RE: CB-14-2022

The Office of Law has reviewed the above referenced **bill** as it was **introduced** on **February 28, 2022** and finds it to be in proper legislative form. The Office of Law sees no legal impediments to its adoption however, we recommend a short technical amendment to lines 11-12 on page two to clarify that enforcement actions derive from the Department of the Environment and not independently from the Office of Law.

(d) The [County Attorney] Director of the Department of the Environment or any affected party may file an action in court with jurisdiction to enjoin violations of this Division.
