The Honorable Krystal Oriadha
Chair
Prince George's County Council
Wayne K. Curry Administration Building
1301 McCormick Drive
Largo, Maryland 20774

Dear Chair Oriadha:

Enclosed for the County Council's consideration are five bond enabling bills that will form the basis of future County bond sales for capital projects programmed in the Fiscal Years 2027 – 2032 Capital Improvement Program. Each bill is limited to projects by generic class as specified in the County Charter. Once adopted by the County Council, these bills will be placed on the November 3, 2026 ballot for consideration by the voters. This bill is being submitted pursuant to Sections 323 and 823 of the County Charter. Section 323 of the County Charter states that school construction bonds are excluded from approval of the voters.

Each of these bills lists the individual capital projects along with the aggregate amount of borrowing authority being requested. These five bills are for public works and transportation facilities ($140,089,000), library facilities ($33,656,000), public safety facilities ($53,503,000), County buildings ($117,848,000), and community college facilities ($67,306,000).

The Council's favorable consideration of this legislation is requested. If you have any questions, please contact my office or Angela Fair-Baker, Director, Office of Management and Budget at (301) 952-3300.

Sincerely,

Aisha N. Braveboy
County Executive
