RE: CB-72-2020

The Office of Law reviewed **Draft 1** of the above referenced **Bill** as it was **presented** on **September 15, 2020** and found it to be duplicative of Section 27-441(b), footnote 133. The OOL agrees with the Chief Zoning Hearing Examiner memo analysis and therefore recommends the following:

Amend Section 27-441(b), Footnote 133 with the changes noted in CB-72-2020 as a more direct and concise manner to achieve the desired changes pertaining to: Class 3 fill uses to reclaim former sand and gravel mining properties for public use in the R-A (Residential-Agriculture) Zone.
