaza Metro Station. Through this bus route, residents have access to three (3) different Metrorail lines.

II. CONFORMANCE TO § 27-244. CERTIFICATION.

In November 2017 the County Council for Prince George's County amended § 27-258 of the Zoning Ordinance to require applications to demonstrate compliance with § 27-244. The Applicant respectfully submits that full compliance with § 27-244 is impracticable, if not impossible, because the provisions promulgated in § 27-258 were not originally designed—nor revised following adoption of CB-49-2017—to be compatible with § 27-244. Nevertheless, this application complies with the provisions of § 27-244, where applicable, for the reasons discussed in more detail below.

Section 27-244 (a) In general.

"(1) A nonconforming use may only continue if a use and occupancy permit identifying the use as nonconforming is issued after the Planning Board (or its authorized representative) or the District Council certifies that the use is nonconforming is not illegal (except as provided for in Section 27-246 and Subdivision 2 of this Division). Any person making use of or relying upon the certification that is violating or has violated any conditions thereof, or that the use for which the certification was granted is being, or has been exercised contrary to the terms or conditions of such approval shall be grounds for revocation proceedings in accordance with this Code."

RESPONSE: Approval of this application will permit the Subject Property to operate as a certified nonconforming use. Should this application be approved, the Subject Property will be used in conformance with the granted certification.

"(b) Application for use and occupancy permit.

- (1) The applicant shall file for a use and occupancy permit in accordance with Division 7 of this Part.
- (2) Along with the application and accompanying plans, the applicant shall provide the following:
 - (A) Documentary evidence, such as tax records, business records, public utility installation or payment records, and sworn affidavits,

showing the commencing date and continuous existence of the nonconforming use;

- (B) Evidence that the nonconforming use has not ceased to operate for more than one hundred eighty (180) consecutive calendar days between the time the use became nonconforming and the date when the application is submitted, or that conditions of nonoperation for more than one hundred eighty (180) consecutive calendar days were beyond the applicant's and/or owner's control, were for the purpose of correcting Code violations, or were due to the seasonal nature of the use;
- (C) Specific data showing:
 - (i) The exact nature, size, and location of the building, structure, and use;
 - (ii) A legal description of the property; and
 - (iii) The precise location and limits of the use on the property and within any building it occupies;
- (D) A copy of a valid use and occupancy permit issued for the use prior to the date upon which it became a nonconforming use, if the applicant possesses one.
- (E) (i) In the case of outdoor advertising signs, the requirements of Section 27-244(b)(2)(B) are not applicable. Documentary evidence, including, but not limited to deeds, tax records, business records, approved plats or development plans, permits, public utility installation or payment records, photographs, and sworn affidavits, showing that the outdoor advertising sign was constructed prior to and has operated continuously since January 1, 2002.
 - (ii) Notwithstanding any provision of this Subtitle to the contrary, in the case of outdoor advertising signs that were in existence as of November 15, 2016, that were certified as nonconforming or could have been certified as nonconforming uses, but were removed prior to December 31, 2018, the owner may be certified pursuant to this Division, provided that the use is accepted as filed through an application for Certification of a Nonconforming Use on or before June 30, 2019.
 - (iii) Notwithstanding any provision of this Subtitle to the contrary, in the case of outdoor adverting signs that were in existence as of November 15, 2016, that were certified as nonconforming or could have been certified as nonconforming uses, but were removed after December 31,

> 2018, the outdoor advertising sign may be certified pursuant to this Division, provided that an application for Certification of a Nonconforming Use is filed and accepted for processing no later than 180 days after the outdoor advertising sign is removed. Upon approval of the application, a permit to reconstruct the sign may be issued, including a permit to construct a digital billboard provided that said use conforms with the requirements of Section 27-630.03 of this Subtitle."

RESPONSE: Use and Occupancy Permit No. 35661-2020 was filed on August 26, 2020 in accordance with the filing requirements established by the Prince George's County Department of Permitting, Inspections and Enforcement ("DPIE").

"(c) Notice.

- (1) Notice of the proposed application shall be provided by the applicant in accordance with Section 27-125.01 of this Subtitle.
- (2) The following notice provisions shall not apply to uses that, with the exception of parking in accordance with Section 27-549, occur solely within an enclosed building.
- (3) The Planning Board shall post the property with a durable sign(s) within ten (10) days of acceptance of the application and accompanying documentation. The signs(s) shall provide notice of the application; the nature of the nonconforming use for which the permit is sought; a date, at least twenty (20) days after posting, by which written comments and/or supporting documentary evidence relating to the commencing date and continuity of such use, and/or a request for public hearing from a party of interest will be received; and instructions for obtaining additional information. Requirements regarding posting fees, the number, and the location of signs shall conform to the requirements set forth in Subsection (f), below. "

RESPONSE: The Applicant respectfully submits that compliance with the notice provisions of § 27-125.01 is not required for two reasons. First, the Validation of Permits Issued in Error is not included among the list of development applications that require informational mailings under Subsection (a) of this section. Second—assuming for the sake of argument that a Validation of Permit Issued in Error is included within the general category of "Nonconforming Use Certifications"—the notice provisions assume that applications will be filed with Maryland-National Capital Park and Planning Commission. Validation of Permit applications are not filed

with M-NCPPC, but rather with the Zoning Hearing Examiner's office after an application for a Use and Occupancy Permit has been filed with DPIE. Since this application is not one of the applications specifically directed to be filed with the M-NCPPC, this application will comply with the notice provisions of § 27-258(e), which requires posting the Subject Property 30-days prior to public hearing and the publication of notice within a County newspaper of record.

"(d) Administrative review.

- (1)Except for outdoor advertising signs, if a copy of a valid use and occupancy permit is submitted with the application, where applicable a request is not submitted for the Planning Board to conduct a public hearing, and, based on the documentary evidence presented, the Planning Board's authorized representative is satisfied as to the commencing date and continuity of the nonconforming use, the representative shall recommend certification of the use as nonconforming for the purpose of issuing a new use and occupancy permit identifying the use as nonconforming, upon finding, within the administrative record for the application, that the use to be certified as nonconforming has no outstanding Code violations with the Department of Permitting, Inspections, and Enforcement regarding the property other than failure to have a use and occupancy permit. This recommendation shall not be made prior to the specified date on which written comments and/or requests for public hearing are accepted.
- (2) For outdoor advertising signs, if satisfactory documentary evidence described in Section 27-244(b)(2)(E) is received, the Planning Board's authorized representative shall recommend certification of the use as nonconforming for the purpose of issuing applicable permits and certifying the use as nonconforming. This recommendation shall not be made prior to the specified date on which written comments and/or requests for public hearing are accepted.
- (3) Following a recommendation of certification of the use as nonconforming, the Planning Board's authorized representative shall notify the District Council of the recommendation. Electronic notice of the recommendation for certification shall also be made by the Planning Board's authorized representative not later than seven (7) calendar days after the date of the recommendation. The Planning Director shall also publish the development activity report on the Planning Department's website.
- (4) If the District Council does not elect to review the recommendation within thirty (30) days of receipt of the recommendation as authorized by Subsection (e), below, the representative shall certify the use as nonconforming.

(5) Subsections (3) and (4), above, and Subsection (e), below, shall not apply to uses that, with the exception of parking in accordance with Section 27-549, occur solely within an enclosed building."

RESPONSE: This application cannot be approved through the administrative review process. and this subsection is thus not applicable to this application.

"(e) District Council review.

- (1) The District Council may, on its own motion, vote to review the Planning Board representative's recommendation, for the purpose of determining whether the use should be certified as nonconforming, within thirty (30) days of receipt of the recommendation.
- (2) If the District Council decides to review the proposed certification, the Clerk of the Council shall notify the Planning Board of the Council's decision. Within seven (7) calendar days after receiving this notice, the Planning Board shall transmit to the Council all materials submitted to it in connection with the application.
- (3) The Zoning Hearing Examiner shall conduct a public hearing on the application. The Zoning Hearing Examiner shall make the same findings required for Administrative review or approval by Planning Board required in this Section, as well as any other applicable prescriptions regulating the proposed use specified within any other applicable Subtitle of this Code.
- (4) The Zoning Hearing Examiner shall file a written recommendation with the District Council within thirty (30) days after the close of the hearing record.
- (5) Any person of record may appeal the recommendation of the Zoning Hearing Examiner within fifteen (15) days of the filing of the Zoning Hearing Examiner's recommendation with the District Council. If appealed, all persons of record may testify before the District Council.
- (6) Persons arguing shall adhere to the District Council's Rules of Procedure, and argument shall be limited to thirty (30) minutes for each side, and to the record of the hearing.
- (7) The District Council shall affirm the certification only if it finds that a nonconforming use exists and has continuously operated, and upon finding, within the administrative record for the application, that the use to be certified as nonconforming has no outstanding Code violations with the Department of Permitting, Inspections, and Enforcement regarding the property, other than failure to have a use and occupancy permit.

(8) The District Council shall make its decision within forty-five (45) days from the filing of the Zoning Hearing Examiner's recommendation. Failure of the Council to take action within this time shall constitute a decision to certify the use."

RESPONSE: This provision is inapplicable because there will be no administrative decision by a representative of the Planning Board for the District Council to review. Instead, the District Council has authority to hear and decide this application under § 27-258(f) of the Prince George's County Code.

"(f) Planning Board review.

- (1) Required hearing.
 - (A) If a copy of a valid use and occupancy permit is not submitted with the application, if the documentary evidence submitted is not satisfactory to the Planning Board's authorized representative to prove the commencing date or continuity of the use, or if a public hearing has been requested by any party of interest challenging the commencing date and/or continuity of the use, the Planning Board shall conduct a public hearing on the application for the purpose of determining whether the use should be certified as nonconforming.
- (2) Application for certification.
 - (A) Whenever the Planning Board will hold a hearing on a certification of the use as nonconforming, the applicant shall complete the appropriate form provided by the Planning Board.
- (3) At least seven (7) calendar days prior to the public hearing, the Planning Board shall send written notice of the date, time, and place of the hearing to the applicant and to all persons of record.
- (4) Planning Board action.
 - (A) The Planning Board may decide to either grant or deny certification of the use as nonconforming. If it decides to certify that a nonconforming use actually exists and has continuously operated and upon finding, within the administrative record for the application, that the use to be certified as nonconforming has no outstanding Code violations with the Department of Permitting, Inspections, and Enforcement regarding the property, other than failure to have a use and occupancy permit.
 - (B) The recommendation of the Planning Board shall be in the form of a resolution adopted at a regularly scheduled public meeting. The resolution shall set forth findings of fact and conclusions of law in support of the Planning Board's recommendation.

- (C) The Planning Board shall send a copy of the resolution to all persons of record.
- (5) District Council election to review; Appeal of Planning Board's recommendation.
 - (A) The recommendation of the Planning Board may be appealed by any person of record to the District Council by filing an appeal with the Clerk of the Council. In addition, and notwithstanding any appeal of the Planning Board's recommendation filed by a person of record, the District Council may, on its own motion, vote to review the Planning Board's recommendation for the purpose of making a final decision as to whether the use should be certified as nonconforming.
 - (B) The appeal shall be filed, or District Council vote to review the Planning Board recommendation shall occur, within thirty (30) calendar days after the resolution of the Planning Board was mailed. If no appeal is filed, and the District Council does not elect to review the recommendation of Planning Board within thirty (30) calendar days after the resolution of the Planning Board is mailed, the Planning Board's recommendation shall become the final decision as to the application to certify the use as nonconforming.
 - (C) Before the District Council makes a decision on the application, it shall hold a public hearing.
 - (D) The Council may decide to affirm, reverse, or modify the recommendation of the Planning Board. The decision of the Council shall be based on the record made before the Planning Board. No new evidence shall be entered into the record of the case unless it is remanded to the Planning Board and a rehearing is ordered."

RESPONSE: The Planning Board is not authorized to hear applications for Validation of Permits Issued in Error pursuant to § 27-258 of the Prince George's County Code.

"(g) Applicability.

(1) This Section shall not apply to nonconforming buildings or structures occupied by conforming uses. (See Section 27-243.03.)"

RESPONSE: This does not apply to the subject application.

III. CONCLUSION

For all of the above-stated reasons, the Applicant respectfully requests that this request for Validation of a Permit Issued in Error for the Subject Property, to continue to operate as a multifamily apartment building with fifty-five (55) dwelling units, be approved.

Respectfully submitted,

O'MALLEY, MILES, NYLEN & GILMORE, P.A.
